RACE LEVERS

In our never ending pursuit of speed, Bagger Nation commissioned an independent aeronautical laboratory to determine wind drag on stock HD hand levers vs Paul's 40% lighter, graduated-hole style Racing Lever. Well, the data was astounding! Paul's new lever design not only increased stopping power by an amazing 20%, they also added 10mph to his top speed!

OK, that's a bunch of crap, but these are the coolest levers we've seen! Our Bagger Nation Racing Levers are brilliantly Chrome plated or Black powder coated and machine accented to match factory controls.

When installing Bagger Nation Racing Levers, use your pin, roller and bushing from your stock levers (when applicable).

LIGHT KITS FOR STAR SERIES HANDGUARDS

Maximize your visibility to approaching vehicles by adding PowerMadd's high powered Star Series LED Turn Signal Light Kit. Designed specifically for Harley Davidson motorcycles. Super bright amber and white LED light. The white LED light is a running light and turns off when the turn signals are active for better visibility. The turn signals operate in conjunction with your OE turn signals. Easy four wire installation (power, ground, left turn signal, right turn signal).

BLACK VINYL CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package

- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

| Price list on page 695 Applications | Coil Wound | Longitudinally Wound | OEM# | Over/ Under | Housing Length | Free length |

BLACK VINYL SPEEDO CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package

- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

ARMOR COAT CLUTCH CABLES

- Uses precise OEM component dimensions
- Manufactured to meet or exceed OEM specifications
- Part number embossed on each cable
- OEM part number listed on each package
- Special nylon inner liner assures smooth operation
- Extra outer sleeve to protect cable
- Longitudinally-wound housing will not compress and feel mushy under heavy loads

Price list on page 704

STAINLESS STEEL BRAKE ROTORS

820-51265

820-51262

820-51254 820-51250

· Available in both a high quality Heat Treated Steel and a high-performance Chromium Alloyed Stainless Steel

- Made from 420 Stainless Steel and precision ground for trueness
- Surface induction hardened for superior wear characteristics
- Drilled for superior wet weather braking and heat dissipation
- Rotors work with all styles of brake pads, including Sintered. Organic is recommended on Polished finishes
- FLT '08-13 front rotors will work on '14-21 FLT models w/ Spoke or Aftermarket Billet Wheels
- **Note: Rotor mount holes are countersunk

STEEL BRAKE ROTORS

- Steel rotors are heat treated for stress release, wear resistance and guaranteed hardness
- · Rotors are compatible with all types of brake pads, including Sintered
- Drilled rotors provide better braking in wet weather, reduce weight and have a better heat transfer
- · Rotor mount holes are countersunk

B-52 AND TRACKER ROTORS

Lyndall's patented lug drive design allows for easy assembly and unmatched braking performance. Carriers fit 2000 and later wheels with hub mounted rotors, for perimeter style rotors (used on '14-Up Touring models and '06-Up Dynas with cast wheels) see the Lyndall rotors in the brake section. If you are purchasing a black Lyndall rotor and want to maintain the finish on your rotor, you must use Lyndall Z Plus brake pads.

Quick application guide (for exact rotor dimensions for your model refer to your OEM parts guide):

11.5 FRONT

`00-`07 Touring,`00-`14 Softail, `00-`05 Dyna, `00-`13 Sportster

11.5 REAR

`00-07 Touring, `00-21 Softail, `00-`17 Dyna, `00-13 Sportster 1200

11.8 FRONT

`08-UP Touring (see rotor pattern), `15-UP Softail, `06-17 Dyna (see rotor pattern) `14-UP Sportster

11.8 REAR

`08-UP Touring, VROD

LYNDALL BRAKES

CARBON STEEL BRAKE ROTORS

Lyndall rotors are American-made and CNC machined from High Carbon Steel in California. Our rotors are made to withstand high temperatures and extreme braking situations. This allows us to lifetime guarantee our rotors (when you use Lyndall brake pads). All Lyndall rotors are three-piece floating rotors, with the outer friction ring attached to the carrier by a highly secure attachment ring, giving your rotor the flush look of a one piece rotor, with the performance benefit of a floating rotor.

• If you are purchasing a black Lyndall rotor and want to maintain the finish on your rotor, you must use Lyndall Z Plus brake pads. 3.25 inch bolt hole circle diameter, with 2.215 inch center hole diameter. NOTE: WHEN USING LYNDALL 7058, 7059, 7195, OR 7257 PADS MUST BE PROFILED!

CUIBIQ® BRAKE ROTORS

Every high-quality, Galfer-patented CUIBIQ® rotor is made from a proprietary mix of virgin high carbon 420 stainless steel, laser cut (never stamped), double disc-parallel ground to assure perfect parallel flatness and heat treated to each specific application. KBA and TUV approved. Seamlessly replaces stock rotor. Full instructions provided along with any technical help needed! Precision made in our Galfer factory in Spain. Depending on application, designed for street and track, these rotors are for the rider that wants more than what the stock brakes can provide. Longer-lasting, extremely predictable and consistent with a drastic increase in lever feel, modulation and brake torque. CUIBIQ® Floating brake rotors are full floating to ensure optimum brake pad-to-rotor contact and CUIBIQ® solid mount rotor also available.

• FLT `08-13 front rotors will work on `14-21 FLT models w/ Spoke or Aftermarket Billet Wheels

Every high-quality, Galfer-patented Wave® rotor is made from a proprietary mix of virgin high carbon 420 Stainless Steel, laser cut (never stamped), double disc-parallel ground to assure perfect parallel flatness and heat treated to each specific application. KBA and TUV approved. Seamlessly replaces stock rotor. Full instructions provided along with any technical help needed! Precision made in our Galfer factory in Spain. Depending on application, designed for street and track, these rotors are for the rider that wants more than what the stock brakes can provide. Longer-lasting, extremely predictable and consistent with a drastic increase in lever feel, modulation and brake torque. Wave® Floating Rotors are full floating to ensure optimum brake pad-to-rotor contact and Wave® Solid Mount Rotors are available.

• FLT `08-13 front rotors will work on `14-21 FLT models w/ Spoke or Aftermarket Billet Wheels

Z PLUS BRAKE PADS

Get an immediate brake performance improvement over stock pads with our Z+ soft brake pad. Utilizing a specially formulated Dupont Carbon-Kevlar compound, this tried and true brake pad will deliver 10% more stopping power than stock pads. Zero dust or noise. 30% cooler and 50% lighter than sintered pads. If you have a black Lyndall rotor and want to keep the black finish, you must use Lyndall Z Plus brake pads.

GOLD PLUS BRAKE PADS

Our next step up in performance is the Gold+. This is a harder pad than the Z+with 20% more stopping power than a sintered pad and is half the weight. Zero dust or noise. Runs cooler, with little to no noise or dust. This is a great pad for putting on a stock Harley.

EXTREME PERFORMANCE BRAKE PADS

Introducing the Xtreme series, 30% more stopping power than our Gold+ series. Made in America with the latest friction material from Dupont. Moderate dust. Delivers 18,000 miles of Xtreme performance. The Xtreme series from Lyndall is the most advanced brake that we've ever produced. The Lyndall Xtreme series boasts the highest friction rating yet: HH. This means these brakes will give you a .6 coefficient from ambient to first fade and a .6 coefficient from first recovery to second fade.

FRONT APPLICATIONS

EBC Brakes offer a full line of brake pads for most Harley-Davidson motorcycles.

BRAKE PADS

Standard: OEM replacement for Street Sport/Touring with Aramid fiber composite, the most popular pad for street use.

V Series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

Hi-Performance: Hight performance high friction super bike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

Extreme Pro: Race inspired pads with a very exotic blend of sintered bronze including Tungsten and Moly metal to bring you the grippiest, most fade resistant pad we have ever tested.

AFTERMARKET CALIPER BRAKE PADS

BRAKE PADS - STREET

Black Coded: Street /Touring with Aramid fiber composite, the most popular pad for street use.

V series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics

of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower

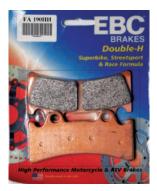

brake dusting of wheels.

Double-H: High friction race sintered formula. Double-H sintered pads offer the maximum brake effect

and a lifetime approximately double that of any organic pad.

PREMIUM BRAKE LINE KITS

Goodridge was the first company to produce braided Stainless Steel brake lines for automotive use and established them as the standard in the motorsport's world. At Goodridge they understand the necessity of top quality brake lines. You need products you can trust. Their unmatched reputation backed by motorsport champions worldwide makes choosing the right solution easy. Goodridge's braided Stainless Steel brake lines have been designed to offer the very best in braking performance. Unlike factory fitted lines, Goodridge Brake Lines won't expand under pressure, giving you more precise braking right when you need it. Every Goodridge brake line is individually 100% pressure tested and guaranteed to be leak free reducing your stopping distance, eliminate sponginess under pressure and improve your ride.

- Goodridge Premium brake line kits feature the most current applications
- · ABS and NON-ABS are available
- Available in Clear or Black PVC coated Stainless braided hose with a Teflon liner
- The combination of the PEFE inner and Stainless Steel outer braid eliminates the spongy feeling under heavy braking conditions
- These budget priced kits feature black PVC coated Stainless braided hose for abrasion protection
- 9 point quality assurance testing process including tensile strength and pressure testing to 3000p.s.i.
- · PVC hoses coating contains a UV inhibitor
- · Stainless Steel braid has a total of 72 wires per hose
- · Matted black steel fittings and adapters
- · Includes bolts and washers needed
- · Kits ship complete in eco friendly packaging

EBONY BRAKE LINE KITS

Goodridge was the first company to produce braided Stainless Steel brake lines for automotive use and established them as the standard in the motorsport's world. At Goodridge they understand the necessity of top quality brake lines. You need products you can trust. Their unmatched reputation backed by motorsport champions worldwide makes choosing the right solution easy. Goodridge's braided Stainless Steel brake lines have been designed to offer the very best in braking performance. Unlike factory Goodridge Brake Lines won't expand under pressure, giving you more precise braking right when you need it. Every Goodridge brake line is individually 100% pressure tested and guaranteed to be leak free reducing your stopping distance, eliminate sponginess under pressure and improve your ride.

- Ebony brakeline kits are available for most popular Harley models
- The combination of the PEFE inner and Stainless Steel outer braid eliminates the spongy feeling under heavy braking conditions
- These budget priced kits feature black PVC coated Stainless braided hose for abrasion protection
- 9 point quality assurance testing process including tensile strength and pressure testing to 3000p.s.i.
- PVC hoses coating contains a UV inhibitor
- Stainless Steel braid has a total of 72 wires per hose
- · Matted black steel fittings and adapters
- · Includes bolts and washers needed
- · Kits ship complete in eco friendly packaging

ECONOLINE BRAKE LINE KITS

Goodridge was the first company to produce braided Stainless Steel brake lines for automotive use and established them as the standard in the motorsport's world. At Goodridge they understand the necessity of top quality brake lines. You need products you can trust. Their unmatched reputation backed by motorsport champions worldwide makes choosing the right solution easy. Goodridge's braided Stainless Steel brake lines have been designed to offer the very best in braking performance. Unlike factory fitted lines, Goodridge Brake Lines won't expand under pressure, giving you more precise braking right when you need it. Every Goodridge brake line is individually 100% pressure tested and guaranteed to be leak free reducing your stopping distance, eliminate sponginess under pressure and improve your ride.

- All Goodridge brake lines go through a 9-point Quality Assurance testing process including tensile strength and pressure testing to 3000 p.s.i
- The PVC hose coating adds great looks, abrasion protection to expensive parts, is easy to clean, and contains a UV inhibitor.
- These kits feature PVC stainless steel braided hose with a Teflon inner liner and chrome mild steel hardware
- Kits ship standard with clear coated stainless braided hose.
- You can pay more for brake line kits, but you cannot buy a more durable kit than Econoline
- OEM/DOT Kits meet DOT / TUV FMVSS106 specifications

BUILD A LINE PARTS

Goodridge "Build a Line" components offer the ultimate flexibility when installing any custom bars. Any length can be easily accommodated, any brake line configuration easily made as needed.

Note: 08-Up Touring models and 04-Up Sportsters use metric 10mm and 12mm fittings, banjo bolts and washers. All others use standard 3/8" and 7/16" fittings, bolts and washers. Fittings and banjos listed here as 3/8 (10mm) will fit both applications.

UNIVERSAL BRAKE LINES

Universal brake lines are the most efficient brake line solution for virtually all bikes. The lines come pre-assembled with -3 female swivels that mate with the accompanying universal fittings. Goodridge offers a variety of fitment options to match the appearance and geometry of any bike. Hoses are available in clear or black PVC coated stainless braided versions. Hardware is available in chrome or black zinc finish.

FLUID TRA

ABS TUBE ADAPTERS

These adapters are used when installing tall bars on 2014 and later Touring models. They can be combined with extended Highend upper brake lines, so there is no need to purchase a complete 3 line kit.

| Description | Application | Year | WPS# | List |
|----------------------------|--------------------|--------|-----------|---------|
| Master Cylinder to ABS Box | Touring | `14-21 | 817-02270 | \$51.95 |
| Tri Front Tube for Non-ABS | | `14-21 | 817-02271 | \$83.95 |

SPIDER FRONT BRAKE TEE

These adapters make install of the Goodridge Universal -3AN Brake Line components extremely easy for either wide glide or narrow glide dual disc front ends. The center junction incorporates a thru hole to bolt the unit to the bottom tree stem hole found in OE Harley and most aftermarket triple trees. Available in Chrome.

| Description | WPS# | List |
|-------------------------|-----------|---------|
| Wide Glide Spider Tee | 817-01950 | \$55.95 |
| Narrow Glide Spider Tee | 817-01951 | \$60.95 |

BRAKE LIGHT BANJOS

Goodridge brake light banjo bolts are banjo bolts with a built in pressure switch and are wired to adapt to virtually any model that utilizes a hydraulic stoplight system. Perfect for eliminating brake tees in HD rear brake line applications or converting Offroad bikes to street legal.

| Description | | WPS# | List | |
|-------------|-------------|-----------|---------|--|
| | 3/8-24 | 817-02200 | \$16.95 | |
| | 10mm X 1.25 | 817-02201 | \$19.95 | |
| | 10mm X 1.00 | 817-02202 | \$16.95 | |

UNIVERSAL BRAKE LINES

- Braided stainless steel line with a clear protective sleeve
- Banjo fitting on both ends, one straight, one 35 degrees
- Includes two 10mm x 1.25 banjo bolts

SPEEDBLEEDERS

- Speedbleeder, the patented bleeder screw with the built in check valve
- To bleed the brakes, simply loosen each bleeder 1/4 turn and pump the lever
- When the job is completed re-tighten the bleeder and you're done!

| Description | Application | WPS# | List |

TALON FENDERS

Add instant attitude to your Bagger with the latest addition to our front fender line. The Solid Steel Talon Fender is an aggressive and radically styled fender featuring a swooping claw-like design that draws your eyes right to the points! The edgy Talon Fender will set your bike apart from the crowd!

Paul created all new tooling for our steel front fenders that allows them to be "deep-drawn" from one indestructible piece of 14-gauge steel! Each stamped fender is then precision laser-cut for perfect symmetry.

We've even drilled the mounting holes so you won't have to touch a tool when you choose our fenders! No spinning, no welding, no seams or grooves that need to be body worked! Each fender is meticulously E-Coated so you can rest assured your fender will arrive corrosion free and remain corrosion free.

These fenders are perfect...seriously, they are perfect! You can pull them right out of the box, scuff them, paint them and mount them! No drilling, no shaping of any kind is required. Your painter will love us...and you will too!

CAFÉ FENDER

The New Bagger Nation "Cafe" race-inspired front fender will give your Sport Touring / Performance Bagger or FL Softail that all-business attitude you've been craving! Paul's all new tooling for this steel front fender allows them to be "deep-drawn" from one indestructible piece of 14-gauge steel! Each stamped fender is then precision laser-cut for perfect symmetry.

- Pre drilled mounting holes
- Each fender is coated to prevent corrosion
- No drilling or shaping required, scuff them, paint them and mount them right out of the box
- Each steel 14-gauge fender includes satin CNC machined billet spacers and all needed hardware for installation
- · Easy to follow instructions included

FENDER KITS

When it comes to saddlebags, Bagger Nation feels that stock is the new stretched! So much so that we've created a killer new line of 3-piece body kits aimed at setting your stock bike apart from the crowd. Each kit includes Bagger Nation's all new 8" Swoop Stretched Fender and a pair of our Swoop Stretched Side Covers. Bagger Nation offers two kits, one for bikes equipped with standard length saddlebags and the other for factory Specials and CVO's equipped with factory stretched saddlebags.

- Each Swoop Fender is equipped with our Stealth II Frenched License Plate Frame w/hidden LED's, as well as an array of our all new Lightning Boltz Laser Bright COB technology taillights! You can choose black or chrome license frame and included matching Lightning Boltz finish.
- Bagger Nation Swoop Body Kits are direct bolt-on replacement parts using your stock hardware. All mounting holes are pre-drilled at our Arizona Factory Direct Location and each component is handmade in the USA by our skilled craftsmen. Paul Yaffe's Bagger Nation fit and finish is guaranteed and you won't find a better fitting product anywhere!
- Paul Yaffe's Bagger Nation offers a limited lifetime warranty on all Swoop Body Kits!

FENDER KITS

So you love your new Sportster or Softail but hate the plastic side mount license and dirt bike rear fender? So do we! We have "THE FIX" for you - our NEW Rear Fender & License Kit. Made right here at our composite shop, our rear fender for late models is a direct bolt-on replacement. Each kit comes with our sleek corrected length fender and custom frenched in LED license plate frame w hidden LED lights. Choose from either gloss black or chrome plate frames. Our direct bolt-on fenders use existing hardware and offer a simple install process. Enhance the look of your new fender with a set of our Lightning Bullets super bright LED taillights to complete the transformation of your rear end! Check out the Bagger Nation Lighting page for all Lightning Bullet options.

SHORT SPORT REAR FENDER KIT

Bagger Nation's ALL-NEW "Short Sport" Rear Fender for touring models offers aggressive sport styling for your all business styled custom bagger! The new Short Sport features a shortened length for increased performance clearance needs while still creating flow from the side profile. The direct bolt-on replacement fender also provides unique smooth filler panels that perfectly flow into your OEM stock saddlebags. Not only do our filler panels cleanly hide all the ugly factory fender and saddlebag mounts, but they also create a perfect place for custom taillight mounting. The Short Sport Rear Fender cleans up the license area as well by utilizing our included billet, Stealth II License frame in black or chrome w/hidden LED license light.

FENDER ADAPTER BRACKETS

- Used to re-position the front fender on '14-Up FLT models to allow the use of a 21" front wheel
- Jig-drilled for the perfect fit and simple bolt-on installation
- · Steel with a powder-coated finish
- Sold in pairs

Description Application Year WPS# For 21" Wheels Touring Models `14-Up **820-80005 \$34.95**

SMOOTH FENDER SPACERS 49MM

The 49mm FLH "SMOOTH" fender spacers have a 2-bolt pattern for a smoother custom look.

| Description | Thickness | Chrome | List | Black | List |
|-------------------|-----------|-----------|---------|-----------|---------|
| For 6-3/8" Fender | | 811-20064 | \$94.95 | | |
| For 6" Fender | 5/8" | 811-20065 | \$94.95 | 811-20068 | \$94.95 |

FENDER SPACERS 41MM

These FLH billet fender spacers are designed to work with Arlen Ness "Hot Legs" billet lower legs, American Suspension "Bagger Legs" billet lower legs, or stock Harley Davidson 41MM FLH & FLT lower legs, not FX or XL legs. The 1-1/4" thick fender spacers can be used with a 5 1/2" wide custom front fender. The 1.0" thick fender spacers can be used with a 6" wide custom front fender. The 0.8125" thick fender spacers can be used with a 6 3/8" wide custom front fender.

| Thickness | 0111101110 | Black | |
|-----------|------------|------------------------|----------|
| 0.8125" | 811-20050 | 811-20053 811-20054 | \$127.95 |
| 1" | 811-20051 | 811-20054 | \$127.95 |
| 1-1/4" | 811-20052 | 811-20055 | \$127.95 |

SMOOTH FENDER SPACERS 41MM

FLH fender spacers fit H-D FLH & FLT 41mm fork legs. The bolt spacing is 3.0" on these spacers & they are radiused to clear the fork leg. These fender spacers are machined from 6061 T-6 Billet Aluminum and brilliantly Black Anodized or Chrome Plated.

NOTE: For use with a 5-1/2" wide custom fender on OEM FLH or FLT 41mm fork legs.

| Chrome | | |
|-----------|-----------|---------|
| 811-20056 | 811-20057 | \$91.95 |

CAST FENDER TIPS

- Cast in the traditional method by hand, not just stamped sheet like the other guys
- An economical way to add shine and a custom touch
- Installation is determined by best styling, fit and material of stock fender; depending on model, application will include countersunk outside screws or concealed screw mounts
- Many models available including 2-piece front fender kits and rear fender applications

BREAKOUT FRONT FENDER

- Designed for 21" front wheels this one-piece raw fender is made of steel. Painter friendly – no filling necessary. We recommend using 4 x 5/16 washers for installation.
- Fits all Harley-Davidson Softail Breakout FXSB, FXSBSE, FXBR/S

| Application | Year | WPS# | List |
|----------------|--------|----------|----------|
| FXBR/S | `18-Up | 880-4020 | \$149.00 |
| FXSB/SE Models | `13-17 | 880-4020 | \$149.00 |

BREAKOUT AND FATBOY WIDE REAR FENDER

The Kodlin wide rear fender fits the wide M8 Softail frame for 240/250 rear tires. Comes in raw steel, unpainted. State of the art quality, bolts right on to the frame. For all HD M8 Breakout and Fatboy models from 2018-up, check fitment before painting.

Application Year WPS# List
FXBR, FLFB Models 18-Up 880-4010 \$599.00

M8 SOFTAIL STRETCHED GAS TANK

Kodlin stretched designer gas tank to fit all HD M8 Softail models from 2018-up. Comes in raw steel, unpainted. It includes a pop-up gas cap and works with the OEM fuel pump. We highly recommend the use of a tank sealer prior to installation. The tank has a capacity of 3.5 gallon (13 liter) and comes with installation instructions. Please note that modifications are necessary when used on Softail models with a dash and a custom seat may be required.

^{*} Kodlin solo seat specifically designed to work with Kodlin wide fender and tank located in seat section

RAZORBACK™ STRETCHED TANK

Everyone knows that Paul Yaffe's Bagger Nation makes the coolest stretched tank kits in the industry! All steel, direct bolt-on and perfectly proportioned. Now the hugely popular Razorback™ Stretched Tank comes with a Zinc coating to prevent corrosion. It also comes primed.

This super sexy, deep drawn, all-steel stretched tank is the ultimate compliment to your custom Bagger project! The Razorback Tank flows seamlessly from front to back, and right into the side covers! This uninterrupted line allows your eyes to roll along with the sexy profile.

The Razorback™ Stretched Tank features:

- Includes custom dash
- Pop up gas cap
- 6.5 Gallon fuel capacity
- · Direct bolt-on
- into the side covers
- Pressure Tested
- · No taping
- · Corrosion protected
- · No plastic here, baby, Just deep-drawn STEEL!

Each Razorback™ Tank is handcrafted and pressure tested at the factory. Then factory corrosion protected and sealed so all that's needed is light body and paint! The tank comes complete with sealed and primered steel tank, primed steel dash, chrome pop-up gas cap, rubber dash trim, and hardware.

Fits all H-D Touring models 2008 and later. (2008-2009 may need to be shimmed due to thicker wire tray on the frame)

Custom seat required.

The rear mounting may need to be modified due to variations in the first three years Harley started using the bigger tanks.

U.S. Patent D737.192

Application WPS# Year FLH/FLT Models `10-Up 827-05580 \$895.95

XL RUBBER MOUNTED TANKS

- This upgraded stock style Peanut Sportster gas tank features rubber mounting
- · Rubber mounts isolate the tank from engine vibration and prevent cracking of the welds
- This is a great improvement over the OE tank
- Tank holds approximately 2.25 gallons and is available with a screw-in type bung, gas cap not included
- Fuel tank is raw metal, needs final prep and body work done
- Tank should be test fit before any final prep and paint is done
- All fuel tanks should be pressure tested and sealed inside
- WARRANTY DOES NOT COVER TANKS THAT ARE NOT TESTED OR PROPERLY SEALED

XL KING TANKS

- · King Size tanks for Sportster models have been a popular choice of Custom bike builders for many years
- Will bolt to the Stock frame mounts on all '79-03 Sportsters
- · Has a larger than stock fuel capacity for extra mileage
- · Holds approximately 3.1 gallons
- The '79-81 version accepts cam style gas caps while the later versions have screw style bungs
- · Gas caps sold separately
- Fuel tank is raw metal, needs final prep and body work done
- Tank should be test fit before any final prep and paint is done
- All fuel tanks should be pressure tested and sealed inside
- WARRANTY DOES NOT COVER TANKS THAT ARE NOT TESTED OR PROPERLY SEALED

TANK MOUNT KITS

- Our quick mount kit for Fat Bob tanks (820-52260) is a precise way to mount the OEM or aftermarket Fat Bob tanks to custom or original frames that have the OEM mounting tabs removed. Allows you to locate the bracket for a visual check of the tank location on the frame and once the position is selected the whole bracket set can be welded in place
- Our front bottom mount (820-52262) is an exact reproduction of the lower bracket as featured on the 4-speed frames thru 1984. Easy to weld on and can be adapted to many custom frames
- Our Flat-Side tank mounting kit (820-52265) makes it possible to mount the late style Flat-Side gas tank on your early style 4-speed Big Twin frame
- Our Flat-Side tank mount kit (820-52266) can be used to update your existing Flat-Side tank mounts, or for use on newly constructed vehicles instead of purchasing the original parts. The beveled washers and mounting screws are chrome-plated. Fits '84-99 Softail, and all other models with split tanks from '85-99.

WINDSHIELDS FAIRING!

CREEPSTER FILL CAP

Comes with weld on vent fittings for venting tank into frame. The caps are available in chrome or brass. For weld on applications only. Can be used for gas or oil tank. Machined out of mild steel for easy welding. O-Ring included. Weld in vent bungs are 1/8" tapered pipe thread, which is standard for most oil fittings. 2" width base fill spout base 2" wide, 1-3/4" height, inside diameter of 1-3/8" with 2" threaded cap.

Brass Chrome List 811-30100 811-30101 \$156.95

CLEAN AND SIMPLE STEEL DASH

Our Clean And Simple Steel Dash design looks great on the 2008-later 6-gallon H-D tanks! When the late model H-D Touring gas tank got bigger, so did the OEM dash. This gave Paul the perfect opportunity to create a sleek, custom low- profile dash for your late model tank application! Our steel Clean and Simple dash will bolt right on to your 6 gallon tank.

The dash is a simple, direct bolt on application to your stock tank and really creates a sexy look to your tank area!

Our Clean and Simple dash kit includes: (1) Steel dash, a chrome pop-up gas cap, rubber trim, hardware and simple installation instructions. Each dash kit is available brilliantly chrome plated, flawlessly gloss black powder coated or simply raw for custom match paint applications.

Application Year Gloss Black | Chrome | Raw FLH/FLT `08-21 **827-05045 | 827-05046 | 827-05047 | \$249.95**

DIMPLE DIE UNIVERSAL TANK DASH

Bagger Nations Dimple Die Dash creates an awesome sport / performance look on just about any HD Fatbob tank. This killer design has shown up on a few of Paul's incredible custom builds and now, by popular demand we're making it available to you! While the dash pretty much bolts right on a Road King, a bit of your creativity will allow it to fit on Dyna's, Softails who knows! Each handmade composite kit includes dash, rubber trim, universal rear mount strap and a cool perforated screen backing for the dimple holes. Can't wait to see what you guys come up with! Handmade in the USA, Universal trim to fit install.

WPS# Application List 827-05739 \$299.95 Universal `08-21 FLH/FLT **827-05766 \$339.95** FLSB/FXLR 827-05767 \$249.95

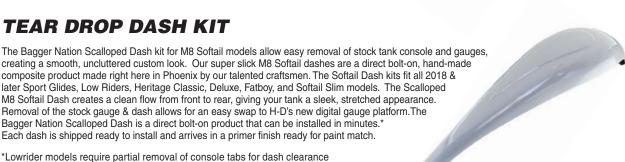

TEAR DROP DASH KIT

The Bagger Nation Scalloped Dash kit for M8 Softail models allow easy removal of stock tank console and gauges, creating a smooth, uncluttered custom look. Our super slick M8 Softail dashes are a direct bolt-on, hand-made composite product made right here in Phoenix by our talented craftsmen. The Softail Dash kits fit all 2018 & later Sport Glides, Low Riders, Heritage Classic, Deluxe, Fatboy, and Softail Slim models. The Scalloped M8 Softail Dash creates a clean flow from front to rear, giving your tank a sleek, stretched appearance. Removal of the stock gauge & dash allows for an easy swap to H-D's new digital gauge platform. The Bagger Nation Scalloped Dash is a direct bolt-on product that can be installed in minutes.* Each dash is shipped ready to install and arrives in a primer finish ready for paint match.

The super slick Swoop Chin Scoop is a direct bolt-on, 5 minute install and makes quick, slick work out of hiding the radiator on H-D's new 2017-later Milwaukee 8 models!

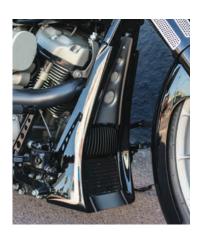

It features a hand-formed aluminum perforated grill that can be optionally glued in after paint. The Scoop looks awesome painted in a high gloss black as a really nice accent on your stock S model custom, or as a radical accent on your current custom project. It bolts directly on a stock touring model with literally NO modifications needed.

Each scoop is hand made from our exclusive 3-D composite process which creates the slickest and straightest products available with the un-paralleled quality you expect from Bagger Nation. Simple instructions and all required hardware are included.

BLACK STASH CHIN SCOOP

Bagger Nations New Black Stash Chin Scoop gives all 2018 & later Softails a killer performance attitude adjustment while discretely hiding the unsightly regulator and radiator. Each Black Stash Scoop is made in house in our Phoenix factory using our proprietary 3-D hand laid composite technique creating the strongest, straightest and highest quality products available. The Black Stash Chin Scoop arrives in a smooth primer finish ready for scuff and paint. The Black Stash Chin Scoop is a direct bolt-on part with no modification required. All needed install hardware is included as well as the optional aluminum grill.

FUEL SLING WITH BOTTLE

Tired of running out of fuel with nothing left but your legs to get you where you need to go? NMC's new fuel sling holds an extra quarter gallon of fuel to give you that extra boost in desperate riding situations. The 33 fl.oz. fuel bottle will give you an average of 10 miles extra riding time, and 10 less miles you have to walk or ditch your bike on the side of the road. The fuel sling is hand made out of high grade American leather, will fit just about any application with easy adjustable straps, brass hardware, and quick snaps on top and bottom so you can slide the bottle out quickly and get back on the road. The aluminum bottle is included with the sling and has a 1" opening so that it's easy to fill at the pump. If you want to have extra security, get two of them.

HAMMER HANGER

Ever been on a long ride and realized you brought all the tools you need except your hammer? You tried really hard, but you were trying to save all the space you could for your ride. Here at Nash, we came up with the perfect solution. Introducing the Hammer Hanger! Made from high quality leather hand stitched right here in our shop. The hammer hanger can mount anywhere you need using the 3/4" strap system. The sling is made for larger hammers 16 oz or bigger.

MINI REGISTRATION TUBES

Conveniently stores your registration behind your license plate holder. Adjustable brackets mount to the rear of most stock license plate assemblies. The hardware mounts through the front of the license frame. The end caps on the tube are sealed with o-rings to insure a watertight seal. The length of the tube is 4.5". The Tube is constructed of polished Stainless Steel. The brackets are machined from 6061-T6 Billet Aluminum, then polished and chrome plated. Includes all necessary mounting hardware.

Application Description WPS# Upright Style 812-02075 \$79.95 Laydown Style 812-02076 \$79.95

STASH TUBE

• Chrome Billet, Ball-milled stash tube kit safely keeps registration and important documents clean and dry

- 10" L x 2.2" Dia
- Inserts to fit 1", 1.125", 1.25" & 1.5" frame tubes

MOTORCYCLE AIR SUSPENSION

FOX SERIES FLH/FLT AIR SUSPENSION

Arnott's stylish new chrome rebound adjustable FOX® Air Suspension System has been custom designed for Harley-Davidson Touring models to give the rider superior control, additional ride comfort settings and fast ride height adjustability.

The FOX shock's custom valving, designed for your motorcycle, provides you with a safe and comfortable ride. Arnott's patent-pending kit offers TruAIR technology with a rugged Goodyear air spring bladder and shock damper design, not an air cylinder or air-assisted unit. For added ride comfort this kit includes FOX's adjustable rebound control dial so you can quickly and easily adjust your shocks' internal damping characteristics — a feature not found elsewhere in the air suspension market.

SMOOTH RIDE SUSPENSION FOR FLT/FXD MODELS

The affordable Smooth Ride Series helps riders quickly adjust the bike's ride height for stopping, parking or for that "slammed" look. Our kits provide an upgrade over stock shocks and are far superior in quality and safety compared to other discount kits on the market. The Smooth Ride Series includes:

The Smooth Ride Series includes:

- Monotube shocks engineered by Arnott specifically for motorcycles to provide a sporty, stock-like ride at an affordable price
- A multi-ply Goodyear [®] air bladder to provide height adjustability, additional air spring firmness to reduce bottoming and smooth out bumps
- Micro compressor and inflation control toggle switch
- 3" ride height adjustment

| Application | Year | WPS# | List |

| Chrome | | 850-2022 | \$99.00 |

FOX SERIES M8 SOFTAIL

AIR SUSPENSION

Arnott engineers improved the new Softail's rear suspension by designing a fully adjustable FOX® mono shock and air spring that can be controlled with an on-board compressor and inflation switch, providing exceptional ride quality, confident control while stopped and enhanced safety.

| Application | Year | Black | List | Chrome | List |
|-------------|--------|-----------|-----------|-----------|-----------|
| Softails | `18-Hn | 850-01070 | \$1249 95 | 850-01071 | \$1249 95 |

FOX SERIES SOFTAIL **AIR SUSPENSION**

Arnott's new adjustable Air Suspension System for the Harley-Davidson Softail® has been custom designed for the Softail frame to provide the rider with superior control. ride comfort and height adjustability. The kit, featuring Arnott's TruAIR technology, includes a rugged air spring bladder and is not an air cylinder or air-assisted unit. Arnott includes a powerful compressor and black anodized cover which attaches to the regulator rectifier to hide and protect the compressor.

| Application | Year | Black | List | Chrome | List |
|--------------------|--------|-----------|-----------|-----------|-----------|
| Softails | `01-17 | 850-01090 | \$1499.00 | 850-01091 | \$1499.00 |

FOX SERIES VROD AIR SUSPENSION

At the core of this system are two custom nitrogen charged FOX shock absorbers. Then, using a patentpending design, Arnott adds a rugged Goodyear® air spring, ensuring superior comfort, ride quality, and durability. Arnott pairs your shocks with a small but powerful compressor, application-specific mounting bracket, and air distribution valve block which include a muffler to control how fast air is released. Each kit includes everything you need for a fast and flawless installation including Detailed Installation Manual, fused wiring harness and relay assembly, handlebarmounted inflation switch, all necessary tubing, cable ties, fittings, bolt covers, and mounting accessories.

| Application | Year | Black | List | Chrome | List |

ACCESSORIES

Our handle bar mounted push button switch control is available as an option with every Harley-Davidson® suspension system, and features momentary push button controls that manage the air suspension. The left button activates the compressor to inflate the system, while the right opens the vent valve for deflation. This kit is pre-wired and easy to install, and comes in Black anodize or Chrome finish.

FEATURES

- Ideal Mounting Location
- · Easy to Install
- CNC-Machined Aluminum
- Black Anodize or Chrome Finish
- · Weather-Resistant Switches
- · Engineered & Assembled in USA

REMOTE RESERVOIR HLR SHOCKS FOR TOURING MODELS

HardDrive remote reservoir rear shocks by RacingBros' feature full adjustability with preload, compression and rebound adjusters to easily adapt to all riding styles and conditions. These performance shocks with race proven "Speed Adaptive Valving" will provide you with the ultimate ride.

FEATURES:

- Speed Adaptive Valving (SAV)
- Internal floating piston design for consistent performance
- Components made from A7075 forged aluminum then precision CNC machined
- · Progressive rate springs
- High and low speed compression adjustable
- 1/2" height adjustable
- Remote reservoir mounts go in place of docking kits, which prevents the use of other accessories

| Progressive rate | spring | 5 | 4000 | | | | |

BAZOOKA REAR SHOCKS

HardDrive Bazooka Series rear shocks with RacingBros' race proven SAV, "Speed Adaptive Valving", damping system provides superior ride quality regardless of road conditions!

DETAILS:

- Speed Adaptive Valving (SAV)
- Internal Floating Piston (IFP) stabilizes damping performance
- One-Piece damping body construction forged from A7075 aluminum
- Easy set up spring preload cap, no special tool needed
- Rebound adjustable version available
- Available in 12", 12.5" or 13" lengths

Application

• Heavy Duty spring rate recommended for riders over 200 lbs or frequent 2-up riding

NOTE: When ordering replacement springs check your shocks to make sure you have Gen II shocks with straight, black springs. If you have tapered black or silver springs contact HardDrive for correct spring part numbers.

TIRE ACCESSORIES

RY **T**

State of the art suspension technology for riders that demand the best performance from their motorcycle suspension.

SCEPTER 25 FORK CARTRIDGE

The most advanced fork cartridge kit available for Harley Davidson motorcycles.

- High performance cartridge with IFP design, 25mm CNC 7075-T6 damping piston ensures stable damping quality
- High strength Cr-Si steel material used for the spring ensures a consistent spring rate and best fatigue resistance
- Wide range rebound adjuster 24 clicks
- · Wide range compression adjuster 24 clicks
- Preload adjustability of 15mm on both sides
- · Multiple spring rate options available

SCEPTER 25 CARTRIDGE KIT FOR TOURING MODELS

Racing Bros Scepter 25 cartridge kits for baggers have the same great features as their counterparts for Dyna and FXR models, the only difference being the lack of adjustability because once installed there is no access to the adjusters. The development of these kits took longer than their counterparts because a lot of time went into getting the setup right, out of the box so no adjustment is needed after installation. They provide an excellent ride with lots of feedback and no lack of comfort!

- High performance cartridge with IFP design, 25mm CNC 7075-T6 damping piston ensures stable damping quality
- High strength Cr-Si steel material used for the spring ensures a consistent spring rate and best fatigue resistance

STREET PERFORMANCE SERIES FORK CARTRIDGE KITS

- Model specific ride tune
- Works with existing forks to maintain original look
- Speed sensitive closed cartridge damping control
- Tuned for improved rider comfort and cornering control
- Linear spring rates support the fork with consistent force, reducing brake dive
- Fully rebuildable and re-valvable
- Available with heavy duty springs for Touring models, ideal for two up riding (recommended for total ride load of 240+ lbs)
- Touring models from `02-05 require cartridge install kit 897-01400

FORK SPRING KITS

FOX FORK SPRING UPGRADES substantially improve the handling characteristics of your Harley Bagger or Dyna by correcting the spring rates and geometry of your motorcycle to perform when needed. We utilize straight rate high quality springs that are available in three different options so that you can further fine tune your ride. Our spring kits provide consistent and predictable comfort and feedback that removes the harshness of the road and holds the motorcycle up in the stroke when cornering or braking. Coupled with our FOX Street Performance rear shocks feel the difference of how your V-Twin should handle the road.

Upgrade kit comes complete with a set of springs, exact length spacers needed and instructions for how to install.

PROGRESSIVELY WOUND FORK SPRING KITS

MULTIRATE FORK SPRING KITS

Our Multirate fork springs are produced from the best spring materials available. They are precision wound and stress relieved and mechanically polished to increase surface density to improve corrosion resistance. Straight rate springs have the same rate every inch that they are compressed, which is fine on flat super smooth roads but they lack the ability of our Multirate fork springs to handle some of the more unpredictable road conditions without sacrificing ride quality. If you have a heavier bike or increased load, try our new "GENISIS SERIES" fork springs.

MULTIRATE LOWERING KITS

The Multirate lowering kits are engineered to lower the front end of your bike 1 to 2 inches and still preserve ride quality. The lowering springs undergo the same thorough process as the Multirate fork springs. The kit comes with two specially designed Multirate fork springs, washers, aluminum spacer, two lowering springs and instructions

OCK HEIGHT KITS

innovative Genisis Series dual spring set up contains a specially ned Multirate outer spring and a one of a kind Genisis inner g that are assembled together to make the Genisis Series. The sis Series works great whether you ride alone or with a passenger, utting the Genisis spring inside the outer fork spring it allows the gs to work together instead of against each other. The inner fork g is there when you need it for hard braking and extreme riding itions of any kind, making them almost impossible to bottom. Each dard Genisis Series kit comes with two Genisis series fork springs ssembled), 4 Genisis washers, aluminum spacer and instructions.

WERED KITS

ise the dual spring combination of the Genisis Series springs and polished lowering springs to give you what we consider as one of the best front end lowering kits available today. By using the Genisis Series fork springs we are able to give you a comfortable ride without worrying about bottoming out because the Genisis inner spring is there to give you that extra power when you need it.

GOLD VALVE EMULATORS FOR H-D FORKS

H-D Damping Rod Style Forks are notorious for being both too harsh and too mushy. Gold Valve Cartridge Emulators remedy this problem by controlling the motion with a tunable valve that sits on top of the damping rod. They are held in place by the main fork springs. Simply put; Emulators make damping rod forks perform like well-tuned cartridge forks.

- Increased tune-ability
- · Personalized setup
- Increased bottoming resistance
 - nce Consistent feel

FORK SPRING KIT

- RT Fork Suspension/Lowering Kits are designed to improve the ride, comfort and handling of your bike
- The kits allow the suspension to be customized for the rider
- They include a set of Gold Valve Cartridge Emulators, a pair of Hi-Performance Springs and Lowering Hardware
- The Lowering Hardware allows the option to lower the front end 1"-2"
- · Lowering is not required and is recommended for show models only

CHROME FORK TUBES

- Hard Chrome Fork Tubes and Fork Tube Assemblies (sold in pairs)
- Available with or without internals (damper, springs and caps)
- Lengths listed for OE reference, may not be exact OEM replacement, depending on model and year
- Lengths listed are overall lengths (not including damper rod in assemblies)
- Please measure your tubes before ordering to ensure correct length is ordered

| | | | | | Tube | |

GOLD FORK TUBES

- · Available in standard and over sized length
- Gold Titanium Nitrite coating
- Helps resist wear to the surfaces
- Reduces friction from the seals
- Gold coating are not scratch or ding resistant and require additional care

| Description | Application | Length | WPS # | List |
|-------------|--------------------|---------|-----------|----------|
| 49 MM GOL | D FORK TUBE | S | | |
| STD Size | DYNA `06-17 | 25 1/2" | 820-52292 | \$546.95 |

FORK TUBES

- Available in Hard Chrome, Black Diamond-Like-Carbon (DLC) Coated and Gold Titanium Nitrite Coated (TNC/TiN)
- DLC Coating is an extremely hard finish that is corrosion resistant and provides less friction
- TNC Coating is a friction reducing and wear resistant hard ceramic material
- DLC and TNC coatings are specialty coatings that are not Scratch or Ding resistant, additional care and maintenance is required
- 39mm Fork Tubes will NOT fit FXDX `99-05 stock spring internals
- 49mm Fork Tubes will require the use of cartridge kits for FLT `14-16 fitment
- Sold in Pairs

20" BIG WHEEL PERFORMANCE KIT

SRT PERFORMANCE WIDE TIRE KITS WITH DESIGNER WHEELS

Bagger Nation SRT Kits are the world's only purpose built 20" performance wide tire kit. Bagger Nation is known for leading the Bagger industry with innovative style and we now offer their amazing Steam Roller Touring (SRT) kits with our exclusive collection of designer wheels! Each 20" x 5" forged rim is CNC machined to Mr. Yaffe's exacting standards and then beautifully coated in your choice of chrome or gloss black finishes.

