

TWOTHOUSANDNINETEEN

ANSWER

OUR PAST INFORMS OUR FUTURE.

Answer Racing started in 1976 with the goal to provide hardcore motocross enthusiasts with products they can trust. Decades of champions were forged in the hearts and minds of Answer Racing's creative engine. Fast forward to today and Answer Racing has not lost sight of the original vision. We put our 40 years of experience behind bars into every product we make. Whether you are a diehard racer or a weekend warrior, we've got you covered.

STANDARD**

HELMETS

AR5

Driven by a passion for creating a higher standard, the AR-5 helmet by Answer Racing brings an unparalleled step forward in safety and value. Never before has a fiberglass helmet been equipped with MIPS technology at such an affordable price. Developed by brain surgeons and scientists to reduce forces on the brain, MIPS has revolutionized the way we think about helmet safety. By adding a low-friction layer between the helmet and head, MIPS helps to reduce rotational forces on the brain that can occur during angled impacts to the head. A refined interior features Cool-Core® technology that aids in evaporative cooling, a dual-density EPS liner that offers superior impact absorption and removable/washable cheek pads and helmet liner.

- Lightweight, premium, fiberglass shell
- Removable, washable, and replaceable Coolmax™ moisture wicking liner
- Dual-density EPS liner
- Two shell sizes and 4 EPS liners for precise fit
- Meets or exceeds ECE 22.05 and DOT certified
- Multiple intake and exhaust ports to keep you cool

AR3

\$169.95

Style and performance combine with safety in the all-new Answer Racing AR-3 helmet. DOT and ECE certified, comfort is addressed with our intermediate-oval shell shape and uses top-of-the-line Silvercool® evaporative cooling in the interior. Silvercool® wicks away perspiration and dries faster than non-treated materials, plus it is anti-microbial to help eliminate odors between washes. The shell design features exceptional venting, a strengthened chin bar and large eye port that accommodates most goggles, including over the glasses types.

- Meets or exceeds the ECE 22-05 safety standard
- Meets or exceeds the D.O.T. FMVSS 218 safety standard
- Made of injection-molded polycarbonate
- Sculptured, dual-density, EPS impact absorbing liner
- SilverCool® moisture wicking liner is removable for washing
- SilverCool® padding also reduces odor and is anti-microbial
- 9 intake and exhaust vents help keep you cool
- 4 eyebrow vents help evaporate sweat before it drips into eyes
- Wire mesh chinbar vent has foam filter
- Flexible rubber nose/cheek piece to help deflect roost
- Replacement visors sold separately

- Meets or exceeds D.O.T. FMVSS 218 safety standard
- Meets or exceeds both ECE 22-05 and D.O.T. FMVSS 218 safety standards
- Shell made of injection molded Acrylonitrile Butadiene Styrene (ABS)
- Sculptured, dual-density, EPS impact absorbing liner

ADULT AND YOUTH

The Answer Racing AR-1 helmet is our best value helmet ever, all while passing two of the toughest safety standards by exceeding D.O.T. and ECE . A dual-density EPS liner helps to absorb both large and small impacts while a highly developed ventilation system consisting of two large intake ports and four large exhaust ports help keep you cool in the hottest conditions.

- Flexible rubber nose piece helps deflect roost
- Two large front air intakes and four rear exhaust vents
- Weighs 3.15 lbs / 1428 grams (size large)

MOTO APPAREL

PANT / JERSEY

TRINITY

It all started with a simple directive; make innovation the driving force for creation of the 2019 Answer Trinity Jersey and Pant kit. Fit, weight and performance are the three most important features in any motocross gear, the Trinity collection has tested at the highest levels in all three categories. Utilizing over 40 years of experience in combination with extensive research, development and testing, Answer has truly met the initial directive to build the lightest, most comfortable and highest performance kit on the market

PANT FEATURES

- 320 denier multi-weave 4-way stretch nylon knee panels
- Durable, 900 denier poly seat panel
- Drum-dyed and de-bossed leather inner knee panels
- Interwoven aramid inner leg heat barriers
- Mesh lower leg panel allows for unobstructed air flow
- Adjustable internal waist fitting system
- Integrated knee and thigh TPR system with mesh-air flow panels
- Laser cut ventilation panels
- Strategically engineered stretch channels add support without limiting flexibility
- Double and triple stitching throughout
- Fade-resistant, sublimated panels and graphics

