## 54-55 | ACCESSORIES / SPARE PARTS

## SUPERTECH-R BOOT

RACING / HIGH PERFORMANCE RIDING - PRODUCED SIZES: 39-48 EUR / CORRESPONDING TO: 6-12.5 US

Durable and technical microfiber upper construction offering superb levels of flexibility. -- Front flex area is constructed with a soft TPU mesh with shaped reliefs for abrasion resistance and natural forward and back movements. -- Flexible accordion microfiber stretch at Achilles allows natural movement. -- Top gaiter follows leg contour and is made of flexible high-grade synthetic leather reinforced with PU for maintaining shape. -- Full length microfiber panel on inner side of the boot provides a smooth surface for excellent grip and feel against the bike and protects from abrasion and heat. -- Lightweight rubber compound sole offers excellent grip and feel and allows for natural flex as the rider changes position and pressure on the foot-peg. -- Flexible, lightweight toe shifter allows feel for changing gears. -- Strategically positioned ventilation in heel and shin TPU guides air through the boot, on vented version. -- Extremely protective, flexible and comfortable with excellent aerodynamics. -- Separate internal bio-mechanical ankle brace works with the outer structure of the boot to form a protective system allowing full and free movement of the foot, ankle and leg. -- External TPU shin protection wraps around to outer calf and is engineered to spread and dissipate impact energy across the entire surface while remaining compact. Vented sections promote airflow into the boot. -- Clip-on toe-slider provides feel and protects the outer toe box structure from abrasion. (Upgradeable to a magnesium slider). -- Replaceable nylon heel plate slider protects from impact and reduces friction in the event of a crash. -- Outside entry/exit has stretch accordion panel for a close fit and ease of entrance and removal. -- Zip mounted on accordion stretch panel gives easy closure with excellent fit. Hook and loop fastener tab lock the zip pull closed, keeping it flat and secure. -- Micro adjustable ratchet top closure stows tab end inside calf TPU. -- Supertech R is CE certified.

222 0012 125 BLACK WHITE YELLOW FLUO

## INNER ANKLE BRACE SYSTEM

Separate internal bio-mechanical ankle brace works with the outer structure of the boot to form a protective system allowing full and free movement of the foot, ankle and leg. New research has produced re-profiled double hinged inner and outer torsion bars to give greater impact protection of the ankle and progressively absorb flex and rotation stress, reducing pressure and hyper-extension injury to the lower leg joints. -- The inner ankle brace is constructed with a fiberglass re-inforced polyamide compound and ergonomically designed closed cell padding to give protection and comfort. -- Alpinestars exclusive lasting process has developed the Supertech R's fit and feel characteristics to an even greater level, ensuring the inner structure allows the rider maximum feedback from the bike. -- Specially developed polyamide compound moldings give impact protection while retaining the ease of natural skeletal movement. -- Main upper material constructed from breathable mesh and microfiber chassis supported by an inner ankle soft padding for maximum comfort -- Metal eyelet closure ensures rapid and accurate entry and exit and with micro-adjustability, ensures perfect fitting and security. -- Removable anatomic footbed is sculpted for precision fit.

MAGNESIUM TOE SLIDER

COMPATIBLE WITH ALL RACE BOOTS.  
OFFERS EXTENDED TRACK LIFE.  
25SL14-11

## SMX PLUS BOOT

PERFORMANCE RIDING - PRODUCED SIZES: 36-48 EUR / CORRESPONDING TO: 3.5-12.5 US

Contoured high modulus shin plate protector gives superior impact and abrasion resistance. -- Alpinestars unique Multi Link Control system provides advanced external protection and support for ankle articulation, limiting hyper-torsion, hyper-extension and hyper-flexion as well as providing Achilles and ankle impact protection. -- Wide heel counter with lateral ventilation extends to the ankle and is combined with a shock absorbing padded insert and self-molding ankle protectors. -- Dual density TPU toe slider, replaceable, with snap-in assembly providing protective coverage around the outer toe area. -- Replaceable heel slider and external side heel slider are positioned to dissipate and absorb shock and promote sliding during an accident. -- Large front and rear asymmetrical accordion zones are optimized to maximize flexibility for maximum comfort and improved safety. -- Hi-tech microfiber upper construction for lightweight high performance protection. -- Durable sole, designed for improved riding feel, features evenly textured rubber for consistent grip, with aqua dynamic grooves to drain the water efficiently. -- Inner instep Kevlar® with metal eyelet lacing closure and a unique lateral zipper offer precise and secure fitting. -- Elastic mounted zipper gives easy closure with excellent fit. Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure. -- Micro adjustable ratchet buckle closure on the calf features a hidden strap for security. -- Advanced synthetic forefoot lining, laminated with open cell foam for shock absorption and highly breathable lining in ankle and leg areas for comfort. -- Alpinestars anatomical and replaceable countered EVA footbed provides arch support and forefoot pedal feeling. -- The SMX Plus boot is CE certified.