SRT BUILDERS KIT COMPONENTS

- Forged 20" x 5" wheel, choose your favorite style!
- Wide raked tree kit 7 degrees, ensures correct rake and trail measurements that provide unparalleled performance and handling
- Raked neck block 7 degrees, made from billet steel to provide precision and increased strength, makes easy work out of raking your frame
- Wide Yaxle
- · Wide Thicky front fender, includes spacers
- Shinko SRT 777 front tire sold separately (Part# 87-4200)

Big wheel bikes are all about balance. Our geometry provides the perfect look you crave with the added performance you never knew existed. Our kits provide perfect trail and there is no decrease in suspension travel and no increase in spring pre-load. In short, a Cadillac ride & a bitchin" look! Get ready to be blown away

| Description | Black | List | Chrome | List |

SRT FAIRING ACCESSORIES

This model specific kit will correct your fairing attitude after installing our SRT Performance Wide Tire Kit on your 2015-later Road Glide. First, our patented Wedge Drop Block not only rotates the fairing back to its original angle, it also drops the fairing a full 1.75" which gives it that awesome "Muscle Bagger" look! Lowering the fairing also dramatically increases your field of vision while enhancing your Baggers custom look.

834-02010

*US Patent 9,616,957

Included in your kit is our patented Stealth Fairing Support Bar** which hides discreetly inside your fairing providing all the support your fairing needs. This allows you to remove those ugly stock clamp brackets that attach to your engine guard. This part also allows removal of your engine guard if you so choose which is a popular decision during the customizing process.

**US Patents D786,139 and 9,561,831

The Rake Ring fits batwing fairing models 1992 to present and is a direct bolt-on application.

- Wedge shape corrects headlight angle on Batwing Fairings
- Injection molded ABS plastic (same material as your fairing)
- Comes in a flat black finish that virtually disappears when installed

| Description | Application | Year | WPS# | List |

REFERENCE INDEX

MXV1 39MM TRIPLE TREES

- CNC machined out of solid 6061 T-6 Billet Aluminum.
- · Available in Black Anodize, and Raw Aluminum finishes.
- Increased clamping area of 0.25" on the bottom tree reduces lateral & torsional fork flex which increases the rigidity and stability of the front end.
- · Machined cut out in top tree for clean cable and wire routing.
- Equipped for OEM brake line junction box. Works with Internal fork stop (WPS# 812-02016)
- Will fit most 39mm front-ends.(check fitment)

KIT INCLUDES:

- Top Tree
- Bottom Tree
- Stem
- · Top mounted headlight bracket
- · Stylish Billet Aluminum top nut
- External fork stop pins
- All necessary mounting hardware

THINGS TO NOTE:

- Requires new steering bearings for installation (not included with kit)
- · This Kit does not have a Steering Lock capability.

| | Description | WPS# | List |
|--------------|---------------------------------|-----------|----------|
| Pro One MXV1 | 39mm Triple Tree Raw Aluminum | 812-52297 | \$534.95 |
| Pro One MXV1 | 39mm Triple Tree Black Anodized | 812-52299 | \$549.95 |

TRIPLE TREES

49MM TREES

- Manufactured from 6061 billet Aluminum
- Stock offset
- · All hardware is stainless steel
- '18-'20 trees utilize early style riser bushings.
- FXLRS models will require the custom mounting of the fairing to fit with these triple trees.
- · Does not have fork lock capability.
- · Will need to source headlight mount
- Made in the USA

39MM TREES

- CNC machined out of 6061 Aluminum
- · Includes steering stem and external hardware for use with stock XL steering stops
- · Pre-drilled for internal fork stops
- Stock offset
- Made in the U.S.A.

Next Level will set your two-wheeled creations apart from the mundane. Concentrating on light weight design, quality materials and structural rigidity, Next Level will please the eye with the fusion of our top priority: function.

- The increased surface area of the clamps ensures a better hold on the fork tubes for increased axial stability over the stock Harley triple tree
- Manual steering lock included, relocation of the ignition switch will be necessary if a CVO flash for keyless activation is not desired
- Allows the use of adjustable fork cartridge kits by eliminating the need for the gauge shroud on FLTR models when used in conjunction with Next Level risers and gauge relocation
- Can be used on Batwing fairing models with riser adapter plates
- CNC machined from solid Aluminum

| Application | Year | Description | WPS# | List |

| | | Polished | 563-03081 | \$469.95 |

FORK STOP KITS

"Hourglass" style kit is used in necks that are 7" long. Used on later stock Harley-Davidson frames and many aftermarket custom frames. Fits all Pro-One Triple Trees and other brands with 4 pre-drilled holes. On brands without the necessary holes, kit can still be installed by drilling and tapping 4 holes. Easy to follow instructions included. Bearing Race fits 1.990" neck bore. Measure the neck bore where the races install in the neck, or the length of the neck to be sure this is the kit you need.

Press-in bearing cup style kit is used on many older Harley-Davidson frames and many custom aftermarket frames. Designed for necks that are 5-11/16" long (not including the cups). Includes Polished Stainless Steel bearing cups. Easy to follow instructions included. Bearing cups fit 1.325" neck bore. Measure the neck bore where the external neck cups install in the neck, or the length of the neck to be sure this is the kit you need.

| Description | Application | WPS# | List |
|-------------------------|--------------------------------------|-----------|----------|

| Fork Stop Kit | Intrenal Kit w/Press in Bearing Cups | 812-02016 | \$119.95 |
| | Universal External Bolt-On Style | 812-02018 | \$62.95 |

STEERING HEAD BEARINGS

- Great pricing
- Applications to cover all the way back to 1949
- Comes with upper and lower bearings with races and lower seal
- · All kits come with tapered roller bearings
- A performance upgrade for stock bikes that came with loose ball bearings

| Application | Year | WPS# | List |

BILLET FORK SLIDER COVERS 820-52378 \$229.95 14-Up Touring Models

SLIDER COVERS

Continue with Paul's Yafterburner or Speed Freak styling down your forks and you'll have the most radical looking front end in town! Our Extended Slider Covers are 8.25" long as opposed to our standard 6.25" model. This is an simple, bolt-on product that will dramatically change the look of your Bagger!

Machined from 6061-T6 aluminum, then brilliantly chrome plated or black accent cut.

Extended Slider Covers only fit 23" and up raked applications.

FORK / DUST SEAL KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals
- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action
- · Sold in pairs

TAPERED LEG SPRINGER FORKS

- Heavy duty, one piece forged rear legs.
- 1" diameter wishbone front legs for improved durability.
- Precision fit bronze rocker bushings for long life.
- TIG welded construction.
- Includes 3/4" axle and spacers for Harley Narrow Glide wheels found on 2000-07 Sportster and 2000-03 Dyna (not FXDWG).
- Zinc plated 1" diameter steering stem to prevent corrosion.
- Triple chrome plated or black powdercoat finish

Fitment Notes:

 Designed to fit Harley Davidson Sportsters (2004-Newer) & Dyna (1991-2017) models

- Include a 1" diameter steering stem, 3/4" diameter axle, and wheel spacers
- Included wheel spacers are designed to fit Harley Narrow Glide wheels found on 2000-07 Sportster and 2000-03 Dyna.
- They ONLY work with a 11.5" Harley brake rotor, and Springer type brake calipers
- Other wheels with ¾" bearings (Wide Glide, etc...) may be used but you will need to cut your own wheel spacers
- The top tree accepts 1/2"-20 fine thread risers and the riser spacing is 4.75" center to center (same as OEM Harley Springers)

- Patriot Suspension is proud to offer high quality stock replacement springs for Springer front ends
- Replace those tired and worn out Springer springs

015-01040 includes:

- Top Spring (2 springs) 5-5/8" L, 1-½" OD, top 1.2" OD
- Top Spring Inner (2 springs) 4" L, 1-½" OD
- Bottom Spring (2 springs) 6-¼" L, 1-7/8" OD
- Bottom Spring Inner (2 springs) 6-½" L, 1-1/8" OD

- Quality checked
- · Exceptional mirror finish inside and out
- · Lifetime Warranty
- 100% Made in the U.S.A.

015-01041 includes:

- Top Spring 5" L, 1-1/2" OD, top 1.275" OD
- Bottom Spring (with dead coils): 8-1/2" L with 1-7/8" OD

015-01042 includes:

- Top Spring 5" L, 1-1/2" OD, top 1.275" OD
- Bottom Spring 8-1/2" L, 1-7/8" OD

TT TRACKER AND B-52 WHEELS

Lyndall Wheels are manufactured in the USA combining cutting edge design and craftsmanship with premium quality rotary forgings. Bringing you the first and foremost in performance, Lyndall Wheels, are both stronger and lighter than stock; improving the performance, functionality, and beauty of your bike like no other can. Their B-52 and TT Tracker designs are available exclusively through HardDrive. Matching pulleys, sprockets and rotors are available separately to complete the look. Other applications available on request per special order, please allow at least three weeks for delivery.

SPROCKETS AND PULLEYS

- Matching pulleys and sprockets for Lyndall TT Tracker and B-52 wheels
- Pulleys are machined from rotary forged 6061 aluminum
- Lyndall Sprockets are American-made and forged with 7075 T6 aluminum. 7075 T6 aluminum is often referred to as the strongest aluminum grade and is commonly used in the aerospace industry. It has the strength of many steels, while retaining aluminum's lightweight qualities. Lyndall one-piece sprockets are laser cut to exacting tolerances.

TT TRACKER AND B-52 ROTORS

Lyndall's patented lug drive design allows for easy assembly and unmatched braking performance. Carriers fit 2000 and later wheels with hub mounted rotors, for perimeter style rotors (used on '14-Up Touring models and '06-Up Dynas with cast wheels) see the Lyndall rotors in the brake section.

- If you are purchasing a black Lyndall rotor and want to maintain the finish on your rotor, you must use Lyndall Z Plus brake pads.
- Quick application guide (for exact rotor dimensions for your model refer to your OEM parts guide):

11.5 FRONT

 `00-`07 Touring,`00-`14 Softail, `00-`05 Dyna, `00-`13 Sportster

BLACK AND CHROME 40/48-FAT SPOKE WHEELS

FRONT WHEELS

 HardDrive Gloss Black and Chrome Spoked Wheels come in two unique patterns to maximize the look of your custom ride. The Steel Black Rim is laced in two styles to the Black Billet Aluminum hub. The Chrome Steel Spokes are laced in either a standard 40-Spoke pattern or a fully custom 48-Fat Spoke with beefy 9mm spokes. Wheels come complete with spoke sealant, Chrome valve stem, inner sleeve and sealed wheel bearings, except the '84-99 fitment which comes with ¾" Timken bearings with outer seal installed (greasing is required).

- Application and Fitment suggestions noted in charts are only for axle size, hub width and rotor usage.
- Wheels are made for custom fitment and may require modified axle spacing and or rotor spacing.
- Narrow Glide hubs will not accommodate the use of Speedo Drive
- Wheels designated for 2000-up have the ability to swap the bearings and sleeve out to another size to expand the usage onto other applications and models

 Spoke wheels are sealed for tubeless application, however; spoke wheels do require service interval maintenance which may disturb the sealant. Sealant is not covered under warranty as a manufacturing defect.

CHROME 40/60/48-FAT SPOKE WHEELS

FRONT WHEELS

 HardDrive Chrome Spoked Wheels come in three unique patterns to maximize the look of your custom ride. The Steel Chrome Rim is laced in three styles to the Chrome Billet Aluminum hub. The Chrome Steel Spokes are laced in either a standard 40-Spoke pattern, a custom 60-Spoke pattern or a fully custom 48-Fat Spoke with beefy 9mm spokes. Wheels come complete with spoke sealant, Chrome valve stem, inner sleeve and sealed wheel bearings, except the `84-99 fitment which

- comes with ¾" Timken bearings with outer seal installed (greasing is required).
- Application and Fitment suggestions noted in charts are only for axle size, hub width and rotor usage.
- Wheels are made for custom fitment and may require modified axle spacing and or rotor spacing.
- Narrow Glide hubs will not accommodate the use of Speedo Drive
- Wheels designated for 2000-up have the ability to swap the bearings and sleeve out to another size to expand the usage onto other applications and models.
- Spoke wheels are sealed for tubeless application, however; spoke wheels do require service interval maintenance which may disturb the sealant. Sealant is not covered under warranty as a manufacturing defect.

YAXLES

Your front end needs some pizzaz... Well, The Yaxle is Paul's new twist on the flush-mount axle!

The Yaxle is the perfect way to make your stock fork look super sleek and custom! Our Yaxle and end caps are CNC machined from 6061-T6 aluminum and then flawlessly chrome plated or black anodized. The Yaxle is a small, quick and simple way to bring some life and detail to your lower fork legs.

STREET WHEEL BEARING AND SEAL KITS

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination.
 The All Balls wheel bearing was developed in partnership with KML Bearing and is designed to excel in the difficult operating environment street riding
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

WHEEL COVER

- "Toy" wheel covers turn any 16" spoke wheel into an old school solid disc wheel
- · Sold in pairs
- Requires drilling for valve stem clearance and fasteners
- Use three threaded rods and acorn nuts to sandwich the wheel covers in place as you would with Moon discs
- Outside diameter 15.5", inside diameter 5.4"

| Application | Raw | List | Black | List |
|-----------------|-----------|----------|-----------|----------|
| Most 16" Wheels | 866-05500 | \$137.95 | 866-05501 | \$164.95 |

STREET TIRES

- Front and Rear tires should be properly matched and sized to maintain correct clearance
- Mount tube type or tubeless tires only on the rims designed for each type of tire
- Before mounting, check for directional arrows on tire tubes. It is advisable to replace tube
- Before use, check wheel balance, wheel alignment, and most importantly, tire air pressure

Dunlop's American Elite is the only aftermarket tire line for Harley-Davidson and Indian motorcycles that is designed, tested and manufactured in the U.S.A.*

- · Sizes available in black, narrow-white and wide-white sidewalls.
- The American Elite delivers enhanced tire mileage thanks to a MT Multi-Tread™ rear tire technology that incorporates a long-wearing compound in the center of the tire, along with a lateral-grip compound on each shoulder for great handling.
- Dunlop's American Elite is the premier aftermarket choice for V-Twin riders in search of tires that deliver extended tread wear.
- Sidewall design proudly features the American Elite name.
- · Available in a variety of sizes.

*From domestic and foreign materials.

ALWAYS REMEMBER: Monitor your tire pressure frequently, inspect tires for damage and tread wear, and do not overload tires

MICHELIN Scorcher

- Michelin co-branded tires for Harley-Davidson® motorcycles
- Exceptional combination of durability, comfort and handling
- Bold "Harley-Davidson" script on the sidewall

 Factory installed on many current Harley-Davidson® motorcycles and can be installed on other specified Harley-Davidson® models

MICHELIN Scorcher

The MICHELIN Tire for Select Harley-Davidson® Motorcycles

Outstanding Grip:

 Semi-slick tread pattern maximizes the contact patch for excellent adhesion on dry roads. Optimized tread groove design efficiently evacuates water for dependable wet grip.

Excellent Tread Life:

 Derived from Michelin's championship winning race tires, newly developed rubber compounds combine durability and high performance.

Precise Handling:

 The latest generation of Michelin radial* technology allows for easy maneuverability and impressive agility.

^{*}The 100/80-17 Scorcher 11 tire is a bias tire.

MICHELIN Scorcher

Cruise with Confidence:

Dyna®, Sportster® and Touring Models

 Innovative rubber compounds, incorporating know-how derived from Michelin's decades of road-racing experience, provide remarkable grip on both wet and dry roads.

The MICHELIN® Tire for Select Harley-Davidson®

Exceptional Comfort and Handling:

 The supple casing design and profile of MICHELIN® Scorcher® "31" tires promote nimble handling on winding roads.

Long Mileage:

 Michelin carbon black-enriched rubber compounds promote excellent durability without compromising performance.

MICHELIN Scorcher®

The MICHELIN® Tire for Fat Bob® Motorcycle Riders

Impressive Durability:

 Innovative "reverse" tread design combined with Michelin's proven rubbercompound technology help deliver superb tread life and even wear patterns.

Agile Handling and Smooth Ride:

 Working in concert with Harley-Davidson, Michelin has developed Scorcher® "32" tires to maximize the ride and handling of your Fat Bob® motorcycle.

Dependable Grip:

 Excellent traction on wet or dry roads, thanks to generously grooved tread patterns and advanced Michelin rubber chemistry.

The Original Equipment tire co-developed and co-branded with Harley-Davidson, is designed to enhance the ride and handling performance of Harley-Davidson's new high-performance motorcycles.

Long Lasting Performance with Wet and Dry

 Innovative Dual Compound Technology (2CT and 2CT+) with the most advanced compounds ever used in MICHELIN Scorcher tires extends the performance of the MICHELIN Scorcher tire range by providing outstanding levels of wet and dry grip. This technology enables the MICHELIN Scorcher Sport tire to provide wear resistance in the center of the tread with optimized grip on the shoulders

Maximum Handling Performance

 Tuned radial casing extracts the maximum handling performance from Harley-Davidson's high-performance motorcycles.

Distinctive styling

 The co-designed tread pattern and co-branded sidewall with Premium Touch Technology™ complement the styling of Harley-Davidson motorcycles.

MICHELIN COMMANDER

The newest MICHELIN tire for all types of V-Twin, Cruisers and Touring bikes

- Patented velvet sidewall styling The distinctive tread patterns and patented velvet sidewall designs of the MICHELIN Commander III tire line enhance the styling of V-Twin motorcycles.
- MICHELIN® Total Performance™ The commitment to MICHELIN® Total Performance™ makes the MICHELIN Commander III tire line the trusted choice for all-season riding.

 Exceptional wet grip for Cruiser bikes -The MICHELIN Commander III Cruiser tire is designed to deliver even more wet grip and durability than the MICHELIN® Commander® II tire.

More Miles for Your Money!!

A new standard in cruiser tire longevity

 Independent tests* show that the MICHELIN® Commander® II rear tire lasts almost twice as long its main competitors, the Metzeler ME880 and the Dunlop D407/408

Innovative technology

 Amplified Density Technology: A highly dense, more-rigid tire casing, which helps deliver excellent feedback and handling

-Commander II 90-thread ply is 25% more dense than conventional plies

- Aramid tread plies on the rear tire resist centrifugal growth, reduce weight and provide excellent stability
- All-new rubber compounds for remarkable wet grip, without compromising durability
- Square bead wires improve casing rigidity, handling and ease of installation

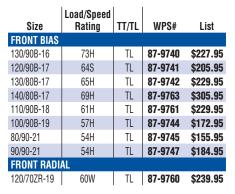

FRONT

REAR

A groundbreaking new look

- Unique tread pattern for head-turning looks
- · Premium sidewall treatment complements cruiser styling

* Commissioned third party tests conducted in 2011 on public roads comparing MICHELIN® Commander® II , Metzeler ME880 and Dunlop D407/408 tires in sizes 130/80 B 17 and 180/65 B 16. Individual results may vary depending on motorcycle type and operating conditions

CRUISER / TOURING TIRES

SR777 & SR777 H.D. "REFLECTOR"

Shinko SR777 & SR777 H.D. Reflector Series. Almost completely unnoticeable until light hits the reflective material in the sidewall and then BAM ...the sidewall of the Shinko 777 Reflector tire lights up. Be Safe. Be Seen. Shinko 777 Reflector & 777 H.D Reflector tires are specifically designed for cruiser motorcycles and are available in many sizes to fit V-Twin and metric cruiser models.

- Reflective strip is built into the sidewall of the tire
- Looks like a normal black wall 777 tire during the day time
- Rubber compound formulated to provide maximum grip and comfort
- Confidence inspiring traction you can feel when accelerating, braking and cornering
- H.D. (Heavy Duty) version with reinforced carcass providing a more stable and planted feel
- H speed rated tubeless
- Aramid belted provides ample load capacity while also giving more stability
- Unleash the handling potential of you cruiser motorcycle

CRUISER / TOURING TIRES

SRT 777 H.D. 20 INCH

- Requires Paul Yaffe's 20" big wheel performance SRT Kit for installation.
 See Page 798 in Suspension
- This is a front tire designed specifically for it's purpose not like other fat front tire conversions that use a rear tire

| Size | Load/Speed Rating | WPS# | List |
|-----------|----------------------|---------|----------|
| FRONT | | | |
| 6.5" - 20 | 77H | 87-4200 | \$299.95 |

- Fat 6.5" wide front tire with a true front tire profile and tread ensure superior handling
- H.D. (Heavy Duty) version with reinforced carcass providing higher load ratings
- Available through your authorized Shinko retailer

SR777 30 INCH

Specifically designed for the custom 30" front wheel market

- Legendary 777 handling and performance now available in a 30"!
- Tread compound designed for a great combination of traction and mileage
- Directional tread pattern and functional siping offers excellent wet and dry traction
- Aramid belted
- DOT approved

| Description | Load/Speed Rating | WPS# | List |
|-------------|----------------------|---------|----------|
| FRONT | | | |
| 140/40-30 | 57H | 87-4580 | \$484.95 |

WHEELS

GAUGES

- HOOK-UP PRO! All of the great features of the original Hook-Up, but lighter, faster and
 even better at the top-end of the track! Competition-developed design allows for more
 horsepower to be used throughout the run due to a larger contact patch at high speed.
 Enhanced carcass resists distortion, chunking, and the stresses of centrifugal force to
 maintain a more constant footprint.
- Due to the soft compound of this tire, it is not for use on dynamometers!

| Size REAR | Load/Speed Rating | TT/TL | WPS# | List |
|--------------|----------------------|-------|----------|----------|
| 190/50ZR17 | 73W | TL | 87-4651P | \$254.95 |
| 200/50ZR17 | 75W | TL | 87-4652P | \$264.95 |

HOOK-UP DRAG RADIAL

- · Lightweight flexible carcass
- Softest street compound available from Shinko
- Tread pattern and profile designed specifically for the demands of drag racing
- Aramid belted, DOT approved, not intended for use on public roads or street use
- Combine with the Shinko 003 Stealth front tire for a matching tread pattern
- Due to the soft compound of this tire, it is not for use on dynamometers!

| Size | Load/Speed Rating | TT/TL | WPS# | List |
|------------|----------------------|-------|---------|----------|
| REAR | | | | |
| 180/55ZR17 | 73W | TL | 87-4650 | \$219.95 |
| 190/50ZR17 | 73W | TL | 87-4651 | \$224.95 |
| 200/50ZR17 | 75W | TL | 87-4652 | \$254.95 |

STEALTH-D

- Specifically designed for V-Twin Drag racing
- DOT approved
- Ultra-Soft compound for maximum traction
- Fits right onto your stock 16" wheel!!

| Size | Load/Speed Rating | TT/TL | WPS# | List |
|------------|----------------------|-------|----------|----------|
| REAR | | | | |
| 150/80ZR16 | 71W | TL | 87-4002U | \$199.95 |

Stacey Bortz is the fastest female in the world of American V-Twin drag racing. She has run as fast as 8.86 seconds in the quarter mile with speeds over 150 MPH. She uses Shinko tires on her AMRA Outlaw Street bike as well as her 10 second Superglide.

REACTOR

REACTOR DRAG SLICK

- · Wrinkle wall drag slick, for track use only
- Tread compound designed for maximum traction
- 26" x 7" x 17" size fits most sport bike rear wheels
- Recommended rim width 5½" to 7½"
- · Track use only
- NHS (Not for Highway Service)

| Size | WPS # | List |

MICHELIN

INNER TUBES

 Features an overlap splice which is stronger than the butt splice used on most tubes

 Splice is always placed opposite the valve stem to help balance the tube

· Used by those who want the very best

• Heavy duty tubes: 2.7mil

• Ultra heavy duty tubes: 4.0 mil

For Reference Only

TR-4 TR-6

HEAVY DUTY INNER TUBES

· Heavy-duty tubes are constructed of natural rubber

Lightweight

• Puncture resistant

• TR style valve stem

INNER TUBES

- High quality 1.5mm thick butyl tube pre-loaded with Counteract Balancing Beads
- Balanced for the life of the tire
- Extend tire life, even tread wear, increases horsepower due to decreased rolling resistance.
- Provides the smoothest and most efficient ride possible
- No need for unsightly wheel weights or a tire balancer
- Cost effective
- Will not void tire warranties

No more external weights!

- Made from micro-glass beads
- Increases tire life, improves fuel economy
- Reduced vibration and heat build up
- Tires are balanced all the time, not just at over 30 mph like other products
- No rebalancing every time you come to a stop
- · No dust to clog valve cores
- Guaranteed safe for all tire pressure monitoring systems (TPMS)

TIRE BALANCING BEADS

- Can be used in tube type and tubeless tires
- Simply throw in a bag when mounting a new tubeless tire or use the DIY kit for "on the bike" and tube type installation

VALVE STEM CAPS

- Add some spice to your wheels
- · Available in fun designs and colors
- Sold in pairs

BILLET ALUMINUM VALVE STEMS

- They attach securely to the rim with a lock nut so the valve stem cannot be bent or come out of the rim
- Sold in pairs as noted (90°, straight or combination), includes 2 valve stems, 2 lock nuts, o-rings, valve cores, and valve caps
- Replacement not required every time the tire is changed like rubber type stems
- Available in 2 different sizes (8.3mm/.327" and 11.3mm/.453") to cover most of the popular aftermarket wheel brands

45° .327"

FIRE POWER.

VALVE STEMS

85-0447

- Pop-in 412 series (.453") valve stem seals well in OEM and aftermarket rims
- Shorter for ATV applications

- Pop-in 413 series (.453") valve meets the same rigid standards required for OEM applications
- Designed to resist damage from ozone and premature rubber deterioration from valve hole compression, heat, cold and moisture

• Fits .327" valve hole and equipped with O-ring seal

| 1 oz | 232-7094 | \$4.50 | ea |

STICK-ON WHEEL WEIGHTS

- Steel stick-on 5 gram wheel weights
- Compact size to fit most any cast, steel, billet or spoke style wheel
- · Advanced double stick tape for secure adhesion
- 360 Pieces per box

| Description | WPS# | List | |
|---------------|----------|---------|------------|
| 5 Gram/black | 232-3493 | \$32.95 | 360 pc/box |
| 5 Gram/chrome | 232-3499 | \$42.95 | 360 pc/box |
| 5 Gram/silver | 232-3494 | \$32.95 | 360 pc/box |

IMPORTANT NOTE: After installing Ride-On TPS Motorcycle Formula sealant into the tires, a slight vibration may be noticed until the sealant has warmed up and distributed evenly in the tires. This process usually takes 2 to 5 miles. DO NOT attempt to rebalance tires after the installation of Ride-On TPS Motorcycle Formula. Ride-On TPS is a balancing compound

TPS TIRE BALANCER AND SEALANT

- Ride-On TPS (Tire Protection System) is a tire balancer and sealant compound for tube or tubeless tires that evenly coats the inner surface of your tires
- Eliminates the need wheel weights, specially formulated to hydrodynamically balance high speed tires, dampen road noise and vibrations that cause a rough ride
- If the tire is punctured in the contact patch, the centrifugal force of the rotating tire and the internal air pressure force Ride-On into the hole, sealing it instantly
- Ride-On is a Green biodegradable product that is designed to be non-hazardous and non-flammable, and contains corrosion inhibitors that protect all alloys of steel, aluminum, magnesium and yellow metals against oxidation
- Note: Refer to Dosage table/calculator to find the amount needed for each tire
- Ride-On TPS will act as a balancer and will result in erroneous readings from a dynamic spin balancer
- Available in motorcycle and ATV formulas, simply squeeze/pump the fluid into the tires and you are set to go, refer to dosage table below to find the amount needed for each tire

RIDE-ON DOSAGE (all measurements in inches):

High speed street tires: Diameter x Width x .055 = ounces of Ride-On Off road tires: Diameter x Width x .075 = ounces of Ride-On ATV tires: Diameter x Width x .087

| Description | | WPS# | List | |
|---------------------|---------|---------|----------|----|

| Pump for 5 gallon p | oail | 85-4202 | \$209.95 | |

*DOES NOT COME WITH PUMP

LED SMART CAPS

- Ride-On LED Smart Caps are the easiest TPMS (Tire Pressure Monitoring System) to install on your tire valve stems
- The LED Smart Caps automatically calibrate to the pressure in the tire and sets itself when the cap are installed
- TPMS caps can be used with pressures from 10 psi to 70 psi
- Automatically compensates for ambient temperature changes to avoid false alarms
- · Comes with integrated anti-theft device
- Ride-On TPMS LED Smart Caps blink red to alert of low pressure for up to 750 hours
- Low battery alarm the LED Smart Caps will blink yellow for up to 100 hours to alert you that the batteries are running low
- · Uses standard watch batteries
- Bright blinking LED light that is visible in daylight and night time

| Description | WPS# | List |
|-------------------------|---------|---------|
| LED Smart Caps/pr | 85-4210 | \$45.95 |
| Repl. anti-theft wrench | 85-4211 | \$1.25 |

The purchase of Ride-On LED Smart Caps entitles you to a free 1 year membership to Ride-On's exclusive road side assistance program

SUPER DUTY AND ORIGINAL FORMULA

"THE FLAT TIRE ELIMINATOR"

In tubeless tires the SLIME seal is as effective as a normal repair. In tubed tires, regard SLIME in the same way as you would a patch. If you would be content riding a patched tube, then the SLIME seal is fine. If you regard the patch as a "get you home" emergency repair, then fit a new tube. SLIME can be easily removed with cold water. There is no other product like SLIME on the market. There are no glues, no latex, no adhesives in its formulation. SLIME is the most innovative breakthrough in flat tire prevention.

| Application: | Ounces per tire | Uses: |
|----------------------|-----------------|---------------------|
| Motorcycle | 8 | Motorcycle's / ATVs |
| Bicycle | 4 | Bicycles |
| Wheelbarrow | 8 | Golf Carts |
| Boat/Snowmobile | 8 | Utility Vehicles |
| Trailer | | Wheel Chairs |
| Compact car/Lt.Truck | 8 | Wheelbarrows |
| 4x4/SUV | 8 | Agriculture |
| ATV | 16-32 | Any pneumatic tire |
| Riding Mower | 20 | tube or tubeless |

- Super duty slime seals punctures up to 1/4"
- Fine tunes balance of all tires
- Will not freeze down to -35°, dry-out or ball-up inside the tire
- · Prevents corrosion of the tire and rim
- SLIME is formulated to last as long as the life of your tire

Or simply use this formula

Under 45 mph:

Tread Width (inches) x Height (inches) $\times .13 =$ OZ.

Over 45 mph:

(Tread Width (inches) x Height (inches) x .13) /2 =_____ OZ. Example 8 x 22 x .13 = 23 oz.

Example $(8 \times 22 \times .13)/2 = 12 \text{ oz.}$

REFERENCE INDEX

BLUETOOTH® TIRE PRESSURE MONITORING SYSTEM

The BLU TPMS (Tire Pressure Monitoring System) constantly monitors your motorcycle, trike, UTV, Pre-2007 or classic car, truck, trailer or RV tire pressure and temperature and warns you of danger.

- Offers both external (replaces your existing air valve stem cap) or internal (in the wheel) O.E.M. quality Low Energy Bluetooth connected sensors (BLE)
- Uses the latest BLE technology for maximum battery life
- Monitors pressure and temperature and sends this information to your IOS or Android mobile device via a free downloadable App
- If a low tire is detected, the sensors send a signal to the App and you receive a warning notification on your screen and an audible alarm (the alarm even tells you which tire is low)
- Pressure warning levels are easily set by the user from 1 PSI to over 100 PSI
- The App also lets you monitor up to 99 different vehicles and allows you to choose the type of vehicle the sensors are installed on, no additional equipment is required, just the sensors and your mobile device
- External caps include a secure locking device to keep the sensors from being stolen
- Systems are available in 2 wheel (motorcycle/trailer), 3 wheel (trikes, Can Am, etc.) and also 4 wheel kits (ATV/UTV, trailers/toy haulers)

EXCLUSIVE QUANTUM® HARDCOAT

Developed for windshield use by National Cycle, Quantum hardcoat takes motorcycle windshields a "quantum leap" forward in abrasion resistance and outdoor life. National Cycle applies this crystal clear hard coating

Puantum

to polycarbonate material. The combined result is the strongest, most scratch resistant windshield material available worldwide.

POLYCARBONATE STRENGTH

SwitchBlade® and Spartan® Windshields are made from durable 4.0mm thick polycarbonate for 20X more impact resistance than acrylic. This is tough material that you can trust!

SUPERIOR SCRATCH RESISTANCE

30X more scratch resistance than typical acrylic wind-shields is saying a lot! Think of it as 30X more miles per windshield. Even compared to FMR coated polycarbonate, Quantum® has 10X better scratch resistance.

Award-Winning Quantum hardcoating is used in many tough applications. It has withstood over one million windshield wipes in tests for the fully enclosed Benelli Adiva Scooter.

THE BEST HARDWARE

- · Chromed steel with polished or black powdercoated stainless steel hardware is used throughout for rock-solid strength, dependability and great looks
- Cushion wheels turn and flex, allowing your SwitchBlade® or Spartan® to securely lock into place
- Sleek and elegant no exposed fasteners

Straight Forks

Covered Forks

3-YEAR WARRANTY

Every National Cycle polycarbonate windshield, including the SwitchBlade® and Spartan® lines, is covered by an unprecedented 3-Year Warranty against breakage!

GLARE-FREE OPTICS

Think about riding into the sun or at oncoming headlights and not having to look through the glare of fine scratches that eventually show up on your screens. Quantum® hardcoating gives your windshield much better optical definition and clarity, and your windshield will stay that way a lot longer.

TWO PREMIUM QUICK RELEASE WINDSHIELD LINES

Polished Stainless Steel 562-21186

Black Powdercoated Stainless Steel

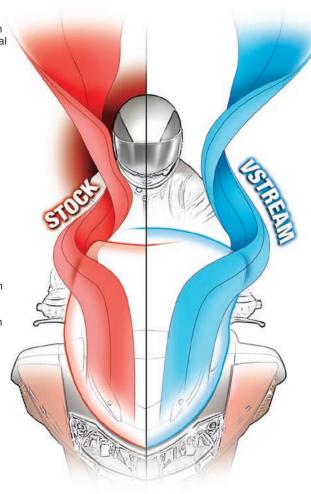

562-21187

VSTREAM® WINDSCREENS QUIET • COMFORT • OPTICS • STRENGTH

The VStream® gets its name from the unique shape and dimensional contours designed and engineered into the windscreen. The patented "V" profile helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience. This improvement also reduces wind noise and buffeting for the passenger.

- Constructed from thick, durable hardcoated Lexan[®] polycarbonate material
- Coated with National Cycle's exclusive scratch-resistant Quantum® hardcoating
- Replaces the stock windscreen on most models; for models without fairings, a mounting bracket system is included with the windscreen
- All VStream Windscreens are made in the U.S.A. and are covered by National Cycle's exclusive 3-Year Warranty against breakage

Quantum

VStream®

Quantum[®] is an exclusive product of National Cycle Inc.

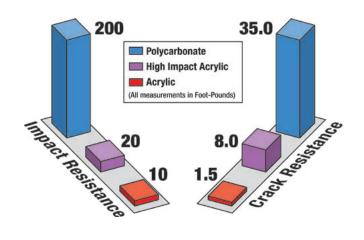

All VStream Windscreens are covered by National Cycle's 3-Year Warranty against breakage.

WHAT ARE THE BENEFITS OF LEXAN® POLYCARBONATE?

Outstanding impact strength! No other thermoplastic comes close to matching the impact strength of polycarbonate, making it the ideal material for motorcycle windshields. It is 20X more impact resistant than acrylic plastic (Lucite®).

So whether it's birds, bugs, rocks or road debris, for the serious rider, a strong polycarbonate windshield is very important.

QUALITY MANUFACTURING

National Cycle engineers and manufactures the plastic and the mount systems of all their windshields. Replacement parts are readily available for years to come.

REAL WORLD PERFORMANCE

Watch National Cycle's "Polycarbonate vs. Acrylic" video on YouTube $^{\text{\tiny M}}$ to see the entire gamut of impact tests.

VStream® Windscreens are offered in Clear, Light Tint, and Dark Tint hardcoated polycarbonate. See application charts for details.

V-STREAM® WINDSCREENS **QUIET • COMFORT • OPTICS • STRENGTH**

562-5180D 562-5180S 562-5180C

Riders of the top-of-the-line Indian® Chieftain and Roadmaster now have an upgrade option that lets them experience a new level of windscreen performance. The VStream® Windscreens for these models are made in three different heights to fit riders of any size. Even passengers will notice the improvement.

Fairing-mount V-Stream Windscreens are designed specifically for each make and model to ensure optimum performance and perfect fit using the OEM mounting hardware.

Made with Quantum coating and have a 3 year warranty

WAVE QR® QUICK RELEASE FAIRINGS

- Have the hottest bike around with National Cycle's new Wave QR[™] the fairing that defines performance on the edge. Whether it's slammed back or raked up, Wave QR's sculpted polycarbonate body captures the spirit of your Harley- Davidson® motorcycle. Its jetstreamed looks come from National Cycle's attention to aerodynamics and precision forming.
- It's removable in just seconds, without tools -thanks to National Cycle's Quick Release Mount Kit! And, it's rake adjustable!
- The highly regarded Quick Release Mount Kit is the same that's used for the SwitchBlade® and Spartan® Windshields, so you not only have a choice between riding with or without a shield you also have a choice between completely different styles of quick release shields!
- Made from durable Quantum hardcoated polycarbonate and covered by National Cycle's 3-Year Warranty against breakage.
- Made in the USA

LOCK-ON GRIPS

- Moto-Inspired grip system specifically designed for your performance V-Twin
- Full-Waffle Moto-Pattern reduces vibration transfer to your hands and provides improved grip in all conditions
- Heavily knurled base-pattern delivers solid traction and control
- Proprietary Medium-Compound Materials which provides excellent durability and comfort
- Billet-aluminum clutch-side clamp eliminates the need for set-screws or grip-glue while ensuring 100% slip-free performance
- T15 Torx bolts included, enabling higher torque levels for solid, twistfree mounting
- Proudly made in the USA.

MAGIC MIRROR MOUNTS

These nifty little stainless adapters allow the installation of Paul Yaffe's Bagger Nation Power or Double Trouble style billet custom mirrors on Victory or Indian Motorcycles, as well as many metric applications. They are a direct bolt-on application. They are super easy to install and provide an instant attitude adjustment to any stock Polaris Victory or Indian.

 Our Magic Mirror mounts will also work with most aftermarket mirror styles that mount using a 5/16-16 thread pitch.

BADLANDS LIGHTING MODULES

FOR INDIAN MOTORCYCLES

- Our Badlands Modules for Indian Models are designed to provide you running light, brake light and turn signal functions to each rear turn signal once the AMBER LED's and lenses have been replaced with RED versions.
- The built-in Load Equalizer prevents a "rapid-flash" which occurs when factory turn signals are removed. When using this module, you must use our RED LED/lens kit to comply with DOT regulations. Any other turn signal WILL CAUSE DAMAGE to the module that IS NOT covered under warranty.
- RBT Static Sequential Module with Load Equalizer Designed for 3 LED's per side includes new rear fender harness Converts 3-left & 3-right Red LED turn signals into running lights brake lights and sequential turn signals.
- · RBT Dynamic Sequential Module with Load Equalizer Designed for 3 LED's per side includes new rear fender harness. Converts 3-left & 3-right Red LED turn signals into running lights brake lights and sequential turn signals.

BADLANDS

BADLANDS MODULESFOR VICTORY MOTORCYCLES

Our Badlands Modules for Victory Models are designed to provide you running light, brake light and turn signal functions to each rear turn signal once the AMBER LED's and lenses have been replaced with RED versions.

The built-in Load Equalizer prevents a "rapid-flash" which occurs when factory turn signals are removed. When using this module, you must use our black or chrome RED LED kits or any other RED LED in order to comply with DOT regulations.

- RBT Static Sequential Module with Load Equalizer, Designed for 3 LED's per side. Plug-n-Play, includes new rear fender harness, Converts 3-left & 3-right Red LED turn signals into running lights, brake lights and sequential turn signals.
- RBT Dynamic Sequential Module with Load Equalizer, Designed for 3 LED's per side.Plug-n-Play, includes new rear fender harness, Converts 3-left & 3-right Red LED turn signals into running lights, brake lights and sequential turn signals.
- Plug-n-Play Illuminator RUN-TURN with LEQ Provides running light function to front turn signals.

AMERICAN OUTLAW 2 IN 1 HIGH FOR VICTORY

- Premier performance 5-step, 41/2" megaphone 2-into-1 exhaust system
- Triple stepped headers for anti-reversion, full range torque and optimal horsepower
- 21/2" to 3" double stepped performance baffles
- 16 gauge heavy duty 220º blue proof shields available in chrome or black hi-temp finish
- O2 ports & plugs provided for early models provided

- · Complete with mounting hardware and brackets
- · Requires removal of rear pegs
- · Deep throaty sound
- . Made in the U.S.A.!
- Quiet baffles must be matched to end caps, either 1 or 3 bolt mounting

Not legal for use in California on pollution controlled vehicles

HEAT SHIELD LINERS FOR INDIANS

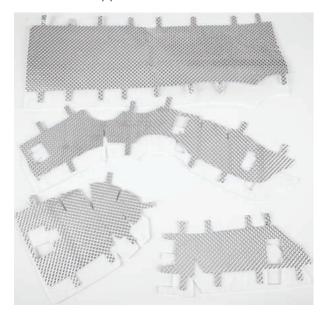

Heat from an Indian's exhaust system can become uncomfortable, especially when riding in slow traffic and can be particularly unpleasant for riders with shorter legs. DEI's new Heat Shield Liner Kits insulate outer heat shields without disturbing the looks of the bike. Each piece is CNC precision-cut to fit between the exhaust pipe and the heat shield, blocking heat transfer and lowering surface temperatures of the outer shields. Easy to install with no permanent modifications required, the Heat Shield Liners offer dual-layer construction of aluminum and feature DEI's proprietary Dura 2000™ insulating material, providing a more than 60% reduction in heat. Available for stock and some popular aftermarket head pipes. Made in the USA.

POWER VISION 3 FOR INDIAN

Power Vision 3's easy-to-read, no-nonsense display puts performance at your fingertips, empowering you to choose from our vast library of pretested tunes or to build one yourself. The Power Vision fuel tuner updates the tables directly within the ECU to optimize the air/fuel ratio, keeping you in sync and in control. The Power Vision 3 device holds multiple tunes at once and allows you to optimize your ride for power, speed or fuel-efficiency. After you've flashed your ECU, you can either unplug the device or head out with Power Vision attached as an extra instrument panel.

- Easy-to-read high-contrast screen gives you full control over how you tune your ride
- Ability to flash your motorcycle from the road, whenever you want
- Quickly build your own tune or choose from a wide variety of trusted Dynojet-engineered tunes
- Can be mounted and used as a live diagnostic panel as you ride, with customizable alarms
- · Weather resistant and shock resistant
- Our Power Vision fuel tuner line can hold multiple tunes right on the device, which means that you can reflash your ECU right from the road to keep up with changing conditions. Keep a tune available for each of your favorite upgrades and drive styles to optimize your motorcycle for everything you need.
- Not just a fuel tuner, Dynojet's Power Vision devices are also powerful monitoring tools to track your progress as you ride.
 The data can then be viewed using our Power Core Software to help you improve your tune.
- · One-year warranty and unlimited tech support
- Made in the USA

POWER COMMANDER FOR INDIAN

Our Power Commander V fuel tuner seamlessly optimizes your air/fuel ratio without directly changing the ECU, making it effortless to push it to the max. Better than ever (and smaller than ever), the Power Commander V now has a fuel change range of -100/+250%, automatically giving you the best mix of performance and fuel efficiency at all times. This fuel tuner holds two maps at a time for multiple drive options via the Power Commander V Map Switch accessory (sold separately), as well as 10 throttle position columns, so you won't sacrifice comfort for performance.