JERSEY FEATURES

- Strategically located laser cut ventilation holes
- Minimalistic, spandex stretch neck panel
- Articulated panels in targeted flex zones
- Lightweight, athletic fitting body form
- Ergonomic shaped front panel minimizes bulk while in the riding position
- Spandex stretch dart on sleeve opening provides a comfortable, tailored fit
- Lightweight, welded cuff openings with Spandex darts to help maintain shape
- Fade-resistant, sublimated panels and graphics

TOTAL CONTROL

For 2019, our design team re-engineered our gloves with every type of rider in mind. The all-new AR-1 through AR-5 glove lines feature new materials, a redesigned fit across the board and multiple styling features to choose from. Your riding experience just got a whole lot better.

AR1

Premium stretch fabric panels which allow movement with minimal restriction, while providing superior comfort

- Multiple stretch fabrics optimize fit/comfort
- Durable synthetic leather palm support
- Light palm padding helps cushion impacts
- Ultra-soft rubber closure strap allows for full wrist flexibility without resistance
- Amara #2 thumb guard construction
- Silicone index/middle finger "grippers"
- Light-weight / fade-resistant backhand graphics

Taiga

The Taiga Glove is the ultimate in cold weather off-road riding gloves. Often times, waterproof and insulated cold weather gloves are too bulky and do not allow for feel of the controls. The Taiga glove differs from most by balancing flexibility and insulation levels. Featuring an ultra thin palm pad, insulation and waterproofing, the Taiga Glove allows for excellent control feel in cold riding conditions.

FEATURES

- Pre-formed knuckle impact resistant pads
- DryAR™ windproof backhand and micro fleece palm for reduced bunching
- DryAR™ waterproof / breathable membrane insert
- Silicone printed palm and fingers for improved control feel
- Left thumb wiper blade for convenient goggle or shield cleaning
- Embossed neoprene fingers and cuff panels provide flexibility
- Elastic cuff with cinching strap helps to keep gloves sealed and secure
- Hook and Loop cuff closure assists in keeping the elements out
- Reflective transfers and printing for increased visibility
- Index finger touch screen panel on both hands for smart phone control
- Lightweight glove connector clip for convenient storage

WINDBREAK

Through the use of our proprietary DryAR™ material, Answer's Windbreak Gloves protect your hands from the cold by blocking the frigid wind thus keeping fingers nimble for increased lever control. A silicone printed palm allows for added grip while a gauntlet style wrist closure features an elastic panel to help keep the elements out and the heat in.

FEATURES

- DryAR™ fleece back of hand and cuff are wind and water-resistant
- Embossed finger and knuckle panels for a comfortable and flexible fit
- Reflective printing for increased visibility
- 2-piece synthetic leather palm helps to reduce palm bunching
- Silicone printed palm and fingers for improved control feel
- Elastic wrist panel helps to keep the elements out and heat in
- Index finger and thumb reactive touch screen panel on both hands for smart phone control

OFF-ROAD

Answer knows that riding off road requires more. More preparation, more comfort and more durability. That's why we expect more out of our off road apparel. Whether it's a ride through the merciless heat of Baja or over the frozen fire roads of the Rocky Mountains; We have the gear that provides riders with peace of mind as they cover the worlds toughest terrain.

ANSWER OFF ROAD - For every trail, every ride and every condition.

TAIGA XC

Built for those chilly days in spring and fall where temps are low but the sun is still shining and nothing will stop the ride. Taiga XC provides a balance of wind protection and breathability by allowing the rider to regulate optimal body temperature through changing conditions. Taiga XC achieves this through strategically placed wind-resistant panels that help block cold wind on the chest, arms and thighs while simultaneously reducing excessive body heat through the use of exhaust vents on the shoulders, back and hamstrings.

JERSEY

- DryAR™ windproof front panels
- Interlock poly rear panels
- Abrasion resistant, 600 denier nylon oxford forearm and elbow panels
- Comfortable raglan pattern
- Articulated sleeves for increased flexibility
- DryAR™ wind resistant fabric front paneling
- Reflective transfers for increased visibility

PANT

- DryAR™ wind resistant fabric front paneling
- Pre-curved, riding position comfort pattern
- Articulated, stretch upper knee and yoke panels
- Heavy-duty 900 denier poly fabric in high-wear areas
- 2 zippered thigh vents and 2 rear exhaust vents expel heat from the pant interior
- Zippered cargo pockets for convenient storage
- Reflective transfers for increased visibility
- Embossed, drum-dyed leather inner knee panels

