MX2 '16 JUNIOR GLOVE

MATERIALS:

- Back of hand Stretch fabric.
- Palm Synthetic leather.

DETAILS:

- Velcro strap closure.
- Soft patches on the back and fingers for increased protection.
- Unique Clarino panel on the palm.
- Elastic fabrics in Spandex on the back hand.
- Specially designed cut for perfect fit.
- Synthetic leather reinforcement in the area of contact with the handlebar.
- Silicone printing on index and middle fingers for enhanced grip.

MX2 GLOVES

DETAILS: The MX2 Gloves have a unique Clarino Leather palm with strategically placed vent holes. The gloves feature mesh inserts in the inner part of the fingers for better ventilation and silicon on the fingertips for a better grip. A pre-curved cut adds additional comfort and rubber inserts on the top of the glove add more protection.

- Unique Nanofront panel on the palm with ventilated inserts.
- Nanofront® material between thumb and forefinger and fingertips.
- Wrist closure with rubber and elastic inserts.
- Silicone printing on index and middle fingers for enhanced grip.
- Precurved cut.
- Utilization of special colours to create fluorescent variants.

X-MOVE 2.0 MX BOOTS

DETAILS: Designed in Italy, the X-Move 2.0 boot is built with top grain leather and offers maximum support and comfort right out of the box. With features like a reinforced steel toe box, a leather upper, a vulcanized rubber gaiter to keep the elements out, 4 aluminum buckles with a quick release/locking system, and a leather heat resistant panel on the upper/inner section of the boot, the X-Move 2.0 boot is the top choice for any serious racer.

- Hinge at the ankle area.
- Upper leather.
- Rubber inserts on the inside of the calf to increase resistance to abrasion.
- Internal in hypoallergenic fabric, breathable and antibacterial.
- Extra padding to protect the ankle.
- TPU soft gaiter at the top with Velcro closure.
- Double stitching sole VIBRAM®.
- New aluminum buckles with memory and a quick release/locking system.
- Reinforced steel toe.
- CERTIFIED EN13634:2010 LIV.2

X-STRONG KNEE BODY ARMOR

DETAILS: Perfect for riders who need more protection than a tradition knee guard but do not want the additional bulk and expense of orthopedic knee braces, the new X-Strong Knee Guard showcases comfort, style, and strength. The kneecap, tibia, and the lower part of the femur are protected by Acerbis P.O.I Technology, a sandwich of thermoplastic material and padding that offers high energy absorption from shock. Designed to complement the knee's anatomy, the X-Strong Knee Guard ensures maximum movement and mobility. Its double-articulated joint allows natural flexion while still providing great torsional stiffness.

- Carry bag and elastic knee socks included.
- K+L EN 1621-1/97 Homologated for Knee and Tibia.

X-FACTOR HANDGUARDS

The X-Factor is an all-new handguard made for those looking for the ultimate in style and protection. Built for extreme riding conditions, the X-Factor features an oversized, 35mm, black anodized bar, with a 'C' shape design, which offers a higher level of impact resistance than standard aluminum bars. Comes complete with universal X-Factor mounting hardware. The dual-injected polypropylene shield features a carbon fiber like texture, three-bolt removal system for easy access to the bar, and a larger 150mm outer diameter that offers more coverage from roost, debris, and extreme conditions.

TRIFIT HANDGUARDS

The new Tri-Fit handguard is a perfect fit for almost any application! Made of Nylon, this innovative, multi-functional handguard kit allows 3 different configurations:

1. Closed Wrap: Full wrap-around
2. MX Open: Flag-style MX roost guard
3. ATV: mounts to the end of the handlebar, leaving room for larger controls

The wide variety of mounting options make the Tri-Fit a perfect handguard for the versatile racer, allowing for quick and easy handguard customization depending on the conditions. Also a great choice for ATVs and adventure-touring bikes that have large controls that hinder the mounting of traditional handguards.

1 › CLOSED WRAP

2 › MX OPEN

3 › ATV WITHOUT BRACKET

UNIKO ATV HANDGUARDS

The Uniko ATV handguard is the most functional and rider-friendly handguard on the market. Mounted using an expanding knurled bar-end insert, the Uniko ATV offers full protection. The Uniko ATV mounts quickly and does not interfere with cable routing or lever placement. For the serious ATV rider, the Uniko ATV is a must-have aftermarket product.