- Controls the Fuel and Ignition tables
- Compact design for and plug-n-play installation
- · Uninstall to simply revert back to stock settings
- · Vast library of tunes for any combination of aftermarket parts
- Comes with Power Core Software that connects dyno runs with fuel tuners to unlock your ride's potential
- Upgradeable with additional features such as Auto-Tune
- Analog input which allows you to install any 0-5 volt sensor and build an adjustment table based on its input such as boost or temperature
- · Easily connects to your computer via USB
- Each cylinder can be mapped individually and for each gear, giving riders more granular control
- Made in the USA

ELECTRONIC JET KIT

"INSTALL AND RIDE, EFI MADE EASY."

The EJK (Electronic Jet Kit) evolved out of the need to address the ever-increasing complexity of factory fuel injection. For the newcomer to the market or professionals wanting an easier method for tuning fuel injection, the EJK is a customizable solution for the shop that wants to take control of their tuning needs.

- No computer needed
- · No dyno required
- Quick "plug and play" installation, initial settings are all preset based on make/model
- · Full range tunability, does not interfere with stock ECU
- · Simple push button adjustment interface
- 2 year warranty

The GEN 3 is a piggy-back EFI controller because it does not replace the stock ECU, but rather monitors the signals to the injectors and makes fuel adjustments based on the mode settings. The GEN 3 has a push button interface allowing access up to 6 different modes to allow for quick fine tuning by the end user without needing a computer. The GEN 3 also is nitrous oxide compatible, and allows the user to add fuel thru the stock fuel injection when using nitrous oxide.

The GEN 3.5 EFI controller is an extension to the GEN 3 controller. The GEN 3.5 controller has the ability to add or pull fuel within each available fueling zone. The GEN 3.5 is NOT compatible with nitrous oxide systems.

Not legal for use in California on pollution controlled vehicles, race use only in California - waiver available

ACCELERATION TUNER

CCT is an acronym for "Consecutive Cycle Tuning". We use CCT to describe our fuel tuning process, which is the measuring of consecutive cycles of power, with unique amounts of fuel to determine which fuel amount provides the best acceleration.

The process, in many ways, is identical to the acceleration measuring procedure used in today's most popular tuning dynamometers, such as, those made by Dynojet and other companies. The important thing to remember is the time between consecutive cycles of power and between fuel adjustments on a dynamometer are measured in minutes and is based on one style of load or acceleration simulation at any given time, while the Tier 1 Tuners innovative +CCT Acceleration Optimizer technology has a time between consecutive cycles of power and tuning of fuel that is measured in milliseconds and is based on Real Time/Real Life constant feedback.

The Tier 1 Tuners +CCT Acceleration Optimizer can now provide your motorcycle with Real Time fuel adjustments that will optimize acceleration and compensate for the constantly changing Real Life conditions, (i.e. 1up/2up, head winds, tailwinds, uphill, down hills, etc.) which substantially affects the performance mode operations of your motorcycle throughout your normal daily driving.

The +CCT's patented technology adds a "Closed Loop" control system to your bikes fuel injection system.

Almost all motorcycle fuel injection systems in use today are using "open loop" control systems when they are being driven in a performance manner. "Open loop" refers to a control system that does not have feedback to adapt to conditions outside of its current programing, while a "closed loop" control system functions by its ability to take feedback from an engine sensor. For example, the oxygen sensors common on many of today's motorcycles use this type of system in cruise, but not in power mode.

The +CCT Acceleration Optimizer unit will add a "closed loop" control system to your current fuel injection system while it is in performance mode. The +CCT Acceleration Optimizer adjusts fuel while receiving feedback from the engine's acceleration in Real Time/Real Life. The fuel is changed to whatever is needed to optimize the engine's acceleration while in performance mode.

Tier1Tuners +CCT Acceleration Optimizer can provide up to 95% optimization under Real Time/Real Life performance acceleration.

Most motorcycles today that use an "open loop" control system during power mode operation are typically about 70% optimized (because of various Real Time/Real Life road conditions). When optimizing the fuel map to 70%, a 30% margin is created to maintain good drivability over the full range of acceleration rates found in real life performance driving. The +CCT Acceleration Optimizer's "closed loop" functionality cuts this margin of error from 30% to only 5% thus giving you up to 95% optimization under Real Time/Real Life performance.

Tier1Tuners new +CCT Acceleration Optimizer is a standalone performance product. It requires no other modifications to deliver its performance potential. The +CCT Acceleration Optimizer derives its benefit from its Real Time/Real Life "closed loop" functionality, not from making a better or different open loop fuel map.

- Real Time Fuel Adjustments
- Up To 95% Optimization Under Real Life Acceleration
- · Works On Stock Or Currently Mapped Bikes
- · Made In The U.S.A

TORQUE DRIVE CLUTCH

Unlock more power. TorqDrive provides more disks in less space, allowing us to add 5 additional frictions disks to the clutch pack over stock. More frictions equals more torque capacity thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock up device. TorqDrive provides smoother shifting and improved lever feel. Rekluse basket sleeves eliminate basket wear and notching.

| Application | Year | Rekluse # | WPS# | List |

RADIUSX AUTO CLUTCHES

RadiusX is a high performance centrifugal auto clutch combining our TorqDrive and EXP technologies. TorqDrive provides more clutch disks in less space, allowing for maximum performance within your bike's existing clutch footprint. You retain full control of shifting and use of your clutch lever with no compromise in power delivery.

- Dead-on clutch engagement every time
- Take off and stop in gear without using clutch lever no more stalls
- Experience maximum power delivery
- Confidently navigate traffic and slow speed conditions
- TorgDrive® clutch pack delivers higher torque capacity and increased power transfer
- · Rekluse sleeves eliminate basket wear and notching
- Standard clutch lever function with full override
- · No modification to stock components
- Shifting transmission remains unchanged (clutch lever use is recommended for shifting)

TORODRIVE CLUTCH

Unlock more power! TorqDrive provides more disks in less space, allowing us to add up to 6 additional frictions disks to the clutch pack over stock. More frictions = more torque capacity thus unlocking the full power of your engine without the need to add stiffer pressure plate springs or a lock up device. Proven in racing at the highest levels, it's not just good, it's rEvolutionary.

- Plus 6 friction disks offers up to 50% stronger clutch engagement with no increase in lever effort
- Smoother shifting
- Improved lever feel
- Engineered to eliminate slip and tunable to handle high horsepower engines
- Steel core friction disks for improved heat dissipation and longer clutch life
- Rekluse sleeves eliminate basket wear and notching

REFERENCE

The Adaptive 2 Series headlights have been improved to feature Adaptive technology when using the high beam, in addition to the low beam. Providing ditch-to-ditch lighting to eliminate dark corners on sharp turns and a punch of light 1,500 feet down the road to give you a safer and more confident ride to master the corners.

The Model 8695 Adaptive 2 offers a dynamically adaptive LED headlight designed to fit Victory® motorcycles, featuring the diamond shape unique to this application.

- Improved to feature adaptive technology with the high beam, in addition to the low beam
- Diamond shape mount for Victory motorcycle headlights
- On-board intelligence senses leaning angles when cornering to control light
- Dynamically fills in dark areas while turning
- Breakthrough improvement in visibility and safety
- · DOT-compliant headlight
- Dual Burn[™] high low & beam optics for extra punch of light
- ComfortLite[™] high beams

867-02017

867-02020

Professional diagnostic and tuning capable tool offered for the Indian/Victory models. The Serial Diagnostic System Kit diagnoses the Electronic Fuel Injection Module (EFI) and others (Security Modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Indian adapters. USB cable for connection to your Laptop (PC) and the downloadable software is compatible with Windows 7, 8 and 10. A wireless Bluetooth Diagnostic Kit is also available for Windows based tablets. Internet connection is always required while tool is in use. The system performs the following functions and more:

DIAG4BIKE SERIAL DIAGNOSTIC SYSTEM

Indian and Victory Serial Diagnostics Models:

Indian – 2014 - Present (except FTR)

Overview of control units that can be diagnosed and functions:

- · Engine Control Module
- · ABS Control Module
- Speedo and Tachometer Gauge Module
- Vehicle Control Module
- · Radio Control Module
- Read Vehicle Information
- Read and Clear History Codes
- Diagnostic Trouble Codes
- · Monitoring Real-Time Data and Parameters

Motorcycle report

Search for and identify all embedded control units. Read fault code memory and generate a printed diagnostic report.

| Description | WPS # | List |
|--|-----------|-----------|
| USB Interface for Indian/Victory Software | 867-02017 | \$1084.00 |
| Bluetooth Interface for Indian/Victory Software | 867-02020 | \$163.95 |
| Replacement Interface to Bike Cable Indian/Victory | 867-02013 | \$64.95 |

ENGINE TUNING

- The tuning functionality is solely accessible through the DIAG4BIKE Serial Diagnostic Software and Interface.
- The tuning software, DIAG4TUNE, is included in the diagnostic software as an additional feature. To tune Harley and Indian motorcycles, a special hardware key MULTI-DONGLE must be purchased to use in conjunction with a purchased tuning license.
- Software version 21.1 or higher and a full-time connection to the internet is required to use the MULTI DONGLE functions.
- The MULTI-DONGLE serves as a carrier of the electronic tuning licenses which are purchased online via the shopping cart inside the DIAG4TUNE program.
- The tuning process does not require the installation of additional component(s) or any motorcycle harness modification. Tuning is based on the modification of EFI Calibrations (software modifications/reflash), exclusively via the diagnostic connector.

- · Original calibrations read from the motorcycle are captured and stored on the Diag4Bike server which is secured at a professional level against
- The tuning process is used to optimize Fuel Maps in case of any changes to the configuration of engine components or accessories (exhaust, intake or cams, etc.). Pre-set tuning calibrations are available as well as customizable tuning and timing functions.
- The tuning system focuses on Indian engines equipped with BOSCH EFI (except FTR and Challenger)

| Description | WPS # | List |
|----------------------------|-----------|-----------|
| Tuning Device Multi-Dongle | 867-02054 | \$74.00 |
| AFR Tuning Monitor | 867-02070 | \$474.95 |

| Lambda Install Kit Mini | 867-02072 | \$460.95 |

867-02054

TUNING DONGLE FOR INDIAN

The Tuning License and MULTI-DONGLE provides the ability to use an embedded database of calibrations and capable of using a full range of DIAG4TUNE functions. These calibrations (maps) are pre-set for several configurations of exhaust and intake components and combinations. These calibrations are not editable (yet).

AFR TUNING MONITOR

• The AFR Tuning Monitor is used for the advanced tuning mode and consists of two wideband Air/Fuel ratio sensors and a compact electronic unit. It is an option for the DIAG4BIKE communication interface and can be used with a roller station or on road tests to develop custom VE (volume efficiency) fuel maps.

LAMBDA INSTALLATION KIT

• This set is an option to the AFR Tuning Monitor. It allows you to install a pair of wide band sensors on all exhausts where it is not possible to simply replace the installed O2 sensors (18mm thread). The set contains a powerful double pump, which ensures high accuracy and measurement speed of the actual AFR in each cylinder. The pump is powered by a 12V supply and can therefore also be used for road testing. An open pipe adapter is available to extract undiluted exhaust gas farther up the pipe.

INSTALLATION **SET LAMBDA MINI**

· This set is an option to AFR Tuning Monitor. It allows you to install a pair of wide band lambda sensors on all exhausts where it is not possible to simply replace the installed lambda sensors (18mm thread).

12V GENERATOR

Cycle Electric Inc. makes generators to fit Indian Chiefs in 6V and 12V configuration. These generators offer a higher than stock output and are therefore equipped with a built in regulator, except 273-1454 which must be used with a high output regulator. They fit in the stock mounting clamp and use the stock 1/2" straight bore pulley.

HIGH PERFORMANCE BRAKE PADS

- All Braking® brake pads are asbestos and nickel free
- Other brake companies stress friction over other performance factors
 — Braking® uses an organic base material for outstanding friction along with a soft, non-aggressive metal that allows the pad to glide on the disc, providing better control
- All Braking® brake pads are compatible with cast iron, stainless steel and Carbiron® materials and, when used with Braking® rotors, provide the greatest control and braking power available

SM1 SEMI-METALLIC PADS

- Perfect alternative to OE replacement
- Deliver dependable, rugged performance certain to satisfy the most demanding sport riders, commuters and touring enthusiasts
- Superior performance in wet or dry conditions
- SM pads are fade-free, noise-free and dust-free
- Smoothness, consistency and responsiveness from the lowest to highest possible temperature
- Gentle on all rotors

SPORT COMPOUND CM55/56 SINTERED METAL PADS

- Upgrade from stock
- CM55/56 sportbike pads are a sintered mixture designed to give power and longevity
- CM55/56 pads offer strong power, stability and improved brake modulation and feel

FRONT BRAKE APPLICATIONS

USA made, they range has a highly refined copper alloy including extra expensive ingredients to further enhance lifetime and silence the brakes during operation.

Standard: OEM replacement for Street Sport/Touring with Aramid fiber composite, the most popular pad for street use.

V series: Heavy duty organic/copper sintered material gives the feel of an organic pad with the wear characteristics of a sintered pad. Great for larger touring bikes, offers stable braking with minimal pad/rotor wear and lower brake dusting of wheels.

Hi-Performance: High performance High friction super bike/race sintered formula. Double-H sintered pads offer the maximum brake effect and a lifetime approximately double that of any organic pad.

Extreme Pro: Race inspired pads with a very exotic blend of sintered bronze including Tungsten and Moly metal to bring you the grippiest, most fade resistant pad we have ever tested.

Limited Edition Chrome backing plate. Add "C" to end of part number.

PREMIUM OIL FILTERS STANDARD VERSION FEATURES

- · Media enhancement by M-Pleating, increases Dust Holding Capacity (D.H.C) and reduces pressure drop
- The zigzag pleating pattern provides more filtration area allowing more dust holding capacity (DHC)
- · Additional filtration area gives the oil more room to flow, resulting in lower pressure drop
- The media is resin-impregnated to ensure structural integrity during its operation under pressure and temperature spikes
- Forming tapped thread for easy installation and spin-on Pre-lubricated gasket
- · The gasket is lubed from the factory to aid installation
- The base plate is covered with shrink film to ensure that the lube stays there until the time of usage and dust protection

PERFORMANCE VERSION **FEATURES**

- Standard features plus the following: Heat-resistant Anti-Drainback valve (ADBV)
- · Unlike standard nitrile rubber, silicone rubber has a higher heat-resistance
- The enhanced ADBV will prevent dry starts and provides durability throughout the extended life of the
- 17mm Hex Nut
- · Easy for service and removal after prolonged usage
- The nut is designed for safety wire attachment if needed

OIL FILTERS

- Provides unbeatable performance and exceptional value, Hiflo filters are the best-selling brand of aftermarket filters for motorcycles worldwide
- To achieve our high quality and to ensure the consistency of our products, we use only premium raw materials from well known manufacturers
- Every oil filter goes through 16 individual quality control checks before it is ready to leave the factory. The whole manufacturing process, including the checking of raw materials and individual filter testing, is regularly audited and verified independently

OIL FILTERS

Quality oil filters manufactured by one of the largest manufacturers and suppliers of motorcycle filters.

Today's motorcycles require a high performance oil filter with a high oil flow capacity in order to withstand high heat and pressures. EMGO oil filters meet or exceed these requirements.

FLO® REUSABLE OIL FILTERS

- Reusable filters made from type 304 stainless steel micronic filter cloth
- Rare earth magnet is attached to the top of the element for pre-filtering the oil
- Sophisticated bypass system is engineered for greater oil filtration and proper bypass pressures
- Anodized aluminum housing looks great and helps dissipate heat

WHEEL BEARING AND SEAL KITS

- Contains all of the bearings and seals required to re-fit a wheel
- Wheel bearings typically fail from water and dirt contamination. The All Balls wheel bearing was developed in partnership with KML Bearing and is designed for the difficult operating environment of the Power Sport industry
- Premium EMQ quality, hi-speed-bearing featuring low drag, double lip rubber seals which provide superior exclusion of water, dirt and to improved grease retention
- Type TC Nitrile Elastomer wheel seals are specifically designed to keep out water and dirt
- The rubber coated outside diameter creates an optimum seal at the hub
- Steel garter spring guarantees constant pressure on the axle shaft over the life of the seal

FORK/DUST SEAL WIPER KITS

- Patented fork seal features a balanced 3 lip design that evenly distributes the pressure reducing operating temperature, wear and friction.
- Custom Elastomer Fork Seals have been tested to outlast OEM fork seals. Extends typical seal life by 3 to 5 times over OEM seals.
- Stiction (friction) measures from 1/3 to 1/2 less than OEM seals for smoother fork action.
- Lower Stiction, Longer Life! It doesn't get any better than this!
- Plus, the only complete line of dust wipers! Wipers should be replaced with the fork seals to assure peak performance.

Functions smoothly during repetitive jumping. Seal life is 540,000 strokes, equal to 100 hours of continuous 28.8' jumps. Seal life exceeds current seals by 496,800 strokes (8 hours of continuous 28.8 foot jumps).

MOTORCYCLE COVERS

DOWCO

Applications on the following pages

WEATHERALL PLUS

- Features 4 built in alarm sleeves (n/a with medium cruiser and trike covers) for use with up to 2 secure alarm systems
- · Waterproof heavyweight polyester construction
- Moisture guard venting system to eliminate condensation
- Flannel liner to protect windshields on large and extra large covers
- Scorch-resistant aluminized lower panels
- Elastic corded bottom hem for a snug fit
- · Stuff bag for travel storage
- For 130db secure alarm use 27-6350

WEATHERALL PLUS EZ-ZIP

- · Heavy duty polyester material for long lasting durability
- ClimaShield Plus fabric coatings ensure water repellency, UV stability and retard the growth of mildew
- · Aluminized panels to guard against hot engine and pipes
- EZ On and EZ Off zipper make installation/removal of cover hassle free
- · Windshield liner protects windshield from scratching
- · Shock cord hem and sewn-in grommets for added security

ULTRALITE PLUS

- · Water repellent rip-stop polyester
- Better tear and abrasion resistance than standard ultralite cover
- Sewn-in storage bag
- Full perimeter elastic cord with locking grommets
- · Gray/Silver color

ULTRALITE

- · Water-repellent, lightweight polyester
- Shock cord hem and locking grommets
- · Storage bag
- · Available in blue, gray, khaki and yellow

LEGEND TRAVELER COVER

- · Covers the top half of your bike
- · Tough, lightweight synthetic fabric for strength and durability
- · Breathable and water repellent
- · Covers fairing, seat, and rear trunk
- · Elastic cord ensures a snug fit
- · Compact design folds easily into tank bag or trunk

KRYPTONITE

ALARM DISC LOCK

- · 6MM Locking Pin
- Zinc diecast body design and construction
- · Built-in 120dB alarm speaker system
- · Weather-proof electronics module is fully protected
- · Alarm Function Selection ARM / DISARM (Transport)

Color WPS # Black 57-98025 \$65.95

- · 2 stainless steel keys of ergonomic design
- Long battery life (1-year est.) with replaceable high capacity 900mAh CR2 battery
- Eligible for optional ATPO cover of up to \$500; 400; £300
- Key Safe Program

EVOLUTION SERIES 4 DISC LOCK

- Oval crossbar design with a hardened 5/16" shackle resists cutting and leverage attacks
- Reinforced anti-drill/pull cylinder with more than a million key variations
- 3 kevs included, 2 "I" keys and 1 LED lighted key with high intensity bulb and replaceable battery
- Lifetime key registration and replacement service available
- Vinyl coated and weatherproof

| Color | WPS# | List |
|-----------------------------------|----------|---------|
| Black | 57-98002 | \$68.95 |
| Orange w/pouch and reminder cable | 57-98001 | \$73.95 |

KRYPTO DISC 5S

- · Dual reinforced high security disc style cylinder
- 5mm pin diameter fits smaller vent holes
- · Compact, lightweight and weatherproof
- Includes disc lock reminder cable

WPS# Yellow 57-9772 \$35.95

NEW YORK DISC LOCK

- 1/2" Kryptonium™ steel shackle
- · Steel sleeve in a "crossbar over crossbar"
- · High security, anti-pick disc style cylinder with double dead bolt lock
- · Included carrying pouch and disc lock reminder cable

| Color | WPS# | List |
|--------------|---------|---------|
| Black/Yellow | 57-9727 | \$88.95 |

KRYPTOLOK SERIES 2 DISC LOCK

- 1/2" Hardened performance shackle resists cutting and leverage attacks
- Patented deadbolt locking mechanism for extensive holding power
- · High security, pick and drill resistant disc style cylinder
- · 2 "I" keys included
- · Rotating dust cover protects cylinder
- · Lifetime key registration and replacement service available
- · Vinyl coated and weatherproof

WPS# Color Black/Yellow 57-98010 \$47.95

44MM PADLOCK

- · Hardened steel shackle
- · Double dead bolt locking mechanism
- Laminated steel padlock with plated steel body

WPS# List 57-9716 \$10.95

DISC LOCK REMINDER

- An added safety reminder to prevent riding away while disc lock is still engaged
- Flexible coiled cableloops from your hand grip

WPS# 57-9726 \$8.95

QUANTUM ARMORED CABLE LOCK

- 6' long braided steel cable with 1 3/16" O. D. hardened steel sleeve
- · Anti-drill lock cylinder
- Vinyl coated cable for scratch resistance

WPS# List 57-7650 \$41.95

PYTHON ADJUSTABLE CABLE LOCK

- Cut resistant 6' long, 3/8" diameter vinyl coated braided steel cable
- Weather Tough aluminum alloy lock, cylinder shutter

| Description | WPS# | List |
|-------------------|---------|---------|
| Python cable lock | 57-7640 | \$34.95 |

QUANTUM CABLE LOCK

- 6' long 15mm vinyl coated braided steel cable
- Anti-drill lock cylinder

WPS# List 57-7652 \$35.95

STREET CUFF HOLSTER

- Full grain leather holster provides storage and easy access for the 57-7601 Street Cuff
- Compact for comfort and convenience
- Heavy duty snap hold securely while riding

WPS# List 57-7605 \$14.95

TUFF LINKS

- 3' long hardened chain with attached lockv
- Black nylon sleeve protects from scratches

WPS# List 57-7610 \$43.95

MINI U-LOCK

- 14mm U-lock shackle
- Inside measurements 3 11/16" long X 1 7/8" wide
- Hardened shackle resists cutting and sawing
- · Vinyl coated to prevent scratches

WPS# List 57-7620 \$27.95

STREET CUFF LOCK

- · Hardened chrome plated steel resists cutting or prying
- Compact and lightweight, folds in half for easy storage
- 3" diameter to fit fork legs or frames, can be secured to sign posts, parking meters or another bike
- Push button keyless locking
- Pivoting action combined with 22" length provides lockdown versatility

TRANSMISSION OIL

- · Blended for ultra high film strength offering excellent wear protection and durability
- Special extreme pressure additive package provides smooth shifting across all RPM ranges
- · Meets or exceeds API GL-5 classifications
- · Meets or exceeds all Harley Davidson warranty criteria
- Sold in guarts (12 per case)

| Descri | ption | | WPS # | List | |
|------------------|-------|---------|----------|--------|----|
| 80W140 Synthetic | 1 qt | 12/case | 822-1055 | \$8.95 | ea |
| 80W90 | 1 qt | 12/case | 822-1052 | \$7.75 | ea |

PRIMARY OIL

- Specifically formulated for high performance primaries
- Blended with extreme pressure additives for outstanding film strength, wear protection and durability
- · Meets or exceeds API GL-4 classifications
- Developed for use in all '84 and newer Big Twin Harley Davidson motorcycles equipped with a wet type diaphragm spring clutch
- Sold in quarts (12 per case)

| Description | | | WPS # | List | |
|-------------|------|---------|----------|--------|----|
| Primary Oil | 1 at | 12/case | 822-1053 | \$7.45 | ea |

GEAR AND CHAINCASE OIL

- Specifically blended for high performance gear boxes
- Blended with extreme pressure additives for smooth shifting throughout the RPM range
- Meets or exceeds API GL-4 classification
- Developed for use in '71 and newer XR and XL models where transmission and primary chain case share a common lubricant
- · Sold in quarts (12 per case)

| Description | | WPS # | List | |
|---------------------------|---------|----------|--------|----|
| Gear & Chaincase Oil 1 nt | 12/case | 822-1054 | \$7.45 | ρа |

FORK OIL

- Developed for use in both OEM and aftermarket fork assemblies
- Formulated for consistent damping action and to resist fading or surging
- Designed for use in hot or cold climates
- Sold in quarts (12 per case)

| Descript | ion | | WPS # | List | |
|----------------------|------|---------|----------|---------|----|
| 5 wt (repl. Type B) | 1 qt | 12/case | 822-1061 | \$7.50 | ea |
| 20 wt (repl. Type E) | 1 qt | 12/case | 822-1064 | \$10.95 | ea |

V-TWIN MINERAL ENGINE OIL

- Petroleum-based formula infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- · Reduces oil consumption
- · Long change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JASO MA2

| Description | | WPS# | List | | |
|-------------|------|---------|-----------|---------|----|
| 20W-50 | 1 lt | 12/case | 840-1482 | \$9.97 | ea |
| 20W-50 | 4 It | 4/case | 840-14824 | \$35.23 | ea |

BIG TWIN TRANSMISSION OIL

- Formulated for motorcycles with separate transmissions and or final drives
- Wear protection extends gear life
- · Quiets gear whine and improves shifting
- For Big Twin, air cooled / liquid cooled transmissions and final drives
- API GI -5

| Description | WPS# | List | |
|--------------|----------|---------|----|
| 1 lt 12/case | 840-1483 | \$14.20 | ea |

PRIMARY CHAINCASE LUBRICANT

- Formulated for primary chaincase and wet clutches
- Wear protection extends primary chain life
- Prevents clutch slipping and chatter for consistent engagement
- Distinctive red color for leak detection
- For Big Twin, air-cooled / liquid-cooled primary chaincase

| Des | scription | WPS # | List | |
|------|-----------|----------|---------|----|
| 1 lt | 12/case | 840-1479 | \$14.15 | ea |

SPORT TRANSMISSION FLUID

- Formulated for the transmission and primary of Sportster® motorcycles
- Wear protection extends transmission life
- Prevents clutch slipping and chatter for consistent engagement
- · Distinctive red color for leak detection
- For Sportster® transmissions

| Description | WPS # | List | |
|--------------|----------|---------|----|
| 1 lt 12/case | 840-1478 | \$14.15 | ea |

V-TWIN SYNTHETIC ENGINE OIL

- Synthetic ester infused with Extreme Pressure (anti-wear additive) for large displacement V-Twin engines
- Lowers engine temperatures and increases horsepower
- Longest change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JASO MA2

| Description | | | WPS# | List | |
|-------------|------|---------|----------|---------|----|
| 10W-50 | 1 lt | 12/case | 840-1480 | \$19.13 | ea |

V-TWIN SEMI-SYNTHETIC ENGINE OIL

- Synthetic blend infused with Extreme Pressure (anti-wear additives) for large displacement, V-Twin engines
- Lowers engine temperatures and increases horsepower
- · Extended change intervals
- For V-Twin, air-cooled / liquid-cooled engines
- API SM, JSAO MA2

| Description | | | WPS# | List | |

INDEX

SUPER CLEAN **CHAIN LUBE**

- · Designed to resist fling-off (even in high speed applications)
- Protective coating dries white to ensure complete coverage
- · Will not fling-off or attract dirt, sand or grit
- Wear and corrosion protection for long chain and sprocket life
- For all chain applications, including 'O', 'X', 'Z' ring units and roller chains

| Description | | WPS# | LIST | |
|----------------|---------|----------|---------|----|
| 175 ml aerosol | 12/case | 840-0210 | \$9.50 | ea |
| 400 ml aerosol | 12/case | 840-0212 | \$16.00 | ea |

FOAM FILTER OIL

- Designed to improve air flow
- Traps microscopic particles to extend engine life
- · Waterproof formula prevents clogging when wet

| Descript | ion | WPS# | List | | |
|----------------|---------|----------|---------|----|--|
| 400 ml aerosol | 12/case | 840-3802 | \$10.75 | ea | |
| 1 lt | 12/case | 840-0601 | \$15.72 | ea | |

BLUE TAC CHAIN LUBE

- · Designed to resist fling-off (even in high speed applications)
- Wear and corrosion protection for long chain and sprocket life
- Dries clear
- · Anti-wear and anti-foam
- For chain applications including 'O', 'X', 'Z' ring units and roller chains

| Descript | ion | WPS# | List | |
|----------------|---------|----------|---------|----|
| 400 ml aerosol | 12/case | 840-0208 | \$13.25 | ea |

6 IN 1

- · All purpose lubricant
- · Cleans, lubricates, protects, displaces water, reduces friction and penetrates rust
- · Safe on electrical contacts, vinyl, wood and paint

| Description | | WPS # | List | |
|----------------|---------|----------|---------|----|
| 100 ml aerosol | 12/case | 840-2207 | \$10.00 | ea |
| | | | | |

SUPER DOT 4 BRAKE FLUID

- · Formulated for hydraulic brake systems
- Mixes with all fluids meeting DOT 3 and DOT 4 specifications
- Boiling point: dry 230°C (446°F), wet 155°C (311°F)
- · For brake systems and hydraulic clutches, except systems using mineral base fluids

Description WPS# List 355 ml 12/case **840-2701 \$9.64** ea

SILICONE DOT-5 **BRAKE FLUID**

- Formulated for hydraulic brake systems
- Mixes with all fluids meeting DOT 5 specifications (not compatible with DOT 3 or DOT 4)
- Boiling point: dry 260°C (500°F), wet 185°C (365°F)
- · Will not damage paint or absorb moisture
- · For brake systems and hydraulic clutches, except systems using mineral base fluids

Description WPS# List 355 ml 12/case 840-2500 \$17.37 ea

WATERPROOF GREASE

- Waterproof grease for all bearing and bushing applications
- Corrosion protection (even in salt water)
- · Wear protection extends bearing life
- · Will not melt or run

| Descript | ion | WPS# | List | |
|-----------------|---------|----------|---------|----|
| 16 oz tub | 12/case | 840-1100 | \$12.94 | ea |
| 14 oz cartridge | 30/case | 840-1101 | \$11.26 | ea |

Racing Oils since 1959

"Blendzall"

VAPOR CLEAN NE

- VAPOR CLEAN Electrical Contact Cleaner is specially formulated with "CLEANZALL" technology to provide superior degreasing and fast cleaning without leaving an oily residue
- Ensures optimum performance of engine and electrical components
- Low volatile organic compound (VOC) formula is a safe, yet effective cleaner for any part coming in contact with electrical
- · Vapor Clean those hard to reach parts, dissolving and dispersing build-ups of greases, grimes, varnishes, carbon deposits and more

| Desc | ription | WPS# | List | |
|-------|---------|---------|---------|----|
| 16 oz | 12/case | 55-0433 | \$12.00 | ea |

EXCELL - 4 CYCLE

- · A premium based multi-viscosity racing oil formulated to protect your engine during the extreme demands of all out competition
- · Contains the latest in EP (Extreme Pressure) and anti-friction additives
- High resistance to thermal and foaming break down
- · Recommended for all 4-cycle engines, burning alcohol, gasoline and nitro fuels in racing or high performance applications

| Description | Oil Weight | | WPS# | List | |
|-------------|------------|---------|---------|---------|----|
| 1 qt | 0W5 kart | 12/case | 55-0454 | \$27.12 | ea |

| 1 gal | 20W50 | 4/case | 55-0463 | \$44.76 | ea |

FUEL OIL - 4 CYCLE TOP END RACING LUBRICANT and other racing fuels

- · Blends with gasoline, alcohol, methanol
- Uniquely formulated to prevent engine galling, seizure and premature wear
- Fuel oil is attracted to heat allowing closer clearances and leaner fuel ratios for more horsepower
- Mix ratio is 1/2 to 3/4oz per gal depending on type of fuel

| Des | cription | WPS# | List | |
|-------|----------|---------|---------|----|
| 1 pt | 12/case | 55-0501 | \$11.08 | ea |
| 1 gal | 4/case | 55-0502 | \$61.79 | ea |

"GOLD LABEL" 2 OR 4 CYCLE

- · Combination racing castor/octane booster
- · Increased RPMs without carburetor modification
- · Blends completely with gasoline or alcohol
- · Promotes quick cold weather starting
- · Reduces heat build-up in hot weather

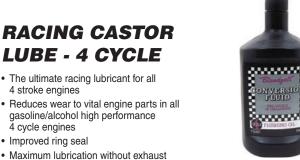

| Description | | WPS# | List | | |
|-------------|---------|---------|---------|----|--|
| 1 pt | 12/case | 55-0485 | \$9.14 | ea | |
| 1 gal | 4/case | 55-0486 | \$47.10 | ea | |

RACING CASTOR LUBE - 4 CYCLE

- The ultimate racing lubricant for all 4 stroke engines
- Reduces wear to vital engine parts in all gasoline/alcohol high performance 4 cycle engines
- · Improved ring seal
- smoke and keeps internal parts like new

| סטע | CHIPLIUII | WF3# | LIST | |
|------|-----------|---------|---------|----|
| 1 qt | 12/case | 55-0465 | \$20.07 | ea |

CONVERSION FLUID

- Flushing fluid for 4 cycle lubrication systems when changing from mineral oil to castor oil or vice-versa
- · Compatible with either oil and leaves no residue
- · Conversion fluid prevents lumping or congealing of lubricants that do not mix

| Des | cription | WPS# | List | |
|------|----------|---------|---------|----|
| 1 qt | 12/case | 55-0469 | \$17.89 | ea |

OCTANE BOOSTER

- · Increases horsepower by relieving detonation
- Lowers combustion chamber temperatures
- · Blends with pump, racing gas and methanol fuels
- · Controls condensation in fuel tanks without harmful additives

| Des | cription | WPS# | List | |
|------|----------|---------|--------|----|
| 1 pt | 12/case | 55-0490 | \$8.24 | ea |

CHAIN LUBE

- · Racing chain lubricant with high film strength and the unique ability to cling to metal without washing off
- · Protects standard and O-ring chains from wear and corrosion

| Des | cription | WPS# | List | |
|-------|----------|---------|---------|----|
| 14 oz | 12/case | 55-0500 | \$17.95 | ea |

INDEX

KLOTZ SYNTHETICS

CHAIN AND CHAIN CASE LUBE

- Black formula contains graphite
- · Dramatically reduces friction
- Provides maximum power and performance in extreme conditions
- Unique formula protects chains and sprockets from wear and breakage

Description WPS # List12 oz. 10/case **842-0116 \$11.00** ea

CHAIN LUBE

- EXTRATAC™ penetrates deeply and dries tacky
- Waterproof formula prevents rust and wash off
- · Approved for conventional and "O" ring chains
- Extends chain and sprocket life
- · Loosens stiff chain links
- · Environmentally safe formula

Description WPS # List 15.5 oz. 10/case **842-0119 \$12.00** ea

NITRO RACING ADDITIVE WITH KOOLINAL

- Developed for gasoline, E85, methanol and diesel fuels
- · Oxygenating power additive
- 50% Nitropropane, 50% Koolinal
- Koolinal is a blending agent that resists detonation and pre-ignition
- Extracts maximum HP from stock and modified engines
- Increases low-end torque

 Description
 WPS #
 List

 16 oz 10/case
 842-0130
 \$22.50
 ea

HITRATE® RACING GAS

- Converts 92 octane pump gasoline to 103-105 octane racing gas
- · Unleaded formula
- Provides smoother torque curves for more usable power
- · Cost-effective alternative to race gas
- Blends gasoline and ethanol enriched fuels
- Mix ratio is 1 gallons I Hitrate to 9 gallons of 92 octane gasoline

 Description
 WPS #
 List

 1 gal
 842-0054
 \$49.95

OCTANE BOOSTER AND GAS STABILIZER

- Recommended for gasoline or ethanol enriched fuels
- Increases pump gasoline octane up to 10 numbers
- Tetraethyl lead substitute for added lubricity
- Stabilizes flame front and controls burn speed

| Desi | cription | WPS # | List | |
|-------|----------|----------|---------|----|
| 6 oz | 20/czse | 842-0132 | \$7.50 | ea |
| 16 oz | 10/case | 842-0133 | \$12.50 | ea |
| 1 gal | | 842-0134 | \$74.95 | |

- Cleans injectors, carburetors and catalytic converters
- O2 and converter safe
- No MTBE
- Absorbs moisture

CONTACT CLEANER AND DEGREASER SHOP SIZE

- Convenient, fast cleaner and degreaser
- Removes gum, varnish and carbon build-up
- · Cleans fouled spark plugs
- Fast evaporation leaves no residue
- · Non-conductor, safe for electrical systems
- Displaces moisture and water
- · Cleans gasket surfaces

 Description
 WPS #
 List

 12.5 oz
 10/case
 842-0146
 \$11.00
 ea

FILTER CLEANER

- Removes dirt and oil from filters
- Provides increased airflow and performance
- Environmentally friendly
- Can be used with or without water
- Perfect for use at the track or off-road

Description WPS # List15.25 oz 10/case **842-0120 \$10.50** ea

FOAM AIR FILTER OIL

- Blocks out moisture, dirt and water
- · For waterproof protection
- Improves air flow
- Filters out micron-sized particles

Description WPS # List 15.25 oz 10/case **842-0140 \$10.50** ea

FABRIC AIR FILTER OIL

- Works great in all fabric type filters
- Will quickly penetrate and saturate fabric
- Straightens turbulent air, improving engine performance

 Description

ENGINE OIL

- · Formulated with the highest quality base oils
- Made with exclusive additives
- Lowers engine oil temperatures
- · Longer engine oil life
- Extends engine component life
- · Reduces engine noise, helps prevent leaks
- · Meets JASO specifications

| Descri | ption | | WPS # | List | |
|--------|-------|--------|---------|--------|----|
| 10W40 | 1 qt | 6/case | 58-5240 | \$8.50 | ea |

| 70 W | 1 qt | 6/case | 58-5243 | \$8.50 | ea |

PRIMARY CHAIN **CASE OIL** • Smooth clutch action, less slippage • Extends chain and sprocket life

- · Delivers cooler and quieter operation
- Designed for heavy duty, high performance application
- Meets or exceeds all OEM requirements

| Des | cription | WPS# | List | |
|------|----------|---------|--------|----|
| 1 qt | 6/case | 58-5203 | \$9.95 | ea |

HEAVY DUTY GEAR OIL

- · Designed for racers
- · Contains special anti-wear and lubricity agents
- · Helps control heat
- · Excellent for high performance and heavy-duty applications

| Descrip | otion | | WPS # | List | |
|---------|-------|---------|---------|---------|----|
| 80W90 | 1 qt | 12/case | 58-5200 | \$9.95 | ea |
| 85W140 | 1 qt | 12/case | 58-5201 | \$10.95 | ea |

MOTORCYCLE OIL STABILIZER

- 100% PETROLEUM base
- · Reduces engine temperatures and friction
- · Extends oil life
- · Increases oil pressure
- Increases power and fuel mileage
- · Will not sludge or varnish
- · Cools and quiets engine and gear boxes

| Des | cription | WPS # | List | |
|-------|----------|---------|--------|----|
| 12 oz | 12/case | 58-5260 | \$7.50 | ea |

SYNTHETIC **ENGINE OIL**

- Formulated from the highest quality synthetics
- · Made with exclusive additives
- Lowers engine oil temperatures
- · Longer engine oil life
- Extends engine component life
- Reduces engine noise, helps prevent leaks
- · Meets JASO specifications

| Description | | | WPS# | List | |

V-TWIN GEAR AND TRANSMISSION OIL

- Formulated for cool quiet performance
- Minimum wear and minimum drag
- Withstands high power and high temperature
- Designed especially for V-Twins, high performance or heavy duty
- · Meets or exceeds all OEM requirements

| Descrip | tion | | WPS# | List | |
|---------|------|--------|---------|---------|----|
| 75W140 | 1 qt | 6/case | 58-5202 | \$17.95 | ea |

SYNTHETIC GEAR AND TRANSMISSION OIL

- Designed to cushion gears and resist "squeezing out"
- Formulated for high performance and heavy duty applications
- · Withstands high temperatures
- · Super slick long lasting lubrication

| Descri | otion | | WPS # | List | |
|--------|-------|---------|---------|---------|----|
| 75W90 | 1 qt | 12/case | 58-5205 | \$15.95 | ea |
| 75W140 | 1 qt | 12/case | 58-5206 | \$16.95 | ea |
| 80W85 | 1 qt | 12/case | 58-5207 | \$13.95 | ea |

FUEL STABILIZER

- · Developed to prevent gasoline breakdown during storage
- · Safe for all grades of gasoline
- Excellent for 2-stroke and 4-strokes
- · 1oz treats 1 gallon

| | List | WPS # | cription | Des |
|----|---------|---------|----------|------|
| ea | \$4.95 | 58-5285 | 12/case | 8 oz |
| ea | \$11.50 | 58-5286 | 12/case | 1 qt |

FUEL TREATMENT

- · Formulated for use in gasoline, diesel and LPG engines
- Known as tune-up in a bottle
- · Cleans and lubricates the entire fuel system, pumps, injectors or carburetors
- Neutralizes low sulfur fuel problems
- · Increases power and mileage by efficient burning
- . 1oz treats up to 5 gallons of fuel

| Desc | ription | WPS # | List | |
|---------|---------|---------|---------|----|
| 5.25 oz | 24/case | 58-5288 | \$5.50 | ea |
| 32 oz | 12/case | 58-5370 | \$12.95 | ea |

SYNTHETIC FORK OIL

- · Made from the highest quality SYNTHETIC base oils
- · Delivers more responsive handling
- · Prevents foaming
- · Reduces thermal expansion
- · Prevents seal hardening
- · Prevents static friction and gives great wear protection
- · Compatible use in all suspensions

| | escrip | tion | WPS # | List | |
|------|--------|---------|---------|--------|----|
| 5 W | 16 oz | 12/case | 58-5250 | \$6.50 | ea |
| 10 W | 16 oz | 12/case | 58-5251 | \$6.50 | ea |
| 15 W | 16 oz | 12/case | 58-5252 | \$7.50 | ea |
| 20 W | 16 oz | 12/case | 58-5253 | \$7.50 | ea |

ASSEMBLY LUBE

- · Formulated from ZINC, MOLY and other high pressure additives
- · Eliminates dry starts
- · Perfect for engine building or rebuilding
- · Prevents seizing, galling or scuffing
- · Compatible with all oils
- · Super slick and tacky
- · Easy to use

| Des | cription | WPS # | List | |
|------|----------|---------|--------|----|
| 4 oz | 12/case | 58-5265 | \$4.50 | ea |
| 8 oz | 12/case | 58-5266 | \$7.50 | ea |

ETHANOL FUEL **CONDITIONER**

- · Developed to prevent corrosion and degeneration of fuels containing ethanol
- · Cleans injectors, valve seats and combustion chamber while running
- · Works in any alcohol fuel mixes or gasoline
- Great for 2-stroke and 4-stroke engines
- · 1oz treats 5 gallons

| Desc | ription | WPS # | List | |
|---------|---------|---------|--------|----|
| 2 oz | 24/case | 58-5282 | \$3.50 | ea |
| 5.25 oz | 24/case | 58-5281 | \$7.50 | ea |
| 16 oz | 12/case | 58-5280 | \$9.95 | ea |

OCTANE BOOSTER

- · A real octane booster
- · Safe for use with turbos, oxygen sensors and catalytic converters
- Good in carbureted or injected engines
- Promotes cleaner fuel burn resulting in less exhaust emissions
- Not street legal, for use in 4 stroke engines only
- 15oz bottle treats up to 25 gallons of fuel

| Desc | cription | WPS # | List | |
|-------|----------|---------|--------|----|
| 2 oz | 18/case | 58-5290 | \$3.50 | ea |
| 15 oz | 12/case | 58-5291 | \$9.50 | ea |

CHAIN LUBE

- Designed for deep penetration for the pins and bushings
- · Foam facilitates penetration into chain
- · Excellent rust and corrosion inhibitor, as well as water resistant
- · Leaves protective film to ensure minimum wear and drag
- · Suitable for all types of chains

| Desc | ription | WPS# | List | |
|------|---------|---------|--------|----|
| 1 oz | 12/case | 58-5272 | \$8.95 | ea |

