Koso's philosophy

Koso, a synonym for quality and performance. With more than 35 years of experience designing and manufacturing high quality products, Koso has become well known across the powersports and OEM industries for its good reputation for reliability, innovation and capability. Whether we are manufacturing a product under private label, OEM or aftermarket products quality always remains our top priority. Innovation and creating new technologies are the keys to Koso's philosophy and drives us to continue pushing the limit further.

For several years now, Koso has had the opportunity to work with and outstanding team of engineers. Along with our state of the art testing equipment and production facilities, Koso has remained a leader in analog and digital technology. Koso produces a wide range of quality gauges/meters, heated equipment, LED indicators taillights and headlights as well as mirrors and engine parts. Koso is proud to offer a complete line of quality products for serious riders.

LED meters for Harley-Davidson® (4 pieces)

For the Harley enthusiasts, we decided to release the updated Baggers meter kit for touring models 2014 and up. This plug & play LED kit from Koso is now available to replace the stock meters without any hassle ! There is no need to drill holes or to rewire the meters, they will fit directly in the OEM dash and connectors. This kit features a dual color changeable LED display (red or blue) for a custom look to fit your motorcycle. The HD-03L kit includes a multifunction speedometer, tachometer, volt meter, a fuel level meter and an air suspension meter. If you're looking to enhance the look of your Harley, Koso has the plug & play solution for you !

meters for Harley-Davidson® (6 pieces)

Our R&D department worked hard to create something new and modern for Harleys. The engineers responded by coming up with a complete plug & play system to replace the stock meters. No need to drill holes or to rewire the meters, they will all fit directly in the OEM dash and connectors. Both silver and black bezel kits feature a dual color changeable LCD display (red or blue) for a custom look. The 6 piece kit includes a 4" speedometer, 4" tachometer with gear position, 2" oil pressure meter, 2" fuel level meter, a 2" volt meter and the choice of a 2" ambient temperature meter or 2" oil temperature meter. This meter is a great addition to all Harley FLHT, FLHX, and FLTR from 2004 to 2013.

* Fits Harley-Davidson® FLHT, FLHX & FLTR from 2004 to 2013. ** Gauges can be sold separately **

Multifunction meter

With its vintage look, our TNT-02 is the perfect meter for all Café racers and special project bikes that require a small multifunction meter. This 64 mm instrument is a smaller version of our popular TNT-01 and it has the same features such as; speedometer, odometer, tripmeter, tachometer, fuel meter, clock, shift light and indicator lights. Its strong stepper motor allow the reading to be fast and smooth for the best in-time response you can have and its adjustable backlight brightness makes it very easy to read.

Specifications

- Integrated temperature level thumb switch
- Universal fitment designed to fit most Harley-Davidson® models
- 5 temperature levels to choose from
- 5 color LED indicator to display which temperature setting is currently in use
- “Low battery cut off protection”
Made of soft to the touch rubber composite
- Internal memory that allows the grips to stay at previous warmth level
- Available for electronic and cable throttle models

Heated Grips for Harley Davidson®

Stay under the radar with our OE style heated grips. Featuring Koso's innovative thumb switch design which enables riders to easily scroll through temperature levels without taking a hand off the handlebars. Features soft to the touch rubber composite comfortable for short or long rides. Fits HD electronic throttle & fly by wire. Ideal for all season riding. * Fits L: 1" – R: 1" handlebar

Heated grips (for twist throttle)

Also available in an assortment of sizes for motorcycles as well as ATV's and snowmobiles, these 5 level heated grips feature an external controller with 5 levels of heat to choose from. The controller features simply one button to rotate through temperature levels and 5 LED lights to indicate which level of temperature is in use.

The 5 level heated grips also feature a "low voltage cut off protection", this system will automatically detect the voltage of your machine and automatically shut off the heated grips if the voltage happens to fall under 12V.

5 Level

part

AM10703G

Fits L: 7/8" – R: 1" handlebar

AM10706G

Fits L: 1" – R: 1 1/8" handlebar

Specifications

- 5 level temperature controller allows you to adjust the temperature to desired comfort level
- "Short circuit protection" and "low battery cut off protection"
- Rubber material that is resistant to outdoor conditions and high temperatures
- Internal memory that allows the grips to stay at last warmth level
- Thin and flexible silicone wires make them easy to install

Multi Adjustment

part

AM10700F

Fits L: 7/8" – R: 1" handlebar

AM10720F

Fits L: 1" – R: 1 1/8" handlebar

Specifications

- Multi adjustment controller allows you to adjust the temperature to desired comfort level
- "Short circuit protection" and "low battery cut off protection"
- Rubber material that is resistant to outdoor conditions and high temperatures
- Internal memory that allows the grips to stay at last warmth level
- Thin and flexible silicone wires make them easy to install

Heated grips (for twist throttle)

Available in an assortment of sizes, twist or thumb throttle. These Multi Adjustment heated grips will keep your hands warm even in the harshest cold weather conditions. The external controller featuring a simple dial and an LED lite background allows you to simply choose your level of temperature even at night time. The Multi Adjustment heated grips also feature a "low voltage cut off protection", this system will automatically detect the voltage of your machine and automatically shut off the heated grips if the voltage happens to fall under 12V.

- Quick release & lock function design
- Allowing user to find best position by free adjustable & rotating in 360°
- Thread size : M8 or M10
- **Regular size smartphone bracket:**
 - Min size :** length 4 ¹⁵/₁₆" (126 mm) x 2 ¹/₄" (57 mm) wide x ⁵/₁₆" (7 mm)
 - Max size :** length 6 ¹¹/₁₆" (170 mm) x 3 ¹/₈" (80 mm) wide x ⁹/₁₆" (14 mm)
- **Large size smartphone bracket:**
 - Min size :** length 5 ¹/₂" (140 mm) x 3 ¹³/₁₆" (72 mm) wide x ⁵/₁₆" (7 mm)
 - Max size :** length 7 ⁵/₁₆" (186 mm) x 3 ¹/₂" (91 mm) wide x ⁵/₈" (16 mm)

GPS signal converter kit

Some applications require different alternatives from the conventional speed sensor that is installed on the wheel. Whether it is a question of appearance (for those who do not want wires to be visible), or a question of functionality, this GPS speed signal converter offers more installation options, such as; cars, boats, snowmobiles, and many others ! Its 66 satellite antenna will capture the GPS signal, and the converter will transfer it into a pulse signal that will communicate with the speedometer. A simple, yet versatile accessory that is the future of GPS speed signal converters !
