COMPLETE GRAPHIC KITS

Tech/Features

- A. Protects your bike's body work
- B. Long lasting - built to withstand the elements
- C. Ultracurve™ vinyl
- D. Precision cut components
- E. Easy to install / Detailed instructions with ID system
- F. Available for Suzuki, Honda, Yamaha, Kawasaki

Custom Looks, No Paint!

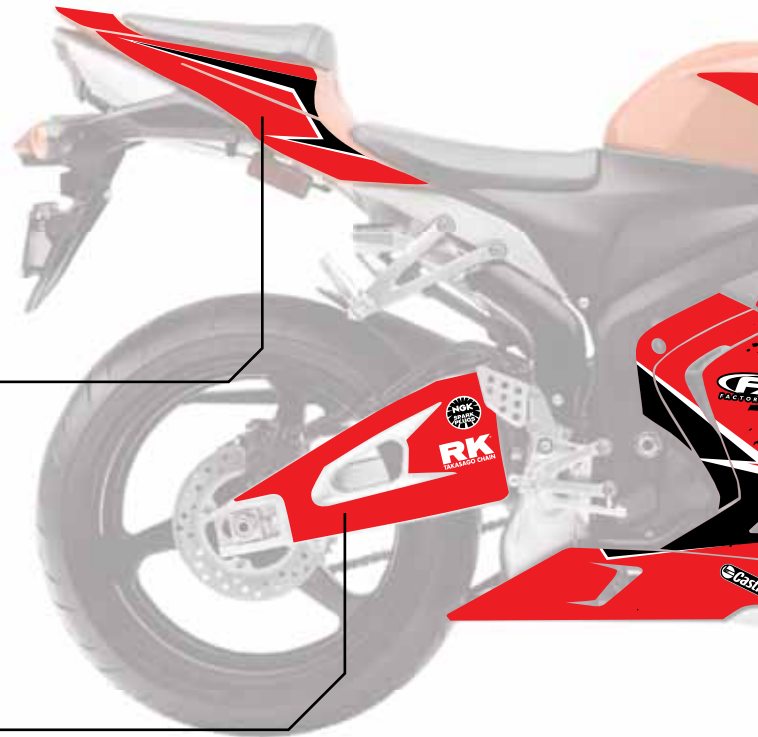

With our years of experience as leaders in motocross graphics, we have applied that design and engineering into our line of Sport Bike graphic kits. All of our pre-cut full-coverage graphic kits are made with super-durable ultracurve vinyl and precision-cut to fit most late-model bikes. Most importantly, our graphics are easy to apply with no cutting, trimming or paint required. With many designs to choose from like our race inspired EV-R line or our aggressive and bold EV-X line, you'll find something to freshen up the look of your bike and make it the center of attention.

REAR FENDER

While completing the look of the design, these pieces will protect the tail section from foot wear of getting on off.

SWINGARM

Dress up and protect this high wear area from road debris.

Most Complete kits include the components shown above. Kits include: front, upper and lower fairing, front and rear fender, side of tank & swingarm coverage for both left and right sides of the bike. Each graphic piece is precision-cut to go on easy with no cutting or trimming.

FRONT FAIRING

Protects and dresses up the nose area around the windscreen and headlights.

SIDE FAIRING/TANK

OEM side fairing and tank decals scratch over time. Transform your bikes looks by changing the stock graphics out for a FX full coverage graphic kit. The kit will protect the complete side fairing & the partial side of tank while giving you that complete custom look.

FRONT FENDER/FORK

We didn't leave any details out. Dress up the front fender and fork guards while protecting them from road debris.

LOWER FAIRING

The lower part of your bike takes the bulk of the wear and tear from road debris. These pieces will give your bike that that race inspired look and protect it at the same time.

FACTORY EFFEX. HONDA CBR600 09-12' Complete Graphic Kit

EASY INSTALLATION INSTRUCTIONS:

For best results, remove all existing stickers on any surface areas wherever your new Factory Effex graphic kit will be applied.

