

# **ERICKSON**

MANUFACTURING LTD

VERSION 3503

**Tie it.  
Tow it.  
Load it.**

# ERICKSON'S CARGO CONTROL CENTRE

Erickson Manufacturing is a leader in Cargo control, we have one of the largest retail selections available, if you want a bulk program, or a completely packaged program, we are your source.

### **TIE IT TOW IT LOAD IT**

At Erickson we try to help our customers with all their transportation needs. Whether it be an Arched Aluminum Loading Ramps to load the ATV, a Hitch Hauler for the SUV, a tarp to cover up the old car, or you are stuck and need a tow, we have what you need. Erickson strives to supply our customers with a great value for the money with **QUALITY** always being our top priority.

### **D.O.T. COMPLIANT**

All straps being used commercially meet or exceed the **DOT** requirements. Erickson Mfg. is a voted in member of the **Web Sling and Tie Down Association** ([www.wstda.com](http://www.wstda.com)). All commercial straps rated at **3000 lbs.** and up have imprinted web stating the **Working Load Limit (WLL)** on the complete assembly. Tags are also sewn in that feature the **WSTDA** logos and are compliant with all **DOT** regulations. Consumer straps not being used commercially all have a sewn in tag that states the **WLL** of the complete assembly. Strap labelling is mandatory in selected States in the USA and Canada now by the **DOT** to ensure safety on the roads. Our Anchor Points are also stamped with the **MAXIMUM LOAD LIMIT**, so rest assured you are up to date with new legislation and what is new in the cargo control world.

### **Retailing Options**

At Erickson we try to offer our retailing partners the exact package to meet their customers needs. Our farm and ranch partners like Bulk along with a few packaged items. Our Automotive retailers only like packaged, and in hardware a nice mix works as well. Available today are our traditional Blister Packs, a **PRO-SERIES** that is shorter and stands up better on the shelf and is designed to work in conjunction with our bulk bin program where the distance between the shelves can be a constant 12", making the presentation clean and exciting.

### **NEW AT Erickson's in 2018**

**Sliding Ratchet Straps** -- Finally a ratchet strap where you can position the ratchet on the strap where you want it (Page 7)

**Mini Ratchet Straps** -- A smaller easier to operate ratchet strap designed for smaller lighter applications, 3 models available (Page 6)

**Cap Locks** -- Are what we call our aggravation proof hooks, this new feature prevents the hook from falling off the anchor point (Pages 6,7, &10)

**Modular Shelf Bins** -- Great for the work bench, office storage or whatever you need to organize, 2 models available (Page 4)

**USA Made Cam Straps** -- This is a growing category and we wanted to be sure and have some additional choices for the "MADE IN USA Guys and Gals" New 4 pack Cam Straps with "Cap Locks" (Page 22)

**Tite Ropes®** -- See our new and improved packaging 5 models available (Page 25)

**E-Chock®** -- A moveable wheel chock that works with horizontal floor mounted E-Track, simply choose the location and lock the E-Chock in the track (Page 35)

**Recovery Straps** -- We are now offering 4 new models in an economy version, all in display cartons (Page 42)

**Bundling Ties** -- A reusable rubber Tie strap, a patented design that is simple and easy to operate, 4 models are available (Page 47)

**Bale Tarp Anchor** -- A screw in the ground anchoring system to help prevent bale Tarps from getting damaged from blowing in the wind (Page 54)

**Big Bed Senior®** -- We have improved on the packaging design and box size to allow the unit to be displayed on a 48" wide shelf (Page 57)

**Black Loading Ramps** -- We now offer 2 models of our most popular aluminum versions in the new trendy black finish (Page 62)

**Loading Ramps** -- 2 new models, an entry level double folding "ladder look" and a center folding solid anti-skid bottom for push carts (Page 65)

**Deluxe Hitch Hauler** -- An aluminum SUV hauler with a loading ramp, great for 4 wheel mobility scooters, lawn mowers, anything with small wheels, quick and easy to assemble feature (Page 68)

# ERICKSON'S NEW MODULAR BIN PROGRAM

Our standard cardboard bulk display boxes have worked very well in the past. What we did notice was the display box will get tired looking over time. The customers sometimes takes the whole box as they are hard to secure in one location. We knew in selected accounts bulk was the way to go but we had some challenges to overcome. The answer was find a solution that was more stationary, durable and yet inexpensive, and we have done that.

Now available is our NEW modular bin display, patented in USA, Canada and Mexico. This is the next generation of the bulk retail display shopping program, 3 sizes are available (which directly replace the standard cardboard display we offer today)

The system is designed to work on a 16" deep by 48" wide shelf. Each modular bin comes 24" wide so two displays sit side by side on a 48" shelf. What is nice is you can mix them up, small beside a medium, medium beside a large and so on. The bins attach to the shelf via patented locking pins that use the holes normally used for the wire fencing. The small (4" wide) and medium (6" wide) both have dividers available to split the bins front and back (it is optional you can leave it in or out depending on your needs). The front display advertising card is very easy to install and locks in safe and secure while the bin sectional splitter panel features a sticky backed label for the rear cavity.