LUCAS APPLICATOR

- · Convenient bottle for tool box, range box and tackle box
- · Durable removable metal needle
- · Bottle has writable area for identification of continence
- · Made in the U.S.A.

| Description | WPS# | List | |
|-------------|---------|--------|--|

INDEX

AIR TOOL OIL

- · Extends air tool life
- Protects under extreme operating temperatures
- · Disperses water
- · Resists blow out
- · Excellent for locks

Description WPS # List

16 oz 12/case **58-5274 \$6.95** ea

FOAM FILTER OIL

- · Easy pour on
- Low solvent
- Low viscosity
- · Repels moisture
- · Penetrates filter easier to trap dirt and dust
- Improve air flow

Description WPS# List 12/case **58-5277 \$9.95** ea

SLICK MIST SPEED WAX · Premium paint gloss intensifier · Great for motorcycles, cars, trucks, boats and airplanes

· Shines and protects in one easy application Excellent on chrome,

- glass and vinyl Use on wet or dry
- surfaces Quick and easy

| 2 oz 20 pack w/counter | display | 58-5304 | \$2.50 | ea |
| 24 oz | 12/case | 58-5301 | \$8.95 | ea |

SYNTHETIC BRAKE FLUID

- Designed for all disc and drum brake systems requiring DOT 3/DOT 4 brake fluid
- · Safely mixes with DOT 3 brake fluid
- Minimum wet boiling point is 311° F (155° C)
- Meets FMVSS 116 and SAE J1704 specifications

WPS# Description List 12 oz 12/case **58-5320 \$4.95** ea

GUN OIL

- Protect your guns and equipment with the latest in lubricating technology
- Super slick formula clings well for easier operation and reduced wear
- · Heat and water resistant, environmentally friendly
- · Neutralizes acids caused by contact with human hands and resists drying during long storage periods

Description List 2 oz 18/case **58-5350 \$3.95** ea

HEAVY DUTY GREASE

- · Last four times longer than regular grease
- · Virtually waterproof
- All temperature stable
- Exceeds Lube for life specifications
- The ultimate grease for high speed bearings

| Descripti | WPS # | List | | |
|-------------------|---------|---------|--------|----|
| 1 lb tub | 12/case | 58-5295 | \$7.50 | ea |
| 14.5 oz cartridge | 10/case | 58-5296 | \$5.50 | ea |

RED 'N' TACKY GREASE

- · Formulated with rust and oxidation inhibitors
- · Water resistant
- · Maintains excellent mechanical stability
- Long storage life
- · Fortified with Anti-Seize compounds
- · Wide variety of applications

| Descripti | WPS# | List | | |
|-------------------|---------|---------|--------|----|
| 1 lb tub | 12/case | 58-5298 | \$7.50 | ea |
| 14.5 oz cartridge | 10/case | 58-5299 | \$5.95 | ea |

PARTS CLEANER & DEGREASER

- · Formulated with advanced
- Polyetheramine (PEA) detergents
- · Cleans and degreases carburetors, chokes, brake calipers and rotors, air intakes, throttle bodies and any unpainted metal parts
- · Fast drving
- · Will not harm catalytic converters or oxygen sensors
- · Does not contain CFC's or chlorinated solvents
- 50 state VOC compliance

Description WPS List 16 oz 12/case **58-5307 \$7.00** ea

CONTACT CLEANER

- · Formulated with a unique blend of solvents, cleaning agents and propellants
- · Removes oil, dirt and moisture
- · Non-chlorinated CFC free formula dries quickly and leaves no residue
- · Not for use on plastic

Description WPS# 14 oz 12/case **58-5309 \$9.50** ea

CLEANER

- · Removes brake fluid. grease, brake dust and other contaminants from brake linings, pads, cylinders, springs and drums
- · Safe for use on all disc and drum brakes including ABS
- · Powerful spray dries fast and leaves no residue
- Non-chlorinated, 50 state compliant

Description WPS# 14 oz 12/case **58-5308 \$6.95** ea

V-TWIN FULL SYNTHETIC **ENGINE OIL**

- · Full synthetic, ester-fortified 4-stroke engine oil
- Formulated specifically for V-Twin engines
- Approved for H-D V-Twin engines, transmissions and primaries
- Superior protection and oxidative stability at any temperature
- Excellent clutch feel and clutch protection
- Shear stable, ester-fortified formula maintains oil viscosity and film thickness
- Surface-active chemistry aggressively attaches to engine surfaces and keeps them clean
- Exceeds API SL and JASO MA2 specifications

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

V-TWIN HEAVY DUTY TRANSMISSION / GEAR OIL

- · Heavy duty formula offers extended performance in severe operating conditions
- Ultra high film strength gear oil provides excellent protection against shock loads, wear and increases fluid durability
- Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPM's
- Recommended for use in 4-, 5- and 6-speed high performance gear boxes
- Meets and exceeds all known OEM requirements and API GL-5 specifications

| Des | cripi | ion | WPS# | LIST | |

REFERENCE INDEX

V-TWIN SYNTHETIC PRIMARY OIL

· Full synthetic, ester-based motorcycle gear oil

 Formulated for use in high performance V-Twin transmissions and primary chain cases

- · Designed for all 1984 and newer Harley-Davidson® models with wet diaphragm spring clutches
- Shear-stable formula provides superior protection from wear, pitting and spalling
- · Ensures optimal clutch engagement, prevents slippage and minimizes wear
- Extends chain life by minimizing stretch and wear

WPS# Description List 78-99928 \$12.95 ea 12/case

V-TWIN PRIMARY OIL

- · Mineral-based motorcycle gear oil
- Formulated for use in high performance V-Twin transmissions and primary chain cases
- Designed for all 1984 and newer Harley-Davidson® models with wet diaphragm spring clutches
- Shear-stable formula minimizes chain and gear wear
- · Ensures optimal clutch engagement, prevents slippage and facilitates smooth shifts
- Extends chain life by minimizing stretch and wear

| Description | | cription | WPS# | List | |
|-------------|------|----------|----------|--------|----|

V-TWIN SPORTSTER **GEAR / CHAIN CASE OIL**

- · Mineral-based motorcycle gear oil
- Formulated for use in high performance V-Twin Sportster transmissions and primary chain cases
- Designed for 1971 and newer Harley-Davidson® XR and XL Sportster transmissions and chain cases
- Shear-stable formula minimizes chain and gear wear
- Ensures optimal clutch engagement, facilitating smooth shifts and enabling maximum power
- · Extends chain life by minimizing stretch and wear

Description WPS# 1 at 12/case 78-99923 \$8.95 ea

V-TWIN FORK OIL

- · Mineral based fork oil
- · Developed and tested in H-D® Fork Systems
- · Lubricinol-fortified formulation reduces overall friction and decreases stiction
- · Shear stable, high viscosity index formula maintains film strength and reduces wear
- Maintains optimal damping performance by minimizing foaming and air entrainment
- Keeps internals clean while eliminating corrosion and conditioning seals
- 10WT = H-D Type E, 20WT = Screamin' Eagle Heavy

| De | escrip | tion | WPS# | List | |

VTWIN OIL CHANGE IN A BOX

V-Twin Oil Change Kits are designed to ease the oil change process in your H-D® motorcycle. Each kit comes with all necessary products to complete a full oil change including Synthetic or Mineral 20W50 Engine Oil, Transmission Oil, Primary Oil, Drain Plug O-rings and a ProFilter Wrench Removal Premium Oil Filter. ProFilter Premium Spin-on Filters feature M-Pleat technology, a structural paper design allowing for larger filtration area and greater capacity to hold contaminants, extending filter life by 20-30%. Silicone Anti-Drain Back Valve to allow optimum oil pressure to be obtained quickly, reducing the time for oil to reach critical areas at start up. 100% leak tested and pre-lubricated gasket to ensure seal to engine.

M8 Kits Include:

- 5 qt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 qt Maxima V-Twin Mineral Transmission 80W90 Oil
- 1 qt Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 3 Drain Plug O-Rings

TWIN CAM Kits Include:

- 4 qt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 qt Maxima V-Twin Mineral Transmission 80W90 Oil
- 1 qt Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 3 Drain Plug O-Rings

EVO Kits Include:

- 4 qt Maxima V-Twin Mineral 20W50 Engine Oil
- 1 qt Maxima V-Twin Mineral Transmission 80W90 Oil
- 1 qt Maxima V-Twin Mineral Primary Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 3 Drain Plug O-Rings

Sportster Kits Include:

- 4 qt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 qt Maxima V-Twin Mineral Sportster Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 2 Drain Plug O-Rings

- Meets or exceeds OEM specifications and will not void the new vehicle warranty
- Synthetic and Mineral options available with conventional Trans, Primary and Chaincase Oils
- · Kits available with either Chrome or Black ProFilter Oil Filter

VTWIN QUICK CHANGE KIT

V-Twin Oil Quick Change Kits are designed to ease the oil change process in your H-D® motorcycle. Each kit comes with all necessary products to complete a motoroil change including Synthetic or Mineral Engine Oil, Drain Plug O-ring and a ProFilter Wrench Removal Premium Oil Filter. ProFilter Premium Spin-on Filters feature M-Pleat technology, a structural paper design allowing for larger filtration area and greater capacity to hold contaminants, extending filter life by 20-30%. Silicone Anti-Drain Back Valve to allow optimum oil pressure to be obtained quickly, reducing the time for oil to reach critical areas at start up. 100% leak tested and pre-lubricated gasket to ensure seal to engine.

M8 Kits Include:

- 5 gt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 1 Drain Plug O-Rings

TWIN CAM Kits Include:

- 4 qt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 1 Drain Plug O-Rings

EVO Kits Include:

- 4 qt Maxima V-Twin Mineral 20W50 Engine Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 1 Drain Plug O-Rings

SPORTSTER Kits Include:

- 4 qt Maxima V-Twin 100% Synthetic 20W50 Engine Oil
- 1 ProFilter Wrench Removal Premium Oil Filter
- 1 Drain Plug O-Rings

- Meets or exceeds OEM specifications and will not void the new vehicle warranty
- · Synthetic and Mineral options available
- · Kits available with either Chrome or Black ProFilter Oil Filter

100% SYNTHETIC CHAIN GUARD

- 100% Synthetic clear chain lube
- Designed to penetrate chain pins and rollers for optimum lubrication
- · Fights rust & corrosion and the attraction of dirt
- · Resists fling by creating a stringing effect
- Safe for use on X, Z and O-Ring chains
- For off-road & street use

| Description | | WPS# | List | |
|-------------|---------|---------|---------|----|
| 6 oz | 20/case | 78-9932 | \$7.95 | ea |
| 14 oz | 12/case | 78-9933 | \$11.95 | ea |

ASSEMBLY LUBE

- Formulated to protect at startup and facilitate efficient break-in
- 2X Zinc system provides exceptional antiwear protection at all temperatures
- Compatible with all mineral, semi-synthetic and full synthetic engine oils
- Rust and corrosion protection during extended storage
- Pleasant cinnamon scent

| Description | | WPS# | List | |
|-------------|---------|---------|--------|----|
| 4 oz | 12/case | 78-9970 | \$9.95 | ea |

FAB-1 FABRIC & FOAM FILTER SPRAY

- · Advanced spray-on synthetic air filter treatment
- · Will not plug foam cells or migrate off filter
- · Super tacky coating catches dirt and fine dust
- · Water-resistant
- Dark blue in color to ensure even coverage

| Description | | WPS# | List | |
|-------------|---------|---------|--------|----|
| 13 oz | 12/case | 78-9928 | \$9.95 | ea |

CLEAN UP DEGREASER & CHAIN CLEANER

- Heavy duty, emulsion type cleaner specially designed for chains
- Removes encrusted chain lube, dirt, sand and other contaminates
- · Safe on aluminum, steel and other metals
- · Will not harm O, X or Z-ring chains
- Easy spray on and rinse off application

| Description | | WPS# | List | |
|-------------|---------|---------|---------|----|
| 15.5 oz | 12/case | 78-9942 | \$10.95 | ea |

MPPL

- · Frees rusted & corroded parts
- Displaces moisture
- Perfect as a light lubricant
- Excellent fogging oil or starting fluid for 2 and 4 stroke engines

 Description

HI-TEST OCTANE

• Organic, contains no metal (lead, manganese

· Mixes with gasoline, alcohol and nitro mixtures

List

• Suppresses detonation and pre-ignition

· Eliminates pinging and knocking from low

BOOSTER

quality gasolines

Description WPS#

· Concentrated octane booster

or phosphorus) compounds

AIR FILTER CLEANER

- Specific spray-on foam and fabric air filter cleaner
- Removes heavy oils, greases soil and other contaminants
- · Will not harm foam, fabric or glued seams
- Emulsion formula contains no caustic chemicals and washes out easily with water

| Descri | ption | WPS# | List | |
|------------|---------|---------|---------|----|
| 15.5 fl oz | 12/case | 78-9940 | \$10.95 | ea |
| 640z | 6/case | 78-9976 | \$19.95 | ea |

WATERPROOF GREASE

- Multi-purpose lithium complex grease
- Excellent resistance to water washout.
 Saltwater resistant
- Clings to metal surfaces under the most severe condition, will not thin out
- Use on all motorcycle, ATV, PWC, trailer and snowmobile components
- Very high temperature grease suitable for disc brake applications
- NLGI #2 consistency

BRAKE FLUID

16 oz. 12/case **78-9950 \$6.95** ea

TWIN 20W50 MOTOR OIL

- Specially formulated, high performance, 100% triple synthetic motorcycle oil with ESTER
- Engineered to handle and protect against high temperatures found in big air-cooled Twins
- Molecular polar bonding technology enables oil to cling to metal parts, providing a protective film to help reduce wear at start-up
- Exceeds requirements for Twins with separate clutches and primary cases found on Harley-Davidson® models
- Designed to provide outstanding grip on wet clutches to prevent slippage
- High levels of ZDDP extreme pressure additives, combined with anti-oxidant and antifoam properties
- Recommended for use in H-D Milwaukee 8®, Twin-Cam®, Evolution®, Sportster® engines and primary case.

| Description | WPS# | List |
|-------------|---------|---------|
| 1qt 12/case | 82-2004 | \$17.79 |

TWIN 75W90 GEAR OIL

- An exceptionally high performance 100% synthetic transmission oil with ESTER
- Engineered for use in 4-speed, 5-speed and 6-speed transmissions
- API GL-5 rated, extreme pressure lubricant for helical or straight cut gears
- Ideally made to handle the high shock loads in Big Twin transmissions
- Molecular bonding technology enables the oil to cling to metal parts under extreme conditions
- Provides a protective film that extends the life of gears and bearings while reducing drag

| Des | scription | WPS# | LIST |
|-----|-----------|---------|---------|
| 1qt | 12/case | 82-2111 | \$23.78 |

TWIN PRIMARY OIL

- Engineered for use in Big Twin primary drives with wet clutches
- Provides outstanding grip for wet clutches to help prevent slippage and chatter

 Features a protective film that reduces wear and extends the life of bearings, chains and sprockets

| Description | WPS# | List | |
|-------------|---------|---------|----|
| 1gt 12/case | 82-2112 | \$17.79 | ea |

TWIN GEAR AND CHAINCASE OIL

- Engineered to handle the combined duties of protecting the primary drive and transmission on Sportsters
- Formulated to reduce drag and provide quieter and smoother shifting while providing outstanding grip for wet clutches, helping prevent slippage and chatter

• Exceptionally high performance 100% triple synthetic oil with ESTER

| Des | scription | WPS# | List |
|-----|-----------|---------|---------|

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

7100 4T

- 100% Synthetic Ester
- Formulated for catalytic converters and O2 sensors
- · Electrochemical bonding to metal parts
- Meets US V-twin requirements for use in all 3 compartments (20w50 only)

• Standards: API SJ, JASO-MA

INDEX

CHAIN LUBE FACTORY LINE

- · Specifically developed for road racing
- Compatible for o-ring, x-ring and z-ring chain
- Not recommended for off road use
- · Milky in color

Description WPS# List 9.3 oz 12/case **82-2213 \$12.96** ea

CHAIN LUBE ROAD

- Super tacky to resist high speed fling
- Compatible with standard o-ring, x-ring and z-ring chain
- Colorless

Description WPS# List 9.3 oz 12/case 82-2211 \$11.94 ea

WASH & WAX

- · Dry cleaner
- · Carnuba wax base
- · Protects and makes motorcycle paints plastics shine
- · Spray on, wipe off

Description WPS# 11.4 oz 12/case **82-2220 \$11.94** ea

CHAIN LUBE PASTE

- · Excellent for road and kart use
- · Very low rolling resistance for more power
- Compatible with o-ring, x-ring and z-ring chain
- · Brush applicator
- · White in color

Description WPS# 5.7 oz 12/case **82-2214 \$10.41** ea

SHINE & GO

- · Clear Coat
- Silicone base
- · Restores the beautiful luster of plastics, rubber and paints
- · Leaves a protective non stick film

Description WPS# List 13 oz 12/case 82-2223 \$11.21 ea

MOTO WASH

- Powerful cleaner / degreaser
- · Safe on all paint, metallic components and plastics
- · Leaves a corrosion resistant film

Description WPS# List 1 lt 12/case 82-2227 \$15.48 ea

HELMET CLEAN

- · Cleans the outside of helmets leaving no marks
- · Suitable for all helmets

Description WPS# List 8.45 oz 12/case 82-2230 \$8.29 ea

INSECT REMOVER

· Removes splattered insects, organic residues and tar from wind screens, fairing, paint, metal and plastics

| Desc | ription | WPS# | List | |
|---------|---------|---------|--------|----|
| 13.5 oz | 12/case | 82-2228 | \$7.18 | ea |

- · High performance semi-synthetic blend
- Single or multi cylinder applications
- Formulated with anti-shearing agents and friction modifiers for wet clutch applications
- Meets or exceeds API SG and JASO MA
- · Good for motors with wet or dry clutches

| Descri | otion | | WPS# | List | |
|--------|-------|--------|---------|---------|----|
| 10W40 | 1 lt | 6/case | 57-0933 | \$14.95 | ea |

COMPETITION FORK OIL

- High Viscosity Index formula far exceeds all OEM specifications
- Will not fade or be affected in hot or cold conditions
- · Accommodates different rider weights
- · Contains anti foam, anti wear agents
- Additives maximize fork seal performance

SUPER CLEANER

- Powerful solvents melts grease and grime away
- · Dries quickly
- · Leaves no residue

PROFESSIONAL WEW CARB/CHOKE CLEANER

- · Ideal for quick cleaning of injectors, carburetors, jets and linkage
- · High power spray, not harmful to rubber, vinyl or plastic
- · May be harmful to painted surfaces

WPS# List Description 17.07 fl oz 6/case **57-0401 \$11.50** ea AND CHOKE CLEANER

PROFESSIONAL WWW. BRAKE CLEANER

- · Cleans and degreases all brake units
- · Evaporates quickly without residue
- · Will not harm rubber, plastic or painted surfaces

| Description | | WPS# | List | |
|------------------------|--------|----------|---------|----|
| 18.93 fl oz | 6/case | 57-0402 | \$11.50 | ea |
| 18.93 fl oz California | 6/case | 57-04021 | \$11.50 | ea |

PROFESSIONAL CONTACT CLEANER

- Removes carbon and contaminants from electrical components
- · Evaporates quickly without residue
- Will not harm rubber, plastic or painted surfaces

| Description | | WPS# | List | |
|------------------------|--------|----------|---------|----|
| 18.95 fl oz | 6/case | 57-0403 | \$11.50 | ea |
| 18.95 fl oz California | 6/case | 57-04031 | \$11.50 | ea |

BLUE LABEL CHAIN LUBE

- · Clear formula won't fly off
- · Displaces and repels water
- Reduces chain stretch and the requirement for frequent adjustments
- · Lubricates between roller and sprocket
- Preserves O-Rings
- · Can also be used on standard chains

WPS# List Description 5 oz aerosol 12/case **57-0108 \$9.50** ea 13 oz aerosol 6/case 57-0122 \$15.50 ea

ASSEMBLY LUBE

- · Easy to use for assembly
- · Spray on and it sticks to internal engine components
- · Protects for start-up

Description WPS# 11 oz 6/case **57-0111 \$16.50** ea

CABLE LUBE

- · Cleans and lubes cables
- · Frees up sticky cables
- · Decreases drag
- · Extends cable life

Description WPS# List 11 oz 6/case **57-0112 \$13.50** ea

FUEL INJECTOR NEW /CARB CLEANER

- Keeps injectors/carburetors at peak performance for smooth and consistent power
- · Removes fuel deposits and petroleum debris
- Safe for all leaded, unleaded and oxygenated fuels
- For 2 and 4 stroke engines

WPS# Description List 12 oz 6/case **57-1312 \$11.50** ea

OCTANE PLUS

- · Has lubricating qualities similar to lead
- · Raises octane number approximately 4 numbers
- · Reduces 'knock' and 'ping'
- · Helps improve engine efficiency
- · Cleans carburetors and fuel systems
- INCOMPATIBLE WITH ANY METHANOL BLEND

Description WPS# List 16 oz 6/case **57-1316 \$14.95** ea

SPRAY & WASH

- · Rinses off with water
- · Save on plastics
- · Leaves no film or residue
- Has pleasant fragrance

Description WPS# 15 oz 12/case **57-1520 \$13.50** ea

FOG BLOCKER

- · Prevents fog from forming on goggles, face shields, glasses, mirrors, etc.
- · Ensures crystal clear vision under extreme conditions
- · Available in a convenient 4 oz. pump spray bottle that easily fits into toolbox, travel bag or saddlebags

Description

4 oz pump 12/case 57-0254 \$10.50 ea

PJ1 PAINTS 11 OZ AEROSOL - 6/CASE

20W50 MOTOR OIL

- Blended with specific friction modifiers that are compatible with wet-clutches, suitable for JASO MA applications
- Extended drain intervals over other brands due to higher quality basestocks and excellent dispersants
- Designed for the latest Big-Twin motorcycle engines that specify 20W50 motor oil, including including Evolution, Twin Cam, and aftermarket engines of similar design
- Superior film strength through the use of ester base stocks for protection and ring seal

| Description | | WPS# | List | |
|-------------|---------|---------|-----------|----|
| 1 qt | 12/case | 57-6531 | \$16.95 | ea |
| 55 gal | | 57-6537 | \$3124.95 | |
| Oil drum | pump | 27-0190 | \$93.95 | |

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

20W60 MOTOR OIL

- Recommended for V-twins that need more viscosity due to operation in extremely hot climates.
- Popular for Evos and Twin Cam engines with big bore kits, stroker kits or issues with valvetrain noise
- Specifically blended for air-cooled V-Twin engines with traditionally wide clearances like Knuckleheads, Shovelheads and Panheads
- Superior film strength through the use of ester base stocks for protection and ring seal
- Extended drain intervals over other brands due to higher quality base stocks and excellent dispersants

| Description | | WPS# | List | |
|-------------|---------|---------|-----------|----|
| 1 qt | 12/case | 57-6532 | \$16.95 | ea |

| Oil drum p | oump | 27-0190 | \$93.95 | |

WPS PAYS 1/2 FREIGHT ON DRUMS OF OIL

- · Same fluid as our famous MTL gear oil
- This product is for use in the primary chaincase with wet-diaphragm spring clutches.
- Improves clutch operation while reducing wear and temperature
- For 1984-to-present V-Twin American motorcycle engines, including Evolution, Twin Cam, and aftermarket engines of similar design
- Where most synthetics are too slippery for clutch operation, this friction-balanced product is balanced to provide less slip, smoother operation, and helps to apply more power in modified engines

| Description | | WPS# | List | |
|-------------|---------|---------|---------|----|
| 1 at | 12/case | 57-6522 | \$18.95 | ea |

V-TWIN TRANNY OIL

- This product dampens transmission noise (reducing the notorious shifting clunk found in these gearboxes), dramatically reduces temperature, provides thicker oil films between gear teeth and resists throw-off
- For all aftermarket versions like Baker, JIMS, S&S, etc.
- For all H-D[®] trans including with Evolution engines, Twin Cam engines, and latest 6-speed Cruise Drive
- Same fluid as our unique Heavy ShockProof® Gear Oil

| Description | | cription | WPS# | List | | |
|-------------|------|----------|---------|---------|----|--|
| | 1 at | 12/case | 57-6521 | \$19.95 | ea | |

FUNNEL

- That funnel that works
- · Rotate around to get into those extremely difficult areas
- · Works with all fluids

80W GEAR OIL

- Popular for Sportster V-Twin transmissions
- ShockProof® features microscopic solid medium to provide cushioning between gear teeth, while maintaining lower drag
- Provides consistent shifting and wetclutch operation

| Description | | | ion | WPS# | List | |
|-------------|------|------|---------|---------|--------|----|
| | | | | | | |
| | 80// | 1 nt | 19/caca | 57-6520 | ¢10 05 | Δ۵ |

POWERPACKS

- Complete kit for Big Twins with either 10W50, 20W50 or 20W60 motor oil
- Includes 5 quarts of Motorcycle Oil, 1 quart of V-Twin Transmission Oil with ShockProof, 1 quart of Primary Chain Case Oil, 1 bottle of Fuel Injection Cleaner for Motorcycles, a sticker kit, a Red Line Oil embroidered hat, and a versatile funnel

| Description | WPS# | List | |
|-------------|---------|----------|-----|
| 20W50 | 57-6560 | \$151.95 | kit |
| 20W60 | 57-6561 | \$151.95 | kit |

SYNTHETIC DOT 4 BRAKE FLUID

- Safeguards against vapor lock and brake fading
- Blends with and meets specifications of DOT 3. DOT 4. DOT 5.1
- 604 degrees Fahrenheit dry, 400 degrees Fahrenheit wet

| Description | | | WPS# | List | | |
|-------------|-------|--------|---------|---------|----|--|
| DOT 4 | 16 oz | 6/case | 57-6575 | \$17.95 | ea | |

SUSPENSION FLUID

- Superior shear stability over most popular shock oils
- · Allows use of lower viscosities
- Far less shock fade, provides lower operating temps for same viscosity when compared to conventional fluids
- Eliminates most foaming and provides excellent seal lubricity
- Anti-wear additives assist in longer shock life
- These products can be mixed together to create intermediate viscosities, customized for a dampener's particular characteristics

| Description | | | WPS# | List | |
|-------------|-------|---------|---------|---------|----|
| Likewater | 16 oz | 12/case | 57-6550 | \$13.95 | ea |
| 2.5W | 16 oz | 12/case | 57-6551 | \$13.95 | ea |
| 5W | 16 oz | 12/case | 57-6552 | \$13.95 | ea |
| 10W | 16 oz | 12/case | 57-6553 | \$13.95 | ea |
| 30W | 16.07 | 12/case | 57-6554 | \$13 95 | ea |

ASSEMBLY LUBE

- Prepares potential wear surface and prevents metal contact before adequate lubrication can be supplied
- Unlike other assembly lubes, Red Line's will not plug filters after initial engine start-up
- Provides 3x greater film strength than conventional black Molybdenum Disulfide greases
- Excellent rust and corrosion inhibitor, allows for long-term storage
- For use on camshafts, lifters, pushrods, piston skirts, main and rod bearings, and bolt threads
- Do not use on exhaust bolts or other high temperature bolts which require an anti-seize
- Recommended and used by top camshaft and drivetrain manufacturers

| Desc | escription WPS# | | List | | |
|-------|-----------------|---------|---------|----|--|
| 4 oz | 12/case | 57-6565 | \$10.95 | ea | |
| 12 oz | 6/case | 57-6566 | \$15.95 | ea | |

FUEL SYSTEM CLEANER

- Concentrated, high-temp detergents clean your carburetors or fuel injectors, fuel lines, tank, intake valves, combustion chambers, fouled plugs
- Improves fuel economy, throttle response, hesitation and stalling
- Compatible with both pump gas and race fuel, pre-mixed or injected two-strokes
- Cleans emission control systems (safe for catalytic converters and sensors)

Description WPS# List 4 oz 12/case **57-6545 \$5.99** ea

ENGINE AND DRIVE LUBRICANTS

Drawing upon 16 years of innovation and experience with clutches, this new oil has been engineered and tested to ensure it meets our highperformance standards. All three blends are Rekluse Factory Certified for use with Rekluse auto and manual clutch systems. Rekluse Factory Formulated Oil offers enhanced performance and is the perfect complement to any clutch system, including aftermarket and OEM.

Rekluse Factory Formulated Engine 4T Oil - SAE 10w40

- · Designed for use in wet clutch systems (2T/4T)
- · Reduced clutch heat for longer clutch life

_USE

- · Smoother shifting
- · Improved power transfer through the clutch
- · Rekluse Factory Certified for optimal clutch and engine performance
- Meets API SL, JASO MA2 standards

Rekluse Factory Formulated 2T Trans / 4T Engine Oil - SAE 20w50

- Designed for use in wet clutch systems (2T/4T)
- · Direct and consistent clutch feel
- · Improved power transfer through the clutch
- · Smoother shifting
- · Rekluse Factory Certified for optimal clutch performance
- Meets API SL, JASO MA2 standards

| Description | | | WPS# | List |
|--------------------------|-----|---------|----------|---------|

Rekluse Factory Formulated Primary Oil for V-Twin - SAE 20w50

- · Smoother shifting
- · Longer clutch life
- · Improved power transfer through the clutch
- · Rekluse Factory Certified for optimal clutch performance
- · Meets API SL, JASO MA2 standards

PLATINUM HEAVY DUTY **FULL SYN**

- Superior engine lubrication formulated for American made Harley-Davidson V-Twins
- Designed for highperformance and higher out put V-Twins
- Crafted from full synthetics and uses G4 Technology
- Dramatically increases throttle response and horsepower

Description

PREMIUM PRIMARY

PLATINUM 6 SPEED HEAVY DUTY FULL SYN TRANS

WPS#

- · Developed for Harley-Davidson 6 speed transmission
- · Provides quieter running and smoother shifting
- Formulated with G4 Technology
- Special anti-wear additives that greatly reduce wear
- Maintains higher film strength between gears while reducing drag

75W140 1 gt 12/case **582-05001**

Description

- · High loads and extreme heat resistant
- · Made to be pushed hard and long
- · Exceeds all O.E.M. and Harley-Davidson warranty requirements
- · A.P.I. GL-5 rated

\$25.95 ea

- CHAINCASE HEAVY DUTY Designed to withstand the punishment of high loads
 - Contains special Polymers to provide exceptional clutch engagement
 - Eliminates clutch drag and slippage by maintaining good temperature stability

- Formulated for Harley Davidson Sportster and Big Twin applications
- Exceeds all O.E.M. warranty requirements

Description WPS# 12/case **582-05041 \$11.50** ea 1 qt

MINERAL HYDRAULIC CLUTCH FLUID

- Designed for use in motorcycle hydraulic clutch systems
- Use in systems that require SAE 10 mineral oil, like Magura

 Description
 WPS#
 List

 4 oz
 12/case
 582-00017
 \$11.50
 ea

ASSEMBLY LUBE

- Recommended for initial installation and rebuilds in engines and transmissions
- · Fortified with anti scuff polymers
- Designed for rings, cam lobes, gears and bearings
- · Assures total starting protection
- · Has anti rust properties for prolonged storage

 Description
 WPS#
 List

 4 oz
 12/case
 582-00037
 \$5.95
 ea

DOT 4 RACING BRAKE FLUID 600

- Surpasses DOT 4 specifications with 321 C dry boiling point
- · Resists any fad do to heat
- · Designed for street and off-road

 Description
 WPS#
 List

 DOT 4 RACING 12 oz
 12/case
 582-00008 \$17.95 ea

DOT 5 HEAVY DUTY BRAKE FLUID

- Designed to surpass all DOT 5 specification
- · Will not harm paint

 Description
 WPS#
 List

 DOT 5
 12 oz
 12/case
 582-00009 \$22.95 ea

YEAR-ROUND SUPER COOLANT

- Specially formulated, low silicate coolant for aluminum engines and radiators
- Do not add water pre diluted coolant
- Year-round is a non-corrosive, phosphate-free and non-abrasive
- · Contains deionized water

 Description
 WPS#
 List

 1 qt
 12/case
 582-00092
 \$13.50
 ea

DOT 4 BRAKE FLUID

- Suitable for ABS system
- Moisture resistant
- 271 C dry boiling point

 Description
 WPS#
 List

 DOT 4
 12 oz
 12/case
 582-00007 \$11.50 ea

CHAIN WAX

- Paraffin-based formula designed to coat and protect
- Includes anti-wear additives to provide added life to sprocket and chains
- Spray on, leaves a dry wax film that resist dirt
- · Ads in protection against rust

 Description
 WPS#
 List

 10 oz
 12/case
 582-00089
 \$10.50
 ea

SYNTHETIC CHAIN LUBE

- Formulated to provide superior lubrication and protection
- · Made from the highest quality synthetic bases oils
- · Added thickeners to resists water
- · Gives protection long after other brands are done
- Provides smoother, quieter operation
- A non-drip, clear foaming formula

 Description
 WPS#
 List

 12 oz
 12/case
 582-00086
 \$10.50
 ea

AIR FILTER OIL

- High Tac synthetic formula traps and holds dirt
- Resist any dust work through even after hours of use
- Recommended for use on only foam or cloth style filters
- Ideal for OEM or aftermarket replacement filters

| Description | | WPS# | List | |
|-------------|---------|-----------|-------|----|
| 10 07 | 19/0200 | 582_00028 | ¢2 05 | ۵۵ |

AIR FILTER CLEANER

- An emulsifying agent picks up and slicks away water soluble grease and oil
- · Leaves the filter squeaky clean
- Use in off-road air filters
- For best results use Spectro Filter Oil

| Description | | WPS# | List | |
|-------------|---------|-----------|--------|----|
| 12 oz | 12/case | 582-00027 | \$8.95 | ea |

SUSPENSION CLEANER

- Easily cleans suspension components
- · Quickly removes grease and grime
- · Fast drying leaving no residue
- Will not harm rubber seals or o-rings

| Desc | ription | WPS# | List | |
|-------|---------|-----------|--------|----|
| 12 oz | 12/case | 582-00067 | \$7.95 | ea |

101 LUBRICANT

- Named for its 101 uses
- Excellent rust penetrant and multipurpose lubricant
- Lubricants levers, cables depresses water from chains
- Non-tacky formula resists attracting dirt

| Description | | WPS# | List | |
|-------------|---------|-----------|---------|----|
| 12 oz | 12/case | 582-00058 | \$10.50 | ea |

SPRAY AND POLISH

- Leaves chrome and painted surfaces spotless and clean
- · Quickly dissolves bugs and grime
- No fumes

| Desc | ription | WPS# | List | |
|-------|---------|-----------|---------|----|
| 12 oz | 12/case | 582-00057 | \$11.50 | ea |

Best performing cleaning solution available

MOTORCYCLE WASH

- Best performing cleaning solution available
- Toughest against dirt, grease, grime, bug splatter, brake dust and road film
- A simple spray on, wash off product

PREMIUM

- Leaves a sparkling, streak-free, clean surfaces
- · Gentle enough for daily washings
- Contains no petroleum solvents or harsh chemicals
- An aqueous-based, non-flammable product that will not spot-blanch metals if completely rinsed
- · Perfect for aluminum wheels

| Description | | WPS# | List |
|-------------|---------|-----------|-------------------|
| 1 qt | 12/case | 582-00047 | \$14.50 ea |

MELT MAGIC BURN REMOVER

- · A fast and easy answer to removing unsightly
- Caused by rubber and plastic that has been melted onto exhaust pipes and motors from boots or rain gear
- Safely and effectively removes debris without damaging bike surfaces or chrome pipes when used as directed

Description WPS# List 4oz 12/case **80-0290 \$8.99** ea

METAL POLISH

- Thick no-run formula that stays where you want it
- · Cleans, polishes and preserves most metal surfaces
- · Good for chrome, aluminum, brass, nickel, stainless steel, bronze, copper, magnesium, platinum
- · Contains white jewelers rouge that makes billet aluminum shine like chrome
- · Not for use on clear coated or anodized surfaces

Description WPS# List 8oz 12/case 80-0291 \$15.99 ea

BLACK BACK

- · Advanced silicone product that is the perfect finishing touch
- · Makes Black Wrinkle Paint finished look new
- A great melon scented spray quickly brightens, protects and restores
- · Good for paint, plastics, vinyl and rubber
- · Contains no ozone depleters or chlorinated solvents
- · Prevents dirt from adhering to treated surfaces

Description WPS# 12oz 12/case 80-0292 \$10.99 ea

PIG GREASE

- · Retards rust, repels moisture, lubricates and penetrates rust on any metal
- Harmless to paint, plastics, rubber or fabric
- Does not contain silicones
- · Good for motorcycle, automotive, boat and marine equipment
- · Ideal for sporting goods or household items
- Dries out wet ignition systems and motors, stops battery corrosion, and loosens rusty bolts
- Use on fishing tackle, guns, tools or any metal item where lubrication or rust and corrosion protection is needed

Description WPS# List 80-0293 \$10.99 ea

LEATHER CLEANER & PROTECTANT

- A one step advanced formula for cleaning, restoration and protection
- When dry it leaves a transparent, non-slippery, and water repellent gloss coating
- · Beautifies and restores surfaces
- UV protection ingredients helps to prevent drying, cracking and fading

MOTORCYCLE PRESSURE WASHER BUNDLE NEW

Introducing the World's first pressure washer designed and built purely for cleaning both bicycles and motorcycles

WHAT'S INCLUDED

- Pressure Washer
- · Pressure Washer Dry Bag
- 3x Cleaning Lances
- Snow Foam Lance
- 1L Nano Tech Motorcycle Cleaner
- 1L Nano Tech Concentrate
- Motorcycle Chain Cleaner
- Motorcycle All-Weather Lube
- · Motorcycle Protectant
- · 2x Luxury Microfiber Cloths

HIGHLIGHTS

- The Snow Foam Lance creates a thick dirt destroying foam layer
- · Soft touch finish to the lances and gun to prevent damage
- · Lightweight and compact, with waterproof Dry Bag for easy storage and transport

List 81-2212 \$309.99

SNOW FOAM NE

- · Premium foam treatment
- · Rapidly remove dirt and grime
- Ultra-stable foaming properties for maximum effect
- Does not strip wax, sealant or polish (neutral PH)
- Lush cranberry fragrance

- Banana Slip -Chain Lube
- Chain Monkey -Tensioner
- Muck Monkey -Brush

WPS# List 59-2808 \$64.99

CHAIN LUBE

Unique protection that performs

Our BananaSlip Chain Lube has been specifically formulated to perform exceptionally well under intense use in all weather conditions, while providing long lasting protection. Upon application it penetrates deep into all parts of the chain to give optimum coverage. BananaSlip Chain Lube contains a unique combination of properties in order to reduce frictional losses while leaving an anti-fling wet film with a slippery banana-flavored scent to protect against even the harshest environments.

Uses for BananaSlip Chain Lube:

- High performance motorcycles
- · Street, track or race riding
- · Regular application of chain oil
- · Aggressive or fast riding
- · Frequent gear changes and quick-shifting
- 500ML

WPS# List 59-2810 \$12.99

CHAIN WAX

Hard wearing, anti-fling Chain Wax

BananaSlip anti-fling PTFE Chain Wax is perfect for motorcycle and motorsport chains that will experience prolonged cycles and high impact environmental conditions.

Our unique formulation penetrates deep into the links of the chain before drying externally to leave a protective layer against water and dirt.

By producing an ultra-long lasting wax, BananaSlip keeps the joints of the chain well lubricated and reduces frictional losses between the chain and the sprocket up to twice as long as traditional chain oils. As a result, BananaSlip Chain Wax not only lubricates and protects but also enhances performance and the life of moving components.

Uses for BananaSlip Chain Wax:

- Touring, Sports Touring
- WPS# List 59-2811 \$12.99
- Off-road riding
- · Commuting & motorway
- · Mixed riding style
- 500ML

Banana Stip MOTORCYCLE CHAIN WAX

PRIMESHINE CHAIN CLEANER

- Perfectly removes all grease, oil and dirt build up
- Added chain protection
- Highly effective and easy to use
- Suitable for standard O, X and Z-Ring chains
- · Reduces friction
- · Brilliant for all road, off road and race chains
- 500ML

WPS# List 59-2812 \$12.99

PRIMESHINE BRAKE CLEANER

- · High powered nozzle blasts away dirt and grime
- Removes all brake dust, oil and grease
- Fast drying action with no residue
- Protects all seals and rubber components
- Perfect for brakes and clutches
- 500ML

WPS# List 59-2814 \$9.99

PRIMESHINE CARB

- · Cleans and lubricates
- · High powered formula for easy cleaning
- Perfectly formulated for cleaning and lubricating carburetors and injectors
- Effectively removes all particles, varnishes, and contaminants for perfect runability
- 500ML

| WPS# | List |
|---------|-------|
| 50-2015 | ¢0 00 |
| 03-2010 | 22.22 |

PRIMESHINE TT78 MULTI-USE SPRAY

- Motorcycle dedicated Multi-Use spray
- · Effectively degreases and cleans in one step
- · Perfect for high gloss finishes on engines and paint
- · Lubricates stiff components
- · Effectively prevents rust development
- · High water repellant properties
- · Perfect for general maintenance and cleaning
- 500ML

WPS# List 59-2816 \$10.99

MONKEY JUICE

- Monkey Juice Gel Bike Cleaner is a specifically formulated degreaser designed to instantly lift and remove stubborn dirt and grime generated from riding.
- The gel formulation sticks to the surface of the bike like no other, it does not drip away. This allows it to continue breaking down the dirt and grime for an unparalleled cleaner.
- The MicroFoam structure of Monkey Juice allows the foam to penetrate all pores within the dirt, to quickly and effortlessly lift it from the surface.
- Leaves a dirt repellent finish which reduces dirt build up.
- 100% Biodegradable and safe to use on all surfaces.

| Description | WPS# | List |
|--------------------------|---------|---------|
| 1L Spray Bottle | 59-2817 | \$12.99 |
| 100ML Refill sachet | 59-2818 | \$6.49 |
| 6/nk 100ML Refill Sachet | 59-2819 | \$30 00 |

PRIMESHINE BODYWORK FOAM CLEANER

- One spray instant foam cleaner and polish
- Quick, easy and highly effective all in one cleaner
- · No water needed, so no water marks!
- Perfect for Bodywork, Chrome, Painted & Plastic parts
- Leaves a highly polished, waxed surface
- Great for indoor cleaning
- 500ML

WPS# List 59-2813 \$12.99

PC-03 SEAL & O-RING GREASE

Pro Circuit's PC-03 Seal &
 O-Ring Grease is designed
 for use on any seal or o-ring
 during assembly. It's blended
 with PTFE, a Teflon like
 material, creating a super
 slick surface for less internal
 wear and friction even at
 extreme temperatures.