- Expanding knurled insert allows for single point mounting
- Included mount kit consists of two sets of bar inserts (16 mm and 18 mm for steel bars) that allow for mounting on all steel handlebars.
- Optional aluminum bar insert available separately
- Shield molded of polypropylene

SUPERMOTO X-STRONG HANDGUARDS

Specifically designed for Supermoto competitors, these handguards are a combination of performance and protection. Supermoto-specific features include the replaceable nylon slider, which protects and allows for smooth sliding on the pavement, and a modified handguard bar to accommodate the oversized brake master cylinders commonly used on Supermoto bikes. Universal X-Strong mounting kit included.

X-ROAD LEVER PROTECTION

The X-ROAD guards are small protectors ideal for protecting the levers on a street bike from accidentally being engaged by another rider or in the event of a crash.

- Adjustable length to fit all types of levers
- Pre-curved design to guarantee maximum freedom of movement
- Use of high-strength Nylon to ensure stiffness and flexibility in case of contact
- Aerodynamic shield for protection of the lever
- Expander mounting kit included for handlebars with an inside diameter ranging from 13.6mm - 29 mm
- Sold in pairs

VISION HANDGUARDS

The Vision Handguard is an innovative handguard, fitted with adjustable LED lights (LED for low power consumption running off 4 watts p/side), giving you effective, additional light for extreme conditions. In addition to a headlight, the Vision Handguards provide additional visibility both at night and during the day with a combined luminous efficiency off 300 lumens. The handguards mount to both ends of the bar and have an on/off switch, which can also be mounted on the handlebars. The Vision is built around an aluminum bar for added durability and deflection from debris and the elements. It is a great addition to any off-road bike, ATV, or dual road. A universal mount kit, which fits most applications, is included.

HANDGUARDS

X-TARMAC HANDGUARDS

The X-TARMAC handguard combines style, safety, and convenience into a modern and sleek design. Designed for on-road and dual sport motorcycles, this unique handguard features an electroluminescent flat light that is easy to connect to a (12v) lighting system. It is trimmed with a semi transparent, removable spoiler that is designed to deflect cold air and rain. A large hinge allows the front cover to be rotated horizontally ensuring a precise fit with most levers and controls. The aerodynamic design is also co-injected with a metal insert to provide considerable rigidity. The X-TARMAC is compatible with handlebars that have an internal diameter of 13.6mm to 19mm. LED light strips are integrated into the handguard shield. Replacement LED strips can be purchased separately.

DUAL ROAD HANDGUARDS

The Dual Road is a premier handguard equipped with a universal mount kit making it adaptable to most naked road bikes as well as some scooter and enduro models. The Dual Road is particularly strong due to its inner bar support and features an advanced aerodynamic design for better air flow. The protective shield and spoiler is made of polycarbonate with a satin tint. The spoiler is removable and paintable.

LED VISION HP HEADLIGHT

The LED Vision HP headlight features an innovative design that makes it particularly attractive. The LED Vision's 10 bright white LED bulbs ensure visibility at night and high illumination while using low power consumption. DOT-ECE-SAE-TUV, the LED Vision HP is made of polypropylene and comes complete with universal mounting straps. LED's can be used as turn signals, just for show, or however you want to wire them.

- The LED's do not heat up after prolonged use.
- 35w/35w H4 bulb with LEDs
- Universal fitting with anti-vibration rubber straps
- Position of mounting points allow ample room for brake cable
- Total wattage is 50.

LED TAILLIGHT

Small and unobtrusive, the LED taillight is perfect for off-road 2 stroke and 4 stroke bikes. Features an LED taillight and brake light for off-road use only. The electronic board is waterproof and stabilized to handle sudden voltage jumps. It's operating range is 12 to 15 volts. The LEDs consume very little energy and have almost unlimited life span.

- Polypropylene and polycarbonate construction
- Three mounting points ensure a sturdy fit.

CHAIN GUIDE AND SLIDER KIT 2.0

The Acerbis Guide and Slide Kit is the perfect solution for replacing the high-wear area of your bike's drivetrain. Includes:

Acerbis Chain Slider: Quality replacement for the stock swingarm-mounted chain slider. Meets or exceeds OEM specifications.

Acerbis Chain Guide Block: easily replaces the entire OEM unit and ensures durability and high resistance to shock and wear from the chain. It is made of two parts that allow installation without removing the chain.

