

# FUEL TANKS

## HONDA FUEL TANKS

Acerbis fuel tanks provide additional fuel capacity while still providing slim ergonomics and sleek styling. Impact and abrasion resistant Polyurethane provides years of service with proper care. All Acerbis fuel tanks include Acerbis gas cap, mounting kit, and vent hose. Applications that require special fuel Y-fittings, petcocks, etc. will come with the tank. EFI tanks do NOT come with the fuel pump; they are designed to accept the stock one.

# SUZUKI FUEL TANKS

Acerbis fuel tanks provide additional fuel capacity while still providing slim ergonomics and sleek styling. Impact and abrasion resistant Polyurethane provides years of service with proper care. All Acerbis fuel tanks include Acerbis gas cap, mounting kit, and vent hose. Applications that require special fuel Y-fittings, petcocks, etc. will come with the tank. EFI tanks do NOT come with the fuel pump; they are designed to accept the stock one.

\*\*03-04 WRF must be used in conjunction with 03-05 YZF shrouds

## FRONT HANDLEBAR AUXILIARY TANK

Auxiliary fuel tank mounts to all kinds of handlebars, both 7/8" and 1-1/8". Suitable for minis, trials bikes, full size bikes, and anywhere else a little extra fuel is needed. Includes siphon kit that connects the handlebar tank to the main fuel tank and automatically siphons fuel while the bike is being ridden. With this design, the handlebar tank empties first before the main tank. Does not interfere with headlight, handguards, etc. Holds 0.6 gallons. Does NOT work with handlebar-mounted steering stabilizers.

MODEL/SIZE	COLOR	PART#
0.6 GAL. FRONT	WHITE	2300330002

## FRONT AUXILIARY TANK

Acerbis auxiliary tanks mount on the front forks in place of the front number plate/headlight. They carry extra fuel to increase fuel and fun range! Included mounting kit secures them to most front forks. The included siphon kit integrates the auxiliary tank with the bike's main tank, allowing fuel to siphon from the auxiliary tank to the main tank while riding; there is no need to stop. The siphon kit drains the auxiliary tank completely before the main tank capacity is used. Mounting hardware and siphon kit included.

MODEL/SIZE	COLOR	DIMENSIONS	PART#
0.8 GAL. FRONT	WHITE	10 x 9.5 x 3	2044020002
1.3 GAL. FRONT	WHITE	10 x 9.5 x 4.75	2044030002

## REAR AUXILIARY TANK

This tank has a 1.6 gallon capacity and mounts on most rear fenders and racks. It is a viable alternative for bikes that need more fuel range but do not have the option of a larger main tank. Includes petcock, gas cap, and mount kit.

MODEL/SIZE	COLOR	DIMENSIONS	PART#
1.6 GAL. REAR	WHITE	12 x 8 x 6.5	2044040002

## SIPHON KIT

This Siphon Kit for Acerbis Auxiliary Tanks automatically transfers fuel from the Auxiliary Tank into the main tank while riding. The kit is designed to drain the Auxiliary Tank before using the fuel from the main tank.

SIPHON KIT	2070759999

• ALL ACERBIS FUEL TANKS ARE FOR OFFROAD USE ONLY. NOT DOT/CE APPROVED CERTIFIED

## SPEEDY QUICKFILL SYSTEM COMPLETE

The Speedy Quick Fill System is the essential off-road race support accessory! This quick refueling system is able to transfer 2.6 gallons of fuel in 8 seconds!

4 gallon capacity tank with visible increments to easily determine how much fuel has been transferred.

Includes aluminum adapter nozzle compatible with fuel tanks having 39.5mm/1.5" or greater diameter filler neck opening.

Also works great with the Acerbis MDR cap.

Fuel tanks with larger filler neck opening require different adapter nozzles, sold separately.

Speedy Quick Fill System is held by Kubro stand, sold separately.