 Description

MIST-N-SHINE

PROFESSIONAL DETAILER

- · Adds a show-winning gloss and slickness to any vehicle
- · Brightens all paint, clear coat, fiberglass and chrome
- · Perfect to use between complete wax applications

| Desc | ription | WPS# | List |
|-------|---------|----------|---------|
| 80Z | | 57-6314 | \$9.50 |
| 22oz | 12/case | 57-6315 | \$16.95 |
| 1 gal | | 57-6315G | \$68.95 |

- · Great for spot cleaning to remove dust, bugs, fingerprints, etc
- Safe for show chrome and Lexan
- · Hides swirls
- · Will not scratch or streak, even in direct sun
- · Anti-static
- · Contains no wax, solvents or silicone body shop recommended

MYSTIC SPRAY AND WAX

SLICK FINISH DETAILER

- Slick Nano Technology Protection
- · Best in class spray wax-detailerdry wash
- · Instant bonding to paint, chrome, glass, fiberglass or any hard surface

| Description | | WPS# | List |
|-------------|---------|---------|---------|
| 220z | 12/case | 57-6300 | \$20.95 |

- · Relentless water beading wash after wash
- Extremely slick protective finish, adding gloss, depth and clarity with each application
- VOC compliant, contains no petroleum solvents or abrasives
- · Pleasing fragrance

WIPE DOWN

MATTE PAINT DETAILER

- · Safe for all paint systems
- · Quickly cleans matte finishes: suede, denim, satin primer, powder coat and all flat clears

| Des | cription | WPS# | List |
|------|----------|----------|---------|
| 220z | 12/case | 57-6316 | \$12.95 |
| 1gal | | 57-6316G | \$54.95 |

- · Adds no gloss or protection
- · Contains no wax, solvents or silicone
- · Removes dust, fingerprints, road grime and oily residue without adding gloss
- · Removes streaks and smears from overuse of waxes, glazes, etc.
- · Removes oily residue after buffing

BIKE WASH

COMPLETE BIKE CLEANER

- · Safe for paint, chrome, and plastics
- Foams away road grime, oil, grease, brake dust, and more

| Des | cription | WPS# | List |
|-------|----------|----------|---------|
| 22oz | 12/case | 57-6313 | \$13.95 |
| 1 gal | | 57-6313G | \$58.95 |

- · Strong enough to degrease engines and wheels
- Ease rinse formula cleans without spotting
- Biodegradable, ph controlled, no caustic soda, acids or bleach

BUG RELEASE ALL SURFACE BUG REMOVER

- Quickly removes bugs and bug residue
- Neutralizes acidic bug proteins so they can be easily washed away
- Safe for all motorcycle surfaces: paint, chrome, plastics, fiberglass, and Lexan
- Non-toxic and biodegradable
- Use as a presoak or spot cleaner

| Desc | cription | WPS# | List |

SCRATCH REMOVER

SCRATCH REMOVER & PRE-WAX CLEANER

- Levels minor scratches & swirls
- Removes light fading & blemishes
- · Excellent pre-wax cleaner
- · Safe on all paint, clears, & most plastics
- Hand or buffer application
- Safe alternative to harsh rubbing compounds

 Description
 WPS#
 LIst

 80z
 57-6310
 \$17.95

WASH CONCENTRATE

- Rich think foam
- Easy cleaning
- Streak free rinsing
- · Retains gloss and protection
- · Safe for all surfaces

| Description | WPS# | List |
|-------------|---------|---------|
| 16 oz | 57-6223 | \$11.50 |
| 1 gal | 57-6224 | \$52.95 |

SHINE MASTER

- · Easy on, easy off
- Use as a wax replacement, swirl mark remover or finishing glaze by hand or machine
- · No free silicone or wax
- · No streaks or smears
- Awesome gloss

| Description | WPS# | List |
|-------------|---------|---------|
| 160z | 57-6324 | \$18.95 |

METAL RENEW

ALL METAL LIQUID POLISH

- · Fast cut, high gloss
- Easier to apply and remove
- Brightens and renews aluminum, stainless steel and dull chrome*
- For show chrome use Mist-N-Shine®
- Creamy emulsion does not require constant shaking
- · Use by hand or with Metal Buffs Kit

 Description

GAUGE

FUEL CATALYST YOU EITHER HAVE FITCH OR YOU NEED IT!

- · Insure fuel quality during storage
- Increase gasoline octane or diesel cetane
- Improve engine performance (horsepower and torque)
- · Improve fuel economy

| Description | WPS# | List |
|-------------|---------|---------|
| 2/pak | 57-1290 | \$58.99 |

- · Reduce emissions green house gases
- Reduce engine maintenance
- · Improve oil burner efficiency
- One application good for 250,000 miles or 5000 operating hours
- · Sold two capsules per display card
- One capsule is good for up to a 10gal tank

ETHANOL TREATMENT

- A new formula designed to prevent corrosion from moisture and ethanol induced water attraction
- Best ethanol problem fighter with more than four times the fuel system cleaner than regular STA-BIL
- Contains twice the corrosion preventer than STA-BIL, as well as two non-alcohol water removers
- Designed for use with every fill up in all 2-4 stroke marine engines running gasoline, gas-oil mixtures, and ethanol blends
- Can also be used as a safe storage treatment in snowmobiles, motorcycles, motor homes, and all outdoor power equipment including lawn mowers and tractors
- 8oz treats up to 80 gals and 32oz treats up to 320 gallons

| Description | | WPS# | List | |
|-------------|---------|---------|---------|----|
| 8 oz | 12/case | 57-1109 | \$11.95 | ea |
| 32 oz | 6/case | 57-1130 | \$31.99 | ea |

FOGGING OIL

- Protects internal engine parts during storage
- · Prevents corrosion of surfaces inside engine
- For all 2-cycle & 4-cycle engines

 Description

"ISO-HEET" FUEL SYSTEM ANTI-FREEZE

- Prevents gum, varnish, rust and corrosion in the fuel system and combustion chamber
- · Keeps stored gas fresh indefinitely
- For use in all 2-cycle and 4-cycle engines

| Desc | ription | WPS# | List | |
|-------|---------|---------|--------|----|
| 12 oz | 24/case | 27-1006 | \$4.50 | ea |

- Recommended by 20 top engine manufacturers
- 4oz treats 10 gals
- 8oz treats 20 gals
- 32oz treats 80 gals
- 1 gallon treats 320 gals

XTREME CLEAN

- · Engineered to remove the toughest dirt, grime and greasy stains
- · Formulated to clean vinyl, fiberglass, plastic, rubber, metal carpets and more

| Desi | cription | WPS# | List | |
|-------|----------|---------|---------|----|
| 22 07 | 12/case | 57-1162 | \$12.95 | ea |

BIKE GUARD DETAILER

- · Cleans and adds shine to all fiberglass, metal, chrome and painted surfaces
- · Removes bug debris, grime, grease, dirt and water spots
- · Protective polymers repel UV rays

Description WPS# List 22 oz 12/case 57-1163 \$16.95 ea

MATTE FINISH DETAILER

- · Silicone and wax free alkaline neutral formula cleans all matte. denim, satin and all other nonglossy finishes and surfaces
- · Removes road grime, fingerprints, grease, bug deposits and more
- PTEF polymers leave a protective, invisible, non-glossy, non-sticky barrier to repel damaging UV rays and dirt
- · Formulated for use on all metal, fiberglass, plastic, wrapped and printed surfaces, helmets, fuel tanks, chrome, bags and more

WPS# Description 22 oz 12/case 57-1164 \$13.95 ea

WATERSPOT **REMOVER**

- · Instantly removes stubborn waterspots
- · Works on fiberglass, metal and painted surfaces
- · Spray on, wipe off formula, non toxic and non abrasive

Description WPS# 22 oz 12/case **57-1160 \$16.95** ea

CORROSION **BLOCKER**

- · Provides and invisible, long lasting, non-sticky barrier to corrosion
- · Protects engines, wiring terminals, metal hardware and more
- · Safe for all metal surfaces. displaces moisture and provides a non-conductive dielectric coating

Description WPS# List 22 oz 12/case 57-1161 \$20.95 ea

ULTIMATE LUBRICATING **FLUID**

- Contains Cerflon® for unsurpassed lubrication and Lanolin to coat surfaces and repel dirt and water
- Forms a micro-thin film that seals the treated surface for long-lasting lubrication and protection against corrosion
- Cerflon® nanoparticles bond to treated surfaces for long-lasting lubricity of all metal moving parts
- · Dielectric formula is ideal for forming a barrier against moisture and corrosion on battery terminals, junction blocks and wiring
- Deep-penetrates to loosen frozen bolts: displaces moisture; prevents further corrosion of rusted surfaces

| 11.75 oz aerosol 12/case | 57-1180 | \$9.95 | ea |

PROMOTIONA

REFERENCE INDEX

WHITE LITHIUM GREASE

- · Ideal for use marine, powersport and automotive applications
- · Can be used to lubricate plastic components
- · Helps prevent corrosion
- · Fits most standard grease guns

| Desc | ription | WPS# | List | |
|-------|---------|---------|--------|----|
| 14 oz | 10/case | 57-1169 | \$9.95 | ea |

WHEEL **BEARING GREASE**

- · Excellent corrosion protection from salt water and atmospheric chemicals
- · Water insoluble formula resists water wash out
- Highly recommended for all marine applications. trailer wheel bearings and most all other applications a high quality grease is needed
- Fits most standard grease guns

| Desc | cription | WPS# | List |
|-------|----------|---------|-----------|
| 14 oz | 10/case | 57-1167 | \$7.95 ea |

GREASE GUNS

- · Available in lever and pistol style
- · Ideal for most all lubrication tasks
- · Corrosion resistant finish
- · Fits standard zerk fittings
- · Accepts all 14oz grease cartridges
- · Flexible extension hoses available separately

| | Description | WPS# | List |
|---|-----------------------------|---------|---------|
| Α | Lever style | 57-1171 | \$21.95 |
| В | Pistol style | 57-1172 | \$29.95 |
| C | 12" Extension hose w/nozzle | 57-1173 | \$10.50 |

LIQUID ELECTRICAL TAPE

- Forms a protective, waterproof, UV resistant dielectric coating
- · Prevents corrosion on wires and terminals
- · Flexible and fire resistant
- Patented UL® tested fast drying formula
- Dries to the touch in 10 minutes, fully cures in 24 hours

| | | Black | | | |
|------|---------|--------------------|---------|---------|----|
| 1 oz | 12/case | 57-1176 57-1170 | 57-1178 | \$8.95 | ea |
| 4 oz | 12/case | 57-1170 | 57-1177 | \$12.95 | ea |

SYNTHETIC ENGINE COOLANT

- Utilizes Star Brite's revolutionary PCT additive package which is designed to maintain an engine's optimum operating temperature in order to develop maximum horsepower
- · Allows engines to quickly reach and maintain proper temperature and reduce operating temperatures faster than other coolants
- Formulated to meet or exceed all OEM and appropriate ASTM standards
- Non-toxic propylene glycol formula, does not contain nitrates, amines, phosphates, silicates, borates or other ingredients that can clog radiators
- Formulated to seal pinhole leaks and fissures
- Ready to use, protects against freezing down to -26°F and boil-over to 265°F

| Description | WPS# | List | |
|--------------|---------|---------|----|
| 64 oz 4/case | 57-1155 | \$19 95 | eа |

BRAKE CLEANER (CALIFORNIA)

- Economical
- · Fast drying
- Non-chlorinated
- Low VOC
- · California compliant

| Desi | cription | WPS# | List | |
|-------|----------|---------|--------|----|
| 13 oz | 12/case | 59-9085 | \$7.25 | ea |

CARBURETOR CLEANER

- · Removes carbon, gum, and varnish deposits
- · Safe for oxygen sensors
- · California compliant

| Desc | ription | WPS# | List | |
|-------|---------|---------|--------|----|
| 12 oz | 12/case | 59-9084 | \$8.50 | ea |

STARTING FLUID

- · Helps with starting in all types of engines
- · Saves battery draw in extremely cold weather

| Desi | cription | WPS# | List | |
|-------|----------|---------|--------|----|
| 11 07 | 12/case | 59-9083 | \$7.25 | e. |

PREVENTS THROTTLE FREEZE OR HANG UP

The easy way to lubricate the cables on your motorcycle. Lubricates

CABLE LIFE into the cable with no spill-over or mess. Just attach the

fresh lubricant. Cables need not be removed from the machine. Aids in preventing throttle from freezing in the open position. Good to -70°F.

CABLE LUBER to either end of the cable, insert the snorkel and press the button. The cable will be cleaned out while being recharged with

completely in five seconds! The CABLE LUBER power injects Petrochem

CABLE LUBER

- · Lubricates cable throughout entire length
- Pushes out built up grime while lubricating
- · Directs lube into cable housing

| Description | WPS# | List |
|-------------|---------|---------|
| Cable Luber | 27-4820 | \$12.95 |

CABLE LUBER

- · Injects lubricants into cable with a minimum of mess
- · Makes cables work as good as new
- Inexpensive

Lubricates and rust proofs.

| Cable Care Kit | ı |

TRI-FLOW

CABLE LUBE

- Cleans and lubes cables
- · Frees up sticky cables
- Extends cable life
- Decreases drag

| Description | | WPS# | List | |
|-------------|--------|---------|---------|----|
| 11 oz | 6/case | 57-0112 | \$13.50 | ea |

PENETRATING LUBRICANT

Light viscosity and high penetration. Resists water washout and the need for constant reapplication. Can carry heavy stress loads. Cleans and protects against dirt and build-up. Displaces moisture, prevents icing and inhibits the formation of rust and other corrosive build-ups. Sold Each.

ENZYME FUEL TREATMENT

CURES AND PREVENTS ETHANOL FUEL PROBLEMS

Unique enzyme formula prevents phase separation and fuel gelling by breaking down water and sludge to sub-micron size particles allowing it to be safely burned away during normal engine operation, eliminating ethanol fuel problems.

- · Safe for all 2 and 4 cycle engines
- Stabilizes fuel for up to 2 years
- · Rejuvenates old fuel
- · Removes carbon and varnish
- · Improves fuel economy
- · Cannot be overdosed
- 8oz bottle treats up to 48 gallons of gasoline
- · 8oz high concentrate bottle treats up to 128 gallons
- · 16oz bottle (highly concentrated) treats up 256 gallons of gasolines
- 8oz diesel formula treats up to 128 gallons of diesel

| Size | Sold As | WPS# | List | |

COMPLETE FUEL SYSTEM CLEANER

- Advanced combustion detergent
- · Cleans injectors, carburetors and intake valves
- · Removes carbon
- Improves air/fuel induction system
- · Reduces exhaust emissions
- · Improves fuel mileage

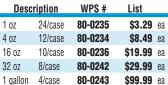

| Des | cription | WPS# | List | |
|------|----------|---------|--------|----|
| 1 oz | 24/case | 80-0237 | \$3.29 | ea |
| 4 oz | 12/case | 80-0238 | \$8.49 | ea |

ETHANOL EQUALIZER

- Stops all ethanol fuel problems
- · Removes water from fuel
- · Increases fuel mileage
- · Increases horsepower
- · Stabilizes fuel
- · Boosts octane
- · EPA registered

DIESEL DR. COMPLETE

- · Removes water from fuel
- · Cleans and lubricates
- Prevents gelling to -40 degrees
- Reduces smoking
- · Prevents algae growth
- · Increases fuel mileage
- · Boosts Certane and horsepower

| Des | cription | WPS# | List | |
|-------|----------|---------|----------|----|
| 4 oz | 12/case | 80-0244 | \$8.49 | ea |
| 16 oz | 10/case | 80-0245 | \$25.99 | ea |
| 1 gal | 4/case | 80-0246 | \$129.99 | ea |

MOTORSPORT 109 RACING FUEL

- Highly Oxygenated fuel
- Produces more horsepower than other unleaded fuels
- 5% gain over other premium unleaded fuels
- Recommended for turbo boost of up to 25 lbs.
- Naturally aspirated engines with a compression ratios up to 13:1
- · Approximate octane rating 104
- · Will require additional tuning to add fuel
- · This is an Oxygenated fuel
- This is a non leaded fuel

NOTE: Special order; drop-ship by pallet quantities only. It is the Dealers responsibility to understand and adhere to all local municipality, county and state laws, requirements and hazard regulations.

Contact your Sales Rep or WESTERN POWER SPORTS ONLINE use a fuel part number then the "MORE" tab then "BRAND DOCUMENTS" for order form.

| Description | | WPS# | List |
|--------------|--------|----------|-----------|
| MS109 | 5 gal | 30-36111 | \$112.00 |
| MS109 | 54 gal | 30-36113 | \$1064.00 |
| Drum Pump | | 27-0190 | \$93.95 |

All fuels that are Oxygenated/Highly Oxygenated have to be drained out of system or run through system. Fuel that contains MTBE will need to have injectors that are compatible with MTBE additive

T4 RACING FUEL

- Designed for stock or slightly modified 4T engines
- Direct replacement for premium pump gas
- At 97 octane you don't need to add an octane booster
- Gives a 2-3% more power and much better throttle response
- · Ethanol free
- · Approximate octane rating 97
- · This is an Oxygenated fuel
- This is a non lead fuel

NOTE: Special order; drop-ship by pallet quantities only. It is the Dealers responsibility to understand and adhere to all local municipality, county and state laws, requirements and hazard regulations.

Contact your Sales Rep or WESTERN POWER SPORTS ONLINE use a fuel part number then the "MORE" tab then "BRAND DOCUMENTS" for order form.

| Desci | ription | WPS# | List |

| T4 | 5 gal | 30-36138 | \$101.00 |
| T4 | 54 gal | 30-36140 | \$902.00 |
| Drum Pump | | 27-0190 | \$93.95 |

All fuels that are Oxygenated/Highly Oxygenated have to be drained out of system or run through system. Fuel that contains MTBE will need to have injectors that are compatible with MTBE additive

OCTANIUM

- Increases octane up to 8 full numbers (80 points)
- · Eliminates knocking and pinging
- Improves throttle response and acceleration
- · Cleans fuel injectors
- · Eliminates gum and varnish build up
- NOT 02 sensor/catalytic converter safe
- Treats up to 10 gallons

| Description | VP number | WPS L | List | ist | |
|--------------|-----------|---------|---------|-----|--|
| 32 oz 8/case | 2855 | 30-3636 | \$21.95 | ea | |

OCTANIUM UNLEADED

- Increases octane up to 7 numbers (70 points)
- 02 sensor/catalytic converter SAFE
- · Eliminates knocking and pinging
- Lead substitute
- Cleans fuel injectors
- Improves throttle response and acceleration
- · Eliminates gum and varnish build up
- · Increases horsepower
- Treats up to 10 gallons

| Description | VP number | WPS | List | |
|--------------|-----------|---------|---------|----|
| 32 oz 8/case | 29505 | 30-3637 | \$21.95 | ea |

REFERENCE INDEX

FUEL SYSTEM CLEANER

- · Provides quick cleaning, even under severe operating conditions
- Provides 5,000 mile protection
- Increases fuel mileage
- · Cleans pistons, rings, valves and restores performance
- · Virtually eliminates knocking and pinging

| Description | VP number | WPS | List | |
|--------------|-----------|---------|---------|----|
| 16 oz 9/case | 2805 | 30-3630 | \$11.95 | ea |

FUEL STABILIZER

- 3 year fuel stabilizer
- · Eliminates ethanol fuel problems
- · Protects and prevents need for repairs
- Extends engine life
- Reduces heat
- Use in all 2 stroke and 4 stroke gasoline engines
- · For use in every fill up

| Descri | ption | VP number | WPS | List | |
|---------|-------|-----------|---------|---------|----|
| 2 oz 12 | /case | 2812 | 30-3632 | \$4.95 | ea |
| 8 oz 9/ | case | 2815 | 30-3633 | \$10.95 | ea |

ATF PRO

- Reduces transmission temperature by up to 40F
- · Restores performance to older and high mileage vehicles
- · Doubles ATF change intervals
- · For standard, heavy duty, diesel and performance applications
- · Inhibits fluid oxidation and foaming
- · Eliminates torque converter and clutch pack shudders and chatters
- · Frees stuck valves and keeps them free
- · Protects seals and restores older seals to like new conditions without adverse side affects
- · Extends fluid life

| Description | | VP number | WPS | List | |
|-------------|--------|-----------|---------|---------|----|
| 8 07 | 9/case | 2037 | 30-3639 | \$16.95 | ea |

7-IN-1 **FUEL TREATMENT**

- · Increases horsepower
- · Improves vaporization
- · Reduces or eliminates knocking or pinging
- · Increases fuel economy
- · Cures ethanol problems
- · Stabilizes fuel and cleans injectors

| Description | | VP number | WPS | List | |
|-------------|--------------|-----------|---------|---------|----|
| | 16 oz 9/case | 2848 | 30-3631 | \$10.95 | ea |

POWER BOOST

- · Improves vaporization and enhances combustion
- · Restores lost power
- · Reduces need for higher octane
- · Cleans fuel system, removes deposits

| Des | cription | VP number | WPS | List | |
|-------|----------|-----------|---------|---------|----|
| 2 oz | 12/case | 2823 | 30-3634 | \$4.95 | ea |
| 16.07 | 9/case | 2825 | 30-3635 | \$10.95 | 63 |

from combustion chamber · Provides "seat-of-the-pants" power boost

COOL DOWN

- · Reduces cylinder head temps 75F and overall coolant temps by up to 30F
- · Increases coolant flow for better heat transfer
- · Lubricates all vital components without the crystallization of other coolant additives
- · Protects sensitive aluminum alloys
- Formulated for use with today's new OATformula engine coolant
- Meets ASTM D3306 specification as a stand alone engine coolant (when mixed with filtered water)
- Contains multiple surfactants for unsurpassed temperature reduction

| Description | VP number | WPS | List | |
|--------------|-----------|---------|--------|---|
| 16 nz 9/case | 2085 | 30-3638 | ¢11 Q5 | ρ |

ULTRA MARINE

- Treats up to 240 gallons
- Stops water/ethanol issues
- · Vapor corrosion inhibitor
- · Keeps fuel fresh
- · Slows fuel aging
- · Cleans fuel injectors
- Protects plastic/rubber
- · Phase separation
- · Bonds 2 Stroke oil to gasoline

| Description | VP number | WPS | List | |
|--------------|-----------|---------|---------|----|
| 24 oz 6/case | 2039 | 30-3640 | \$19.95 | ea |

5 IN 1 FUEL ADDITIVE

- Boosts octane by up to 2 points: E-10/E-15 gasoline absorbs moisture from the air, and if enough water is present will phase separate. 40-80% of the ethanol will be drawn away from the gasoline, forming two distinct layers. The top layer is gasoline with a lower octane, while the bottom layer is a mix of water and ethanol that will not burn. Helix 5-In-1 helps prevent phase separation in ethanol-blended gasoline.
- Stabilizes fuel for up to 2 years: Helix 5-In-1's complex organic stabilizers hold petroleum compounds together.
- Cleans injectors and carburetors: Helix 5-In-1 dissolves gums and varnishes in the fuel system for easier starting, smoother idle, more power and better acceleration; cleans carburetors and fuel injectors for better mileage; and dissolves deposits on injector tips to restore the spray pattern.
- Lubricates fuel system components: Helix 5-In-1 contains an organic lubricant that coats the fuel system components to prevent corrosion and oxidation of metallic components and will burn cleanly and completely, leaving no ash deposits to foul rings, valves or plugs.
- Helix 5-In-1 Ultimate Fuel Treatment is designed for use in motorcycles, snowmobiles, ATVs, watercraft, power equipment and all gasoline engines. It's recommended for use in all gasoline fuels, but specially formulated for ethanol blends. One 8 oz. (237 ml) bottle treats up to 16 gallons (60 liters) of fuel.

| Size | Sold As | WPS# | List |
|-------------------------|---------|---------|----------|
| 8 oz | 1/pk | 57-0685 | \$11.50 |
| 8 oz w/ counter display | 12/pk | 57-0686 | \$132.95 |

KIT "A" CONTAINS:

- 1 12oz Air Filter Cleaner Spray Bottle
- 1 8oz Squeeze Oil and Service Decal

RECHARGER

FILTER CARE SERVICE KIT

A six-step maintenance system designed to recharge your K&N Filtercharger® Air Filter. Completely restores air flow efficiency so your Filtercharger® performs like new!

| | Size | WPS# | List |
|---|---------|---------|-------------------|
| Α | 12/case | 62-1514 | \$25.99 ea |
| R | 12/case | 62-1515 | \$16.99 ea |

KIT "B" CONTAINS:

PERFORMANCE FILTERS

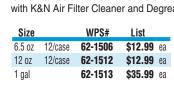

- 1 12oz Air Filter Cleaner Spray Bottle
- 1 6.5oz Air Filter Oil Aerosol

AIR FILTER OIL

Specially formulated to work in combination with the cotton fabric in K&N air filter elements providing a superior air filtration system. When used as directed, it quickly penetrates the filter pleats where it remains suspended in the cotton fabric. Saturation is maintained until the element is eventually cleaned with K&N Air Filter Cleaner and Degreaser.

| Size | | WPS# | List | |
|--------|---------|---------|---------|----|
| 6.5 oz | 12/case | 62-1506 | \$12.99 | ea |
| 12 oz | 12/case | 62-1512 | \$12.99 | ea |
| 1 gal | | 62-1513 | \$35.99 | ea |

SEALING GREASE

Provides an airtight fit around sealing surfaces on all types of air filter elements. It resists heat and will not melt and run off. K&N Sealing Grease is not to be used on clamp-on filter elements.

| Size | | WPS# | List | |
|------|---------|---------|---------|----|
| 6 oz | 12/case | 62-1509 | \$15.99 | ea |

AIR FILTER CLEANER AND DEGREASER

Formulated to clean K&N (cotton fabric type) air cleaners and air filter elements. K&N Cleaner and Degreaser works to dissolve oily dirt build-up and can be washed away with water. It is biodegradable and safe on paint, chrome, aluminum, plastic, rubber and vinyl.

| Size | | WPS# | List | |

INDEX

KREEN Products inc.

COMBO PACK™

Contains 1 pint Fuel Tank Liner, 1 pint Tank Prep A, 1/2 pint Tank Prep B. Enough for complete treatment of average size tanks. Shrink wrapped for convenience.

TANK-PREP™

Contains 1 pint Prep A, 1/2 pint Prep B. Prep A is a concentrated cleaner that dissolves rust and etches the tank surface. Prep B is a final rinse and conditioner to prepare the tank for KREEM liner.

FUEL TANK LINER

1 pint. Sold each. Produces a "tank within a tank", a tough lining that protects from rust and corrosion. Approximately 1 pint is required per three gals of tank capacity.

TANK-MASK

Contains 1/2 pint of protective coating to be used on the outside painted surface of fuel tank while using Kreem tank liner. Washes off easily with soap and water.

| | Description | WPS# | List |
|---|-----------------|---------|---------|
| Α | Combo Pack | 27-4732 | \$51.95 |
| В | Tank Prep | 27-4734 | \$25.95 |
| C | Fuel Tank Liner | 27-4730 | \$27.95 |
| D | Tank Mask | 27-4735 | \$22.95 |

BLASTER

DRY COAT™ RUST PREVENTATIVE SPRAY

- Rust protection for your powersports vehicle during indoor storage or restoration projects.
- Safe, water-based formula prevents rust on iron and steel

Quick and easy spray application

- Unique, non-sticky formula dries to the touch-not attracting dirt or dust
- Forms barrier coating to protect metal from rust formation
- Provides rust protection for up to 1 year of indoor storage
- Easily removed for paint or powder coat application

| Description | WPS# | List |
|--------------|----------|---------|
| 16 oz bottle | 27-14862 | \$19.95 |

Metal Rescue

METAL RESCUE™ RUST REMOVER BATH ___

- De-rust your motorcycle/ATV gas tank and all vehicle parts in one easy step!
- No messy creams or acids
- Safe, water-based formula is designed to remove rust from iron and steel
- Metal Rescue is non-toxic, easy to dispose of, biodegradable and re-usable
- Metal Rescue[™] will not harm, paint, seals, gaskets, plastic, rubber, and is safe on bare skin
- Works well in all rust-removal applications such as chrome, wheels, mirrors, handle bars, kick stands
- For optimal results in fuel tank de-rusting, fill tank to its entirety with Metal Rescue™

| Description | WPS# | Price |
|------------------------------------|----------|----------|
| 14 oz concentrate (makes 1 gallon) | 27-14853 | \$30.95 |
| 5 gallon bath bucket | 27-14851 | \$129.95 |

ADHESIVES AND THREAD LOCK ThreeBond

A **Low Strength Thread Lock** #1342: Perfect for small screws and bolts with applications that require a force of only 10-20% greater than used for tightening.

E Liquid gasket #1184: Excellent padding properties make this semi-drying sealer perfect for joint surfaces with large clearance. The synthetic rubber absorbs vibrations and impacts without failure, especially when coolants are involved.

Medium-Strength Bearing and Stud Thread Lock #1333: Retains high-strength properties for bearings and studs. Apply heat to soften for easier removal.

F Silicone liquid gasket #1211: Silicone rubber. Perfect for sealing complex 3-point surfaces. 100% effective for temperature ranges of -60° to 250° C.

C Medium-Strength
Hi-Temperature Thread Lock
#1360: Incorporates anaerobic locking agents, and a heatresistant element for sealing engine and exhaust parts.

G
Synthetic Rubber Adhesive
#1521: Rubber-based contact
cement for flexible hold to bond
rubber, plastic, vinyl, metal, leather,
wood, ceramic etc. Sets up in 5-10
min. Waterproof.

D Hi-Strength Thread Lock #1303: For various threads, bolts and joints which must remain secure.

H Super Glue #1742-B: Attains practical use strength in seconds. No evaporative elements and no shrinkage to weaken bonding. Excellent for nonporous materials.

RTV Sealant (grey):
For sealing against
oil and coolant leaks.
Highly resistant to
heat and cold. OEM
specified for use on
Motorcycles, ATV, UTV
and Snowmobiles.

Gasket-Maker (black): High viscosity, high performance, high heat. OEM specified, nonsumping paste highly resistant to oils, chemicals and coolant. Effective in vibrating conditions, containing strong adhesion properties.

K
Liquid Gasket (grey) Solventless silicone sag
type. Use in case to case Where NO GASKET
is used.

Formed-In-PLace (dark grey) Engine RTV, formulated as a high performance temperature vulcanized silicone.

M Grip Lock #1501CT100: A high strength adhesive specially formulated to keep grips in place without damaging the rubber. Ideal for Snowmobile, Motorcycle, ATV and Personal Watercraft.

INDEX

HIGH TACK™ GASKET SEALANT

- · Fast drying, all purpose sealant dries to a tacky, non-brittle film
- · Resists gasoline, oil, antifreeze, diesel, kerosene, propane and butane
- Temperature range -65° F to 500° F

Description WPS# List 4 oz brush top can **59-9189 \$9.89** ea 59-9190 \$14.09 ea 4.75 oz aerosol

ULTRA BLACK HI-TEMP RTV SILICONE

- · Fast-curing formula, sensor safe, low odor, noncorrosive
- · Meets performance specs of OE silicone gaskets
- · Retains high flexibility, oil resistance properties
- Temperature range -65°F to 550°F intermittent

Description WPS# List 3.35oz 12/case 59-9219 \$9.89 ea

MOTOSEAL™

- · Solvent-based bond fully seals within 20
- · Resists gasoline and other damaging fluids
- Flexible bond that is highly effective on irregular and uneven joint surfaces
- Ideal for use on frequently disassembled engines

Description WPS# List **59-9183 \$8.89** ea 2.7 oz tube 6/case

HIGH TEMP RTV SILICONE

- · Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -75° to 650°F

Description WPS# List 3 oz tube 12/case 59-9185 \$10.89 ea

COPPER SPRAY-A-GASKET®

- Fast drying, metallic copper sealant helps dissipate heat, prevents gasket burnout, and improves heat transfer
- Fills minor surface irregularities, seals instantly
- Temperature range −50° F to 500° F, resists all types of automotive fluids, especially gasoline

WPS# Description List 9 oz aerosol 12/case **59-9194 \$16.95** ea

BLUE RTV SILICONE

- · Recommended for valve covers, oil pans, timing covers, thermostat housings and transmission covers
- Temperature range -65° to 500°F

Description WPS# List 3 oz tube 12/case 59-9184 \$6.89 ea

RIGHT STUFF™ **POWERBEAD™** GASKET MAKER

- Elastomeric rubber gasket rubber gasket technology is blowout resistant and out performs pre-cut gaskets
- Protects against leaks caused by vibration and thermal expansion, sensor safe
- Temperature range -75° F to 450° F continuous, 500° F intermittent
- 7.5oz size in a PowerBead™ pressurized can

| Description | | WPS# | List | |
|-------------|--------|---------|---------|----|
| 7.5 oz can | 6/case | 59-9193 | \$47.95 | ea |
| 3 oz can | 6/case | 59-9203 | \$26.95 | ea |

ULTRA COPPER® SILICONE GASKET **SEALANT**

- The most advanced RTV silicone gasket available
- · Three times more oil resistant than conventional silicones, eight times more flexible than cut gaskets
- Temperature range -65° F to 700° F

| Descr | iption | WPS# | List | |
|-----------|---------|---------|--------|----|
| 3 oz tube | 12/case | 59-9192 | \$8.89 | ea |

WATER BOND EPOXY STICK

- · 2-Part hand kneadable putty type industrial strength epoxy in a stick
- Bonds and repairs fiberglass, PVC copper, brass, iron, aluminum, potable water tanks, fuel tanks, drains
- · Works for boats and other marine components exposed to fresh/salt water, alcohols, dilute acids, gas, diesel, and hydraulic fluids
- · Sets in 5 minutes, cures in 1 hour
- Can be sawed, drilled, carved, sanded and painted when fully cured
- DO NOT USE on polyethylene or polypropylene materials

WPS# List 59-9204 \$9.89

GASKET REMOVER

- Quickly removes solvent based gasket adhesives and sealants, even baked on gaskets
- · Eliminates scraping and potential damage to flanged surfaces
- · Prepares surfaces for new gaskets
- · Not for use with silicone sealants

WPS# Description List 4 oz aerosol 6/case 59-9195 \$21.95 ea

PRO SERIES LEATHER /VINYL REPAIR KIT

- Repairs leather and vinyl upholstery, dashboards, vinyl tops, marine upholstery, and luggage
- Includes everything needed for repairs, electric heat iron, color compounds, plastic dashboard hardening powder, and more
- Works great for pwc. marine, atv/ utv, and motorcycle

WPS# List 59-9205 \$29.95

ANAEROBIC GASKET MAKER

- Non-corrosive gasket material designed for use on aluminum, iron and steel flanged mating surfaces
- Fills gaps up to .015" and cures to a solvent resistant that will not tear or decay during
- Allows for easy disassembly, old gasket material can be removed with a putty knife
- Great for split crank cases, water pumps, chain cases and transmission cases

Description WPS# 50 ml tube 6/case **59-9191 \$21.95** ea

WEATHER STRIP ADHESIVE

- · A superior adhesive ideal for many applications including rubber, metal, auto or van carpeting and fabric-backed vinyl upholstery and automotive gaskets
- · Allows for repositioning parts after contact is made
- Withstands extreme temperatures is waterproof and resists gasoline, kerosene, antifreeze and most solvents
- · Also works great as a grip glue

WPS# Description List 2 oz tube 12./case

• Temperature range -60° F to 1600° F

Description WPS# 1 oz tube 12/case **59-9196 \$5.69** ea 4 oz bottle 12/case 59-9197 \$8.89 ea

59-9180 \$5.69 ea NET WT. 1 0Z. CONT. NET. 28

COLD WELD BONDING COMPOUND

NET WIT 187 / POINT NET 28:

- · A 15 minute, two-part adhesive and filler system that hardens like steel
- It can be drilled, sanded, painted and filed
- Resists most automotive, shop and cleaning fluids
- Withstands temperatures to 300° F

WPS# Description Two 1 oz tubes 12/case 59-9200 \$8.89 ea

GENERAL PURPOSE EPOXY

- · Versatile, easy to use, general purpose epoxy
- · Works for ceramic, chrome, fabric, fiberglass, glass, hard plastic, rubber and metal
- · Resists most liquids.
- · Convenient 2-part dispensing syringe
- · Fills gaps and bonds trim
- · Crystal clear appearance
- Resists temperatures up to 180º F.

WPS# Description List 59-9223 \$8.89 ea .84 fl oz 6/case

INDEX

DIELECTRIC GREASE

- · Protects electrical connections and wiring from salt, dirt and corrosion
- · Prevents voltage leakage around any electrical connection
- Keeps spark plugs from fusing to boots

| Descr | iption | WPS# | List | |
|-----------|---------|---------|---------|----|
| 3 oz tube | 12/case | 59-9199 | \$17.95 | ea |

MULTI-METAL EPOXY

- Versatile, easy-to-use, multi-metal epoxy adhesive is two-part adhesive and filler
- · Eliminates the need for welding or brazing
- · Sets in five minutes with no clamping needed
- · Fills gaps and will not shrink
- When cured, can be drilled, sanded, threaded or filed
- · Resistant to water and solvents
- Temperature range -60°F to 300°F (-51°C to 149°C)
- Permanent strength up to 4500 PSI

Description WPS# List **59-9224 \$8.89** ea .84 fl oz 6/case

VALVE GRINDING COMPOUND

- · Aids in valve grinding and seating operations
- · Can be used for lapping and grinding chromium
- · Mixes with water to form an easy to use paste

WPS# List Description 3 oz tube 12/case **59-9198 \$7.89** ea

FUEL TANK REPAIR KIT

- · Permanent repair
- Easy-to-use complete kit
- · Repairs all types of metal tanks

Description WPS# List Kit 6/case **59-9181 \$20.95** ea

PENETRATING THREADLOCKER

- Low viscosity thread locking liquid which always it to wick down the threads of assembled fasteners
- This allows preventive maintenance procedures to be greatly simplified
- Recommended for fasteners from #2 to 1/2 inch

| Description | | WPS# | List | |
|-------------------------|--------|---------|---------|----|
| Green Threadlocker 6ml | 6/case | 59-9216 | \$12.99 | ea |
| Green Threadlocker 36ml | 6/case | 59-9217 | \$51.95 | ea |

HIGH TEMPERATURE THREAD SEALANT

- · Locks and seals threaded fittings, great for fuel, cooling and hydraulic fittings
- Resists leakage, vibration loosening and moisture
- · Won't shred or wear like thread sealing tape
- Temperature range -65° F to 400° F

| Description | | WPS# | List | |
|-------------|---------|---------|---------|----|
| 6 ml tube | 12/case | 59-9187 | \$5.69 | ea |
| 50 ml tube | 6/case | 59-9188 | \$19.95 | ea |

GEL THREADLOCKER

- Gel formula provides "liquid-reliability" without drips, globs, mess or waste
- Available in blue (medium strength) and red (high strength) formulas in a 5 gram tube and 10 gram twist applicator

| | Description | | WPS# | List | |
|-----|-----------------------|--------|---------|---------|----|
| Bli | ue Threadlocker 5 gr | 6/case | 59-9172 | \$13.09 | ea |

ULTRA SLICK' ENGINE ASSEMBLY LUBE PARTI NO. 81950 NET 4 FL. OZ. (188 m)

ENGINE ASSEMBLY LUBE

- Gives proper lubrication of metal mating surfaces prior to starting a new or rebuilt engine
- Adheres to component surfaces to prevent scuffing and galling during initial start-up
- This high quality formulation meets or exceeds OEM performance specs for engine assembly lubricants

| Des | cription | WPS# | List |
|-----|----------|---------|------------------|
| 40Z | 12/case | 59-9218 | \$7.89 ea |

LIQUID ELECTRICAL TAPE

- Weatherproof protectant for wiring and electrical connections
- Goes on as a liquid and dries to a vinyl polymer that resists dirt, dust, chemicals and moisture
- Brush top applicator allows coverage without gaps and enables access to tight spaces that roll tape and shrink tubing can't get to

| Descri | otion | WPS# | List | |
|-------------|--------|---------|---------|----|
| 4 oz Bottle | 6/case | 59-9178 | \$15.09 | ea |

LIQUID THREADLOCKER

- Liquid formula is the standard in the industry, give the protection of security with out the use of lock washers or lock nuts.
- Available in blue (medium strength) and red (high strength) formulas in convenient sizes.

| Description | | WPS# | List | |
|------------------------|--------|---------|---------|----|
| Blue Threadlocker 6ml | 6/case | 59-9212 | \$9.89 | ea |
| Blue Threadlocker 36ml | 6/case | 59-9213 | \$42.95 | ea |
| Red Threadlocker 6ml | 6/case | 59-9214 | \$9.89 | ea |
| Red Threadlocker 36ml | 6/case | 59-9215 | \$42.95 | ea |

DECAL AND ADHESIVE REMOVER

- Fast-acting formula quickly removes adhesive residue, decals, bumper & window stickers, tape, tar, sap, bugs, grease, and other sticky substances
- Contains no acetone and is safe for use on virtually any surface including windows, auto body paint, bumpers, vinyl, leather, fabric, metal, plastic, and wood
- Safe for indoor use, great for removing dirt bike graphics

| Descrip | otion | WPS# | List |
|------------|---------|---------|------------|
| nz Aerosol | 12/case | 59-9176 | \$10 89 ea |

GREZ OFF™ DEGREASER

Description

- A biodegradable, water based, heavyduty degreaser that effectively removes grease and dirt
- Works as well as traditional solvents, is non-flammable and VOC compliant in all 50 states

WPS#

Liet

| 32 oz bottle 12/case | 59-9179 | \$10.89 | ea |

SERIAL DIAGNOSTIC SYSTEM

Professional diagnostic and tuning capable tool offered for Harley Davidson/Buell, as well as Indian/Victory. The Serial Diagnostic System Kit diagnoses the Electronic Fuel Injection Module (EFI) and others (Security Modules, ABS, etc.) through the diagnostic connector. The system consists of a communication interface with Harley-Davidson or Indian adapters, USB cable for connection to your Laptop (PC) and the downloadable software is compatible with Windows 7, 8 and 10. A wireless Bluetooth Diagnostic Kit is also available for Windows based tablets. Internet connection is always required while tool is in use. Additional adapters for the 2021-Up Harley models and CAN-BUS models are included in the Harley kits. The system performs the following functions and more:

HARLEY DAVIDSON AND BUELL MODELS:

All models since 1995: Delphi, Magneti Marelli, VDO IGN and Thunder Max EFI

OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED AND FUNCTIONS:

- · Ignition Module
- EFI (Electronic Fuel Injection Module) All models
- TSSM (Turn Signal Security Module) Key FOB with button
- HFSM (Hands Free Security Module) Key FOB without button
- BCM (Body Control Module) Key FOB without button
- SCM (Security Control Module)
- Gauges (Speedo, Tach and Instrument Module) All models
- ABS Module (Delphi + CAN models) All models
- · Radio, Thunder MAX EFI (models with 4-pin Datalink connector)
- Read and Clear Diagnostic Trouble Codes All models, updated trouble codes, parameters and texts.
- · Limits of Measured Parameters

- . LHCM and RHCM (Left/Right Hand Control Modules) Parameters and Special Functions
- · Read Identification Data (part numbers, VIN number) All models
- Monitoring Real-Time Data (throttle position, temperature, oxygen sensors, turn signals etc.)
- Test Actuators (injectors, coils, main relay, fuel pump, idle, turn signals, tachometer, lamps, alarm etc.)
- Service Information and links to Owners Manuals, Wiring Diagrams and Parts Catalog.
- · Buell diagnostics is incorporated in Harley-Davidson diagnostics
- · Unit of Measure Selection Metric/Standard
- · Communication Interface is CAN ready (models with 6-pin Datalink connector)

MOTORCYCLE REPORT

Search for and identify all embedded control units. Read fault code memory + generate and print a diagnostic report with odometer reading

Special functions in one place with description of the function:

TOOLBOX

- Speedo Module: Parking Brake, Instrument External Indicator Bar, Traction Control Telltale (two wheels / trike), instrument TPMS option (disable/enable)
- VSS Vehicle Speed Sensor calibration
- · TSSM, HFSM, BCM Module replacement
- ABS Service (bleeding and configuration, Delphi and CAN models)
- ACR Automatic Compression Release during starting
- EITMS Exhaust Actuator and Cruise Control (disable/enable)
- · Side Stand Switch configuration All Models
- Intake Solenoid Valve configuration on CAN Models with 6-pin Datalink connector
- Chassis Fan Cooler configuration and Oil Cooler Fan (disable/enable)
- Radio Customization All models including: RADIO BOOM!, BOX GTS 2019 – Speaker configuration, Radio region code, Digital Audio Broadcast, Rear Speaker switch installed, Navigation, TPMS (Tire Pressure Monitoring System), Audio input 1 2 and 3, CB Radio and Frequency, Intercom, WHIM (Wireless Headset Interface Module) Bluetooth, Apple CarPlay Mic Type, Apple Siri, SMS Text Messaging, Front and Rear Audio Output
- Custom Audio Flash J&M Corporation (Audio Flash Stage 5)
- · ABS Telltale configuration on CAN Models
- Radio Pairing, Buell TPS Adjustment, Speedo Pairing CAN Models
- · Reset AFV -Air Fuel Values on all HD models and Buell

- TCU Telematic Control Unit Module (installed / not installed)
- · Exchange PTT and Cruise Control on Hand Control Modules
- Idle Speed Adjustment 800 1200 rpm. (models with Delphi EFI Module up to 2017, for models 2018-2021 idle speed adjustment is available in Advanced Tuning)
- TSSM Customization PIN (read/change), Auto Arming (disable/enable), Key FOB assignment instruction
- HFSM Customization Key FOB (assignment/replacement), PIN (read/ change), Auto Arming, Side Car and Service Mode (disable/enable)
- BCM Customization Key FOB (assignment/replacement), PIN (read/ change). Auto Arming, Sidecar, Service mode and Lights (disable/enable), Keyless Ignition, BCM Customization and Stealth Mode (disable/enable). Rider Assistance, ABS and Traction Control configuration. Fork Lock Switch configuration. TPMS Valve Assignment. Front and Rear Turn Signal (LED/ Incandescent). EBAS - External Bank Angle Sensor (no EBAS, FLHTCUTG / FLRT). Power Lock Switch for saddlebags and trunk (disable/enable)
- · Disarming (HFSM/BCM module) PIN read/FOB assignment on armed bike (for BCM modules a CAN disarming cable is needed)
- · TPMS configuration (disable/enable)
- · Odometer Units Setting MIL/KM All Models
- Wheel Size Adjustment (Speedo calibration)
- · Direct link within software to On-Line Help (www.doc4bike.eu)

INDIAN AND VICTORY SERIAL DIAGNOSTICS **MODELS:**

Indian – 2014 - Present (except FTR)

Victory – 2008 – 2017

OVERVIEW OF CONTROL UNITS THAT CAN BE DIAGNOSED AND FUNCTIONS:

- Engine Control Module
- · ABS Control Module
- Speedo and Tachometer Gauge Module
- Vehicle Control Module
- · Radio Control Module
- · Read Vehicle Information
- · Read and Clear History Codes
- · Diagnostic Trouble Codes

PARALLEL DIAGNOSTIC SYSTEM

Parallel diagnostics are designed for measuring input and output signals from the electronic fuel injection module (EFI) and other modules. Measurements can be made on running engines. The system consists of a wiring harness adapter and breakout box. The breakout box is inserted between EFI module and motorcycle's wiring harness so that the system continues to function as normal. Monitoring points for all connector pins of the EFI module are clearly arranged on the breakout box. It is possible to measure signals and waveforms from all systems and actuators. Disconnecting the ECU from the breakout box allows quick and reliable check of the integrity of the wiring harness in respect to continuity, and leakage currents. Universal connector kit includes common adapters (73 connectors) for non-destructive diagnostic operations on the wiring harness.

| Description | WPS# | List |
|--|-----------|----------|
| Breakout Box | 867-02022 | \$244.95 |

Daytona Twin Tec LLC

DIAGNOSTIC SCAN TOOLS

A. TWIN SCAN 4 COMPLETE KIT

- Includes both Twin Scan II ABS and Twin Scan 4 ABS units. WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors
- Two 18 x 1.5 mm weld nuts, two 18 x 1.5 mm hex socket plugs, USB cable, probe kit, and software on CDROM

B. TWIN SCAN II ABS

- Compatible with 2003-2006 carbureted models with new 12 pin ignition module
- · Anti-Skid Brake System (ABS) brake bleeding functions for 2008-2013 Touring models
- Support for 2006-2013 closed loop fuel injection systems
- Real time display of engine data on instrument panel type display
- Uses laptop PC for display, includes Windows software

C. TWIN SCAN 4 ABS

- Compatible with 2011-2018 Softail®, 2012-2017 Dyna® and 2014+ Sportster® and 2014+ Touring models with CAN data bus (all models with a 6-pin diagnostics connector)
- · Real time display of engine data on instrument panel type display
- Includes two analog inputs with 0-20V or +200V range
- Features two channel scopemeter capability for waveform display
- · Analog inputs can also be used for air/fuel ratio
- Uses laptop PC for display, includes Windows software

D. TWIN SCAN PROBE KIT

- For scopemeter feature
- Two insulation piercing probes
- · 12 volt power adapter

E. TWIN SCAN WEGO UPGRADE KIT

- For customers with any Twin Scan II or 3 version
- Includes WEGO IIID Interface
- Two Bosch LSU 4.2 wide-band oxygen sensors, two 18 x 1.5 mm weld nuts, and two 18 x 1.5 mm hex socket plugs

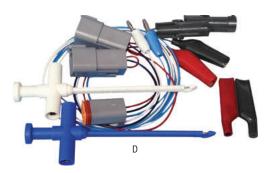

| | Application | WPS# | List |

MOTOLINK

SMARTPHONE DIAGNOSTIC TOOL FOR FUEL-INJECTED HARLEY-DAVIDSON® MOTORCYCLES

KG Powersports MotoLink™ plug-and-leave adapter turns your smartphone into a powerful diagnostic tool! Save time and money on unnecessary shop visits when your check engine light comes on. Scan your Harley-Davidson bike's systems, including ignition, injection, immobilizer, dashboard, ABS, and radio. KG Powersports MotoLink adapter fits snugly into the bike's DLC diagnostic port. It connects to your smartphone via Bluetooth in seconds. No wires needed. Install free MotoLink app for Android or iOS and start monitoring your bike's health right away!

