ENGINE HOSE KITS

Factory Effex engine hoses add style and superior cooling functionality.

Made with reinforced, woven thermoplastic and silicone materials, our engine hoses offer the highest quality. We integrated a unique HDPE-coated inner lining, to increase the flow of liquids. Our hoses have been tested to withstand temperatures of up to 420 degrees, which offers superior cooling for your race bike.

We offer a wide range of colors in a standard replacement kit as well as Y-type kits that eliminate the plastic fitting found on most late model motocross engines that can melt under extreme heat and cause engine failure.

ENGINE HOSE KITS

Factory Effex engine hoses add style and superior cooling functionality.

Made with reinforced, woven thermoplastic and silicone materials, our engine hoses offer the highest quality. We integrated a unique HDPE-coated inner lining, to increase the flow of liquids. Our hoses have been tested to withstand temperatures of up to 420 degrees, which offers superior cooling for your race bike.

We offer a wide range of colors in a standard replacement kit as well as Y-type kits that eliminate the plastic fitting found on most late model motocross engines that can melt under extreme heat and cause engine failure.

ENGINE HOSE KITS

Factory Effex engine hoses add style and superior cooling functionality.

Made with reinforced, woven thermoplastic and silicone materials, our engine hoses offer the highest quality. We integrated a unique HDPE-coated inner lining, to increase the flow of liquids. Our hoses have been tested to withstand temperatures of up to 420 degrees, which offers superior cooling for your race bike.

We offer a wide range of colors in a standard replacement kit as well as Y-type kits that eliminate the plastic fitting found on most late model motocross engines that can melt under extreme heat and cause engine failure.

ENGINE HOSE KITS

Factory Effex engine hoses add style and superior cooling functionality.

Made with reinforced, woven thermoplastic and silicone materials, our engine hoses offer the highest quality. We integrated a unique HDPE-coated inner lining, to increase the flow of liquids. Our hoses have been tested to withstand temperatures of up to 420 degrees, which offers superior cooling for your race bike.

We offer a wide range of colors in a standard replacement kit as well as Y-type kits that eliminate the plastic fitting found on most late model motocross engines that can melt under extreme heat and cause engine failure.

GOGGLE Quick Strap

How many times have you wished you could quickly remove and replace your goggles with just one hand?
Now with Quick Strap®, you can.

Next time you're waiting on the starting line, trying to start your bike or just taking a break, simply release Quick Strap® tab and let your goggles hang. They will be safe from damage and won't fog up. When you're ready to ride, just grab the Quick Strap® tab with your left hand, pull goggles over eyes and press to Velcro® patch on helmet.

Just un-snap from the button to completely remove the goggles from the helmet. To keep your goggles safe while not in use but still on the helmet, you can wrap them around the back of the helmet, or up over the visor. Secure them back on the Velcro and they stay safe and in place.

DX1 CUSTOMS

DX1 CUSTOM GRAPHICS

Get your own professional customized graphics for your bike or ATV with our DX1 Customs program. With endless options, superior quality and fast turnaround, our personalized DX1 graphics are an ideal solution for every rider out there.

Customize one of our many DX1 templates with your name, number, color options and logos. Talk to one of our custom graphics specialists and they will guide you through the easy ordering process and answer all your questions. Or you can use our easy online system to order your custom graphics any time.

- Endless design options
- 18mil super-thick, scratch resistant vinyl
- Easy to apply material conforms to your plastic's contours
- Long-lasting strong adhesive
- Precision cut to fit your bike

COMPLETE CUSTOM GRAPHICS

Complete your bike or ATV with a set of custom built graphics to show off your sponsors or favorite industry logos. Each one is made to order using your choice of design templates with industry logos or your supplied logo added (Supplied logos must be in vector file format). Choose anything from complete kits to single trim pieces.