K77

Kilometer 77 on Highway 3 in Baja is where race teams put the final touches on their motorcycles for the grueling Baja 500 and Baja 1000 races. It is at K77 where a product meets the ultimate test and can prove to be a failure or prove to be worthy. The ANSWER development and testing teams have spent countless hours in Baja making sure that our products can stand up to the test and prove to be worthy. ANSWER's K77 is the first hot weather riding gear on the market that goes beyond simple venting and incorporates reactive cooling materials. CoolCore® is a material that actively cools the body through the process of evaporative cooling. When the temperature spikes, perspiration activates the CoolCore® materials thus reducing body heat and allowing the rider to focus on the ride, not the conditions.

PANT FEATURES

- Nano Cool (ColdStone treated) full length mesh liner
- Riding position comfort pattern
- 600 D poly main fabrics
- Laser cut ventilation panels
- Articulated, accordion style knee panels
- Heavy duty 900 D poly fabric in high wear areas
- 15" thigh vents with 2 way zipper for air flow control
- Built-in rear exhaust vents

JERSEY FEATURES

- Comfortable raglan pattern
- Articulated sleeves
- Nano Cool (ColdStone treated) top panels construction
- Laser cut areas for increased ventilation
- Abrasion and snag resistant fore-arms
- Silicone printed tail
- Reflective transfers
- Fade-resistant sublimated panels

RIOT JERSEY

Bruised and battered arms from smacking bushes and branches are a thing of the past with Answer's new Riot Jersey. Built to withstand encounters with the infamous manzanita tree, the riot jersey features durable 600 denier sleeves without losing any flexibility. Ultra tough, the Riot Jersey features a highly breathable main body, zippered internal chest pocket with a microfiber goggle wipe and reflective panels for increased visibility.

- Main body consists of a highly durable K-106 front panel with a lower mesh panel
- Sleeves that are built-to-protect include 600 denier poly oxford sewn over EVA foam
- Lower sleeve panel is made with a highly durable K-106 material with a mesh rear panel to provide airflow and protection
- Reflective panels for increased visibility
- Silicone print on the jersey tail to prevent the jersey from un-tucking
- Zippered internal breast pocket with fixed micro fiber goggle wipe
- Comfortable, raglan pattern
- Articulated sleeves for increased flexibility

COOL VEST

ANSWER's CoolVest is a new way of thinking when it comes to reducing the bodies core temperature. The Answer CoolVest features an industry exclusive material called CoolCore®. CoolCore® actively cools the body through the process of evaporative cooling. When the temperature spikes, perspiration activates the CoolCore® materials and reduces body heat and allowing the rider to focus on the ride, not the conditions.

FRONTIER PRO BACKPACK

Just the right size for riding, the Frontier Pro Backpack is excellent for any overnight ride and fits perfectly with any Frontier Fanny Pack System. Comfortable and easy to use thanks to an ergonomically formed back support that features spacer mesh padding for maximum breathability. The Frontier Backpack features an easy to clean, rip-resistant nylon chassis that is PVC coated for increased water-resistance. The Frontier Backpack is also highly adjustable and features easy to access shoulder and waist fitment straps, a circular 5 point non-binding harness system to increase fluidity between rider and garment and reflective printing for increased rider visibility in low light situations.

- Ergonomically formed back support plate and closed foam padding for ventilated comfort
- Rip resistant nylon and polyester materials with a lightweight liner interior
- PVC coated fabrics for water resistance
- Ergonomic and length adjustable shoulder straps with swiveling water hose clip and rotating buckle
- Built-in waist stabilizer
- Generous main compartment with hanging clip holds a water bladder (not included)
- Secondary mid compartment contains a stretch elastic pouch for smaller items
- Small front compartment contains a clear window pouch with a customizable "emergency" card
- Reflective printing and webbing details for inconspicuous riding conditions
- Built-in loops and D-rings
- 4 lightweight side cinching straps and 2 bottom cinch straps
- Easy grab nylon zipper pull tabs, and embroidery branding details

FRONTIER VEST

Mass centralization is a term often used to describe the features of a new motorcycle but is also a term that can be applied to riding tools and supplies. Over-stuffed backpacks put an incredible strain on the rider's shoulders and back, the Frontier Vest helps to evenly distribute the load over a wider area. Answer set out to build the worlds toughest and versatile vest to help spread weight across the riders entire upper body. The Frontier Vest features an easy to clean, rugged nylon chassis, premium YKK zippers, molle compatible straps, hydration-ready compartment and built in tool pack. Highly adjustable and features an easy-to-access fitment straps as well as a circular non-binding harness system to increase fluidity between rider and garment.