FEATURES

- · Read and Erase Fault Codes: Diagnose your Harley-Davidson bike yourself. You can read diagnostic trouble codes (DTCs), also known as fault codes or error codes, with detailed descriptions. MotoLink reads all fault codes that are stored in your bike's electronic control unit (ECU). You can run a global search or choose individual systems, such as Dashboard or Immobilizer to check for errors.
- Save and Share Reports: You just caught an intermittent problem and want to show it to your mechanic? It's easy. Save the report and send it to your mechanic for faster turnaround on needed services. You can store and share multiple diagnostic reports from the MotoLink app.
- View Live Data Parameters and Visualize Engine Data: Get a real-time view of all important parameters, including engine temperature, pressure, battery voltage, and more. Easily look up your bike's VIN number and electronic control module's specs. Use MotoLink app's virtual dashboard to see live parameters displayed live on your smartphone.
- What's Included: Plug-in adapter, quick start guide, free app for Android and iPhone.

COMPATIBILITY

The 6-PIN adapter works on the following fuel-injected models with factory-installed Delphi® electronic control modules (ECMs) and 6-pin OBD data link connectors (DLCs) that support CAN bus protocol:

- 2012-2017 Dyna®
- 2014-2020 Street®
- 2011-2020 Softail®/Cruiser
- 2014-2020 Sportster®
- 2014-2020 Touring • 2014-2020 Trike
- The **4-PIN** adapter works on the following fuel-injected models with factory-installed Delphi® electronic control modules (ECMs) and 4-pin OBD data link connectors (DLCs) that support J1850 VPW protocol:
- 2004-2011 Dyna®
- 2004-2013 Touring
- 2004-2010 Softail®/Cruiser
- · 2010-2013 Trike
- 2007-2013 Sportster®
- 2004-2017 V-Rod®

HEX KEY SET

- Alloy steel construction
- Ball end hex keys work at angles up to 25°
- Includes plastic holder for easy storage
- Lifetime warranty

SAE hex keys included: .05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16" and 3/8"

Metric hex keys included: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm and

| Description | WPS# | List |
|---------------------------------|----------|---------|
| SAE/metric ball end hex key set | 117-1033 | \$15.95 |

LOCKING PLIERS SET

- · Drop forged steel construction
- · Hardened and tempered milled teeth
- 10" locking pliers

| | _ | |
|-------------------------|----------|---------|
| Description | WPS# | List |
| 3 pc locking pliers set | 117-1027 | \$25.95 |

· Wire cutters and quick release levers · Lifetime warranty · Includes: 5", 7" and

6 PC SCREWDRIVER SET

- · Chrome vanadium steel with magnetic tips
- · Non-slip molded grips
- · Lifetime warranty
- Slotted screwdrivers included: 1/8" x 3". 3/16" x 3" and 1/4" x 4" Phillips screwdrivers included: #0 x 2

117-1049

\$20.95

HEX & STAR T-HANDLE SETS

- Single piece construction runs thru the handle for greater strenath
- · Color coded handles for easy identification
- Two drive ends: long end for hard to reach areas, short end for extra torque
- Non-slip molded grips and chrome plated shafts
- Lifetime warranty
- · SAE T-handle sets include: 3/32", 1/8", 5/32", 3/16", 1/4", 5/16" and 3/8" keys
- Metric T-handle sets include: 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm and 10mm keys
- · Star socket sets include: T10, T15, T20, T25, T27, T30 and T40 keys

| Description | WPS# | List |
|---------------------|----------|---------|
| SAE T-handle set | 117-1036 | \$23.95 |
| Metric T-handle set | 117-1037 | \$23.95 |
| Star T-handle set | 117-1038 | \$23.95 |

Star Set

OIL FILTER PLIERS

- Slip joint design fits filters from 2" to 51/2" in diameter
- · Textured handles, durable gripping teeth
- Lifetime warranty

| Description | WPS# | List |
|-------------------|----------|---------|
| Oil filter pliers | 117-1122 | \$17.95 |

6 IN 1 SCREWDRIVER

- Includes handle, reversible shank and 2 double sided bits
- Chrome vanadium steel bits
- Shank openings serve as 1/4" or 6mm and 5/16" or 8mm nut driver
- Bit sizes: Slotted 3/16" and 1/4", Phillips #1 and #2
- · Handle and shank feature ball spring retention for a positive fit

| Description | WPS# | List |
|--------------------|----------|--------|
| 6 in 1 screwdriver | 117-1108 | \$7.50 |

6 pc screwdriver set

3 PC LONG SCREWDRIVER SET

- Chrome vanadium steel shafts with magnetic tips
- High visibility pro style handles, 22 1/2" overall length
- · Lifetime warranty

| Description | WPS# | List |
|---------------------------|----------|---------|
| 3 pc long screwdriver set | 117-1097 | \$15.95 |

6 PC HOOK AND PICK SET

- Durable alloy steel shafts
- Double injection molded handles
- · Includes storage tray
- · Lifetime warranty
- Includes: Straight pick, 90° pick, double angle pick, complex pick, combination pick and hook pick

| Description | WPS# | List | |
|------------------------|----------|---------|--|
| 6 pc hook and pick set | 117-1098 | \$11.19 | |

4 PC PRY BAR SET

- · Drop forged steel construction
- · High visibility molded handles
- · Lifetime warranty
- Includes: 8", 12", 18" and 24" pry bars

| Description | WPS# | List |
|------------------|----------|---------|
| 4 pc pry bar set | 117-1041 | \$25.95 |

NYLON MINI HOOK AND PICK SET

- Made of non-marring reinforced nylon composite material for strength and flexibility
- Double-ended with hooks, angles, and straight tips ensuring the right tool for the job
- Remove or replacing O-rings, seals/gaskets, clips
- Cleaning tight gaps in interior components, handling delicate wiring and connectors, etc.
- Composite construction is lightweight, nonconductive, non-corroding and solvent resistant
- · Lifetime warranty

| Description | WPS# | List |
|------------------------------|----------|--------|
| Nylon mini pick and hook set | 117-1155 | \$8.69 |

- Indexing head locks at 15 different angles
- · Quick release thumb lever
- 12" Length, made from chrome vanadium steel
- Perfect for prying seals, manifolds, bearings, oil pans and much more
- · Lifetime warranty

| Description | WPS# | List |
|------------------|----------|---------|
| Indexing pry bar | 117-1135 | \$33.95 |

5 PC SCRAPER AND HOOK SET

- · Durable alloy steel shafts
- Tough plastic handles
- Lifetime warranty
- Includes: 8" and 11" multipurpose scrapers, 7" hose remover, 9" scratch awl and cotter pin puller

| Description | WPS# | List |
|-----------------------|----------|---------|
| 5 pc scraper/hook set | 117-1042 | \$15.95 |

- Made of non-marring glass-reinforced nylon composite material for strength and flexibility
- Use for smaller, more delicate jobs like small dashboard trim or key fobs for battery replacement
- Smooth edge prevents scratching soft metals, painted surfaces or other composite material
- Double ended tools with narrow pry pads from 1/8" to 1/2"
- Lifetime warranty

| Description | WPS# | List |
|------------------------|----------|--------|
| Nylon mini pry bar set | 117-1154 | \$8.69 |

- 3 Bit set replaces 17 individual drill bits (1/8" thru ¾")
- ¼" Hex shank, Titanium Nitride coated high speed steel
- · Automatically de-burrs holes as you drill
- · For use with metal, wood, plastic and fiberglass
- · Starts on contact, no center punch needed
- · Lifetime warranty

| Description | WPS# | List |
|---------------------|----------|---------|
| Sten drill set 3 nc | 117-1124 | \$20.95 |

4 PC 3 JAW GEAR **PULLER SET**

- · Drop forged heat treated alloy steel
- Chrome plated finish
- · Great for removing gears and bearings
- · Lifetime warranty
- Includes: 3", 4", 5" and 6" gear pullers

| Description | WPS# | List |
|--------------------|----------|---------|
| pc gear puller set | 117-1032 | \$99.95 |

BALL PEEN HAMMERS

- · Drop forged high carbon steel head
- · Heavy duty fiberglass handle
- Rubber cushion grip
- · Lifetime warranty

| Description | WPS# | List |
|-------------|----------|---------|
| 12 oz | 117-1008 | \$13.29 |
| 16 oz | 117-1009 | \$12.39 |
| 24 oz | 117-1010 | \$17.95 |
| 32 oz | 117-1011 | \$18.95 |
| | | |

DEAD BLOW HAMMERS

- Non-marring, non-sparking soft face
- · High visibility color
- · Reinforced steel handle with anti-shock grip
- · Lifetime warranty

| 117-1013 | \$11.49 |
|----------|---------|
| | |
| 117-1014 | \$16.95 |
| 117-1015 | \$21.95 |
| | |

RIVET GUN

- Precision die cast aluminum body, drop forged steel upper handle
- · Ergonomically friendly handle
- For use with 1/8", 3/32", 5/32" and 3/16" steel and aluminum rivets
- · Thick cushion-molded vinyl grips
- · Lifetime warranty

| Description | WPS# | List |
|-------------|----------|---------|
| Rivet gun | 117-1040 | \$33.95 |

HEAVY DUTY RIVET GUN

- · Heavy duty steel construction, cast head
- Handles 1/8" through 1/4" aluminum and steel
- Cushion grip handles with nosepiece storage
- Double compound action to maximize leverage
- · Collection bottle for easy disposal of used mandrels

| Description | WPS# | List |
|----------------------|----------|---------|
| Heavy duty rivet gun | 117-1174 | \$45.95 |

- Works with 3/32". 1/8". 5/32" and 3/16" steel and aluminum rivets
- Capable of over 1500 lbs of pull @ 4cfm
- · Air relief valve prevents overloading

| Description | WPS# | List |
|---------------|----------|----------|
| Air rivet gun | 117-1099 | \$111.95 |

THREADED INSERT RIVET TOOL

- · Used to insert threaded rivet style fasteners into thin metal, plastic or fiberglass
- Includes rivet tool, 4 threaded mandrels, 10 of each size (SAE or metric) threaded rivets and blow molded storage case
- SAE sizes 6-32, 8-32, 10-24, 1/4"-20
- Metric sizes 3mm, 4mm, 5mm, 6mm
- · Replacement insert packs include 30 of each size threaded rivet listed above
- · Lifetime warranty on rivet tool

| Description | SAE | Metric | List |
|---------------------------------------|----------|----------|---------|
| Threaded insert rivet tool kit, 45 pc | 117-1116 | 117-1117 | \$47.95 |
| Replacement insert pack, 120 pc | 117-1118 | 117-1119 | \$16.95 |

STUD REMOVER / INSTALLER

- Removes studs from 1/4" to 3/4" in diameter
- Knurled roller uses cam action to grasp stud firmly while minimizing damage
- 1/2" drive ratchet required for use (not included)
- Lifetime warranty

| Description | WPS# | List |
|--------------|----------|---------|
| Stud remover | 117-1094 | \$19.95 |

IGNITION POINT FILE

- · High grade steel construction
- · Quickly cleans ignition point contact surfaces
- Precise double cut file pattern

| • | Doubles | as a ligh | ıt duty | general |
|---|-----------|-----------|---------|---------|
| | purpose t | file | | |

· Lifetime warranty

| Description | WPS# | List |
|---------------------|----------|--------|
| Ignition point file | 117-1115 | \$2.99 |

FEELER GAUGE SET

- · 26 straight blades
- SAE and metric markings
- Check for clearance on valves, ignition points etc.
- · Lifetime warranty
- Includes 26 blades varying in thickness from .0015"/.038mm to .025"/.635mm

| Description | WPS# | List |
|---------------------------|----------|--------|
| 26 Blade feeler gauge set | 117-1034 | \$8.09 |

7 PC CHISEL & PUNCH SET

- Hardened and tempered high carbon steel construction
- Vinyl covered shank absorbs shock and reduces vibration
- Includes storage pouch
- · Lifetime warranty

• Includes: 3/16" x 6" pin punch, 1/8" x 6" and 3/16" x 6" taper punches, 3/8" center punch, 3/8", 1/2" and 5/8" cold chisels

| Description | WPS# | List |
|----------------------|----------|---------|
| Chisel and punch set | 117-1091 | \$15.95 |

40 PC TAP AND DIE SETS

Includes:

- 17 taps and 17 dies (course/fine thread and NPT)
- T-handle tap wrench
- · Tap/die holders
- · Screw driver
- · Pitch gauge
- Storage case

| Description | WPS# | List |
|------------------------|----------|---------|
| SAE tap and die set | 117-1083 | \$43.95 |
| Metric tan and die set | 117-1084 | \$43 95 |

AUTOMATIC CENTER PUNCH

- · Delivers a strong spring-driven strike when pressed against a surface by pushing down on the end of the handle
- · A precise dimpled starting point will prevent drills and screws from wandering in metal, wood, or plastic
- Adjust striking force (between 13.5 and 32 pounds) by rotating the top end of the handle
- The oversized rubberized handle is very comfortable to use and provides a sure grip for better accuracy
- S2 steel striking pin and nickel-plated finish for a long service life
- · Lifetime warranty

| Description | WPS# | List |
|------------------------|----------|---------|
| Automatic center punch | 117-1157 | \$25.95 |

5 PC SCREW EXTRACTOR SET

- · Removes damaged screws, broken studs, set screws and pipe fittings
- For screws/bolts/fittings 5/32" thru 3/4"
- · Chrome Moly steel construction
- Includes storage case
- Lifetime warranty

| Description | WPS# | List |
|--------------------------|----------|---------|
| 5 pc screw extractor set | 117-1043 | \$13.39 |

SELF POWERED TIMING LIGHT

- Designed for use with all gasoline powered engines
- Detachable inductive pickup

(not included)

Powered by 2 D cell batteries

| Description | WPS# | List |
|--------------|----------|---------|
| Timing light | 117-1093 | \$69.95 |

NYLON TOOL BAG

- · Tough nylon construction, with heavy duty top zipper
- Dimensions: 15" long x 7" wide x 9" tall (w/bag unzipped)
- · Wide-mouth opening for easy access to tools
- External pockets for extra storage

| Description | WPS# | List |
|----------------|----------|---------|
| Nylon tool bag | 117-1158 | \$17.95 |

4 PC DELUXE FILE SET

- · Ideal for shaping and smoothing metal surfaces
- · Tempered short blasted alloy steel blades for strength
- Integrated ergonomic handles
- · Includes round, triangular, flat, and half-round files

6 PC FILE SET

- · Heat treated carbon steel files
- · Durable black rubber handles with plastic inserts
- Lifetime warranty
- Includes: 6" mill file, 8" mill file, 6" taper file, 8" half round file and 2 handles

| Description | WPS# | List |
|-------------|----------|---------|
| File set | 117-1087 | \$18.95 |

IMPACT WRENCHES

- · All impacts have strong, durable and lightweight cast aluminum housings
- 3/8" Butterfly impact features a 360° airAinlet swivel, and a built in air regulator
- Standard impact wrenches features include push button direction change and a built in air regulator
- Max torque: 3/8" Butterfly -75ft/lbs, 3/8" Standard - 120ft/ lbs, 1/2" Standard - 230ft/lbs
- 1 Year limited warranty

| | Description | WPS# | List |

| | ' | | • |

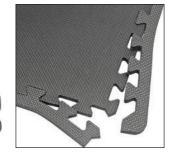

ANTI-FATIGUE FLOOR MATS

- · Pack includes 12 interlocking 12" x 12" mats with borders, covers 12 square feet
- Durable, lightweight and water resistant 12mm thick EVA foam
- Connect multiple packs for extended floor coverage

DIGITAL CALIPER

- Stainless steel construction
- · Measures inside, outside, step and depth
- 0" to 6" range, SAE to metric conversion
- Large easy to read LCD display, zero setting at any position
- Thumb wheel with lock
- Battery included

| Description | WPS# | List |
|-----------------|----------|---------|
| Digital caliper | 117-1092 | \$33.95 |

TELESCOPING INSPECTION MIRROR

- 2" round mirror with multi-directional swivel
- Chrome plated shaft extends from 11 1/2" to 18"
- Vinyl grip
- Lifetime warranty

| Description | WPS# | List |
|-------------------|----------|--------|
| Inspection mirror | 117-1030 | \$6.79 |

BATTERY LOAD TESTER

- Accurately tests the condition of batteries and charging systems
- Performs both a voltage test and 15 second battery true load test
- Works on most 6/12 volt powersport and automotive batteries
- Heavy leads with strain relief and color-coded, insulated, copper plated steel clamps

| Description | WPS# | List |
|---------------------|----------|---------|
| Battery load tester | 117-1175 | \$44.95 |

TEST LIGHT/CIRCUIT TESTER

- Heavy duty test lead with spring clip
- Tests 6, 12 and 24 volt AC and DC circuits
- Reinforcing spring prevents damage to test lead at base of handle

| Description | WPS# | List | |
|---------------------------|----------|--------|--|
| Test light/circuit tester | 117-1132 | \$7.69 | |

FLEXIBLE MAGNETIC RETRIEVER

- Ideal for retrieving nuts, bolts, metal pieces that have fallen into areas otherwise inaccessible
- Flexible shaft can be formed into a particular shape and hold it in position
- Super flexible with has a narrow 4mm head and a 300mm reach
- Soft grip handle provides comfort and control over the movement of the pick-up magnet
- When drilling or re-threading this narrow tool fits aperture to retrieve any metal shards or debris

Description WPS# List
Magnetic retriever 117-1148 \$12.19

MAGNETIC RETRIEVER

- Extends up to 25"
- Heavy duty magnet retrieves objects up to 3 1/2 lbs
- Handy pocket clip
- Lifetime warranty

INDEX

4" ANGLED **BLOW GUN**

- 4" Long barrel angled at 15°
- · Insulated fiberglass reinforced handle
- · Brass air flow valve

| Description | WPS# | List |
|-------------|----------|--------|
| 4" Blow gun | 117-1079 | \$5.69 |

BUTANE JET TORCH

- · Refillable torch with an adjustable flame (butane not included)
- Heating temperature up to 2500° F.
- Melts solder, gold, small brazing rod, tin and much more

| Description | WPS# | List |
|------------------|----------|---------|
| Butane jet torch | 117-1134 | \$22.95 |

2 PC VALVE LAPPER SET

- Heavy duty rubber suction cups
- Hardwood handles
- · Lifetime warranty
- · Lapping compound not included

| Description | WPS# | List |
|-----------------------|----------|---------|
| 2 pc valve lapper set | 117-1095 | \$11.39 |

EXTRACTION AND FILL SUCTION PUMP

- · Use for removal and filling of coolant, oils and many other fluids
- 200cc (6.75 ounce) capacity
- · Semi-translucent cylinder for viewing exact fluid volume and overall fluid condition
- Unique hose coupler offers a positive hose connection
- · Body of the cylinder is calibrated with both ounce and cc measurements
- · Easily disassembled for cleaning, allowing for the use of a multitude of different fluids
- Includes two 71/2" long hoses (one 5/16". and one 1/4") with a coupler to join them together

| Description | WPS# | List | |
|--------------------------|----------|---------|--|
| Extraction and fill numn | 117-1159 | \$14.99 | |

5 GALLON PORTABLE AIR TANK

- · Lightweight and portable
- · Handle for easy transport
- On/off outlet valve
- 125 max. psi

| Description | WPS# | List |
|-------------------|----------|---------|
| 5 Gallon air tank | 117-1023 | \$70.95 |

NON-AEROSOL LIQUID SPRAY TANK

- · Heavy duty steel construction
- · Reusable and refillable, 32oz capacity
- Pressurize with your air compressor
- · Not for use with flammable materials or paint

| Description | WPS# | List |
|------------------|----------|---------|
| 32 oz sprav tank | 117-1012 | \$54.95 |

• Designed to seat tires on the bead of a wheel safe and fast

· Perfect for car, truck, ATV and motorcycle tires

· Heavy duty ball valves on the air inlet and exhaust port

• 5 gallon capacity

Description WPS# Tire bead seating tank 117-1024 \$166.95

5 QT FLEX SPOUT DISPENSER • 5 Quart capacity, 14" flexible metal

- spout
- · Designed for one handed operation
- Thumb operated control valve • Rolled edge top helps prevent oil spillage
- · Lifetime warranty

BX5 FOLDING UTILITY KNIFE

- · Combines the strength of a retractable utility knife with the convenience of pocketknife
- · Compact design folds down to 4 inches for easy storage & portability
- · Locks in open and closed positions for safety
- · Change blades with the push of a button
- · Also includes pocket clip, rubber thumb rest and on-board blade storage
- · High quality SK2 steel lasts up to 5X longer than standard steel blades
- · Includes 3 BX5 utility blades
- · Lifetime warranty (excluding blades)

| Description | WPS# | List |
|------------------------|----------|---------|
| Utility knife | 117-1146 | \$13.89 |
| Replacement Blades 5pk | 117-1147 | \$3.69 |

PISTON RING INSTALLER

- · Installs and removes piston rings from 3/64" thru 1/4" thick
- · Vinvl grip handles
- · Lifetime warranty

| Description | WPS# | List |
|-----------------------|----------|--------|
| Piston ring installer | 117-1123 | \$9.59 |

PISTON RING COMPRESSOR SET

- · Includes 6 sizes of bands for multiple applications
- Fits pistons 2 7/8" (73mm) thru 4 3/8" (110mm) in diameter

117-1096

Piston ring compressor set

\$117.95

MULTI CUTTER

- Three tools in one anvil cutter, wire cutter and box cutter
- Razor sharp blades cut easily through plastic, linoleum, shrubs, thick leather, all types of hoses, automotive belts, soft metal, tubing, pipe, dowels, hobby & craft items and more
- Heat treated and hardened carbon steel blades are stronger and last longer
- Titanium coated wire cutter makes it easy to trim 7mm diameter copper, aluminum and soft steel wire or cable and up to 4mm diameter nails
- Retractable anvil exposes 3/8 inch (10mm) of the blade for cutting boxes, carpet, drywall and more
- Comfortable slip resistant grips for improved control and leverage
- Includes 3 extra blades stored in handle
- · Lifetime warranty (excluding blades)

| Description | WPS# | List |

WARNING TRIANGLES

- D.O.T. approved warning triangle set
- Weighted base for stability in windy conditions
- Open triangles measure 17.5" long/ wide and 17.2" tall
- Includes 3 warning triangles and travel case

| Description | WPS# | List |
|----------------------|----------|---------|
| Warning triangle set | 117-1166 | \$33 95 |

LEAKDOWN TEST KIT

- · Helps to identify causes of low cylinder pressure
- Includes adjustable pressure regulator, 10mm, 12mm and 14mm spark plug hole adapters along with a sturdy storage case
- · A must have tool for any repair shop

Description WPS# List
Leakdown test kit 117-1143 \$74.95

COOLING SYSTEM PRESSURE TEST KIT

- · Detects internal engine cooling system leaks
- · Quickly reveals external cooling system leaks
- Kit includes hand pump with pressure gauge, 12 adapters to fit most powersport/automotive applications and storage case

Description WPS# List
Pressure test kit 117-1056 \$191.95

COUNTERTOP FISHBOWLS WITH PRODUCT

Countertop displays with product in a convenient fishbowl style container

WPS#

117-1129 \$46.95

117-1130 \$74.95 117-1131 \$33.95

- A. Pocket Magnetic Retriever / 12 per fishbowl
- Telescoping handle, range 434" 181/2"
- 3 lb magnet, includes pocket clip

Description

A Pocket magnetic retriever/12 pk

B Spark plug gapping tool/50 pk

C 8 Piece foam ear plugs/12 pk

- B. Spark Plug Gapping Tool / 50 per fishbowl
 - Range: .020" .100" (.5mm 2.5mm)
 - Tapered hole to adjust the electrode
- C. Foam Ear Plugs (8 per package) / 12 packages per fishbowl
- Cylindrical shape provides for easy insertion
- Disposable ear plugs expand gradually for a secure, comfortable fit

120 VOLT LED DROP LIGHT

- · All the durability of a traditional drop light with the efficiency of LED technology
- Produces over 1000 lumens of bright white light
- Impact resistant handle with non-slip rubber grip
- Powder coated metal lamp shield with swivel hang hook
- 25', 18 Gauge grounded cord with built-in 120 volt outlet

| Description | WPS# | List | |
|----------------|----------|---------|--|
| LED Dron light | 117-1136 | \$40.95 | |

RECHARGEABLE LED DROP LIGHT

- · Rechargeable with built-in lithium ion batteries
- 30 Individual LED's produce over 1200 lumens of bright white light
- High/low brightness option
- Impact resistant handle with non-slip rubber grip and magnetic bracket
- Powder coated metal lamp shield with swivel hang hook
- Includes 39" USB/Micro USB charging cable

| | Description | WPS# | List |
|---|------------------------------|----------|---------|
| Α | Rechargeable LED drop light | 117-1156 | \$48.95 |
| В | Optional charging stand/base | 117-1161 | \$13.99 |

VARIABLE SPEED BLOWER

- Amazing blowing power in a compact, easy to handle size
- · Variable speed feature allows you to select just the right amount of power

- Two piece nozzle can be used at 9 inches or 18 inches
- · Comfortable handle with oversized lockable trigger
- Great for touch-less drying of powersport vehicles and autos, or use as an electric broom for garage floor, sidewalks etc.
- Specs: 120 volt AC, 60 Hz, 700 watt, 5.8 amps, 17,000 max RPM, 90 mph air speed, 100 cfm, 3.3 lbs (1.5Kg)

| Description | WPS# | List |
|-----------------------|----------|---------|
| Variable speed blower | 117-1142 | \$51.95 |

VACUUM PUMP / BRAKE BLEEDER

- · One person brake bleeding and vacuum diagnostic test kit.
- Vacuum tool can test and diagnose a wide variety of parts and common systems on any vehicle.
- · Complete kit includes accessories for both brake bleeding and automotive/powersports diagnosis.
- · Tests most all vacuum actuated parts and accessories
- Pumps approximately 1 cubic inch per stroke, and develops and holds up to 25" of vacuum

| Description | WPS# | List |
|-------------------------------|----------|---------|
| Vacuum pump/brake bleeder kit | 117-1151 | \$41.95 |

BRAKE ROTOR HONE

- Use to de-glaze and score a cross hatch pattern on the surface of brake rotors
- ¼" Mandrel, use with most hand drills (500 to 600 working RPM)
- 21/2" diameter, 120 grit flexible ball stones.

| Description | WPS# | List | |
|------------------|----------|---------|--|
| Brake rotor hone | 117-1128 | \$42 95 | |

| Pachargaahla LED work light | 226-0210 | ¢10 05 |

ECONOKITS

H1

- · Five combination wrenches cover most fasteners, and an eight-inch adjustable wrench handles the rest, including most axle nuts
- · Locking pliers, tire gauge, hex and star keys, and much more

• The double-panel 600-denier polyester 57-00210 \$89.95 pouch is designed to last

SPEEDKIT FOR HD

- Our new SPEEDKIT tool kit series provides a new standard for capability and compactness
- Developed to cover the most common needs for all Harley-Davidson models except the V-Rod
- With wrenches, nut drivers, star bits, hex keys, screwdriver, pliers, 2-in-1 spark plug socket, and tire pressure gauge
- Everything fits into a rugged pouch that measures only 7" x 2" x 2"

57-00229 \$34.95

H2

- Five combination wrenches, plus a stout 6-in-1 screwdriver, tire gauge, hex and star keys, 2-in-1 spark plug socket, and more
- The rugged pouch, with self-healing zippers, won't let you down

ROADTECH H3

- We've combined the road-proven EconoKIT H1 with the best of our MiniSet™ for this super charged roadside solution
- Includes our top-grade combination wrenches, adjustable wrench, locking pliers, tire gauge, hex and star keys, screwdriver and more
- But you'll also love the mini ratchet and socket set, making this the last tool kit you'll ever need to buy

ROADTECH TEARDROP

- The RoadTech tool kit series combines road-proven EconoKIT content with a mini ratchet and socket set
- RoadTech Teardrop packs virtually everything from the RoadTech H3 into a compact pouch designed to fit genuine and aftermarket teardrop tool boxes
- While the pouch is designed for teardrop boxes, the tool set is equally applicable to all air-cooled models

| 57-8560 | \$42.99 |

MOTORCYCLE DRYER

The Metro Air Force Blaster motorcycle dryer was specifically designed for cleaning and drying motorcycles with dry, filtered warm air (about 20-25 degrees above ambient temperature). The Metro Air Force Blaster will cut cleaning time by 80%! The Air Force Blaster is the quickest and most efficient method to dry motorcycles thoroughly and eliminate water spots. Five to seven minutes is all it takes to quickly and effectively dry motorcycles.

- 4.0 peak horsepower (29,000 fpm) motor
- Rugged all steel construction
- 10 foot heavy duty hose
- Heavy duty neoprene blower nozzle
- Proudly made in the USA
- · Completely safe for all paint and chrome finishes

| Description | WPS# | List |
|--|---------|----------|
| Blaster Dryer | 57-8203 | \$379.99 |
| ACCESSORIES | | |
| 10' extension hose kit with coupler | 57-8205 | \$52.99 |
| Wall/table mount kit with 10' extension hose | 57-8204 | \$82.99 |
| 4 wheel dolly | 57-8207 | \$33.99 |

MASTER BLASTER MOTORCYCLE DRYER

The Air Force Master Blaster Motorcycle Dryer features a total of 8 peak horsepower. Two twin fan, 4.0 peak horsepower motors deliver up to 58,500 feet per minute of clean, filtered, warm airflow. Two switches allow users to set the airflow and temperature at 3 different levels. Use either motor (front or rear) independently or both simultaneously for maximum power. Different nozzles enable users to position airflow where desired and eliminate water spots.

- 8 peak horsepower dryer unit on wheels
- 12 foot cord
- · Rugged all steel construction
- Heavy duty neoprene blower nozzle
- 10 foot heavy duty hose
- Air concentrator nozzle
- Air stream tool
- Proudly made in the USA
- The ideal unit for use in motorcycle dealer service departments

TIRE STATION

- Combine with your air tank to make the ultimate tire changing station
- Forms a cage around your air tank and protects it from damage
- Works best with 11 gallon air tanks
- Can be used with or without air tank installed
- Durable steel construction
- · Long lasting powder coat finish
- · The perfect pit accessory

57-8477 \$189.99

ROLLSTAND®

- Allows you to easily clean front and rear tires/rims
- · Sealed bearings, powder coated finish
- One person operation, just roll the front or rear tire onto the Rollastand® and place the bike on the sidestand
- Great for tire inspection, chain maintenance and checking air pressure
- Sportbike and Cruiser/Harley Davidson® models available (cruiser works on all motorcycles)

| Description | WPS# | List |
|--------------------------|---------|---------|
| Sportbike | 25-2020 | \$38.95 |
| Cruiser/Harley Davidson® | 25-2021 | \$54.95 |

ARMOR RIM STRIP TAPE

- Ultra tough and durable material protects tubes
- Won't shift or move like rubber rim strips
- Self-adhesive backed for easy no mess installation
- Pre cut hole for valve
- · Protects inner tube like no other rim strip

| Rim Size | WPS# | List |
|-----------|----------|--------|
| 18" - 19" | 87-10062 | \$8.99 |
| 21" | 87-10061 | \$8.99 |

TIRE CHANGERS

- Specifically designed for powersport use
- 6" 24" Rim diameter clamping range
- Swing arm design, accepts tire diameters up to 37"
- Bead breaker
- 4 Pneumatic rim clamps
- Adjustable clamp seat for expanded range
- Electric table rotation
- · Handheld tire inflation
- Also available with lift arm assist for stiff sidewall and low profile tires

| | Description | WPS# |

AIR HOSES

Abrasion resistant with permanent "recoil memory". Swivel fittings ensure twist free action. Impervious to paint, solvents, and most chemicals. Withstands up to 200 psi and extends 20 times its stored length. Fitted with 1/4" male couplings at each end. Fittings sold separately.

| Description | WPS# | List |
|-----------------------------|---------|------|
| Recoil Nylon Air hose 12 ft | 85-5546 | |

AIR LINE FITTINGS

| | | Thread | WPS# | List |
|---|--------|--------|---------|------|
| Α | Male | Male | 85-6153 | |
| В | Male | Female | 85-6159 | |
| C | Female | Female | 85-6152 | |

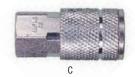

* Above fittings are not interchangeable with other styles. Whenever ordering these fittings to match existing fittings, check this profile to make sure that you have the same style.

Male Adapter-1/4" male thread screws into blow gun, tire chuck, air wrenches, and many other air tools for quick disconnect when changing air tools on the same hose.

Female Adapter-1/4" female thead screws onto male threads commonly found on extension air hoses. Allows quick disconnect from coupler for use of air hose at another work station.

Female Coupler-1/4" female thread screws onto compressor or extension hoses. Coupler automatically shuts off air flow whenever adapters are not inserted.

BLOW GUN

This simple, rugged blow gun is reliable and efficient and will provide many years of service. The contoured design is comfortable in the hand. Note the handy hang-up hook. Has 1/4" NPT female thread. Male adapter sold separately.

WPS# List 85-5112

TIRE CHUCK

Ball type air chuck fits standard bore valves. Has ¹/4" NPT female thread. Male adapter sold separately.

| | Description | Brand | WPS# | List |

CLUTCH SPRING TOOL FOR H-D®

 Fits most Harley-Davidson Big Twin models from '90-07 and all XL 883cc

 XL 1200cc models from 91-01 & all Buell models '95-01

· Sold as a kit

 Replaces H-D OEM number HD-38515A

WPS# List 57-8137

REAR WHEEL ALIGNMENT TOOL FOR H-D®

- For use on Softail, Sportster, and Dyna
- Designed to help set rear wheel alignment
- Fast, accurate and easy to use
- Eliminates the need to use a tape measure
- Proper wheel alignment extends chain/sprocket and belt life

BELT TENSION GAUGE

- · Compact design
- · Scale for easy reference
- Designed to work with all belt drive models with a 10 lb. specification
- Replaces H-D® OEM #40006-85
- · L shaped pad fits all belt sizes

MAGNETIC PICK UP TOOL

- · Billet aluminum laser etched handle
- Bendable housing retains its shape to access hard to reach areas
- Powerful magnet
- Low profile tip fits in tight spaces
- 18 inches long
- Protective rubber coating won't scratch aluminum or plastic surfaces

WPS# List 57-8652

- · Holds small metal objects
- Great for starting or removing fasteners in hard to reach places
- 2-way stretch spandex
- · Leatherette bottom and fingertip
- · Stretch finger panels

Motion Pro

PBR (PRESS, BREAK, RIVET) CHAIN BREAKER

- Innovative design will Press, Break & Rivet 520, 525, & 530 chains with one convenient tool
- Versatile design will remove chain pins, press master-link plates and rivet hollow nose & soft nose (quad stake) master link pins on O-ring and non O-ring type chains
- Easy to use design allows you to change tool functions by simply moving the position of the anvil block
- Indexing letters on movable anvil and body insures correct tool configuration. Simply line up the letter on the anvil to the letter on the body to get the configuration you need!
- · All components conveniently store on tool when not in use
- All steel construction with heat treated components for strength and durability

| Description | WPS# | List |
|-----------------|----------|------|
| PBR Press | 57-8470 | |
| Replacement Pin | 57-8470C | |

JUMBO CHAIN TOOL

- Designed to break roller chain up to #630 (Fits all standard & O-ring chain sizes #520 to #630)
- Designed to rivet chain up to #530 (not #630)
- Master link side plate press kit included to press on side plates up to #530 (not #630)
- Screws and attachments are made from 86L20 steel and then heat treated for strength and durability
- Extractor pin is firmly guided by removable guide, ensuring long pin life
- May be bolted to work bench, supported in vise or held by handle
- Bolted to solid surface, air or electric wrenches may be used to break chain
- · Recommended for heavy-duty use
- Made in the U.S.A.
- · Great for use with the 57-8142 Quad stake rivet kit

CHAIN MONKEY

Chain Monkey is the world's first tool designed to help you set the tension on your motorcycle's drive chain. The task of tensioning a chain can be a tedious and time consuming task, especially on motorcycles. But not anymore.

By using Chain Monkey, anyone can set their chain tension quickly, easily and with minimal knowledge required. From new riders through to experienced mechanics, Chain Monkey will simplify the task, optimize performance and save you money through its revolutionary, patented design.

Description WPS#
Chain Monkey 59-2801

BELT MONKEY

Belt driven motorcycles require the correct drive belt tension to ensure moving components are not over stressed, while providing a smooth and comfortable ride. Achieving the correct tension setting can often take numerous measurements and adjustments while taking up a lot of time.

Belt Monkey has been designed to eliminate the need for countless measurements and adjustments by achieving the correct belt tension first time, every time. Our tool enables riders to tension their belt quickly and with ease.

The simplicity of our product means that you are comfortable maintaining your bike yourself, regardless of experience.

DescriptionWPS#ListBelt Monkey**59-2802**

WHEEL ALIGNMENT TOOL HD

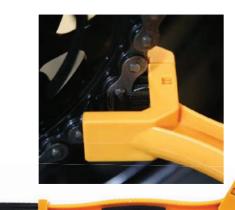

Innovative tool helps you check rear wheel alignment quickly and easily - A must have for all 2018-Up M8 Softail models.

- Conveniently use without removal of most exhaust systems
- Designed specifically for use on 2018 and up M8 Softails®
- Precision stainless steel indicator rod
- · Lifetime limited warranty

Description WPS # List

Alignment Tool 57-8845

MUCK MONKEY

With four brushed faces you can work dirt loose on every surface of your chain, even in those hard to reach places. The Muck Monkey is designed for regular use with a mixture of short and long durable bristles to remove even the toughest dirt width.

- Keeping your chain clean also:
- · Prolongs the life of your chain and sprockets
- Increases performance by preventing dirt build up
- Keeps your bike looking fresh
- Suitable for the majority of motorcycle chain makes and sizes

WPS# List 59-2804

CHAIN MONKEY LASER ALIGNMENT TOOL

Align Your Wheel and Sprocket Seamlessly with Laser Monkey.

The unique Laser Monkey alignment tool enhances the way in which wheel alignment and chain/ belt adjustment is conducted. Perfect for the every day rider, new riders and professional mechanics alike. A must have for any toolbox.

Adjusting the wheel using the markers on the swingarm is often time consuming and highly inaccurate as most swingarms are constructed using fabricated components. By using Laser Monkey, anyone can set their wheel alignment quickly, easily and with minimal knowledge of mechanics. From new riders through to experienced mechanics, Laser Monkey will simplify the task, improve performance and save you money through its revolutionary, patented design.

Laser Monkey provides precise wheel alignment for both chain and belt driven motorcycles, of any make and model, regardless of sprocket or pulley material. Suitable for on road and off-road motorcycles and belt drives up to 1.5 inches in width.