The Erickson system was designed to work on Lozier, but will also work with other shelving manufacturers like Wilson, Streeter, etc. The 16" deep is the main concern, our modular bin concept works great with bulk plumbing and electrical supplies and a host of other categories. The diamond grid in the divider panels is small and prevents items from shifting from one to the other like we see with the fencing separators used today.

- #55695 - **Small** (6) 4" x 16" cavity or (12) 4" x 8"
- #55696 - **Medium** (4) 6" x 16" cavity or (8) 6" x 8"
- #55697 - **Large** (2) 12" x 16" cavities non split

*Small bins with optional back bins included*

*Medium bins with optional back bins included*

*Large bins*

## **Stand Alone Shelf Supports**

Erickson's **ADJUSTABLE PRODUCT SHELF SUPPORTS** are adjustable to fit 10" to 20" shelves. Simply snap off at the desired length and attach with plastic snap pins supplied. The 1/2" deep product slots are located every 1.25" along the shelf and support display cards perfectly; however, 2 strips per card are required depending on the product size. Our new retail product support strips eliminate the use of peg hooks and makes a better shelf presentation, where in most cases the full case quantity can be displayed. With peg hooks the amount of hanging product is based on the weight the hooks can support, but with Erickson's new shelf supports, the weight is not an issue. Another benefit of the shelf supports is when the inventory's low, simply place the last 2 or 3 pieces at the front of the shelf making the offering look full, making the consumer shopping experience easier and quicker.

#55694 - 20" BLISTER STRIP FOR SHELVING (20/CTN)

*Retail product supports mounted on shelf*

*Product mounted in shelf support*

# MODULAR SHELF BINS

4 - 6" x 16" Compartments

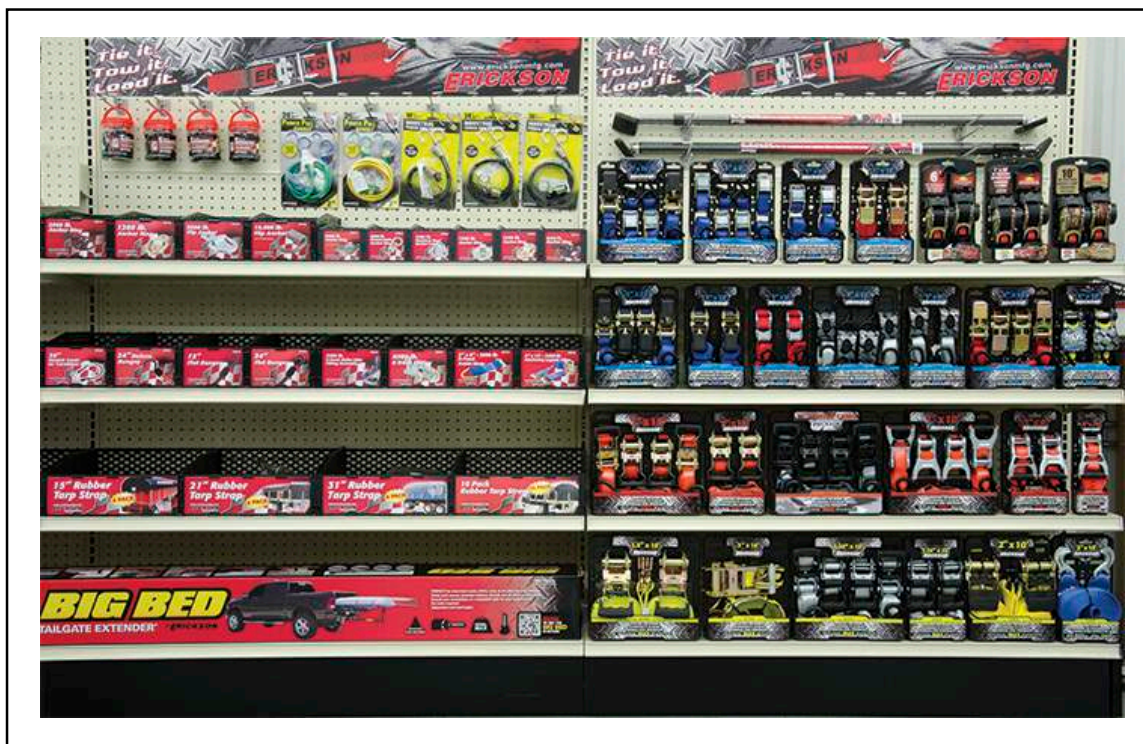

up to 8 - 6" x 8" Compartments

# SHOP BY COLOR!!!

**"Same great products but now in even better packaging.  
Customers can now shop by color!"**

One of the biggest challenges today at the retail level is getting the proper strap to secure your load safely. At Erickson's we have developed a new Pro Series that are color coded to make the shopping experience easier and safer for our customers.

