# WE DELIVER VISION

*100% is about Vision. What our athletes see and how we innovate.  
We enable athletes to see and think differently. Breaking away from convention requires  
imagination, innovation, and clarity. 100% eyewear provides vision and confidence.  
We focus on eliminating distractions at the highest levels of racing & competition.*

# FRAME TECHNOLOGIES

## FEATURES

### TR90 – GRILLAMID

Best material for flexible, durable, comfortable performance eyewear:

- Shatterproof
- Lightweight
- High alternative bending strength
- High resistance to chemicals and stress cracking (sweat, UV, sunscreen,...)
- 100% UV injection

### ULTRA-GRIP TPE RUBBER NOSEPADS & TIPS

Special grade TPE rubber combined with specifically designed patterns for more grip provide the best fit and comfort. The more you sweat, the grippier it gets.

### THIN TEMPLE TIPS

For optimal compatibility with helmets and caps.

### OPTIMIZED FRAME VENTILATION

Vents within frame for proper airflow, to inhibit fogging and to manage moisture.

### ADVANCED TOP FRAME DESIGN

Designed with 100% DNA, the unique frame shape allows for enhanced space between lens and face to increase airflow and prevent fogging and offers expansive peripheral and vertical views.

DESIGNED IN CALIFORNIA,  
MADE IN ITALY.

OUR HERITAGE  
IS INNOVATION

OUR TRADITION  
IS PERFORMANCE

THE SPIRIT  
OF RACING  
PERFORMANCE  
EYEWEAR

THE EVOLUTION  
OF SPEED

*Our past is our momentum—the 100% high definition lens system is the result of decades of passion, design, craft, and research.*

**Protection and comfort**

*Polycarbonate lenses are shatterproof and impact resistant.*

*Hydroilo Oil- and water-repelling coating keeps lenses clearer longer.*

**Healthier and less fatigued eyes**

*Complete ultraviolet filtration to keep your eyes healthy.*

*Blue light filtration that reduces fatigue for more comfortable vision.*

**Clearer, more accurate vision**

*Optically flawless, scratch-resistant lenses provide for unmatched clarity and color enhancement with tints for all riding conditions.*

***Lenses reduce fatigue, enhance color, and sharpen your vision.***

# HIPER LENS

UNMATCHED PERCEPTION

## WHAT

*100% proprietary high-definition lens technology enhances detail and definition and makes colors more vibrant.*

## HOW

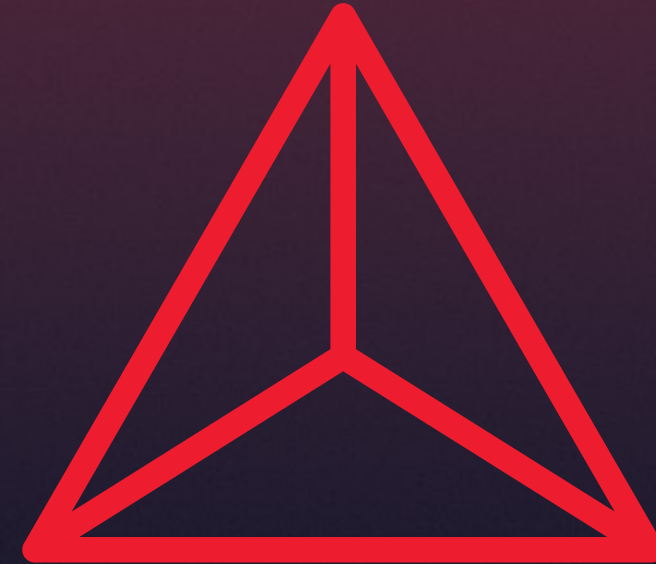

*Selective filtering of light rays to increase contrast and definition. Sharpens your surroundings so you see more of what matters.*

## WHY

*See more of what matters.*

# PEAKIPOLAR

NO COMPROMISE

## WHAT

*100% proprietary polarized technology eliminates glare without sacrificing everyday usability. View GPS screens and phones without removing your glasses.*

## HOW

*Partial polarization that filters enough diagonal rays of light to eliminate glare while still allowing you to see details.*

## WHY

*Ultimate visual comfort without sacrificing visibility.*

SPEEDCRAFT AIR  
R&D

PS

*This is the ultimate combination of science and technology.  
This is leverage over the competition.  
This is control of earth's most essential element: AIR.*

SPEEDCRAFT  
AIR

Featuring AC systems' breathing technology

*Take control of air. This is the next revolution in performance eyewear.*

*Speedcraft AIR incorporates a built-in nasal dilator, allowing riders to control nasal dilation from minimum to maximum. Race-tested by three-time UCI Road World Champion Peter Sagan, this system is engineered to outpace the peloton. Speedcraft AIR begins with the award-winning Speedcraft sunglass recognized for its expansive peripheral and vertical view. It is the only cycling eyewear in the world to feature the patented AC Systems breathing technology, and comes with metal nose stickers to secure — and properly operate — the system. The nasal dilator is adjusted by rotating a small dial in the center of the lens, and the magnetic arms can be opened or closed to control nasal dilation throughout a ride.*

# SPEEDCRAFT

## FEATURES:

The Speedcraft is fully loaded with our most advanced technology for the ultimate sports performance. Our signature 100% lens with its cylindrical shield significantly increases vertical visibility in the riding position. Megol rubber nose and temple pieces help provide all-day comfort while the lower air scoops increase ventilation and reduce moisture on the lens.