Motion Pro

BRAKE CALIPER PISTON TOOL

- Ultra low profile design removes pistons from monoblock disc brake calipers
- Fits pistons with a center bore of 15 mm to 28 mm
- · Easy to use single locking screw
- Works on aluminum, steel and titanium pistons
- · Non-marring design will not harm pistons or caliper
- Billet aluminum and stainless steel construction
- · Durable blue anodized finish

WPS# List 57-8591

MASTER CYLINDER SNAP-RING PLIERS

- · Allows removal of internal snap rings used in hydraulic master cylinders
- Replaces 07914-SA50001 and AKS-316-2010
- Can be used to remove and replace small to medium internal snap rings up to 50mm deep, including those used for transmission gear locating, bearing retention, and seal retention
- · Applicable to some fork seal retaining rings

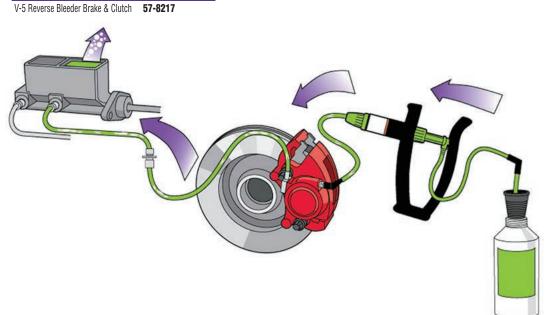

REVERSE BRAKE BLEEDER

- · The tool that makes brake or clutch bleeding fast, precise and easy
- The patented Reverse Bleed Technology is what makes this tool so unique
- Removes more trapped air than any other bleeder
- The only system for those tough ABS units without a scan tool
- Allows you to refill and bleed a complete dry clutch or brake system

WPS#

- Can be used on the machine or pre bleed on a bench
- The V-5 Bleeder is compatible with DOT 3, 4 and 5.1
- The easiest one person tool ever used

Description

MINI BLEEDER

- Combines wrench and bleeder valve into one convenient and compact tool
- Fits most 8mm bleeder nipples
- Bleeds brake systems and hydraulic clutch systems
- Internal check valve for fast easy bleeding
- Anodized billet aluminum handle with chrome moly steel body
- Compact size for tight spaces
- High quality internal seal
- Multi position handle

| Description | WPS# | List |
|-------------|---------|------|
| 8mm | 57-8482 | |
| 10mm | 57-8529 | |

- New Brake Bleeder will aid in the bleeding and servicing of hydraulic brakes
- · Makes bleeding brakes a one man job

 The unique check valve allows fluid and air to escape while preventing air from re-entering the system

WPS# List 57-8143

SEAL MATE

- · Easy way to keep your fork seals clean and debris free
- Extract dirt or debris trapped between fork seal and tube
- · Will work on conventional and up-side down forks

RINGER FORK SEAL DRIVER

- Innovative design makes tool easier and safer to use than old fashioned pin aligned drivers
- Anodized aluminum locking ring features knurled finish for secure no-slip grip and positively locks body halves together during use
- No more worrying about part of the tool falling off and damaging the fork leg or hitting your feet
- Perfectly weighted to drive seals
- Body halves are machined from durable carbon steel and feature high quality protective black e-coat with laser engraved markings
- Lifetime warranty
- Patent pending

FORK SEAL BULLET SET

- Protects the fork seal and wiper of inverted forks from damage by the bushing groove during installation
- · Saves time by eliminating the need to wrap the fork tube with tape
- · Set includes all seven sizes
- · Each size is a different color
- Also available separately

| Description | WPS# | List |
|-------------|---------|------|
| Set of 7 | 57-8677 | |
| 36mm red | 57-8283 | |
| 41mm blue | 57-8284 | |
| 43mm green | 57-8285 | |
| 45mm yellow | 57-8286 | |
| 46mm black | 57-8287 | |
| 47mm white | 57-8288 | |
| 48mm orange | 57-0332 | |
| 49mm gray | 57-8676 | |

H-D® FORK SPRING COMPRESSION TOOLS

- Designed to install fork caps on forks with a large amount of spring pre-load
- Will work on most 39mm and 41mm Harley-Davidson forks
- Reduces risk of damage to fork caps during installation

| Description | WPS# |
|-----------------------|----------|
| 39mm/41mm kit | 57-8299 |
| 39mm kit | 57-80300 |

| 41 mm fork can cocket | |

41mm fork cap socket

FORK CAP NUT SOCKET FOR H-D®

- Use for removal and installation of the fork cap nut
- Fits most Big Twin, Sportster, and other models w/39mm or 41mm forks
- O-ring insert to help protect the top of the cap

| Description | WPS# | List |
|-------------|----------|------|
| 39mm forks | 57-8139 | |
| 41mm forks | 57-80305 | |

FORK OIL WILL

- Use this tool to check and adjust the oil level on conventional and single chamber cartridge forks
- Adjustable ring will measure oil levels from 0 to 300 mm in 5 mm increments
- Syringe has a capacity of 60 ml
- New plunger head design features two fluorocarbon elastomer X-Ring seals that provide superior sealing and chemical resistance
- Billet Aluminum plunger knob with durable black anodized finish
- New plunger head design allows easy cleaning and replacement of seals
- Equivalent to HD® tool HD-590000-B, Buell® tool B-590000-B and Indian® OEM #PV-59000A

| Description | WPS # | List |
|---------------------|---------|------|
| Fork Oil Level Tool | 57-8846 | |

36MM AXLE SOCKET

- Facilitates loosening and tightening of hard to reach rear axle nut on H-D[®] baggers
- Fits 36 mm axle nuts
- Captive swivel extension with ½ inch drive
- Rated for up to 175 foot pounds of torque
- Durable plastic sleeve protects exhaust system
- · Lifetime limited warranty

| Description | WPS# | List |
|------------------|---------|------|
| Axle Socket 36mm | 57-8635 | |

FORK OIL LEVEL GAUGE

- The perfect tool for checking or adjusting fork oil levels
- · Works on any conventional or inverted fork
- Aluminum adjusting ring will measure from 0-300mm
- Syringe has a capacity of approximately 60ml

FORK SPRING TOOL FOR SPRINGER FORKS

- Assists in the disassembly and assembly of springer-type front forks on Harley-Davidson motorcycles
- · Made in the USA

WPS# 57-8144

- · Removes and installs tapered roller bearing at base of steering stem
- · Fits most Harley Davidson motorcycles with tapered roller bearing at base of steering stem
- Durable black oxide finish with laser engraved logo
- · Compact design to fit with steering stops on lower triple clamp
- · Removal process requires cutting outer sheet metal cage from tapered roller bearing unit
- Removes bearing without damaging steering stem
- · Bearing driver adapter installs new bearing without damage to bearing or steering stem

List 57-8558

STEERING RACE TOOL

- 2-in-1 design precisely removes and installs outer bearing race
- · Quickly and precisely remove and install outer bearing race from the steering head on most Harley-Davidson® models without the use of a hammer and punch
- · Puller design ensures bearing is pulled perfectly straight to eliminate possible damage to frame
- · Precision machined anodized aluminum cup will not damage frame
- · Utilizes brass thrust washer for easy use and long life
- · Hardened steel puller jaws engage securely on inner bearing lip for race removal
- · Hardened steel driver precisely fits tapered bearing race during installation
- · Lifetime limited warranty

WPS# List 57-8633

STEERING STEM BEARING TOOL

- Fits 2014 and later Harley Davidson Touring models.
- Removes and installs tapered roller bearings on both steering stems.
- Compact design will fit within steering stops on lower triple clamp.
- Removes bearing without damaging steering stem.
- Bearing driver adapter installs new bearing without damage to bearing or steering stem,
- · Constructed of heat-treated alloy steel.
- · Durable black oxide finish with laser engraved logo

WPS# 57-8638

STEERING RACE REMOVER

- · Makes head tube bearing race removal easy
- Tool is pulled through the steering tube until the flared ends snap in behind the race. A blow on the tool head removes the race
- Tool fits most brands with 35-55 mm bearing races

| Description | WPS# | List |
|-------------|----------|------|
| 35-38mm | 57-00726 | |
| 25-31mm | 57-00727 | |

- HHP-2M easily and accurately presses steering head tube races, eliminating damaged or misaligned bearing races and helps prevent dented and chipped frames
- Unique design permits quick tool installation and release after races are seated
- · Heat-treated bushing (included) provide a precise fit and alignment for most brands

List 57-00725

STEERING TUBE BEARING INSTALLER

- New safe approach to lower bearing installation
- Unique system utilizes specially designed aluminum inserts to quickly and accurately install nearly any lower bearing
- Includes three specifically shaped aluminum inserts (1",1 1/8",1 3/8") and a heat treated, universal setting driver

WPS# List 57-00728

GAUGE

Used specifically on M8 Softail shocks to install Lowering or Lift Kits onto the stock OEM shock.

Application WPS# M8 Softail

PRESSURIZING SHOCK GAUGES

| Brand | Description | WPS# |
|------------|-------------------------------------|-----------------|
| Motion Pro | Schrader valve type w/gauge | 54-1 560 |
| Motion Pro | Needle adapter for Schrader type | 54-1561 |
| Motion Pro | Replacement Needle | 54-1561RN |

WORK STAND

· Designed to safely and securely hold round or odd shaped components

• 360° rotation of the clamp

· Two models - bench mount and wall mount Description WPS# Bench mount 57-00702 Wall mount 57-00703 Repl. Jaw cover 57-00705

ALUMINUM VISE INSERT

- · Safe way to hold suspension shafts
- Features jaw openings of 5, 9, 10, 12, 14, 20, 20, 30, & 36mm, plus a mini 'V'-block and a 1" hex
- Made from precision extruded aluminum these vise inserts include top retainer legs and magnets that are easy to use in a bench vise

WPS# List 57-00716

- · Heavy-duty design for use on large exhaust and kickstand springs
- Multi-function tip easily pulls or pushes large springs on and off mounts
- · Flexing shaft is ideal for hard to reach springs with minimal working space

Description WPS # List Tuff Hook

- · Locking shaft slider allows the center of the shaft to be rigid or flex
- · Billet aluminum construction handle and locking shaft slider
- · Steel shaft with heavy-duty Stainless Steel flex insert
- · Lifetime Limited Warranty

SPANNER WRENCH

- Perfect tool for adjusting pre-load on a shock.
- · Made of tough Stainless Steel and is compact enough to bring in your tool kit.

WPS# List 57-00225

SPRING PULLER

- Designed to push, pull, or twist the spring onto or off the bike.
- The MaxHook's tip is precision cut from heat treated Carbon Steel.
- · Features a high-grip PVC coated handle.

· Lifetime Guarantee - no questions asked!

DELUXE PISTON PIN PULLER

- · Interchangeable piston adapters for use on both long skirt and short skirt (slipper) pistons
- Fits all piston pins from 12mm (1/2") to 24 mm (1")
- Made of 6061 aluminum with non-marring aluminum adapters and durable blue anodized finish
- Patent pending

57-8472

ADJUSTABLE TORQUE WRENCH ADAPTER

- Torque any fastener with a combination wrench or Allen wrench
- Will work with 6mm (1/4") through 19mm (3/4") combination wrenches
- Heat treated steel with black oxide finish
- 3/8" square drive is rated for a maximum torque of 90 ft-lbs.

WPS# List 57-8380

AUXILARY TANK

For shop use when tuning with gas tank off bike; takes place of regular gas tank while running machine. Includes 4 feet of 1/4" fuel line and in line petcock. If using with fuel injected bike use a T-fitting and second fuel valve for return fuel.

57-8032

Description

ALIGNMENT TOOL

• Used for tappet block and oil pump alignment (2 required)

• 1/4"-20 thread

WPS# Description List Alignment Tool (ea) Repl. OEM 33443 820-53500

iron bores

NYLON FLEXHONE BRUSH

- Ideal for high-performance engine building
- · Abrasive impregnated nylon bristles
- · Does not enlarge more, but removes microscopic peaks and scuffs left after honing
- · Gives a superior plateau finish

· Safe for use in 2-cycle engines

• Full range of bore size available

· Designed for plated, cast

Mikuni

Check needle & seat holding pressure, crankshaft seals, crankcase surfaces, & many other critical parts with this simple tool.

INDEX

COOLING SYSTEM **TESTERS**

- Pressurize Motorcycle or UTV/ATV cooling systems to check for leaks as well as test radiator and radiator caps for leaks and correct pressure release limits.
- Use with common hand pump to pressurize a nonrunning system (pump not included).
- · Unique design allows you to test the cooling system on a running engine to check for leaks or excessive pressure when system is hot.
- Remote, accurate, easy to read gauge makes readings and diagnosis easy.
- Unique radiator adapter will work with most motorcycle and UTV/ATV applications equipped with a 30mm spout.

TYPE A - Radiator Neck Range 15.75mm - 20mm

• Specified range is most commonly found on Japanese manufactured radiators and can also be found on some late model water-cooled American V-Twins

TYPE B - Radiator Neck Range 20mm- 24.5mm

· Specified range is most common on European manufactured radiators

| Description | Size Range | WPS# | List |
|----------------------------|----------------|---------|------|
| TYPE-A Tester | 15.75mm - 20mm | 57-8838 | |
| TYPE-A Replacement Adapter | 15.75mm - 20mm | 57-8843 | |
| TYPE-B Tester | 20mm - 24.5mm | 57-8839 | |
| TYPE-B Replacement Adapter | 20mm - 24.5mm | 57-8844 | |

OIL FILTER MAGNET

- · Easy to install, just attach to base of standard oil filter
- · Standard oil filters only trap particles down to 20 microns, leaving the most harmful 5 to 20 micron particles to circulate through your engine
- Powerful six point magnet traps harmful, abrasive hard metal particles down to 1 micron that regular oil filters don't
- · No gimmick, these things really work to reduce wear, and significantly increase engine life
- · Makes any oil filter better than a high performance oil filter
- Reusable for up to 5 oil filter changes

Description WPS# Fits 23.8mm and 15/16" hole filters 57-10083

SOCKET DRIVE OIL FILTER WRENCHES

These oil filter wrenches fit on OEM and most aftermarket oil filters. The 3/8" socket drive makes it easy to access and spin off oil filters. Sold each.

| Description | WPS# | Lis |
|---|-----------|-----|
| Socket Drive Wrench, Zinc Plated for Evos (OEM 63805-80T) | 820-71200 | |
| Socket Drive Wrench, Black for Evos | 820-71201 | |
| Socket Drive Wrench for Twin Cams & Later (OEM 44067) | 820-71202 | |

820-71200

820-71202 820-71201

SNAP RING PLIERS

- · Economical pliers that easily work on both inside and outside opening snap rings or clips
- · Includes 3 extra sets of tips, 1 additional straight tip and 2 offset or angled tips

ROCKER BOX COVER WRENCH

- Designed to reach hard to get 3/16 in. allen on the rocker boxes of Big Twin, Sportster & Buell motorcycles
- Features a 3/8" drive for use with torque wrench
- · Vinyl cover offers comfort and minimizes chances of damage to finished surfaces

WPS# List 57-8220

H-D® PUSHROD TOOL

- Designed to remove and install the clip on Harley-Davidson collapsible push rod tubes
- Flat portion of tool fits under the cylinder head while cupped end fits over the bell in the tube and then compresses the spring allowing for easy access to the spring cap retainer
- · No more cut knuckles & scratched engine parts from using a screwdriver between the fins

WPS# 57-8255

OIL FILTER STRAP WRENCH

- · Fits all spin-on type oil filters
- Use with 3/8" drive ratchet handle
- · Easily loosens tight filters
- · Fits into hard to reach locations
- · Can be used to loosen or tighten cylindrical shaped parts

WPS# Application Cloth Strap 57-8000

CLUTCH HOLDING TOOL

Designed to hold clutch baskets, flywheels, gears, sprockets, etc. Jaws open to 5 inches wide. Made of medium carbon steel with hardened jaws. A very useful tool for holding any kind of mechanical work.

SIDE CASE COVER PULLER FOR H-D®

- · Used to remove the right sidecase cover
- · Will fit late model Harley-Davidson motorcycles, including all 1970 and later Big Twin models and 1990 and later Sportster models
- · Includes bracket, puller bolt and set screws
- Made in the USA

57-8153

PRO CLUTCH ADJUSTER TOOL FOR H-D®

- clutch basket and can be driven with 11/16" combination wrench or adjustable wrench
- Through hole allows access with hex wrench to hold clutch adjuster screw while simultaneously tightening the adjuster lock-nut
- Compact design fits easily in the saddle bag or tool wrap

WPS# List 57-8548

WPS#

57-8339

TAPPET TOOL FOR H-D®

- twin cam) with slotted screw tappet oil filter screen cover
- Designed for use with 7/16" combination wrench to allow for maximum rotation without touching engine cases
- · O-ring design retains the tool in wrench or socket
- Flange design allows downward force to be applied to tool
- · Can be used without removing exhaust pipes on most bikes
- · Tappets should be serviced every

THREE WAY PLUG WRENCH

 Fits all 10mm, 12mm and 14mm spark plugs.

WPS# List 57-6023 \$8.95

• Test the integrity and strength of your ignition system

FIRE POWER.

Will test the ignition on most motorcycles, ATV and snowmobiles

HEAT SHRINK TUBING

*Adhesive lined heat shrink tubing is ideal for producing a strong, weather tight seal. The inner adhesive wall melts and flows, creating an adhesion layer that ensures a snug fit and seal.

SAW GUIDE

- Ensures a straight, clean cut on handlebars and tubing from 1" to 11/4"
- Simply clamp onto the tube and cut, letting the Saw Guide guide the hacksaw blade
- Built with a non-scratching body and heat-treated steel cutting plates to withstand the rigors of daily shop use

DELUXE TEAR DOWN TABLE

This steel workbench is great for the home or business. The 14 gauge top has a 3/4" rim to contain liquids and capture leaking fluids when working on hydraulic systems and transmissions. Fluids drain into the removable polyethylene drawer for easy dispensing.

NOT INCLUDED IN OUR FREE FREIGHT PROGRAM
F.O.B. lowa factory. Shipped direct.

The convenient adjustable lower shelf organizes your tool storage. The drawer features a cylinder key locking system with full-extension ball bearing sliders to keep your valuables safe. Tough powder-coat finish resists rust, chips, and scratches. Made in USA.

- Adjustable working height of 37" to 41"
- Heavy duty 4" casters (2 rigid & 2 locking swivel)
- 14 gauge 48" x 28" table top with 3/4" rim
- Removable 20" x 12" x 6" polyethylene drawer
- · Adjustable lower shelf
- Heavy duty 24" x 18" x 5-1/2" locked drawer
- · Weight 180lb

To order Handy drop-ship items:

- 1.) Call toll-free order line and request freight quote
- 2.) Form with freight quote will be faxed to dealer
- 3.) Sign freight quote form and return to WPS (use toll-free order entry fax line 800-326-3813), order will be placed and drop-shipped
- These items are not included in free freight policy, freight will be added to billing
- 5.) Dealer will be billed when WPS receives mfg's invoice
- COD dealers must prepay or use credit card before ordered from mfg. Freight will be billed separately
- 7.) These are special order items and cannot be cancelled

X-TREME TAPE

Bluhm Enterprises has another great motor sports accessory (tool). This product was researched and is made for NASA. It is now perfected as a great emergency repair option. Each roll of X-treme tape is a high strength polimer plastic that fuses to itself-NO adhesive, so it is not sensitive to cold, heat, or rain. This is NOT electrical tape!

- 10 foot roll, has 3:1 stretch ratio
- 1" wide 20 mil thick
- Withstands heat up to 500°F(260°C)
- Flexible down to -60°F(-54°C)
- Tensile strength of 600psi
- Insulates up to 400 Volts/Mil
- MADE IN USA!!!

WPS# List 10-2336 \$9.95 ea.

ELECTRICAL TAPE

- Top quality PVC electrical tape
- 3/4" wide x 60' rolls
- 10 rolls per package

| Mens | 27-1384 | \$8.50 |

ORIGINAL HIGH ABRASION GLOVE

Improved Design. When you need sturdy, you need our redesigned Original Plus Glove. We started by improving traction with a raised pattern to maximize the thumb and finger grip. From there we added a two-way, form-fitting Spandex back and stretch insert panels between the fingers for comfort, and an index finger knuckle reinforcement band for protection. Finally we integrated an improved cuff and thumb fit to provide for easy entry and increased flexibility.

MC460 SHOP DOLLY

The MC460 Shop Dolly allows bikes to be easily moved around the shop. The MC460 works with the MC 450 & MC455 center jacks and the MC550 Multi Lift

FEATURES INCLUDE:

Description

- Adjustable width from 13" to 20" at base
- 12" to 15" Adjustable height
- Four tie down attachment loops

- Swivel neoprene wheels
- Rubber pads on frame rails
- Maximum Weight: 1200 lbs
- · Fat Jack shown in picture not included

CRUISER LIFT STAND

- Durable powder coated steel
- · Easy lever for lifting
- Rubber coated to protect bike frame
- Adjustable height

WPS# List 634-72410 \$60.95

SWING UP LIFT STAND

- Durable powder coated steel stand
- Fully adjustable height and width
- · Quickly lift you bike with a hand or power ratchet

WPS# List 634-72430 \$120.95

-

"Free Logo Printing on ALL 150 pr assorted Powertye tie-downs"

FAT STRAP RATCHET TIE-DOWN WITH LATCH HOOKS

The Fat Strap Ratchet Tie-Down is similar to our 1" Ratchets, but in a wider 1½" configuration. Comes in a standard 6½ ft length with Secure Latch Hooks, which help keep your bike from falling over. Great for those tougher applications where a 1" Ratchet just isn't enough.

- 11/2" wide Heavy-Duty Ratchet
- Secure Latch Hooks (vinyl-coated)
- 6000lb test nylon webbing
- Double Security Stitching
- · 800lb rated assembly
- 61/2 ft. length
- · Sold in pairs

TIE-DOWN BRACKETS

Introducing our Touchless Tie-Down Anchor System! A simple yet strong steel bracket that mounts almost invisibly at the front tank tab. It allows you to attach a strap right to the bracket therefore eliminating the need loop tie-downs through your frame, triple trees or handlebars. Now you can secure your bike in your trailer without any part of the strap threatening your killer paint job or shiny chrome! The often included contortion act of looping your tie-downs in tight trailer spaces is eliminated too!

Our Touchless Tie-Down Anchor Systems come in a deep black powder coat finish and virtually disappear against the factory black frame of your Bagger.

Touchless Tie-Down Anchor Systems are super easy to mount in a couple minutes and grade #9 installation hardware is included.

Fits Most FLH/FLT Models 827-05404 \$69.95

REFERENCE INDEX

ORIGINAL BAR - HARNESS

- · Eliminates the use of hooks on the motorcycle while transporting
- Made from 5500lb and 12000lb test nylon webbing
- Slip nylon cuffs over grips, tug on cross straps and hook into loops
- · Cross straps are covered with a sleeve of soft polar fleece to protect the tank from chafing
- The patented Bar harness is the safest way to tie down motorcycles securely without using hooks directly on the bike
- Short fits bars up to 28" wide, Standard: up to 32" wide and Wide: up to 34" wide

Not for use on high rise or rubber mounted bars

BAR - HARNESS II

- Polycarbonate "cups" eliminate possible damage to grips
- The cups hold the cross straps out further to better clear a wider variety of fairings
- Short fits bars up to 28" wide, Standard: up to 32" wide, X-Wide: up to 36" wide and XX-Wide: up to 40" wide

PIT STOP WHEEL CHOCK

Make your life easier with the Pit Stop/Trailer Stop. Just place it in your garage, and ride your bike right into it - no kickstand required. Now the bike takes up less room in your garage because it sits upright, and you can check the fluids, service it, or use it outside to wash and detail your ride.

When the time comes to trailer your motorcycle, the Pit Stop/Trailer Stop simply snaps into the Trailer Adaptor Kit (290-01002) that mounts to the floor of your trailer, and you're ready to secure your motorcycle for safe transporting. The chock will hold your motorcycle so securely, only one person is needed to load and unload any bike, and only two tie-down straps are required. And you won't damage your sensitive suspension parts because you never need to overtighten your straps. If you are transporting your bike in the back of a pick-up truck, you don't even need our adaptor kit. Just place the chock up against the front of the bed, and simply tie the bike from its mid-point towards the front of the truck bed, and you're good to go.

If your trailer is equipped with E-Track, use the Universal E-Track Adaptor Kit (290-01004) to mount the chock to, which allows you to place your bike anywhere you like along the track, fore and aft, or side to side. The patented adjustable cradle fits ALL bikes from dirt bikes and sportbikes, to cruisers and heavy touring bikes, and anything in between, up to 3000lb It will work on front and rear tires from 14" to 22" and 80mm to 230mm. The Pit Stop is also perfect for racers and track day riders, since you can haul your bike to the track in the chock, and then take the Pit Stop out of the trailer and use it as a track stand.

The Scooter Pit Stop/Trailer Stop works with scooters and smaller motorcycles with wheel diameters ranging from 8" to 16" and tire widths from 80mm to 120mm.

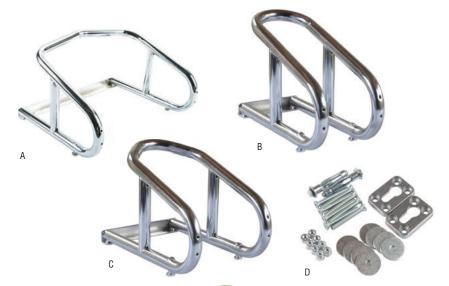

The CONDOR® Pit-Stop/Trailer-Stop is made of light weight aluminum, weighing only 30lb, and folds down for easy storage.

E-Track Clips w/D-Rings

E-Track Heavy Duty O-Ring

E-TRACK KITS

E-Track is a heavy-duty modular anchoring system, great for anchoring larger loads like motorcycles and other vehicles.

- · Made of High-Strength 12-Gauge Steel
- · Silver Zinc-Plated
- · Compatible with all E-Track Fittings
- · Great for personal or commercial trailers
- 5" wide

This **E-Track Plate** is a great addition for any existing E-Track setup. Offers 2 extra E-Track mounting points wherever you need them!

- Fits Standard and Heavy Duty E-Track Clips
- Sloped Edges for Easy Rollover
- High-Strength Steel Construction

Kit Includes:

- 1 x E-Track Floor Plate
- 1 x Optional Rubber Spacer
- 4 x Carriage Bolts, 2" x 3/8"
- 4 x Large Washers, 21/2" wide

Our E-Track Clips w/D-Rings are perfect for securing everyday cargo into the E-Track system

- · 3000lb Heavy Duty Rating
- · Compatible with all E-Track mounting points
- Quick release mechanism allows for easy adjustment

Our E-Track Heavy Duty O-Ring is perfect for securing heavier cargo into the E-Track system.

- · 6000lb Heavy Duty Rating
- Compatible with all E-Track mounting points
- · Quick release mechanism allows for easy adjustment
- 11/2" Diameter O-Ring

E-Track Rubber End Caps protect your E-Track ends in style. Fits all Horizontal-style E-Tracks

- Made of durable, high-impact rubber
- · Fits Horizontal E-Tracks
- Prevents things getting caught underneath track ends
- Gives your E-Track a clean, professional look

INDEX

STANDARD

· SNELL / DOT approved

CONSTRUCTION

· Durable and lightweight Poly Alloy shell. Dual density EPS liner - two layers of EPS, one softer one slightly harder, combine to provide a more progressive impact absorption for different levels of impact. 2 shell sizes.

Optically superior clear face shield with anti-fog coating and durable hard coating for scratch resistance. 100% UVA/B protection up to 400 nanometers. Shield lock provides piece of mind, shield will remain closed in all conditions. Easy shield changes – quick, secure and tool - less removal and installation.

COMFORT / LINER

 Qwick-Dry[™] comfort liner and cheeks pads. Hydrophilic liner absorbs sweat and is perforated to provide plenty of ventilation. Removable and washable interior. Removable chin curtain.

VENTILATION

· High-Flow ventilation system. 4 adjustable intake vents. 4 passive intake vents. 6 exhaust vents. Removable air guide - helps direct airflow upwards across the shield for fog free vision.

INCLUDED

- BONUS tinted shield with Anti fog coating and durable hard coating for scratch resistance. 100% UVA/B protection up to 400 nanometers.
- Soft fleece helmet bag.

ACCESSORIES

· Optional mirror shields available

See pages 1160 for replacement parts and accessories. See page 1150 for custom fitting chart

GMAX)

FF-49

With it's aggressive styling and super light weight, the FF-49 proves that great quality doesn't have to come at a high price. The FF-49 comes with many features you would expect on more expensive helmets. Such as a comfortable COOLMAX® interior, 100% UV400 Protection shield and effective ventilation system.

DOT Approved

- COOLMAX® CORE technology wicks moisture away from the body and is designed to keep you dry and comfortable
- Removable, adjustable and washable COOLMAX® interior allows for easy cleaning and custom fitting
- Intake and Exhaust vents aligned with superior channeling to maintain a constant airflow to help pull in fresh air and removed hot air
- 100% UV400 protection from the antiscratch face shield which is hard coated for a longer lasting clear view
- Large eyeport for improved range of vision
- Lightweight Poly Alloy shell only 3.2lb in medium shell
- Intercom Compatible

GM-49Y YOUTH

Kids know riding is fun and GMAX® makes it even more fun with the GM-49Y. With the availability of three interchangeable interior sizes, the helmet can be custom fit to make the child safe and comfortable. Parents will be happy knowing that their little one is protected in a light weight, DOT approved helmet that they will love wearing.

• DOT Approved

- One shell size with removable, washable interior that can be adjusted to three different sizes so the helmet can grow as your child grows
- Intake and Exhaust vents aligned with superior channeling to maintain a constant airflow to help pull in fresh air and removed hot air
- Quick change "Maximum Seal" shields available in single and anti-fog dual lens
- Large eye port for improved range of vision
- · Lightweight Poly Alloy shell 2.9lb
- · Intercom Compatible

GM-38

The GM-38 proves that quality doesn't have to break the bank. With standard features like a quick change shield, snap in chin curtain, and GMAX's D.E.V.S. anti-fog system, the GM-38 is the best bang for your buck in the GMAX® line.

DOT Approved

- · Large eyeport opening for greater visibility
- · Quick change shield
- GMAX® reduced noise design; specially designed cheek pads, neck curtain, optimal shield sealing and deluxe venting reduce unwanted noise
- D.E.V.S. GMAX® anti-fog system, "Dual Exhaust Venting System" side intake and exhaust vents draw heat and moisture away from the shield area out of the helmet
- · Adjustable chin vents direct air upwards across the inside of the shield to help reduce fogging
- · Deluxe ear pockets for better fit and speaker installation
- · Intercom Compatible

REFERENCE INDEX

GM-11

This GMAX® dual sport helmet is truly an all purpose helmet. The GM-11 is just as comfortable on your favorite fire road as it on the interstate. With the sun-blocking peak, it can be a commuters best friend as well. The GM-11 helmet is loaded with features and designs normally found on other high priced helmets, but delivered to you at a true GMAX® competitive value.

DOT Approved

- Can be quickly converted from a visor configuration to a visor-less configuration
- Side shield plate covers come as standard equipment in the box to use when configuring to a visor-less set-up
- Outer flip shield is completed hidden under the visor, and out of line-of-sight, when in the fully raised position
- Large eye port that accepts large goggles
- · Visor is designed to allow airflow to pass uninterrupted across the helmet to virtually eliminate helmet-lift at highway speeds
- Shield can be fully raised or lowered when using goggles
- Plush removable/washable COOLMAX® interior
- Intercom compatible with integrated speaker pockets
- 100% UV400 protection
- Optional cold weather kit available P/N - 72-3348 (dual lens shield, breath deflector, chin curtain)

The MD-04 Modular standard GMAX® feat standard GMAX® feat standard GMAX® feat standard GMAX® CORE

MD-04

The MD-04 Modular is the perfect lightweight helmet for cross-country adventures. The MD-04 has all the essentials, including a list of standard GMAX® features normally only found on more expensive helmets.

- COOLMAX® CORE technology wicks moisture away from the body and is designed to keep you dry and comfortable
- Removable, adjustable and washable COOLMAX® interior allows for easy cleaning and custom fitting
- GMAX® D.E.V.S (dual exhaust venting system) top and rear vents reduce temperature by allowing hot air to escape from the top of the helmet
- Vents close to completely seal out the cold
- Adjustable mouth vent directs air upward across the inside the shield to help reduce fogging
- Lightweight Poly Alloy shell. Large size only 4lb
- Easy to use chin bar with push to open mechanism designed for use with gloves
- 100% UV400 protection face shield that comes anti-scratch hard coated for a longer lasting clear view
- Intercom Compatible

OF-77

The OF-77 now with Quick Release Buckle features SpaSoft™ interior which combines the moisture wicking properties of COOLMAX® CORE technology with the anti-microbial properties of bamboo. The OF-77 is like having two helmets in one. It offers the comfort of an open face helmet with the ability to quickly and easily convert into a full face helmet with the installation of the optional snap-in jaw piece.

- DOT Approved
- NEW Quick Release Buckle
- SpaSoft™ interior keeps you dry and comfortable. COOLMAX® CORE technology wicks moisture away from your body and dries quickly. Charcoal bamboo fiber keeps odors away by eliminating bacterial growth
- Removable, adjustable, washable SpaSoft™ interior allows for easy cleaning and custom fitting
- GMAX® D.E.V.S (dual exhaust venting system) top and rear vents reduce temperature by allowing hot air to escape from the top of the helmet
- 100% UV400 protection from the anti-scratch hard coated face shield for a longer lasting clear view
- Tinted inner sun shade with anti-fog coating
- · Lightweight Poly Alloy shell. Large size only 3.2lbs

OF-77

The OF-77 now with Quick Release Buckle features SpaSoft™ interior which combines the moisture wicking properties of COOLMAX® CORE technology with the anti-microbial properties of bamboo. The OF-77 is like having two helmets in one. It offers the comfort of an open face helmet with the ability to quickly and easily convert into a full face helmet with the installation of the optional snap-in jaw piece.

DOT Approved

• NEW Quick Release Buckle

- SpaSoft™ interior keeps you dry and comfortable. COOLMAX® CORE technology wicks moisture away from your body and dries quickly. Charcoal bamboo fiber keeps odors away by eliminating bacterial growth
- Removable, adjustable, washable SpaSoft™ interior allows for easy cleaning and custom fitting
- GMAX® D.E.V.S (dual exhaust venting system) top and rear vents reduce temperature by allowing hot air to escape from the top of the helmet
- 100% UV400 protection from the anti-scratch hard coated face shield for a longer lasting clear view
- · Tinted inner sun shade with anti-fog coating
- Lightweight Poly Alloy shell. Large size only 3.2lbs
- · Speaker pockets for communication systems

GM-32

The GM-32 combines the modern convenience of an internal sun visor with the versatility of a three snap visor system. A COOLMAX® interior and 100% UV400 tinted shield are also included for those extra sunny days.

- GMAX® flow thru intake/exhaust venting that helps pull in desired fresh air and remove unwanted hot air thru channeled vents
- Removable, adjustable and washable COOLMAX® interior allows for easy cleaning and custom fitting
- 3 snap removable visor
- · Retractable, tinted inner sun shield that is easily raised and lowered by a side mounted lever also with 100% UV400 protection and anti-fog coating
- · Vents and inner sun shield are easily controlled with a gloved hand
- Flip-up double lens available P/N - 72-0017
- Flip-up single lens available P/N - 72-0015
- Intercom Compatible

HH-65 FULL DRESSED

GMAX HH-65 Full Dressed w/Quick Release Buckle is the most feature packed half helmet on the market. From its internal sunshade to its dual density EPS, no other half helmet can compare to the HH-65's long list of standard features.

DOT Approved

- COOLMAX® interior keeps you dry and comfortable. COOLMAX® CORE Technology wicks moisture away from your body and dries quickly
- Removable interior allows for easy cleaning
- Comfort liner, shell and EPS designed for maximum venting to reduce heat at the top of the head
- · Helmet comes with two retractable, hard coated 100% UV400 resistant sun shields that are designed for a quick and tool-less removal and replacement. One clear and one dark smoke tinted
- Removable, snap in neck curtain keeps you warm during cool weather riding. Includes pockets for intercom speakers
- · Dual-density EPS technology allows for a low profile look and fit
- Intercom Compatible

GM-35

With its three snap visor, the GM-35 is one of our most versatile helmets. You can choose between a traditional cruiser look with its included peak visor and neck curtain or opt for the naked look by removing both. The three snap gives you the option of installing a variety of shields and visors to suite your personal style and riding conditions.

• DOT Approved

- COOLMAX® interior keeps you dry and comfortable.
 COOLMAX® CORE Technology wicks moisture away from your body and dries quickly
- Adjustable forehead vent for increased ventilation
- Removable neck curtain for cold days also has pockets for speakers
- 3 snap peak visor allows for a variety of shields and visors to be installed

EXO-R1 AIR

Regardless of where you tear it up; track, canyon, or urban wasteland, the Scorpion EXO-R1 Air was designed, engineered and tested to meet the demands of Moto GP® and World Superbike® racing, while providing features that benefit every rider!

DOT-218/ECE Approved

- Multi-layered Ultra-TCT® shell combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal
- Aero-tuned shell sculpture helps reduce aerodynamic drag, improve balance, and maximize mobility
- Advanced multi-layer EPS provides superior energy absorption and channels for increased airflow
- Aero-Tuned ventilation features a Ram-Air intake system, 4 port exhaust spoiler system and EPS channels for an optimal flow-thru effect
- Optically superior Clear MaxVision® Pinlock-Ready® face shield installed. Anti-scratch coated and offers 95% UV-A & UV-B protection
- Elliptec® II quick-release face shield mechanism with integrated center lock provides a superior shield-to-gasket seal
- FREE Additional dark smoke MaxVision® Pinlock® face shield and Pinlock® anti-fog insert included
- Removable/washable KwikWick® III antimicrobial interior keeps you cool, dry and comfortable
- Airfit® inflation adjustment system provides a custom fit to your cheek pads, also reducing wind noise and lift

- 3D contoured, Kwikfit® cheek pads allow easy access for most eye glasses
- EMT-friendly, emergency release cheek pads
- Integrated speaker pockets to accommodate BlueTooth® communication system speakers
- Breath Deflector included for enhanced fog-free performance
- Aero Skirt (Chin Curtain) included to help reduce wind noise
- Titanium Double D-Rings
- 5 Year Warranty

See pages 1176 for replacement parts and accessories.

EBORIFIEM OF

EXO-ST1400 CARBON HELMET

By combining state-of-the-art engineering, manufacturing, and materials into a sleek aerodynamic chassis, the EXO-ST1400 is one of the lightest helmets in its class, weighing in at 1,383 grams (3.05 lbs). The ST1400 also offers the ride-specific versatility of an integrated SpeedView® Sun Visor, AirFit® Custom Fit System, Comm-Ready convenience, and Aero-Tuned Ventilation.

- ECE/DOT Approved
- Resin-infused TCT-U[™] 3K carbon fiber composite weave shell
- Refined aerodynamics resulting in a streamlined and balanced profile
- Adjustable, venturi-effect ventilation system.
 Airfit® custom fit liner inflation system
- KwikFit® 3D sculpted cheek pads accommodate eyeglasses
- Washable and replaceable Kwikwick® III anti-microbial interior
- Emergency quick-release cheek pad system with integrated reflective piping
- Everclear® no-fog treated, Speedview® internal sun visor
- Everclear® no-fog treated face shield with center locking mechanism
- Additional Pinlock® MaxVision shield and Pinlock® anti-fog insert included
- 2-axis, Ellip-Tec® II ratchet system with integrated "City Position"
- 5-Year warrantv

See pages 1176 for replacement parts and accessories.

GAUGES

Once again ScorpionEXO® redefines value and versatility with the EXO-GT930 Transformer helmet, by taking the traditional modular to the next level and offering you what no one else does.

In seconds, and without tools, you can convert your full-face helmet to an open-face to meet changes in riding conditions, or your personal preference. Whether you choose to ride in full-face or open-face mode, both configurations also benefit from an integrated SpeedView® drop-down sun visor, which can be easily accessed by gloved hands. A detachable peak visor is also included for use in open-face mode, giving you an added layer of protection from the suns harmful rays, making it a true open-face helmet. Ventilation in full-face mode is provided by adjustable mouth and top intake vents and integrated rear exhaust vents that align perfectly with internal channels, keeping you cool when temperatures rise, and warm when temperatures drop.

The dual homologated (DOT & ECE P/J) Advanced Polycarbonate shell and Multi-Density EPS provide the energy displacement and protection you need. And for those who need to stay connected, the EXO-GT930 was specifically designed to integrate with the new EXO-COM® BlueTooth® Communicator Kit while the large speaker pockets also make it compatible with many other com systems in the market.

The EXO-GT930 gives you the freedom to Transform your riding experience.

- DOT-218 Certified/ECE Certified
- · Advanced Polycarbonate shell
- · Dual Density EPS
- · Aero-Tuned Ventilation
- · Removable Chin Bar
- Ellip-Tec[™] Ratchet System

- Everclear® No-Fog Faceshield
- Everclear® SpeedView® Drop Down Sun-Visor
- KwikWick® 'C' Comfort Liner
- KwikFit®
- EXO-COM® Ready
- Communication System Speaker Pockets
- · Peak Visor Included

INDEX

REFERENCE

ScorpionEXO® continues to set the standard when it comes to Value in a motorcycle helmet and the EXO-T520 EXO-COM® is the latest example. A lightweight, low-profile, and extremely comfortable helmet that's perfect for both city commutes and long-distance touring. The aggressive, aerodynamic shape and unique AirFit® inflation system combines to reduce drag and lift, while the EXO-T520's dual homologated (DOT & ECE) Advanced Polycarbonate shell and Multi-Density EPS provide the energy displacement and protection you need.

The EXO-T520's Anti-Fog coated Everclear® outer face shield provides shatter and scratch resistance while, internally, the integrated SpeedView® Sun Visor will help block the sun when you need it. 6 adjustable intake vents and integrated rear exhaust vents align perfectly with internal channels, keeping you cool when temperatures rise, and warm when temperatures drop. And for those who need to stay connected, the EXO-T520 is equipped with the new EXO-COM BlueTooth® Communicator Kit which allows you to connect to other riders, your mobile device, and to your music.

We didn't just design the streamlined EXO-COM® to look fully integrated into your compatible ScorpionEXO® helmet, its cutting-edge technology is designed to perform! The powerful Bluetooth 5 processor chipsets provides outstanding DynaMESH® intercom capabilities that keep you connected by auto-reorganizing the MESH network as your riding group moves, and even reconnects to riders who rejoin the group. Phone calls are clear thanks to the EXO-COM's hi-definition premium speakers, integrated dual microphones, and adjustable ABF noise cancellation. As music lovers, we made sure to provide superb speakers with premium 40mm drivers and adjustable graphic Equalizer for astonishing sound quality.

The intuitive and simple EXO-COM® Mobile App lets you customize user preferences and gives you instant access to a complete PDF manual anywhere from any modern smartphone or tablet. The EXO-COM® App is also seamlessly compatible with all UCLEAR systems and has Universal Pairing mode for limited pairing with other compatible brands. The EXO-COM® App also functions as your audio connection to compatible onboard OEM systems found on today's motorcycles, UTV's and snowmobiles, as well as GPS units, cameras and laptops.

Try out the new EXO-T520 EXO-COM® and discover what Value truly means.

COVERT X

The helmet that redefined badass has evolved into the all New Covert X. Same multi-configuration versatility featuring a refined 1/2 helmet profile, injection-molded LG® polycarbonate mask, and lightweight Ultra-TCT® composite shell construction resulting in a truly minimalist, no nonsense package.

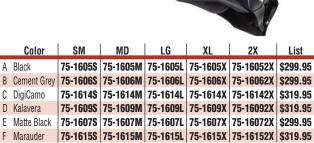

DOT Approved

- Multi-layered Ultra-TCT® shell combines fiberglass, aramid and poly-resin fibers which minimize weight while maximizing strength and impact dispersal
- Advanced multi-layer EPS provides superior energy absorption and channels for increased airflow
- Unique multi-configuration design featuring removable front mask and rear comfort sleeve results in 3 distinct riding configurations: Full Mode, 3/4 Mode and 1/2 Mode
- · Subtly integrated forehead vent intakes
- Dark smoke EverClear® anti-fog sun shield installed. Anti-scratch coated and offers 95% UV-A & UV-B protection

- FREE Clear EverClear® anti-fog and anti-scratch coated face shield included
- Removable/washable KwikWick® III anti-microbial interior keeps you cool, dry and comfortable
- Included cold weather ear covers with integrated speaker pockets to accommodate BlueTooth® communication system speakers (when used in 1/2 helmet Mode)
- Block-off plates included for use in 3/4 Mode
- · Optional Mask styles available (sold separately)
- 5 Year Warranty

COUNTY OF THE PART

COVERT

Radical By Design — We've taken a perfectly good half helmet and made it "Bad Ass"! The Patented (US D804,731 S) Covert Helmet can be converted to work with any style of riding. From half helmet to % open-face, then attach the included front mask and you've got one, seriously "bad ass" looking helmet.