DRIVE

SKID PLATES

OFFROAD SKID PLATES

Acerbis off-road skid plates provide protection for the engine cases and frame rails. The extended coverage of the off-road version provides additional protection to the ignition cover and the water pump area on most applications. Key features and benefits of Acerbis skid plates include:

- Simple mounting system makes installation, cleaning, and maintenance (like oil changes) a snap.
- Snug fit prevents mud/dirt/rock/debris from building up between the skid plate and the motor.
- Less expensive than many other aluminum and carbon fiber units.
- Much quieter than aluminum skid plates; does not vibrate during idle or resonate after a rock ding.
- Does not affect frame rigidity/flex.
- Allows engine to run cooler.
- Constructed of lightweight polypropylene.

UNIVERSAL PLASTIC

X-SEAT

The Acerbis X-Seat debut set a new benchmark in the industry for its revolutionary design and technical features. Made entirely of one piece, the X-Seat has recently been updated and is now widely used by motocross and enduro riders who seek its lightness, exceptional durability, comfort and optimal grip.

- Fully external plastic shell with anti-slip grip
- Internal expanded foam for maximum comfort
- Fully waterproof. Integrity of seat does not deteriorate after pressure washing.
- Anti-slip grip
- Washable with pressure washer and soap and water only; do NOT use chemicals or solvents.
- Made entirely of one piece, fully waterproof
- SOFT VERSION FOR BETTER COMFORT.

- CENTRAL CUT OUT**
- Avoids compression of the pelvic region
 - Distributes weight
 - Reduces impact force

ACERBIS®

HONDA FUEL TANKS

Acerbis fuel tanks provide additional fuel capacity while still providing slim ergonomics and sleek styling. Impact and abrasion resistant Polyurethane provides years of service with proper care. All Acerbis fuel tanks include Acerbis gas cap, mounting kit, and vent hose. Applications that require special fuel Y-fittings, petcocks, etc. will come with the tank. EFI tanks do NOT come with the fuel pump; they are designed to accept the stock one.

FRONT HANDLEBAR AUXILIARY TANK

Auxiliary fuel tank mounts to all kinds of handlebars, both 7/8" and 1-1/8". Suitable for minis, trials bikes, full size bikes, and anywhere else a little extra fuel is needed. Includes siphon kit that connects the handlebar tank to the main fuel tank and automatically siphons fuel while the bike is being ridden. With this design, the handlebar tank empties first before the main tank. Does not interfere with headlight, handguards, etc. Holds 0.6 gallons. Does NOT work with handlebar-mounted steering stabilizers.

MODEL/SIZE	COLOR	PART#
0.6 GAL. FRONT	WHITE	2300330002

FRONT AUXILIARY TANK

Acerbis auxiliary tanks mount on the front forks in place of the front number plate/headlight. They carry extra fuel to increase fuel and fun range! Included mounting kit secures them to most front forks. The included siphon kit integrates the auxiliary tank with the bike's main tank, allowing fuel to siphon from the auxiliary tank to the main tank while riding; there is no need to stop. The siphon kit drains the auxiliary tank completely before the main tank capacity is used. Mounting hardware and siphon kit included.

MODEL/SIZE	COLOR	DIMENSIONS	PART#
0.8 GAL. FRONT	WHITE	10 x 9.5 x 3	2044020002
1.3 GAL. FRONT	WHITE	10 x 9.5 x 4.75	2044030002

REAR AUXILIARY TANK

This tank has a 1.6 gallon capacity and mounts on most rear fenders and racks. It is a viable alternative for bikes that need more fuel range but do not have the option of a larger main tank. Includes petcock, gas cap, and mount kit.

MODEL/SIZE	COLOR	DIMENSIONS	PART#
1.6 GAL. REAR	WHITE	12 x 8 x 6.5	2044040002

SIPHON KIT

This Siphon Kit for Acerbis Auxiliary Tanks automatically transfers fuel from the Auxiliary Tank into the main tank while riding. The kit is designed to drain the Auxiliary Tank before using the fuel from the main tank.

MODEL/SIZE	PART#
SIPHON KIT	2070759999

SPEEDY QUICKFILL SYSTEM COMPLETE

The Speedy Quick Fill System is the essential off-road race support accessory! This quick refueling system is able to transfer 2.6 gallons of fuel in 8 seconds!

4 gallon capacity tank with visible increments to easily determine how much fuel has been transferred.