**Improved** Pro Series packaging for a better presentation on your shelves. A shorter package now allows us to mix the pro line with our Bulk Bin concept for a more shoppable offering. The wider 2" base allows the package to stand better. We have new models and larger sizes now available whether you want 2 packs or 4 packs we have what you need.

## LIGHT DUTY

# MINI RATCHET STRAP

## COMBINATION 4 PACKS

Our **NEW** "Mini Ratchets" are designed for the light duty applications. The new 3/4" model's have a 600 lb. maximum load capacity, soft grip ratchets, and our new "Cap Lock Hooks," making these Mini's easy to operate. We are offering 3 models, all 4 packs, the #31405 has 4 mini ratchet straps, the #31404 has a pair of lashing straps and the #31405 has a pair of Tite Ropes® along with a pair of mini ratchet straps.

Whether your loading up the roof rack, hauling the cooler and some luggage on your hitch hauler, or trying to secure the kids tube to the swim platform of your boat, the Mini Ratchet packs will keep all your items secure, you will be able to travel without worry.

**#31406**

 (2) 0.75" x 10' - 300 lb.  
 Lash Strap  
 (2) 0.75" x 10' - 600 lb.  
 Ratchet Strap

**#31405**  
 (4) 0.75" x 10' - 600 lb.  
 Ratchet Strap

# SLIDING RATCHET STRAPS

The Sliding Ratchet strap is finally here! It is simple and easy to use. Simply flip the switching latch to the unlocked position so the webbing can flow through the centre shaft. Once you determine the location you need, simply flip the switching latch to the locked and "ready to use" position. Now it operates like a normal ratchet. With added features like our "Cap Lock" hooks to both ends along with a 2 sided velcro strap to wrap up extra webbing, ***THIS IS A MUST HAVE RATCHET STRAP!!***

# RE-TRACTABLE RATCHET STRAPS

Unlike the conventional Ratchet straps we have all grown to love and count on for all our Tie Down needs the **RETRACTABLE RATCHETS** are by far the best choice and our number one sellers. So smooth to use, simply ratchet tight, and to release simply push down on the red release button, and zoom the web rewinds in to the storage housing just like a tape measure. We offer both 1" and 2" models in both 6' and 10' lengths, from 1200 lb. up to 4000 lb. capacity.

Check out our **BOLT ON** models, ideal for Boat transoms, Pick Up racks, permanent mounts on utility trailers, the ideas are endless. Once you use Erickson Retractable you won't want anything else. Be sure and ask for Erickson by name, built for the professionals.

# WEB CLAMP®

*Erickson Mfg. now offers our 2" Heavy Duty Long Handle Ratchet Straps with our new Web Clamp. The spring loaded clamping device acts much like a mouse trap. You simply take the excess webbing and place it under the spring loaded clamp. No more webbing blowing in the wind. So Neat and Simple !!*

All 10,000 lb. rated straps have a Working Load Limit (W.L.L.) of 3300 lb. and are D.O.T. compliant. Erickson Mfg. is a member of the Web Sling and Tie-Down Association. Our straps all have the WSTDA label sewn in the strap. D.O.T. inspectors know the manufactures are up to date with all rules and regulations.

# BALE STRAPS

Erickson's is proud to introduce our expanded section of **40' Bale Straps**. With safety in mind these straps are built with the farmer in mind. We have our regular 40' strap with its built in **Web Clamp®** available in J-hook and flat hook models. **NEW** to the selection is our **BALE BOSS®**. This strap features double J-hooks and the multiplier Ratchet which exerts **TWICE** the amount of tension of a standard ratchet.

(See pg. 31 for more info on the Multiplier)

5000 lb. WLL

## 3" x 30' STRAP W/ CHAIN LEAD

#58516 – Bulk

15,000 lb. Max  
5000 lb. WLL

NOTE: All tie-down straps, 5000 lb. and up, come with a label indicating size, maximum load, and WLL (working load limit). Remember, the WLL is 1/3 of the maximum load. Always use the WLL when selecting tie-downs. Example: For a box weighing 3300 lb., you would use 2 straps, with a 5000 lb. max. load limit. The working load limit (WLL) for a 5000 lb. strap is 1650 lb.

**WORKING LOAD LIMIT (WLL)** is one third (1/3) of the break strength.  
EXAMPLE: 15,000 lb. (break strength) = 5,000 lb. (WLL)

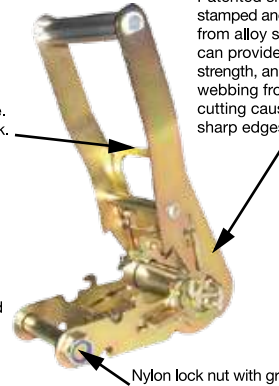

The basic rule to ensure safety is a 3:1 to be used on any item moving in any direction where brakes are being applied and G-forces occur. It is the responsibility of the user to determine the number of straps needed to secure his load safely based on the WLL rule above.