DOT Approved

- Advanced LG® Polycarbonate shell is engineered to minimize weight and maximize impact dispersal
- Advanced multi-layer EPS provides superior energy absorption and channels for increased airflow
- Unique multi-configuration design featuring removable front mask and rear comfort sleeve resulting in 3 distinct riding configurations: Full Mode, 3/4 Mode and 1/2 Mode

SOUND ON

EXO-R420

The EXO-R420 helmet continues to set a new standard for Scorpion EXO®'s full face street helmets at a very competitive price point. An all new shell is more aerodynamic and smaller resulting in an ultra-lightweight Snell-approved helmet. The ventilation system uses a large top vent and mouth vents engineered to allow more airflow to the rider's head while maintaining low noise levels. The EXO-R420 now features our new Ellip-tecTM II face shield with

a latching shield locking mechanism located in the lower center of the shield. This makes the face shield more secure and provides a tighter seal against the gasket. The face shield can easily be removed without tools. Shown with dark shield (sold separately)

DOT/Snell Approved

- Ultra-lightweight advanced LG® polycarbonate shell
- · Aero-tuned ventilation
- Ellip-tec[™]II face shield w/ Everclear[®] no-fog coating
- Kwikwick® II washable anti-microbial comfort liner
- Kwikfit® cheek pads accommodate eyeglasses

EXO-R320

The EXO-R320 changes the paradigm for what you think you can afford in a helmet for under \$100. A LG® polycarbonate shell and dual density EPS result in a lightweight and safe DOT approved full face helmet. The KwikWick® II liner is moisture wicking, anti-microbial, quick drying and can be easily removed and is machine washable. Aero tuned vents on the top and front of the helmet offer excellent ventilation. The Ellip-Tec® Pinlock® ready face shield can be easily removed without tools. Shown with dark shield (sold seperately)

• DOT Approved

- Advanced LG® polycarbonate shell
- Ellip-Tec® ratchet system
- Pinlock® ready face shield (Inserts sold separately)
- KwikWick® II washable anti-microbial comfort liner
- · Aero-Tuned ventilation system
- KwikFit® cheek pads accommodate eyeglasses
- · Communication system speaker pockets
- COMES WITH CLEAR FACE SHIELD

EXO-AT950

Introducing the EXO-AT950, a versatile modular adventure touring helmet. It has features and quality that you would expect to pay far more. The EXO-AT950 can be used as a full face adventure helmet with external peak visor attached, or the peak visor can be removed and you have an aerodynamic touring helmet. The no-fog Everclear® face shield can be removed and you can use the EXO-AT950 as a dirt helmet with goggles for off-road use. Our oversized eye port is extremely wide for greater peripheral vision and downward visibility, and the modular chin bar can be conveniently flipped up when you stop to get gas or ask for directions. The internal drop down sun visor and Kwikwick® II liner will keep you comfortable all day long even as lighting conditions change throughout the day. Three shell sizes made of advanced LG® polycarbonate and dual density eps, result in a helmet that is light weight, strong, and protective. Shown with dark shield (sold separate)

- DOT Approved
- Easy use flip up chin bar

EXO-CT220

The EXO-CT220 is designed to offer a modern, protective, comfortable and functional product for riders that need more than a traditional open-face helmet. The versatile EXO-CT220 can be configured with a face shield for blocking head winds, or switch the shield for a sun-blocking visor for more of that wind-in-your-face feel. The face shield is specially designed to reduce turbulence inside the helmet by re-directing the air flow under the helmet instead of the interior.

• DOT Approved

- · Removable peak visor
- Ultra-lightweight advanced LG® polycarbonate shell
- · Aero-tuned ventilation
- Kwikwick® II washable anti-microbial comfort liner
- 3-step Everclear® Speedview® drop down sun visor

EXO-C110

The EXO-C110 is ScorpionEXO®'s next-generation take on the classic half helmet. Combining subtle modern lines with an advanced ventilation system it not only looks cool, but it cools the head during long rides. A dual-density eps liner that extends down to protect the lower rear skull and an improved sun visor mechanism provides premium touches while maintaining the classic half helmet look and fit. Additionally, a unique chin strap retention design prevents it from rolling forward off of your head.

See pages 1174 for replacement parts and accessories.

IMPULSE FLIPUP HEMETS

SENA IMPULSE MODULAR HELMET with SOUND BY Harman Kardon

The all-new Impulse is a modular smart helmet featuring Sena's industry-leading Mesh Intercom™ and Bluetooth® Intercom technology plus premium speakers and microphone by the audio professionals at Harman Kardon. The Impulse's expertly tuned speakers bring a new level of precision and clarity to in-helmet audio plus an all-new microphone for unprecedented outbound audio quality. The helmet boasts an integrated rearfacing tail light for rider visibility as well as a convenient retractable sun visor. Impulse was built with a DOT-rated composite fiberglass shell and has an intermediate oval fitment. Four strategically placed vents, a chin vent, top vent, and two exhaust vents allow for airflow while riding. Impulse offers:

Meets or exceeds DOT & ECE Standards

- · Modular Helmet Design
- Premium Speakers & Microphone: SOUND BY by Harman Kardon
- Integrated Mesh & Bluetooth Intercom systems
- Multi-Channel Open Mesh Intercom supports virtually limitless riders
- Group Mesh Intercom supports up to 24 riders in a private group
- 1.2 mile Mesh Intercom range (can extend 5 mi with minimum 6 riders)

- 4-way Bluetooth Intercom (1.2 mile range)
- 18 hour talk time (varies upon intercom and taillight usage)
- Pinlock®-ready and includes Pinlock anti-fog lens
- Retractable Sun Visor
- Voice-Activated Digital Assistant Access ("Hey Google"/"Hey Siri")
- Voice Commands in 8 languages
- Magnetic Pogo Charging Port
- Available in Glossy White & Matte Black
- Intermediate Oval Fit

STRYKER HELMET

SENA STRYKER FULL FACE HELMET with SOUND BY Harman Kardon

The Stryker is Sena's latest full face smart helmet, equipped with both Mesh Intercom™ and Bluetooth® Intercom technology plus premium speakers and microphone by the audio experts at Harman Kardon. Stryker's seamlessly integrated speakers bring a new level of precision and clarity to in-helmet audio as well as a newly designed microphone for unprecedented outbound audio quality. The Stryker helmet is packed with premium features including an integrated taillight and a convenient retractable sun visor. The helmet features a DOT-rated composite fiberglass shell and offers an impressive seven-vent design with an intermediate oval fitment. Stryker offers the below features:

- Meets or exceeds DOT & ECE Standards
- Full Face Helmet Design
- Premium Speakers & Microphone by Harman Kardon
- Integrated Mesh & Bluetooth Intercom systems
- Multi-Channel Open Mesh Intercom supports virtually limitless riders
- Group Mesh Intercom supports up to 24 riders in a private group
- 1.2 mile Mesh Intercom Range (can extend 5 mi with minimum 6 riders)
- 4-way Bluetooth Intercom (1.2 mile range)
- 18 hour talk time (varies upon intercom mode and taillight usage)
- Retractable Sun Visor

- Voice-Activated Digital Assistant Access ("Hey Google"/"Hey Siri")
- Voice Commands in 8 Languages
- Magnetic Pogo Charging Port
- Optional Pinlock®-ready shield accessory available
- Available in Glossy White & Matte Black
- Intermediate Oval Fit

BOBSTER®

Since 1996, Bobster® has specialized in designing performance eyewear for active lifestyles and extreme activities. We have built our reputation on durable, functional sunglasses and goggles that stand up to any challenge. Every Bobster® eyewear comes standard with the following features:

- Backed by a No Hassle Lifetime Warranty
- 100% UVA/UVB protection
- · Polycarbonate shatter resistant lenses
- · Adheres to the American National Standards Institute's Z80.3 standards and specifications

EYEWEAR CATEGORIES

| CONVERTIBLE | <u>1180-1184</u> | Convertibles switch easily from glasses to goggles and back, eliminating the need for multiple pairs of eyewear |
|----------------------|------------------|---|
| PHOTOCHROMIC | <u>1184-1186</u> | Photochromic lenses automatically adjust so you can wear your glasses from morning to night |
| INTERCHANGABLE | <u>1187-1188</u> | Interchangable models feature quick change lenses to suit your riding conditions |
| GOGGLES | <u>1188-1191</u> | Strap system makes riding even in the windiest conditions a breeze |
| OVER THE GLASS | <u>1191-1192</u> | Built to comfortably fit over your prescription glasses |
| SUNGLASSES WITH FOAM | <u>1192-1194</u> | Foam inserts are great for restricting wind and dust penetration to eyes when needed |
| SUNGLASSES | <u>1195-1198</u> | A stylish, functional piece that works on the bike or off |

LOW RIDER II

Get down with this wrap around eyewear that rides stylishly over the eyes while providing ultimate peripheral vision. Three sets of polycarbonate lenses allow a smooth transition from day riding to evening and night rides. The rugged black matte frame ensures a snug fit, while cushioned by soft open cell foam that absorbs perspiration and keeps out wind and debris.

FEATURES:

• Temple to Temple: 132mm

· Grilamid TR90 Frame

· Open Cell Foam

• Frame size: Medium

• 100% UV protection

• Impact resistant Polycarbonate lenses

INCLUDED:

- 3 Sets of Lenses: Anti-fog Smoked, Amber & Clear
- Removable Goggle Strap
- · Microfiber Cloth
- · Carry Case

Frame WPS# 26-4885 \$80.98

RALLY

FEATURES:

- 3 sets of lenses: anti-fog smoked, yellow, & clear
- Removable closed cell foam
- ANSI Z87.1-2010+
- CE
- · Impact resistant polycarbonate lenses
- 100% UV protection
- EN166

| Black | 26-4775 | \$80.98 |

SPEKTRAX

The Spektrax is ideal for riders requiring prescription lenses, this eyewear converts smoothly from sunglass to goggle with the included detachable strap. The removable RX insert fits securely between the shatter-resistant polycarbonate lens and the anti-impact frame which is lined with open cell foam. Excellent peripheral vision is produced from the curved, single-lens geometry. For continued activity through the day and night, the three lens options of anti-fog smoked, amber and clear are included, along with a durable carrying case and microfiber cleaning cloth.

FEATURES:

• Temple to Temple: 147mm

• Polycarbonate Anti-Impact Frame

• Open Cell Foam

· RX Ready with Removable Insert

• Frame size: Large • 100% UV protection

• Impact resistant Polycarbonate lenses

INCLUDED:

- · 3 Sets of Lenses: Anti-fog Smoked, Amber & Clear
- · Removable Goggle Strap
- Removable RX Insert
- Microfiber Cloth

· Carry Case

WPS# 26-4785 \$60.98

SPORT AND STREET INTERCHANGEABLE

This rugged and reliable convertible eyewear converts from sunglass to goggle, allowing adaptation to any environment. Designed for maximum versatility for those with an active lifestyle, it features three sets of interchangeable lenses and closed cell memory foam around the interior frame for protection and comfort. A perforated frame provides regulated air entry to prevent fogging during rigorous activity.

FEATURES:

• Temple to Temple: 145mm

· Polycarbonate Frame

TRIDENT

The Trident is one unique sunglass, not only with its styling but also in it's functions. This eyewear comes with a polarized smoked lenses plus 2 additional lenses (clear & amber) in order to interchange them according to the weather and lighting conditions. The smoked polarized lenses also come with a hydrophobic lens coating which prevents water for remaining on lenses and makes the lenses easier to clean. A removable closed cell foam and goggle strap are also included with the Trident. A cleaning cloth and carry case are included to easy storage and transport of this eyewear.

FEATURES:

• POLARIZED Lens with Hydrophobic Coating

· Grilamid TR90 Frame

• Frame size: Medium/Large • 100% UV protection

GUNNER

The Gunner merges fashion with functionality by combining the most desired aspects and features of any eyewear available. The wrap-around Grilamid TR90 frame can be worn either with smooth temples as a sunglass or with a detachable, adjustable strap as a goggle. Vented removable closed cell foam prevents lens fogging and keeps wind and debris from distorting vision. Photochromic lenses that change with altering light allow for greater clarity, while rubber nose pieces create a lightweight, comfortable set of eyewear that allow you to truly enjoy the outdoor excursion of your choice. For night riding the Gunner comes with a set of clear lenses.

ROAD MASTER

Dominate the road with this convertible photochromic eyewear. The adjustable strap allows easy conversion from sunglass to goggle, while the photochromic polycarbonate lenses lighten when indoors and darken when exposed to sunlight. Removable closed cell foam adds comfort for extended periods of wear while protecting the eyes from dust and debris.

Note: Generally, photochromic lenses do not darken behind windshields due to the UV protection inherent in the glass.

FEATURES:

• PHOTOCHROMIC Lenses (V.L.T. 33%-19%)

• Temple to Temple: 138mm

• Polycarbonate Anti-Impact Frame

RENEGADE

Take the surprise out of the elements with the Renegade: its comfortable, polycarbonate frame is equipped with photochromic lenses that adjust from a light to medium tint, ensuring optimum visibility under any lighting condition. The Renegade transforms effortlessly from sunglass to goggle and comes equipped with a removable closed cell foam insert which seals easily to your face to protect your eyes from dust and wind. A microfiber cleaning cloth and carry case are included.

FEATURES:

• PHOTOCHROMIC Lenses (V.L.T. 83%-28%)

Polycarbonate Frame

• Frame size: Medium

• 100% UV protection

• Impact resistant Polycarbonate lenses

| Black | 26-4702 | \$67.98 |

DECODER 2

The Decoder 2 has both style and function with its light changing lenses and the ability to convert from a sunglass to a goggle. The temples easily release with our R.I.S. technology and quickly become a goggle with the included strap. The other unique feature is the closed cell foam, when attached the Decoder 2 is a full frame sunglass but quickly remove it and it becomes a half frame sunglass. The anti-fog lenses lighten or darken in changing lighting conditions. So many variations in ways to wear all in one piece of eyewear!

FEATURES:

Polycarbonate lenses

FOAMERZ II

An updated version of our extremely popular Foamerz, these wrap around sunglasses are available in smoked, clear or amber anti-fog polycarbonate lenses. Closed cell foam allows ventilation while providing a cushioned lining to protect the eyes from wind and dust while flying down the road. The flexible, polycarbonate frame wraps securely around the face while rubber strips at the tip of each temple keeps the eyewear in place. For effortless transport, a microfiber pouch is also included.

FEATURES:

- Temple to Temple: 126mm
- Polycarbonate Frame
- · Anti-Fog Lenses
- · Closed Cell Foam
- They Float!
- ANSI Z87.1-2003 Approved
- Frame size: Medium
- 100% UV Protection
- Impact Resistant Polycarbonate Lenses

INCLUDED:

MOTORDROME JACKET

Built in 1910, the Los Angeles Motordrome was the first motorcycle board track race complex. The 'Motordrome Jacket' by Highway 21 is a thoroughly modern piece of riding gear with a heavy stylistic nod to board track race history. Equipped with dual chest vent pockets, large forearm vents, and built out of premium leather, the Motordrome Jacket will keep you cool and protected from the splinters flying off the track ahead of you.

MURTAUGH JACKET

The Highway 21 Murtaugh Jacket proves nothing is ever truly too old by combining classic styling with traditional function for the modern rider. This jacket is made from premium cow hide leather and features a large front conceal carry D-pocket, reminiscent of the "map pockets favored by early aviators and motorcyclists. Aged brass hardware and a real leather belt that can be modified for use in your jeans round out this classic jacket.

GASSER JACKET

The Gasser jacket was inspired by the days of pure adrenaline, the era when riders lived for weekend races. Whether racing board track, dirt track, or road circuits, they all shared one common goal; striving to be the best and accepting their fate while doing so. Riding in today's world has changed, and so has technology. If you're looking for a vintage jacket that takes you back in the past but protects your future, look no further.

PRIMER JACKET

Here at Highway 21 we believe the early days of America are nostalgic. So, we decided to emboss that reminiscent sentiment into the very grain of our designs. Our Primer jacket has a timeless vintage style that will take your mind and wallet back to an era of simplicity. If you're looking for a classic style that never ages and won't break the bank, then it's time to try on the Highway 21 Primer jacket.

WINCHESTER JACKET

Highway 21's classic and rugged Winchester Jacket bridges the gap between casual with performance protection. The trusted Army Field Jacket kept our boys safe on the battlefield and now redesigned and fortified, it is ready for the modern rider. Whether blasting to the coast or running to the movies, dismount in comfortable casual style.

GEARHEAD JACKET

Bringing together technical ability and strength, the Gearhead jacket was developed with the inner mechanic in mind. Hard work is in our blood, and the results are a reflection of what we are willing to sacrifice to get there. Whether you're changing oil, rebuilding an engine, or just pounding pavement, the Gearhead jacket is always the right fix.

INDUSTRY HOODIE

Despite the fact that they don't offer the protections we need while we're pounding the pavement, sometimes hoodies are just what we're in the mood for. In order to keep the good ol' days close to our heart, and keep injuries part of the past, we created the heavyweight of the hoodie class. Designed to be as comfortable as your favorite hoodie, but safe enough for the ride, the Industry Hoodie has never been more ready for the road.

MARKSMAN RIDING FLANNEL

When cruising the open road, you don't always have a direction or destination; that's just part of a biker's life. With the streets forever changing, you must be prepared. Look for protection with the Marksman flannel jacket. A jacket as rugged as your grandfather, yet tailored with a classic innovative design that won't let you down. Stay protected, be stylish. Hit your mark.

BLOCKADE VEST

The Blockade vest takes on a new angle with core protection. In this case offense is the best defense; so prepare for the streets like a swat team prepares for their next take down. This tac vest is fully suited in premium leather, adjustable side straps, and a style that ensures you won't be tread on. Put on the Blockade vest, kick down the door and burn down the pavement.

MAGNUM VEST

The Magnum vest packs a huge punch and makes an impact at every stop light. Its fit and features do all the talking. With 100% genuine leather, concealed carry pocket, and such bold styling, this silent threat is one not to be reckoned with. If you're looking for the largest caliber in core protection, the Magnum has your back.

SIX SHOOTER VEST

The Six Shooter vest is as traditional as its name. Since the 19th century horsemen spent most of their time on the range, the vest or "office in the saddle" was invented to create storage and added warmth to these lengthy and tough trips. Determined not to leave its roots, we built a vest that looks as good as the original but meets all 20th century standards.

12 GAUGE VEST

The 12-Gauge vest was built to adapt and overcome everyday obstacles. The 6-point side panel adjustment system allows for multiple set-ups, guaranteeing the perfect fit. Its concealed carry pocket and drop tail add to the 12-Gauge's functionality, while its 100% genuine leather and YKK® zippers ensures the vest will last a lifetime.

IRON SIGHTS DENIM VEST

Dating back to the early 1970s, the vintage denim vest is one of America's most iconic pieces of motorcycle apparel. We kept this tried and true original platform with the Highway 21 Iron Sights Denim Vest and simply added a modern twist of functionality. Put on your vest and don your badges with this timeless style.

AVA VEST

"She was powerful not because she wasn't scared but because she went on so strongly, despite the fear." - Atticus

Leave fear behind in a cloud of spent fuel and burnt rubber with the Ava Vest by Highway 21. Rugged premium leather tanned to supple perfection has been carefully constructed into a beautiful and brutally strong riders vest by passionate and skilled hands.

FEATURES:

- Premium 100% genuine leather
- YKK® zippers w/ two-way main zipper
- Pillow pleated accent panels
- Decorative panel seams
- Snap club collar
- Two handwarmer pockets
- · Heat debossed taffeta comfort liner
- Internal patch access zipper
- · Interior device pocket
- Reinforced concealed carry pocket
- · CE back armor pocket

MAVERICK CHAP

The Maverick chap is designed with America's rich history in mind. Dating back to the 1870's, chaps started finding their way onto horsemen, and over a century later they are still being widely used by horsemen and iron horsemen alike. Put on a pair of Maverick chaps and step into the past to protect your future.

LAUNCH

At FLY Racing we don't cater to any one weight class, we strive to provide the best at all levels. The Launch Jacket is no exception. Bringing unmatched versatility and functionality, while providing the CE protection required to beat the streets, the Launch Jacket packs in more than you bargained for. When there's only one choice, ride the Launch.

MATERIAL

- High abrasion fabric in critical wear areas
- HydraGuard[™] protective membrane provides superior waterproofing and breathability

LINER

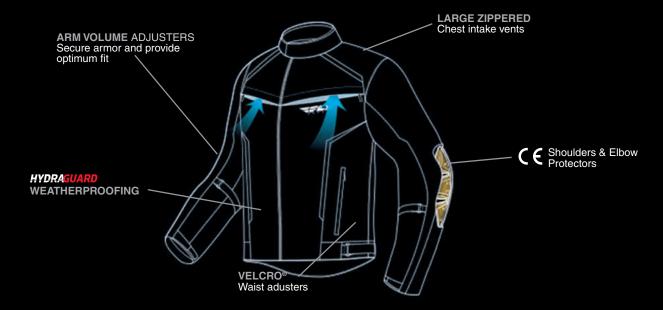

· Removable thermal liner

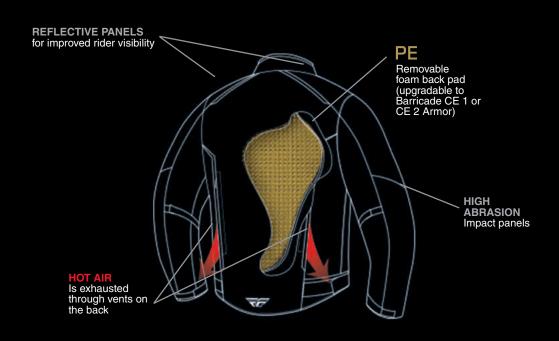

PROTECTION

- CE Level 1 removable armor in the shoulders and elbows conforms to EN1621-1 standards
- Removable PE foam back comfort pad can be upgraded with FLY Barricade CE Armor Kit
- High-visibility reflective panels and logos for added safety

FEATURES

- Anatomically fitted for the perfect riding position
- · Drop tail for added coverage
- Soft touch collar for added comfort
- YKK® main zipper
- · Belt loop attachment
- Zipper pulls for ease of use with gloves

1909 VINTAGE JACKET

The 1909 vintage leather jacket is made from premium leather that is distressed by hand for a unique soft vintage feel and look. The pattering and fit has been optimized for comfort in the riding position. All critical seams have our EXO-Stitch® internal safety stitching making this a real motorcycle jacket. This antique looking jacket offers excellent protection from the elements and abrasion, and protects against impacts with the removable SAS-Tec® armor at elbows and shoulders. This is an extremely luxurious jacket that will be enjoyed for generations.

- Soft distressed 1.4mm top grain leather and YKK zippers
- Reinforced EXO-Stitch® safety stitching on all critical seams
- Shoulder and elbow SAS-Tec® body armor included
- Leather overlays at elbows
- Perforated inner arm and torso panels
- Removable Everheat® thermal liner
- Four external pockets and two internal pockets

TRANSFORMER JACKETS

The Transformer Jacket by Scorpion EXO can be worn multiple ways to match a variety of weather conditions. When temps get cold, wear the softshell hoodie under the mesh outershell. When temps heat up, remove the hoodie and tuck away the back panel for maximum airflow. You can even zip off the sleeves and transform the jacket into a vest or wear the hoodie alone. All this plus our patent pending backpack feature will transform your riding experience

- 600D premium nylon shell with 100% polyester dobby mesh for airflow
- 100% polyester, wear alone or zip in windproof softshell hoodie
- CE Level 1, form adaptable, Sas-Tec® flex armor at shoulders and elbows
- 6 pockets: 2 chest pockets, 2 hand warmer pockets, 2 internal pockets
- · Forearm, bicep, and waist adjustability for optimal fit
- YKK zippers
- · NightViz Reflective on shoulders and piping across back

AIR FLOW:

- · Large hole dobby mesh for maximum airflow
- · Tuck away back panel for increased airflow

BACKPACK FEATURES:

- Ergonomically designed to distribute weight evenly across the torso
- · Internal load-adjustment strap and waist straps tightly secure the load
- 20 liter storage capacity
- · Waterproof compartment
- · Mesh sidewalls for maximum airflow

CONFIGURATIONS:

- Outershell + Hoodie for protection and warmth
- · Outershell alone for protection and airflow
- · Hoodie alone for warmth or style
- · Vest alone to stay cool
- Vest + Hoodie for style
- 1 year warranty

TRANSFORMER HOODIE

The Transformer hoodie by Scorpion EXO features a thin, windproof fleece construction, making it ideal for use as a midlayer under your favorite jacket, or alone as a light outershell.

- 100% polyester windproof softshell hoodie
- · Flat lock stitching reduce bulk and enhance comfort
- Can be worn alone or zipped into the Transformer 5 in 1 Jacket
- Bungee cord and toggle hood adjuster
- Extended cuffs with thumbholes
- · Hand warmer pockets with snap closure
- · 2 interior pockets
- · 1 year warranty

MORPHEUS REVERSIBLE JACKET

The Morpheus Reversible jacket from Scorpion EXO offers two distinct looks, for the price of one! The lightweight polyester side offers water resistance to shield you from the elements when riding, yet maintains a casual look off the bike. When you're ready to amp up the style, reverse the jacket to the flannel side, which features a comfortable, brushed cotton material. Both sides are internally reinforced with a 600D abrasion resistant material and removable CE rated elbow armor. The Morpheus jacket from Scorpion EXO allows you to Morph your style, not your standards.

- Water resistant, windproof polyester is internally reinforced with abrasion resistant 600D polyester at the shoulders, elbows and back
- · YKK front zipper closure
- 1 chest pocket with snap down flap

FLANNEL SIDE:

- Plaid flannel (186g) is made of 100% brushed cotton and is internally reinforced with abrasion resistant 600D polyester at the shoulders, elbows and back
- YKK front zipper closure with snap down flap
- · 2 chest pockets with snap down flaps

SHARED FEATURES:

- · Magnetic closure holds collar down in the wind
- 2 Hand warmer pockets with snap closures
- Underarm venting for temperature control
- Sas-tec® CE Level 1 Flex armor included at the elbows with armor pockets at the shoulders for optional armor
- Pocket for optional Sas-tec® CE Level 1 back armor
- 1 year warranty

ACCESSORIES:

- Optional Sas-Tec® CE Level 1 Flex shoulder Armor Part #75-08008
- Optional Sas-Tec® CE Level 1 Back Armor Part# 75-08009

and the Market of the Market o

STEALTHPACK JACKET

The patent pending StealthPack Jacket by Scorpion EXO. Clean, streamline styling with a surprising little secret, a hidden backpack so subtly integrated you wouldn't even know it was there. Ideal for the daily commute, week-end errands, or a long destination ride. Fully adjustable and extremely versatile, the integrated backpack sides also double as the industries largest heat exhaust vents, providing superior ventilation working in unison with the front intake vents. Say goodbye to your lopsided, shoulder straining backpack and hello to the StealthPack.

- 600D premium polyester shell
- CE Level 1, form adaptable, Sas-Tec flex armor at shoulders and elbows
- 6 pockets: 2 chest pockets, 2 hand warmer pockets, 2 internal pockets
- Forearm, bicep, and waist adjustability for optimal fit
- · YKK zippers
- NightViz Reflective on shoulders and piping across back
- 2 large intake vents on the front designed to flow air around your body thru to 2 mammoth back exhausts
- 2 underarm vents and 2 Dual purpose chest pockets (storage and venting)
- Ergonomically designed to distribute weight evenly across the torso
- Internal load-adjustment strap and waist straps tightly secure the load
- 20 litre storage capacity

- Designed to be used in 2 different configurations: quick access lighter loads or full capacity loads
- Waterproof compartment for laptops, tablets, etc. Holds up to 15" laptop
- Shock absorbing padding down back for added comfort and additional airflow channeling
- 3D mesh divider between jacket shell and backpack for unobstructed air flow
- Mesh sidewalls for maximum airflow
- 1 year warranty

VORTEX AIR JACKET

The combination of large gauge mesh and abrasion resistant Rhino-Mesh® on Scorpion Exo®s Vortex Air chassis results in up to 30% more airflow while providing 3X the abrasion resistance of typical mesh riding jackets.

- Large gauge mesh / Rhino-Mesh™ combination increases airflow by (up to) 30%
- Lightweight Rhino-Mesh™ chassis provides 3x the abrasion resistance of typical mesh riding jackets
- Integrated 600D polyester reinforcements at key impact points (shoulders, elbows, and lower back)
- C.E. Level 1 approved Exo-Tec® armor at the shoulders and elbows
- High density back protector that can be upgraded to Sas-Tec® C.E. Level 2 back armor
- Integrated action-back panels increase rider mobility and comfort while decreasing fatigue
- Low profile, neoprene finished collar provides maximum rider mobility and comfort
- Multi-point adjustments at the hips, biceps, and forearms create a user-defined custom fit
- Reliable, smooth, snag-free YKK[®] Vision zippers
- Removable, full-sleeve, zip-in 100% Waterproof liner
- Multi-pocket design (2 outside chest, 2 hand warmer, plus 2 inside)
- 360° of Nightviz® Reflective
- · Belt loops for jacket to pant attachment
- 1 Year Warranty

SOURIFIEM.

CARGO AIR JACKET AND REFLECTIVE BAG

Introducing the Cargo Air jacket. A lightweight mesh riding jacket that not only flows a ton of air but gives you the option to pull out an expandable cargo bag when needed. When traveling light, tuck it away, or simply remove it. The Cargo Air jacket by ScorpionEXO, it is there when you need it.

FEATURES

- 600D premium polyester combined with our exclusive Rhino-Mesh™ create a superior lightweight, abrasion resistant chassis
- EXO-TEC® CE Level 1 armor at shoulders and elbows, back protector pocket for optional CE armor
- 5 pockets: 1 chest pockets, 2 hand warmer pockets, 2 internal pockets
- Forearm and waist adjustability for optimal fit
- YKK zippers
- NightVis® Reflective on shoulders and piping across back
- Optional Transformer windproof Hoodie can be worn underneath or stored in cargo bag to extend your ride
- 1 year warranty

CARGO CARRYING OPTIONS:

- Zippered storage pocket contains a stretch cargo bag that can be pulled out when you need it
- · Tuck the cargo bag away when it is not needed
- Completely remove the cargo bag and just use the back pocket for storage
- Optional reflective water-resistant cargo bag available

ABRAMS RIDING SHIRT

More than just another riding shirt, Scorpion EXO's Abrams jacket finds the sweet spot between lightweight comfort and abrasion resistance, thanks to its external polyester reinforcements and internal Rhino-Mesh® lining, getting you to your destination looking and feeling cool

- Mid-weight cotton chassis reinforced with integrated Rhino-Mesh® lining providing 5 times the abrasion resistance of a typical riding shirt
- 600D polyester reinforcements provide an additional 10x abrasion resistance at the shoulders and elbows
- Integrated pockets at the shoulders and elbows for optional Sas-Tec® flex armor
- Streamlined back protector pocket for optional Sas-Tec® level 2 armor
- · Adjustable YKK underarm venting

- Integrated action-back panels for increased mobility and comfort
- Forearm and bicep adjustability for optimal fit
- 5 external pockets, 2 chest, 2 hand warmer pockets and 1 utility arm pocket
- 1 large internal conceal carry pocket
- YKK center front zipper with snap closure flap
- 1 year warranty

Sas-Tec back armor

COVERT WAX RIDING SHIRT

When you don't want to wear a heavy riding jacket, but need more than just a t-shirt; that's where the covert waxed riding shirt comes in. We infused 12oz denim with a unique mixture of micro and technical waxes to make a riding shirt that looks and feels like a classic work shirt, but protects against wind, water, and abrasion. Additionally, it is fully lined with 165g DuPont™ Kevlar® fiber to resist tearing and add strength. EXO-Stitch® safety seams and mesh armor pockets at the elbows, shoulders, and back (for optional SAS-Tec® armor) enable you to add protection from impact. Scorpion has combined the best of old and new technologies to deliver style, comfort, and safety.

- 12oz denim with paraffin waxed
- · Polyester mesh lining
- Mesh pockets on elbows, shoulders and back for optional SAS-Tec® CE armor
- YKK® center front zipper as well as snaps
- 165 GSM DuPont™ Kevlar® lining Two upper chest external pockets

75-08005

We didn't just take a cotton shirt add some Kevlar thread and call it a protective garment. We've been making protective riding apparel for over ten years and want our customers to be safe. The Covert flannel was designed from the very beginning to be a protective garment. The entire shirt is based on a chassis made with 165g DuPont™ Kevlar® lining to protect from tear and abrasion. Then we sew a cotton flannel fabric onto the chassis, and add a comfortable mesh liner. Additionally, we have pockets for optional SAS-Tec® CE certified armor at the elbows, shoulders and back. So sure, it looks like your favorite flannel shirt, but inside it has a heart of DuPont™ Kevlar® gold.

· Cotton flannel outer fabric

- 165g DuPont™ Kevlar® lining
- · Mesh pockets in elbows, shoulders and back for optional SAS-Tec® CE certified armor
- Two upper chest pockets, and one internal pocket

SAS-TEC ARMOR

- · Adaptive absorption: the air within the cells of the protector allow progressive absorption of energy as the material becomes more firm as it compresses
- Climate stability: SAS-Tec Visoelastic foam does not break down under high temperatures and can withstand up to 212 degrees Fahrenheit
- Environmentally conscience: partially made of recyclable materials
- Sold as ONE PAIR (except back protectors) certain armor doubles for multiple abrasion zones i.e. elbow, knee means that armor works for both elbow and knees

OUTERWEAR WATER REPELLENT

The industry standard for restoring water repellency to all types of outerwear including GORE-TEX® garments, Windstopper garments, soft shells and other waterproof breathable garments! Water beads and rolls off new outerwear, but with normal wear, garments eventually start to "wet-out". ReviveX® restores like-new water repellency to all types of waterwear. Just wash ,spray and tumble dry! Ideal for rainwear, skiwear, windwear, hats, gloves, and more! ReviveX® Water Repellent is durable, nontoxic, nonflammable, and water based.

Description Size WPS# Water repellent 10.5oz 27-14102 \$14.50

OUTERWEAR HI TECH SYNTHETIC CLEANER

Specialized formula designed to clean all types of outerwear including rainwear, skiwear, soft shells, fleece, and synthetic insulation. Essential preparation for treatment with ReviveX® Brand Water Repellents. Ideal for GORE-TEX® garments, Windstopper garments and other waterproof breathable garments. The choice of top outerwear and skiwear manufacturers.

Description Size WPS# List Pro Fabric Cleaner 10oz **27-14109 \$8.95**

GORE-TEX FABRIC REPAIR KIT

Easy to use peel-and-stick patches made from GORE-TEX® fabric. Ideal for quick, durable field repairs to torn outerwear.

Color WPS# Black **27-14108 \$6.95**

PROTEX

- · Textile and leather waterproofing
- · Long lasting protection against moisture and oil
- · Allows the fabric to breathe naturally
- GORE-TEX® approved
- · Contains no silicone which can dry out leathers

LOUIE PERFORATED GLOVES

Made from soft, durable deerskin leather, our Louie perforated glove is a delight to feel. In addition to being soft and supple, among deerskin's unique properties, is it allows a quick break-in -creating a literal 'custom fit'- and an ability to dry quickly and return-to-form after a soaking.

- · Single Layer Design
- · Rich Drum Dyed Finish
- · Unique Tooled Exterior
- Premium Deer Skin
- Perforated Panels
- Heavy Duty Construction

VORTEX AIR GLOVES

You don't need to compromise on safety to get a great warm weather glove. The combination of a goatskin leather chassis, carbon fiber knuckles, and reinforced palm provide the protection, while the high flow mesh and perforated leather provide the air flow. Get the airflow you want with the protection you need from the ScorpionEXO Vortex Air glove.

- Premium goatskin leather glove with durable polyester mesh provide protection and comfort
- Carbon fiber reinforced Knuckle provides strength and durability
- · Stretch panels at knuckles for dexterity
- Padded knuckles, thumb, and palm provide impact protection
- Reinforced sidewall and palm add abrasion resistance
- Digital embossed reinforcement on palm and thumb provide superior grip
- Pre-curved finger construction for fit and reduction in rider fatigue
- Touchscreen compatible fingers and thumbs
- · 1 year warranty

AXLE SHOES

Your bike isn't just transportation, it is part of your life and your gear should be too. The AXLE SHOE by HIGHWAY 21™ is a legit riding shoe that thinks it's an every-day sneaker, and it's right. Reinforced toe and heel boxes complimented by ankle protectors all on an oil and crush resistant sole with a composite shank but wrapped in a stylish black canvas makes it easy to seamlessly slide from riding to living just like it should be.

WINDSHIELDS FAIRING

Sacrificing performance over style is common in the world of protection. The FLY Racing Street M16 shoe defies these standards and elevates its game to handle the harshest of environments with style that doesn't stop after the ride. If you desire to look as good on the bike as you do off, the choice is clear. Put on the M16 and start kicking down road blocks.

NEO-X FACE MASK

- Adjustable metal nosepiece: Ensures a comfortable, secure fit
- Replaceable antibacterial bamboo filter: 3 biodegradable filters included to protect against airborne debris and can be easily replaced
- Neoprene Lip: In conjunction with the metal nose piece, the lip effectively aids in inhibiting fogging
- Air vents: Offer ventilation for the ease of breathing
- Nylon bound edges: For durability and better fit

POLYESTER BALACLAVAS

- Polyester Balaclava offers optimal protection from the elements by providing coverage of the head, neck and face
- Constructed of 100% stretchy polyester
- Allows for a snug, yet comfortable fit.
- · Also features two smooth seams that are strategically placed to eliminate an irritating pressure point when worn
- · Boasts vibrant graphics and its contoured design mitigates uncomfortable bunching

PROTECTIVE FACE MASKS

5 LAYER PM 2.5 FILTER

ZANheadgear's® PM2.5 Replaceable Filter Pack includes 5 replaceable filters. This 5-layer filter gives maximum protection against dust and other airborne particulate. Active carbon filters 99.89% of the dust, chemicals, particulates, gas, pollen, smoke, and fumes.

- Pack of 5
- · 5-layer activated carbon filter
- · Each filter lasts 1-4 days depending on intensity of use
- · Active carbon filters isolates 99.89% of the dust, chemicals, particulates, gas, pollen, smoke, and fumes
- · High quality non-woven cloth
- · Filter protects from dust, cold, ash, pollen, fog & haze, vehicle exhaust, second hand smoke and more!
- Filter Dimensions: 5" x 3.25", fits ZAN
- · Adjustable Face Masks & Gaiter Mask

| Description | WPS# | List |
|---------------------|---------|--------|
| 5/PK PM 2.5 Filters | 26-5300 | \$9.98 |

ADJUSTABLE FACE MASK

The ZANheadgear® Adjustable Face Mask features 2-layers of protection with an interior pocket for a PM 2.5 filter (1 x included). The built-in aluminum nose bridge provides a secure fit, creating a tighter seal & reduced fogging when worn with eyewear. They are soft & breathable, and the metal nose strip keeps the mask in place even after hours of wear. The adjustable face mask provides coverage of the nose, mouth, and chin with adjustable elastic ear loops.

- 100% Cotton Material
- · One size fits most adults
- internal pocket for replacement filters
- Includes 1 x PM 2.5 Filter
- Dimensions: 5" W x 6"L (flat) 9" W x 6"L (expanded)
- · Adjustable built-in aluminum nose bridge for secure fit, tighter seal, and reduces fogging when worn with eyewear
- Breathable
- Reusable
- · Double Layer
- · Additional filters sold separately

| Color | WPS# | List |
|-------|---------|---------|
| Black | 26-5301 | \$11.98 |
| Gray | 26-5302 | \$11.98 |
| Vavy | 26-5303 | \$11.98 |

GAITER MASK

The ZANheadgear® Gaiter Mask features an interior pocket for a PM 2.5 filter (1 x included), built-in aluminum nose bridge & pre-cut ear loops. The gaiter mask is made from breathable, moisture-wicking polyester to allow comfort when worn in all climates. The built-in aluminum nose bridge also provides a secure fit, creating a tighter seal and reduced fogging when worn with eyewear.

- · One size fits most adults
- · 4-way stretch fabric
- Dimensions: 10" W x 12"L
- · Moisture-wicking, lightweight, breathable
- Internal pocket for replaceable filters
- Includes: 1 x PM 2.5 filter
- · Adjustable built-in aluminum nose bridge for secure fit, tighter seal, and reduces fogging when worn with eyewear
- · Pre-cut ear holes holds the mask over face
- Reusable
- Additional filters sold separately

| Color | WPS# | List |
|-------|---------|---------|
| Black | 26-5304 | \$11.98 |

LIGHTWEIGHT NEOPRENE MASK

The ZANheadgear® Lightweight Neoprene Face Mask features coverage of the nose, mouth, and chin with stretchy, water resistant neoprene. The lightweight neoprene face mask has a contoured fit, that wraps under the chin for added protection and is held with ear loops.

- 90% Neoprene, 10% Polyester
- · One size fits most adults
- Set of 2 reusable lightweight neoprene face masks (every set comes with one solid black mask)
- Dimensions: 7" W x 5"L (flat)
- 13" W x 5"L (expanded)
- Breathable
- Reusable
- · Stretch Comfort
- · Quick Dry

INDEX

Measure the circumference around your hand at mid palm (just below the knuckles) using a soft tape measure.

Our high grade leather is designed to break in over time and will stretch out to fit your hand comfortably over the life of your gloves.

If you are between sizes, as a rule of thumb we recommend that you choose the larger of the two sizes.

EXO-GLOVES SIZING CHART

| GLOVE SIZE | XS | SM | MD | LG | XL | 5XT | 3XL |
|-----------------------|----|----|----|----|----|-----|-----|
| MEN'S CIRCUMFERENCE | 5" | 6" | 7" | 8" | 9" | 10" | 11" |
| WOMEN'S CIRCUMFERENCE | 5" | 6" | 7" | 8" | 9" | - | - |

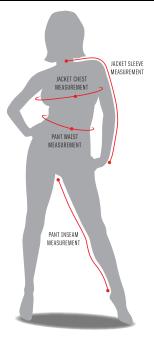

MEN'S JACKETS

| REGULAR | XS | SM | MD | LG | XL | 5XL | 3XL | |
|------------|--------|--------|--------|--------|--------|--------|--------|--|
| CHEST | 34-36" | 36-38" | 38-40" | 42-44" | 44-46" | 46-48" | 48-50" | |

THE SIZING CHARTS ARE SIMPLY A STARTING GUIDE, AS BODY SHAPES VARY. FOR THE ULTIMATE BEST FIT, ALL APPAREL SHOULD BE FITTED TO YOU AT AN AUTHORIZED DEALER

HELMET SIZE CHART

| | | , | | | | | |
|---------------------------|-------------|----------|--------------|-------------|----------|--------------|-----------|
| SIZE | XS | SM | MD | LG | XL | 2XL | ЗXL |
| CIRCUMFERENCE (Inches) | 207/8-211/4 | 215/8-22 | 227/16-223/4 | 231/8-235/8 | 24-243/8 | 243/4-253/18 | 258/16-26 |

THE SIZING CHART IS SIMPLY A STARTING GUIDE, AS HEAD SHAPES VARY. FOR THE BEST FIT, HELMETS SHOULD BE FITTED TO YOU BY AN AUTHORIZED DEALER.

HELMET MEASUREMENT

Start by measuring the circumference around your head at the temple, just above the eyebrow line (approximately one inch above eyebrows) using a soft tape measure.

Then select the helmet size that is closest to your head from the Size Chart below. If your head falls between two helmet sizes, first start by trying on the smaller of the two sizes.

PROPER FITMENT

To help maximize head protection, your helmet must fit properly and be securely fastened under your chin. Your $he lmet\ should\ fit\ snug\ all\ the\ way\ around\ your\ head\ with\ no\ pressure\ points\ or\ shake.\ Consult\ your\ authorized$