- Rugged nylon chassis with vented interior
- High-visibility reflective details for increased visibility
- 10 front and 5 rear cargo pockets help balance stored items
- Premium YKK® zippers
- Molle straps to expand load capacity
- Hydration system compatible
- Radio specific chest pocket
- Integrated roll-out tool pouch
- Sized to fit a 34" to 44" torso

AR-1 BOOTS

The ANSR AR1 boot represents a new idea in motocross boots. Inexpensive boots have been around for a long time and no brand had ever really tried to make them good. The AR1 boot is better than good, it offers you far more than is offered by any other boot in its price range. Using just the right combination of synthetics, plastic and high performance textiles we've created an upper that is light, durable and protective. We coupled that to a four layer sole system that we stitched on for a foolproof and long lifespan that is easy to re-sole when the time comes. Most importantly this is the only MX boot in the market to feature a shock-absorbing insole made by D30®. This D30 Cushioning Insole is a lightweight, resilient footbed which combines D30® Lite with a high performance, shock absorbing D30® Decell heel insert. This provides comfort at varied impact energies, thanks to rate sensitive technology. This not only makes it an incredibly comfortable boot the D30® progressive cushioning can help reduce the risk of lower limb injuries.

FEATURES

- Four easy-adjust steel/plastic buckles
- Buckles are replaceable
- Injection molded plastic shin guard plate
- Injection molded rear plate helps protect leg bones
- Articulated rear ankle area aids movement
- Steel shank system adds support while riding
- Uni-directional cut sole specifically for motocross
- Thick ankle padding covered in vented material for air movement
- Footbed forefoot holes add air flow and breathability
- Weighs 3.65 lbs. each (1655 grams) size 10

ANSWER BACKPACK

BLACK TR 470401 MAG 0408-0819-0000

Featuring a spacious main compartment and padded shoulder straps for comfortable carrying, this mid-size backpack has two large zipper compartments to hold plenty of your items plus a small front pouch pocket to hold the smaller items. Also included is an internal padded laptop sleeve so you can bring your work with you wherever you go.

- Padded laptop pocket
- Large size main pocket
- Medium size accessories pocket
- Fleece lined eyewear/cell pocket
- Vented mesh back EZ Grab zipper pulls
- Woven brand patch
- Overall size: 11" wide x 17" tall x 8" deep

ANSWER GEAR BAG

BLACK TR 470402 MAG 0408-0864-0000

Perfectly sized bag will keep all your track necessities organized for easy access at the track. Large mid compartment and 2 side sections with expandable walls makes it easy to configure to your personal needs. Durable 600 D with water resistant PU treatment, reinforced straps and rubber inserts protected corners.

Strategically placed handles, removable shoulder strap and vented boot compartment completes this simple but stylish travel bag.

- Durable 600D main fabric construction & reinforced handles
- Easy accessible compartments via 2 way zippers and pull tabs
- Vented boots end compartment
- Re-configurable main compartment volume via side compartments
- 33"(84cm)Lx15"(38cm)Wx17"(43cm)H

ANSWER ROLLER BAG

BLACK TR 470403 MAG 0408-0809-0000

Spacious and versatile roller bag with extendable handle keeps your gear conveniently organized for easy travel. Large mid compartment with 2 internal accessories pouches and 2 side compartments with expandable walls makes it easy to configure to your personal needs. Plastic feet, reliable wheels and built-in changing mat will keep dirt away from your gear. Durable 600 D with water resistant PU treatment and subtle branding completes this efficient track companion. Roll with Answer!

- Durable 600D main fabric construction & reinforced handles
- Easy accessible compartments via 2 way zippers and pull tabs
- Vented boots end compartment
- Envelope style inner pouch for accessories
- Re-configurable main compartment volume via side compartments expansion walls

- Built-in changing mat
- Strong rolling wheels and telescopic end handle
- Clear window ID tag on main compartment flap
- 33"(84cm)Lx15"(38cm)Wx17"(43cm)H

HELMET FITTING / RETENTION SYSTEM INFO

The best way to put on a helmet is to hold the chin straps to each side before pulling it over your head. Pass the end of the strap through the D-rings and pull it snug. Keeping your head straight, rotate the helmet from side to side with your hands. If the helmet is adjusted properly, you should feel the movement of your scalp closely match the helmet's movement. With your hands on the sides of the helmet, move the helmet in a slight up and down motion. Once again, the movement of your skin should follow the helmet movement. To remove the helmet, pull the D-ring tab outward to release strap tension, then un-thread the chin strap. Pull the chin straps outward, rotate the helmet forward and lift it off.