**US Patent: #5282296**

New patent shaft. Patented shaft is stamped and shaped from alloy steel plate, can provide more strength, and prevent webbing from cutting caused by sharp edges.

**US Patent #5560086**

Double security lock prevents the strap from loosening while driving. You must pull the lever first to release the buckle. A very well-designed lock.

All ratchets used in our 5000 lb. program and up are made from low carbon steel, then heat treated, deburred and yellow dichromate-plated for longer life. Makes for a quality ratchet.

Nylon lock nut with grade 8 bolt.

**Erickson Mfg. Ltd.** is a member of the Web Sling & Tie-Down Association. All straps are sewn to the Association's specs. All straps have the WSTDA certificate sewn in, along with the maximum and working load limits.

# HEAVY DUTY MULTIPLIER RATCHET

- Labor Saving
- 2 to 1 gear drive
- Pull to tighten ratchet strap
- Improved tension

Erickson's **NEW MULTIPLIER** ratchet strap has a 2 to 1 gear drive that exerts twice the tension with the same amount of force compared to the standard ratchet we all use today. Ergo friendly, it is much easier to apply the tension needed to secure your load with the Multiplier. To tighten pull on the handle rather than push. For instance, if the operator has numerous ratchets to tighten and he/she just simply doesn't have the strength in his/her arm to reach the proper tension to secure the load "The Multiplier" is the answer. 2" and 3" models available with flat and double J hooks.

# MOVEABLE E-CHOCK

MOVEABLE  
E-CHOCK

Finally a wheel chock that works with our very popular E-Track system. The NEW E-Chock has a simple lock and unlock mechanism that allows the user to choose the needed location on the track. Steel construction with a reinforced base support makes for a strong durable wheel chock. Yellow powder coat prevents rusting, the stand up packaging is easy to place and attention getting. We recommend using the "Get Back Strap" with our new Moveable E-Chock see Page 37.

### WLL AND DESIGN FACTOR

Erickson's synthetic slings are manufactured to ensure a design factor of 5:1. This design factor is a factor which is divided into the nominal strength of a sling to arrive at the WLL (or Rated Capacity). This factor is necessary to allow for wear, abrasion, damage, and variations in loads which are not always readily apparent to the sling user

**BUT DOES NOT COVER FOR INSUFFICIENT EDGE PROTECTION OR PROTECTION AGAINST CUTTING.**

#06811	14" -- 2-Pack
#06812	24" -- 2-Pack
#06813	8" -- 6-Pack

Finally a "reusable tie strap" the patented design is so simple and easy to use. I say it actually works like a ball and a glove, you pull and stretch the rubber strap until you get the ball on the strap and lock it into the glove. Made from a durable rubber compound that stretches easy yet stands up to the elements when used outside, a North American patented product.

# TARP BIN DISPLAY PROGRAM

## IS YOUR TARP SET A MESS AND IN NEED OF HELP???

### ERICKSON'S NEW TARP BIN PROGRAM IS A PATENTED DESIGN ! (US D617,1255)

Our patented bin design makes the shopping experience smooth and simple. Sizes and styles are spelled out clearly on the advertising card on the front of every bin. Our patented design allows the retailer to affix the bins to slotted shelves. Starting at the far left of the shelf place the bin and using the 4 safety locking push pins (supplied) lock the bin to the shelf. Allow 12" between bins, positioning 4 on a 48" shelf. Bins are designed to hold a complete case of all tarps. Mix and match your display to meet your customer's needs. Designed for 16" deep shelves but will work with deeper shelves as well.

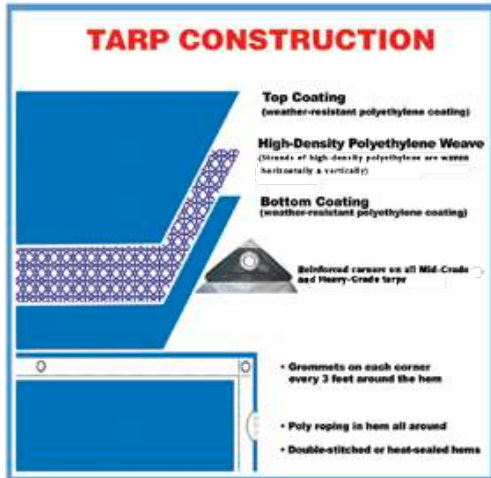

Comes with four locking pins to secure the bin to the shelf. Place bins 12 inches apart, side by side on a 16" x 48" shelf.

# ECONOMY GRADE POLY TARP

Erickson's new retail-friendly tarp program is designed to make your tarp selection easy. The 3 main things the consumer is looking for is color, size, and thickness. Our full-color graphics stand out and cover 3 areas of use: transportation, shelter and storage.