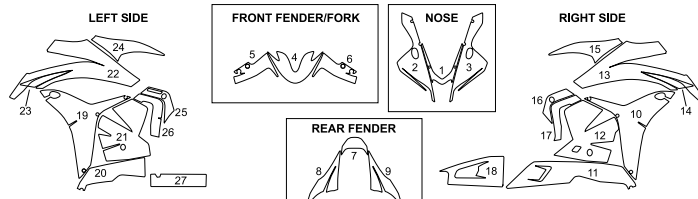

1. Be sure to clean all oil, waxes, or fuel residue from all areas where graphics will be applied. Use a clean cloth and contact cleaner or rubbing alcohol. Be sure to let any cleaners completely dry before application of any graphics.

2. Choose a graphic piece from the sheets and reference the number next to it. Use the diagram below to find its correct location on your bike by matching the number.

3. Install at room temperature to make application easy. Remove the backing on graphic, line up with correct location on bike and gently apply. Start at the center edge and work your way out until all air bubbles have been pushed out. Once installed, firmly press all edges to ensure long lasting adhesion.

Be sure to visit Factoryeffex.com for video installation tips and to see the complete line of FX sport bike and off-road products.

Actual Sheet Layout with Number ID System

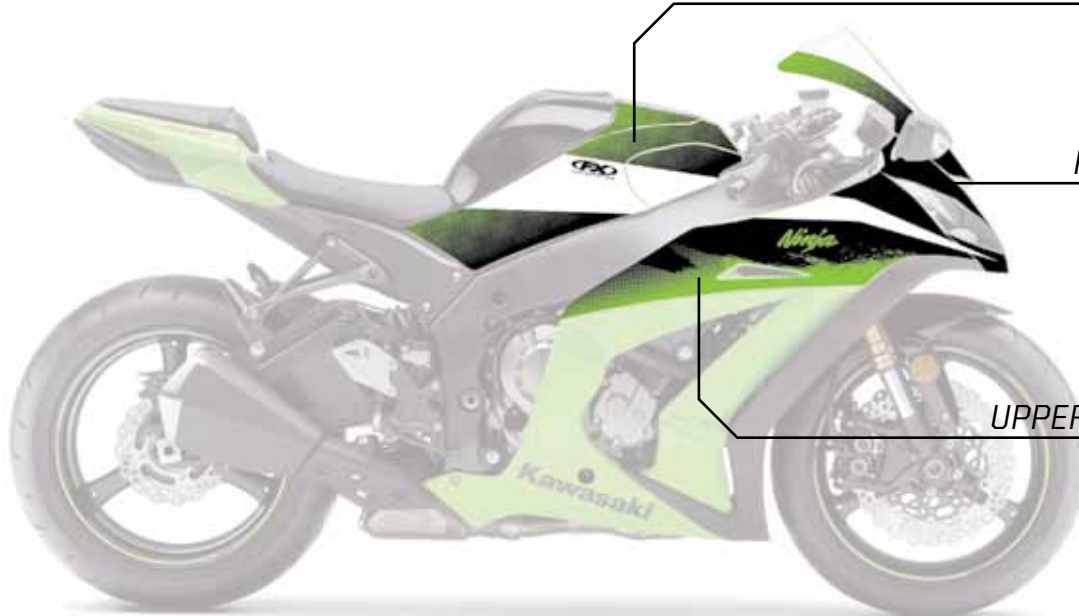

Each complete graphic kit comes on sheets with every component numbered for easy reference. Also included is a detailed, application specific instruction sheet with prep and installation instructions. Using the numbered diagram at the bottom, you can quickly identify each piece and understand where to install it on your bike. If you need further help with installation, please visit the Factory Effex website to view our installation videos.

UPPER KITS

Available for Suzuki, Honda, Yamaha, Kawasaki

TANK

These pieces protect side of tank and finish off the look.

FRONT FAIRING

Protects and dresses up the nose area around the windscreen and headlights.

UPPER SIDE FAIRING

These pieces protect the upper side fairing while giving you that complete custom look.

LOWER KITS

Available for Suzuki, Honda, Yamaha, Kawasaki

SWINGARM

Dress up and protect this high wear area from road debris.

LOWER FAIRING

The lower part of your bike takes the bulk of the wear and tear from road debris. These pieces will give your bike that race inspired look and protect it at the same time.

FENDER KITS

Available for Suzuki, Honda, Yamaha, Kawasaki

REAR FENDER

Add some finishing touches to your bikes looks. The rear fender side and tip pieces protect the tail section from foot wear of getting on and off.

FRONT FENDER

Dress up the front fender while protecting them from road debris.

FRONT FORK

Protect the fork guards while completing the trim design.