PLEASE NOTE:

- No helmet can protect the user against all foreseeable impacts.
- For maximum protection, the helmet must provide adequate peripheral vision.
- All retention straps (chin straps) must be securely fastened.
- The helmet can be seriously damaged by some common substances with damage being invisible to the user.
- Apply only mild soap and water for cleaning.
- Make no modifications to the helmet. If the helmet experiences a severe blow, please replace it.

PANTS

Measure the width of the waist on your regular street pants and multiply by 2. Then refer to the chart. Example: 16" x 2 = 32" or size 32. Note that ratchet buckle and side waist adjusters (on most models) will cinch up an additional 2" of waist size to fine tune the fit.

MEN'S WAIST	MX PANT SIZE	INSEAM
26" / 27-1/2"	66 / 70cm	26
28" / 29-1/2"	71 / 75cm	28

JERSEYS

Compare one of your t-shirts with the corresponding size chart below. Choose the same size jersey as you would for a t-shirt. Note that jerseys typically run larger for a loose, unrestricted fit.

MEN'S TEE	JERSEY SIZE
X-SMALL	XS
SMALL	SM
MEDIUM	MD
LARGE	LG
X-LARGE	XL
2X-LARGE	2XL
3X-LARGE	3XL

WOMEN'S TEE	JERSEY SIZE
SMALL	WSM
MEDIUM	WMD
LARGE	WLG
X-LARGE	WXL
2X-LARGE	W2XL

YOUTH TEE	JERSEY SIZE
X-SMALL (2-4)	YSM
SMALL (6-8)	YMD
MEDIUM (10-12)	YLG
LARGE (14-16)	YXL
X-LARGE (18-20)	Y2XL

HELMETS

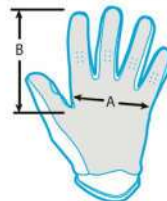

Using a tape-measure, measure the circumference of your head just above the ears and across the forehead. Refer to the chart for proper helmet size. Example: Head circumference measures 22-3/4" = Adult med helmet.

ADULT HEAD	HELMET SIZE
20-3/8" - 21-1/8"	52 / 54cm XS
21-1/4" - 22"	54 / 56cm SM
22-1/8" - 22-7/8"	57 / 58cm MD
23" - 23-3/4"	59 / 60cm LG
23-7/8" - 24-5/8"	61 / 63cm XL

YOUTH HEAD	HELMET SIZE
18-1/2" - 19-1/8"	47 / 49cm YOUTH SM
19-1/4" - 19-7/8"	49 / 50cm YOUTH MD
20" - 20-1/2"	51 / 52cm YOUTH LG

GLOVES

Measure the width of your palm "A" about 1" below the base of your fingers (about 3/4" for kids) and the length from the tip of your index finger to the base of your thumb "B" and match measurements to sizes listed on the chart. This is for reference only. Glove fit can be a personal preference.

MEN'S A/B	GLOVE SIZE
3-5/8" / 4-3/8"	9 / 11cm SM
3-3/4" / 4-1/2"	9.5 / 11cm MD
3-7/8" / 4-5/8"	9.8 / 11.8cm LG
004" / 4-3/4"	10.2 / 12cm XL
4-1/8" / 4-7/8"	11 / 12.4cm 2XL

WOMEN'S A/B	GLOVE SIZE
3-1/8" / 4"	8 / 10cm WSM
3-1/4" / 4-1/8"	8 / 11cm WMD
3-3/8" / 4-1/4"	8.5 / 11cm WLG
3-1/2" / 4-3/8"	9 / 11cm WXL

YOUTH A/B	GLOVE SIZE
2-3/8" / 2-3/4"	6 / 7cm Y2XS
2-1/2" / 2-7/8"	6.5 / 7cm YXS
2-5/8" / 3"	6.7 / 7.5cm YSM
2-3/4" / 3-1/8"	7 / 8cm YMD
2-7/8" / 3-1/4"	7.5 / 8.5cm YLG
3" / 3-3/8"	8 / 8.5cm YXL