## TOUCAN GORE-TEX® BOOT

TOURING / ADVENTURE / LIGHT OFF-ROAD - PRODUCED SIZES: 7-13 US / CORRESPONDING TO: 40.5-48 EUR

Innovative lateral ankle protection with supporting biomechanical link between the upper boot and the lower foot structure provides support and control. -- Medial side structure is contoured for perfect fit and flexibility fit, with reinforced polymer and rubber sculpturing for grip and protection against bike's heat and impact. -- Advanced TPU protection layer covers the internal heel counter and toe box enhancing support and rigidity in key impact areas. -- Coated leather panel forms the outer surface of the toe box providing effective abrasion and weather resistance. -- Heel is encased in a moulded external protector for increased impact dissipation and absorption. -- Ankle protector is carefully shaped around the ankle bone, with reduced volume, to optimize protection and comfort. -- High modulus shin guard incorporates an innovative, vertical, flex blade system offering improved forward and rearward control and a high level of impact and abrasion resistance. -- Advanced instep and Achilles accordion flex zone construction, made of soft microfibers, gives superior comfort, control and support. -- Medial surface stamped on top calf suede panel improves grip and protection. -- Wide entry aperture for convenience, with secure upper TPR and Hook and loop fastener closure flap to allow broad ranging calf fit adjustment and support. Boot can be worn under and over riding pants and denims for adaptability. -- Closure system features 2 polymer buckles plus aluminium frames with innovative self-aligning, quick release, closures for customized and secure fitment. -- Screw fixed buckle base is replaceable. -- Upper collar and inner lining are formed with breathable mesh for riding comfort and freshness. -- Full waterproof and breathable Gore-Tex® lining ensures 100% moisture protection while maintaining high levels of perspiration exchange. -- Removable anatomic structured footbed. -- Internal toe box and heel counter are built-in, under the outer skin for robust protection. -- Unique Alpinestars advanced sole construction, fully perimeter stitched, is fully replaceable. The sole construction includes a structured midsole and rigid insole with an integrated steel shank for excellent feel and rigid comfort and safety. -- The Toucan Gore-Tex® boot is CE certified.

203 7014 10 BLACK

## TECH TOURING GORE-TEX® BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 3.5-14 US

Constructed with a full-grain leather with Gore-Tex® membrane. -- Fitted with instep and Achilles leather flex zones providing freedom of lateral movement and superior comfort. -- Gore-Tex® membrane for 100% waterproof performance. -- Stretch panel fitted to zip opening allows for a tight, adaptable and comfortable fit. -- Full double density injected ankle protection moulded into the inner structure of the boot. -- TPU toe shifter panel provides feel and protection when changing gear and prevents pinching around the toes. -- Shin plate, toe and heel reinforcement moulded into the inner structure for enhanced protection. -- Alpinestars exclusive vulcanized compound sole with unique side wrapping design. -- Double compound rubber provides the optimum in grip, performance and durability. -- Medial side entry opening/closure system features elastic-mounted zipper with wide Hook and loop fastener closure -- Hook and loop fastener tab located at apex of boot for secure fastening. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Rear reflective insert for night-time visibility. -- Elasticated collar on rear cuff provides superior comfort and fit around calf. -- Removable anatomically profiled EVA foam footbed. -- Tech Touring Gore-Tex® boot is CE certified.