## #56998 (6' x 8') 2-Pack (NEW)

- |                    |                    |
|--------------------|--------------------|
| #56999 (5' x 7')   | #57010 (18' x 24') |
| #57000 (6' x 8')   | #57011 (20' x 30') |
| #57001 (8' x 10')  | #57012 (20' x 40') |

| #57007 (12' x 16') | #57014 (40' x 60') |
| #57008 (12' x 18') | #57015 (12' x 24') |
| #57009 (16' x 20') |                    |

STRONG WOVEN NYLON STRANDS ARE COATED AND BONDED ON BOTH SIDES WITH POLYETHYLENE FILM. GROMMETS AT CORNERS AND APPROXIMATELY EVERY 3 FEET ALONG ALL 4 EDGES.

# ECONOMY GRADE POLY TARP

Clear tarps, like many others, have a similar combination of uses. For a specific need, clear tarps are better for outdoor greenhouses and other canopy-like structures in which visibility from the outside is necessary.

## MID GRADE REVERSIBLE POLY TARP BROWN/GREEN

Across the country, some cities have by-laws which do not allow blue tarps within city limits. The brown and green reversible tarp is less visible and blends in with the spring and fall colors. We have put together a complete program with all the sizes available.

- #57030 (6' x 8')
- #57031 (8' x 10')
- #57032 (10' x 12')
- #57033 (12' x 16')
- #57034 (12' x 20')
- #57035 (16' x 20')
- #57036 (18' x 24')

## MID GRADE CAMOUFLAGE POLY TARP

All models feature plastic reinforced corners and are UV protected.

- #57003 – (12' x 16') – Camo **(NEW)**
- #57004 – (8' x 10') – Camo
- #57005 – (10' x 12') – Camo

### SPIRAL ANCHOR FOR BALE TARPS

#59116 - 5/16" x 17.5"

- Galvanized

**NEW!**

### TARP CLIPS

- #01029 – (4-Pack) NEW
- #51029 – Bulk (Each)

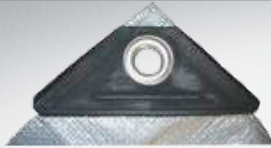

Tarp Clips that go hand in hand with a tarp program. Works great where there are no eyelets available in the tarp.

# HEAVY GRADE SILVER POLY TARP

## TOUGHER SILVER HEAVY DUTY TARPS

We laminate a strong crisscross mesh of 800 denier nylon thread between 2 layers of tough, reflective silver-grey polyethylene, treated to resist UV rays, water resistant (will not rot or mildew), rustproof grommets every 3 feet along all 4 welded edges.

- #57018 (12' x 24')
- #57019 (20' x 40')
- #57020 (6' x 8')
- #57021 (8' x 10')
- #57022 (10' x 14')
- #57023 (12' x 18')
- #57024 (12' x 20')
- #57025 (16' x 20')
- #57026 (20' x 30')
- #57027 (30' x 40')
- #57028 (30' x 50')
- #57029 (40' x 60')

OUR BETTER AND BEST TARPS FEATURE STRONG PLASTIC REINFORCED CORNERS TO GIVE IT EXTRA STRENGTH. THE CORNERS ARE THE WEAKEST POINT AND THIS SURE DOES HELP.

ALL TARPS FEATURE A GROMMET FOR HANGING A SWATCH OF MATERIAL.

# HEAVY DUTY "MESH" TARPS

The mesh design allows the air to flow through and works great for covering loads that need Containment but not water repellency. The flapping we see with most tarps is drastically reduced with the mesh design.

- #57056 (6' x 8')
- #57057 (8' x 10')
- #57058 (10' x 12')
- #57059 (12' x 16')

IDEAL FOR:

- TRAILER COVERS
- DUMP TRUCK COVERS

HEAVY DUTY SILVER TARPS MESH TARPS

# BIG BED<sup>®</sup> SENIOR

The Big Bed<sup>®</sup> is the perfect addition to any vehicle with a 2" hitch receiver, and allows you to haul loads safely.

#07600 - (1) 46" x 50" x 18.1" (installed)  
46" x 5" x 7" (collapsed)

(USA PATENT # 8,070,028 B2)

- **400 lb. evenly distributed weight.**
- Extends the pick-up truck bed by 4 ft.
- PERFECT for short-bed trucks
- Folds for easy storage.
- Easily haul: canoes, extension ladders, lumber, drywall, and other oversized loads.
- Extend your work station or make a table for your tailgate party.
- Replaces the trailer

Convert your Big Bed into a 'High-Mount' with the addition of part #07601.

#07601

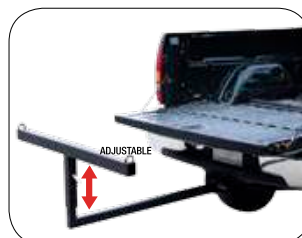

- Keep your truck bed empty while you haul your load up top.