Includes aluminum adapter nozzle compatible with fuel tanks having 39.5mm/1.5" or greater diameter filler neck opening.

Also works great with the Acerbis MDR cap.

Fuel tanks with larger filler neck opening require different adapter nozzles, sold separately.

Speedy Quick Fill System is held by Kubro stand, sold separately.

KUBRO STAND

The Kubro stand has all of the features one expects in a bike stand, including an oil drain hole and a tool tray. What is special about the Kubro is it also functions as a stand for our Speedy Quick Fill competition fueling system. This is a great for off-road racers, who get a two-for-one deal when purchasing the Kubro.

SUPERMOTO EVO FRONT FENDER

The Acerbis Supermoto Evo is a result of our R&D department's focus on supermoto. Taking advantage of the smaller diameter of the front wheel, a sophisticated venting system allows fresh air to flow over the radiators. The result is optimal bike performance, even in hot weather conditions. Front fender is made up of two parts, which allows easy dis-assembly of the rear section without the need to remove the front section.

- Perfect for use in hot and dry weather conditions.
- Constructed of Polypropylene.

SUPERMOTO EVO

BLACK/BLACK	2072680001

SUPERMOTARD FRONT FENDER

An aerodynamic design and unique styling makes this universal fender a perfect application for supermoto bikes. It can also be used on older bikes, freestyle bikes, and minis. Fender comes undrilled without mounting holes, allowing it to be custom fit to most bikes.

UNIKO WASHING COVER

With so many different airbox designs out there, the Uniko Washing Cover is a perfect fit, as it fits all of them! The pliable rubber Uniko Washing Cover stretches over any filter cage after the air filter is removed, allowing it to work on any bike. The wash cover is critical to protecting the engine from water when washing the bike.

TRACK MARKER TRACK ACCESSORIES

Acerbis track markers are highly visible plastic stakes that are easily installed in the dirt on the side of the track. Not only do these stakes give the track a clean, professional appearance, they also are safer and easy to move than hay bales. As hay bales sit at the edge of the track, they become water logged from track watering. This can make them almost impossible to move, and hitting one or catching one with a footpeg almost always results in a crash. The design of our track markers allows the them to fold down when struck by a bike or quad, and then pop right back up. Also, they are quick and easy to move around because they simply press down into the dirt.

COLOR	SIZE	PART#
YELLOW/BLACK	EACH	2053269999
YELLOW/BLACK	BOX OF 56	2320829999
BLUE/BLACK	BOX OF 56	2320820003
ORANGE/BLACK	BOX OF 56	2320821008
WHITE/BLACK	BOX OF 56	2320821035

X MOD

The X-Mod is a track barrier intended to be used to line barriers along side the track. The interlocking design allows for multiple X-Mod's to be connected.

39 1/4" x 25 1/2" x 8"
15 pounds

ACERBIS BANNER ROLL

Acerbis banner rolls are 171 feet long. They are yellow and feature the corporate Acerbis logo repeating continuously.

COLOR	SIZE	PART#
YELLOW	171ft (9 logo's)	2042411040

RACE TAPE

Acerbis track tape comes in 1500ft rolls, making them perfect for marking enduro tests, marking "wrong ways" on hare scrambles courses, or saving a section in the pits. This tape is very thick and heavy duty, so it will be the last to blow down in the wind.

COLOR	SIZE	PART#
YELLOW	1500ft	2044471017

ACERBIS FLAG

Acerbis Track Flags are perfect for dressing up any track or pit area. The fabric flag is durable and bright, and it looks great flowing in the breeze. It is quick and easy for one person to set up, and it includes a sturdy folding base with stakes and collapsible water bladder to keep the flag in the right position. When it is time to head out, the flag disassembles quickly and everything fits nicely into the included carry bag.

COLOR	PART#
YELLOW	2142421040

ACERBIS TENT TRACK ACCESSORIES

This Acerbis Tent is the ultimate popup tent! Constructed of hexagonal aluminum tubing, the frame is incredibly strong and sturdy, and it is also adjustable for different heights. Unlike some inferior popups, the Acerbis tent can be raised and lowered while staked down; it can be lowered over the bikes at night and quickly raised again in the morning without hassle. The tent fabric is durable and sharp looking. Acerbis A logos ensure that your pit will stand out. Includes heavy duty carrying bag with dual zippered ends, multiple carry handles, roller wheels, and a pocket for the included stakes.