233 009 10 BLACK

## GRAN TORINO GORE-TEX® BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 3.5-14 US

Upper constructed from premium full-grain leather. -- Sleek, anatomical last shape for superior fit and comfort. -- Waterproof and breathable Gore-Tex® liner. -- Highly flexible lug sole features Alpinestars' exclusive rubber compound for the optimal combination of comfort and grip. -- Innovative, easy access side entry system with elastic mounted zipper and wide Hook and loop fastener flap for a precise fit. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Seamlessly integrated moulded shin plate. -- Foam backed, double density ankle protector on the medial side. -- Brushed black anodized Aluminium co-injected lateral ankle protector. -- Internal heel counter and toe counter layered under the leather. -- Contoured, injected high modulus polyamide midsole and high modulus plastic shank reinforcement. -- Injected TPU shifter area. -- Soft quilted microfiber accordions flex zone. -- Removable anatomically profiled EVA foam footbed. -- Rear reflective insert for improved night time visibility. -- The Gran Torino Gore-Tex® Boot is CE certified.

233 5012 10 BLACK

## STELLA GRAN TORINO GORE-TEX® WOMEN'S BOOT

WOMEN'S TOURING - PRODUCED SIZES: 36-43 EUR / CORRESPONDING TO: 5-11 US WOMEN

Specifically engineered for women. -- Upper constructed from premium full-grain leather. -- Sleek, anatomical last shape for superior fit and comfort. -- Waterproof and breathable Gore-Tex® liner. -- Highly flexible lug sole features Alpinestars' exclusive rubber compound for the optimal combination of comfort and grip. -- Innovative, easy access side entry system with elastic mounted zipper and wide Hook and loop fastener flap for a precise fit. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Seamlessly integrated moulded shin plate. -- Foam backed, double density ankle protector on the medial side. -- Brushed silver anodized Aluminium co-injected lateral ankle protector. -- Internal heel counter and toe counter layered under the leather. -- Injected TPU shifter area. -- Contoured, injected high modulus polyamide midsole and high modulus plastic shank reinforcement. -- Soft quilted microfiber accordions flex zone. -- Removable anatomically profiled EVA foam footbed. -- Rear reflective insert for improved night time visibility. -- The Stella Gran Torino Gore-Tex® Boot is CE certified.

233 5112 10 BLACK

## WEB GORE-TEX® BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 3.5-14 US

Highly specified Touring Gore-Tex® boot for long distance road, work in all weather conditions. -- Leather construction gives excellent durability and long lasting comfort. -- Full Gore-Tex® internal membrane ensures 100% waterproof performance and a high level of breathability. -- The boot shaping is engineered to give form fitting comfort for long days on the bike with a toe box construction to improve riding control. -- Extensive front and rear accordion microfiber flex zones offer fluid forward and back movement. -- Side entry system with elastic mounted zipper and wide Hook and loop fastener flap for convenience and a precise, secure, fit. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Double density ankle disk protection is mounted under the leather in both lateral and medial sides. -- TPU shift pad protects the upper foot. -- Internal shock resistant shin reinforcement mounted under the leather with heat pressed Astars logo. -- Rear reflective insert for a better visibility. -- Textile collar inner lining is comfortable and durable. -- Robust internal toe box and heel counter provide impact protection and structure to the foot hull of the boot. -- Contoured insole injected high modulus polyamide includes shank reinforcement. -- Removable anatomic advanced EVA footbed. -- Alpinestars exclusive vulcanized rubber compound outer sole. -- The Web Gore-Tex® boot is CE certified.

233 5013 10 BLACK

## NEW LAND GORE-TEX® BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 3.5-14 US

Mid-length, road Touring Gore-Tex® boot designed for comfort and convenience on long distance adventures and everyday riding in all weather conditions. -- Full grain leather construction gives excellent durability and long lasting comfort. -- Full Gore-Tex® internal membrane ensures 100% waterproof performance and a high level of breathability. -- The boot shaping is engineered to give form fitting comfort for long days on the bike with a toe box construction to improve riding control. -- Front and rear accordion microfiber flex zones are specifically designed for the low height profile of the boot offering low resistance forward and back movement. -- Convenient wide entry system with large Hook and loop fastener secured shin flap, backed by a weather proofing gusset offering easy entry and precise fit. -- Ankle mounted loop strap ensures additional and adjustable security. -- Double density ankle disk protection is mounted under the leather medial side while a TPU protector sits within the lateral outer surface ankle panel. -- TPU shift pad protects the upper foot. -- Internal shock resistant shin reinforcement mounted under the leather outer surface with heat pressed Astars logo. -- Rear reflective insert for a better visibility. -- Textile collar inner lining is comfortable and durable. -- Robust toe box and TPU heel counter provide impact protection and structure to the foot hull of the boot. -- Contoured insole injected high modulus polyamide includes shank reinforcement -- Removable anatomic advanced EVA footbed. -- Alpinestars exclusive vulcanized rubber compound outer sole. -- The New Land Gore-Tex® boot is CE certified.