# BIG BED<sup>®</sup> JUNIOR

#07605

- Ideal for oversized equipment including ladders, full sheets of drywall, or small boats
- Extends pick-up truck bed by 4 ft
- Fits any pick-up truck with a 2" receiver
- Black Powder coat finish (rust resistant)
- Welded loops to tie-down loads
- Easily removed and stored
- Handles up to 350 lb.

(USA PATENT # 5,950,890)

# TRUCK RACKS

## ALUMINUM TRUCK RACK - 800 lb.

#07705

- Assembled size: 66.4" x 12.6" x 34"
- Patented Clamp design - no drilling
- Adjustable crossbars fit all pick-up trucks
- Fully adjustable load stops
- Yellow chromate plated nuts and bolts

SLIDING CLAMPS MAKE LOAD SECUREMENT EASIER

## STEEL TRUCK RACK - 800 lb.

#07706

- Assembled size: 78" x 14.7" x 33.5"
- Patented adjustable clamping system fits ALL TRUCKS
- Powder coated paint ensures no rusting
- Yellow chromate plated nuts and bolts
- 4 Adjustable load support brackets
- Works with bedliners and toolboxes
- FITS long and short bed pick-up trucks

## STEEL TRUCK RACK - 800 lb.

#07707

- Assembled size: 135" x 54.8" x 32.9"
- Patented adjustable clamping system fits ALL TRUCKS
- Powder coated paint ensures no rusting
- Yellow chromate plated nuts and bolts
- 4 Adjustable load support brackets
- Works with bedliners and toolboxes
- FITS long and short bed pick-up trucks

## STEEL TRUCK RACK - 250 lb.

#07708

- Assembled size: (49.5" x 52") 5.9" (19" x 34")
- Telescoping support arms quickly adjust from 19 in. to 34 in. wide
- Mounts on either side of the box
- Black powder coated paint ensures no rusting
- Bolt-on base securely mounts rack to the cargo bed
- Rack adjust from 50" to 54" high

## Aluminum Ramp Plates

#07200 – 750 lb. (1/4" Deck Plate)

Our aluminum loading ramp plates can quickly convert a 2" x 8' board into a quick and very inexpensive loading ramp to load your ATV, motorcycle, lawn mower, etc. into your pickup or onto a trailer. Available in 2 sizes.

## 2-Pack Ramp Kits

#07400 – (2) – 750 lb. Aluminum Ramps

Kit includes: carriage bolts, nuts, and washers

## STEEL BI-FOLD RAMPS – 1000 LB. RATED (PER PAIR)

#07435 – 72" long x 9" wide

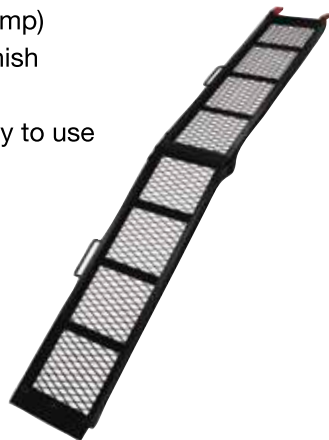

- 1000 lb. Rated (Per Pair)
- Folds twice for easy storage and carrying
- Features an arched design for loading low clearance equipment
- Anti-skid surface prevents slipping, even when wet
- Includes two safety chains
- Sold in Pairs

## STEEL CENTRE-FOLDING MESH LOADING RAMPS – 800 LB. RATED (PER RAMP)

#07464 – 80" long x 11" wide

- 800 lb. Rated (Per Ramp)
- Black powder coat finish
- Carry Handle
- Fully Assembled ready to use
- Includes safety strap

# LOADING RAMPS STEEL

## STEEL ATV/MOTORCYCLE RAMPS – 1000 LB. RATED (PER PAIR)

#07473 – 84" long x 9" wide

- 1000 lb. Rated (Per Pair)
- For loading ATV's and motorcycles
- Rugged steel tread plate ensures good traction
- Solid plate surface with rubber anti-slide pads
- Reflective label provides night time safety
- Minor assembly required
- Includes two safety straps
- Sold in Pairs

*Solid plate surface with raised traction cut-outs*

*Full width plate and attaching lip*

## STEEL LOADING RAMPS – 1000 LB. RATED (PER PAIR)

#07472 – 72" long x 9" wide

- 1000 lb. Rated (Per Pair)
- For loading ATV's and motorcycles
- Anti-skid surface prevents slipping even when wet
- Corrosion-resistant zinc plated
- Minor assembly required
- Includes two safety straps
- Sold in Pairs

**NEW!**

# ARCHED ALUMINUM LOADING RAMPS

## FOLDING ARCHED ALUMINUM RAMP – 750 LB. RATED (PER RAMP)

#07441 – 90" long x 12" wide

- 750 lb. Rated (Per Ramp)
- Arched bi-fold design prevents bottoming out of equipment with low ground clearance
- Extra wide cross members with non slip finish
- Folds for easy storage
- Extruded aluminum end plates add strength
- Includes safety strap