233 2013 10 BLACK

## AIR PLUS GORE-TEX® XCR® BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 3.5 / 14 US

Air mesh main construction provides superior ventilation and features over-injected soft PU reinforcements. -- Waterproof and breathable Gore-Tex® XCR membrane ensures feet stay comfortably dry in all conditions. -- Soft-quilted breathable mesh accordion stretch zones offer superior riding comfort. -- Seamlessly integrated moulded shin protector affords exceptional impact protection. -- Dual density ankle cups are backed with perforated foam inner padding for protection and comfort on both sides. -- Internal heel and toe counters for enhanced structural integrity. -- Injected PU shifter area ensures high levels of comfort and durability. -- Removable anatomically perforated EVA footbed grants the foot a more natural posture when riding and walking. -- Rear reflective insert for improved night-time visibility. -- Alpinestars' exclusive vulcanized rubber compound sole. -- Contoured, high modulus polyamide midsole and plastic shank reinforcement prevents excessive deformation of the boot during impact. -- Innovative side entry opening/closure system features an elastic mounted zipper and wide Hook and loop fastener flap for precise, comfortable fastening. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- The Air Plus Gore-Tex® XCR boot is CE certified.

233 6012 10 BLACK

## GRAN TORINO WATERPROOF BOOT

TOURING - PRODUCED SIZES: 36-50 EUR / CORRESPONDING TO: 5-14 US

A fully CE-certified boot. -- Integrated 100% waterproof membrane for proven all-weather performance. -- Upper constructed from coated leather and incorporates durable microfiber accordion flex zones for comfort. -- Innovative, easy access side entry system with elastic mounted zipper and wide Hook and loop fastener flap for a precise fit. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Brushed black anodized Aluminium co-injected protector with TPU shock absorber on the outer ankle, with foam backed -- Double density ankle protector found on the medial side. -- Seamlessly integrated moulded shin plate provides extensive impact protection. -- Rear reflective insert for improved night time visibility. -- Removable anatomically profiled EVA foam footbed. -- Contoured, injected high modulus polyamide midsole and high modulus plastic shank reinforcement. -- Highly flexible lug sole features Alpinestars' exclusive rubber compound for the optimal combination of comfort and grip. -- Internal heel counter and toe counter layered under the leather enhance support and rigidity in key impact areas.

244 5013 10 BLACK

## STELLA GRAN TORINO WATERPROOF WOMEN'S BOOT

WOMEN'S TOURING - PRODUCED SIZES: 36-43 EUR / CORRESPONDING TO: 5-11.5 US WOMEN

Specifically engineered to ensure optimized female fit. -- A fully CE-certified boot. -- Integrated 100% waterproof membrane for proven all-weather performance. -- Upper constructed from coated leather and incorporates durable microfiber accordion flex zones for comfort. -- Innovative, easy access side entry system with elastic mounted zipper and wide Hook and loop fastener flap for a precise fit. -- Hook and loop fastener tab locks the zip pull closed, keeping it flat and secure -- Brushed black anodized Aluminium co-injected protector with TPU shock absorber on the outer ankle, with foam backed -- Double density ankle protector found on the medial side. -- Seamlessly integrated moulded shin plate provides extensive impact protection. -- Rear reflective insert for improved night time visibility. -- Removable anatomically profiled EVA foam footbed. -- Contoured, injected high modulus polyamide midsole and high modulus plastic shank reinforcement. -- Highly flexible lug sole features Alpinestars' exclusive rubber compound for the optimal combination of comfort and grip. -- Internal heel counter and toe counter layered under the leather enhance support and rigidity in key impact areas