## FOLDING ARCHED ALUMINUM RAMP – 1500 LB. RATED (PER PAIR)

#07442 – 90" long x 12" wide

- 1500 lb. (Per Pair)
- Arched bi-fold design prevents bottoming out of equipment with low ground clearance
- Extra wide crossmembers with non slip finish
- Folds for easy storage
- Extruded aluminum ends plates add strength
- Includes safety straps
- Fully assembled

# BLACK ARCHED ALUMINUM LOADING RAMPS

## FOLDING ARCHED ALUMINUM RAMP – 750 LB. RATED

(PER RAMP)

#07443 – 90" long x 12" wide (1-Pack)

#07444 – 90" long x 12" wide (2-Pack)

- 750 lb. Rated (Per Ramp)
- Arched bi-fold design prevents bottoming out of equipment with low ground clearance
- Extra wide crossmembers with non slip finish
- Folds for easy storage
- Extruded aluminum end plates add strength
- Includes safety strap
- Fully assembled

**NEW!**

## NON FOLDING ARCHED ALUMINUM RAMPS – 1500 LB. RATED (PER PAIR)

#07452 – 90" long x 12" wide

- 1500 lb. Rated (Per pair)
- Arched design prevents bottoming out of equipment with low ground clearance
- Extra wide crossmembers with non slip finish
- Extruded aluminum ends plates add strength
- Includes safety straps
- Fully assembled

**NEW!**

# LOADING RAMPS STRAIGHT AND ARCHED

## NON FOLDING ARCHED ALUMINUM RAMPS – 1500 LB. RATED (PER PAIR)

#07451 – 90" long x 12" wide

- 1500 lb. Rated (Per pair)
- Arched design prevents bottoming out of equipment with low ground clearance
- Extra wide crossmembers with non slip finish
- Extruded aluminum ends plates add strength
- Includes safety straps
- Fully assembled

## BI-FOLDING ALUMINUM RAMPS – 1000 LB. RATED (PER PAIR)

#07434 - 72" long x 9" wide

- 1000 lb. rated (Per Pair)
- Folds twice for easy storage light and easy to move
- Features an arched design for loading low clearance equipment
- Anti-Skid surface prevents slipping even when wet
- Includes safety straps

### QUALITY TESTED

We winch a weighted load on and off our test stand on all of our models. Erickson's factory testing ensures you a "high quality" product every time. All of our models are tested one and a half times our advertised load capacity to ensure customer safety.

# WIDE LOADING RAMPS

## FOLDING ALUMINUM RAMP – 1500 LB. RATED

#07462 - 69" long x 45" wide  
#07463 - 77" long x 50" wide

- 1500 lb. rated (Per Ramp)
- Double hinged
- Includes two safety straps
- Fully assembled

## COMBINATION LOADING RAMP – 1500 LB. RATED

#07488 - 84" long x 54" wide

- 1500 lb. rated (Per Ramp)
- Triple hinged
- Includes two safety straps
- Easy removal of wear boards makes ramp ideal for all seasons. Use with your snowmobile & ATV.
- Fully assembled

### "ALL SEASON RAMP"

- Easy removal of wear boards makes ramp ideal for "ALL SEASONS"
- Ideal for Snowmobiles & ATV's

## WEAR MATERIAL FOR LOADING RAMPS

#07485 - 48" long x 8" wide

- Black polyethylene carbide slider plates
- Prevents premature wearing to aluminum loading ramps
- Includes 24 self tapping metal screws

# WIDE LOADING RAMPS

## FOLDING ALUMINUM RAMP - 1500 LB. RATED

#07458 - 69" long x 45" wide

- 1500 lb. rated (Per Ramp)
- Extruded Aluminum end plates adds strength
- Double hinged
- Includes two safety straps
- Fully assembled

**NEW!**

# WIDE LOADING RAMPS

## CARGO RAMP CENTRE FOLDING - 1200 LB. RATED

#07459 - 72" long x 30" wide

- 1200 lb. rated (Per Ramp)
- Carry Handle for easy transit
- Extruded Aluminum end plates adds strength
- Double hinged
- Includes two chains
- Fully assembled

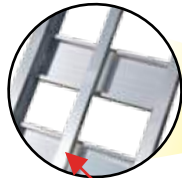

**NEW!**

# OUR HEAVIEST MODEL

**NON FOLDING** ARCHED ALUMINUM RAMPS - 3000 LB. RATED (PER PAIR)

#07486 – 90" long x 12" wide

- 3000 lb. maximum load (Per Pair)
- Arched design allows for extra clearance
- Includes two safety straps
- Fully Assembled
- Sold in pairs

Reinforced for added strength

- **Ideal for: Large ATV's & Side by Side Utility vehicles**

## LOADING RAMP DISPLAYS

### LOZIER RAMP DISPLAY KIT

- Ramp display rack centre bar flips up to remove a ramp
- Bottom Mesh support prevents ramps from slipping off the shelf
- Signage Available

# HITCH HAULERS STEEL

## HEAVY DUTY CARGO CARRIER – 500 LB. RATED

#07495 - 60" long x 20" wide

- 500 lb. rated
- Foldable heavy duty deluxe cargo carrier

## FOLDING CARGO CARRIER – 500 LB. RATED

#07496 - 20" wide x 60" long x 18" high

- 500 lb. rated
- Provides plenty of extra space
- Excellent for camping, hauling wood, hunting & fishing
- Collapsible steel basket
- Fencing easily removes if necessary
- Folds down neatly when not in use

*Note: Fencing is completely removable*    *Note: Fencing lies flat for storage*

## MOTORCYCLE CARRIER – 500 LB. RATED

#07508 - 75.5" long x 5" wide

- 500 lb. rated
- Gas can carrier 16" long x 10" wide
- Easily adjust to fit different wheel sizes
- Motorcycle can be loaded or unloaded from both sides of the carrier
- Assembly required

**NEW!**

*Conveniently haul a canister, tools, or equipment on the carrier.*

# HITCH HAULERS ALUMINUM

## DELUXE ALUMINUM CARGO CARRIER WITH RAMP

#07494 - 50" long x 30.25" wide x 4" high

- 400 lb. rated
- Folding Loading Ramp
- Anti-Skid surface prevents slipping even when wet
- Aluminum construction is light and strong
- Anti Wobble Stabilizing hitch pin
- Foldable when not in use
- Anchor Points

## ALUMINUM CARGO CARRIER - 500 LB. RATED

#07497 - 22.5" wide x 49" long x 8" high

- 500 lb. rated
- Welded construction instead of rivets makes basket stronger

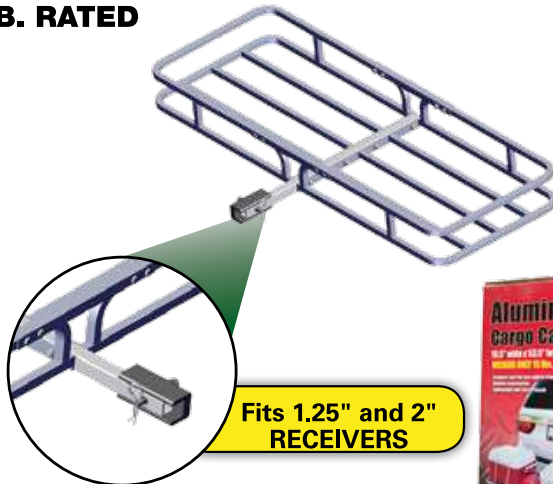

## ALUMINUM CARGO CARRIER - 300 LB. RATED

#07701 - 19.5" wide x 53.5" long x 5" high

- 300 lb. rated
- Welded construction instead of rivets makes basket stronger
- Anti-wobble stabilizing hitch pin

• *Compact and Full size vehicle friendly*

## BOLT-ON RE-TRACTABLE TRANSOM TIE-DOWNS

Erickson's Re-tractable Transom Tie-downs gives the customer some additional options. Designed for boat transom trailers, and contractors pick-up racking. All Transom Re-tractable's come with 2.5" Mounting Bolts

### 1" x 6' - 1500 LB.

#34422 - (2-Pack)

### 2" x 5.5' - 4000 LB.

#34423 - (2-Pack)

### 1" x 9' - 1200 LB.

#34417 - (2-Pack)

## MARINE STRAPS/ LIFT SLING

### 2" x 4' - 1200 lb. IN BOARD/OUT BOARD TRANSOM TIE-DOWNS

#06100 (2-Pack)

### 3300 lb. HAND WINCH STRAP

#06403 - 2" x 15' (1-Pack)

#06404 - 2" x 25' (1-Pack)

### 2" x 20' - 10,000 lb. HAND WINCH STRAP

#06410 (1-Pack)

### 1000 lb. PWC LIFT SLING

#02000

A pair of Heavy 1/4" steel lift brackets are finished with a thick layer of a protective PVC glossy black vinyl coating to help prevent the PWC from scratching, 4 black polyester 2" wide straps with d-rings are properly positioned, attach safety hook to an approved lifting devise. Ensure safety when moving.

NOTE: it is very important that the lift brackets be placed in the proper location on each side of the machine before lifting. Always test first to ensure the balance is proper, a little time here is well worth the time spent. Once you have found the perfect lifting location, mark it. This will make the next lift much simpler and quicker.

# MARINE ACCESSORIES

## OUTBOARD MOTOR FLUSHER

#06901

- Plastic hose adapter

## ADJUSTABLE DRINK HOLDER

#52201 – Bulk

## TRANSOM/BOW EYE
