ONEAL

O'Neal Racing Since 1970

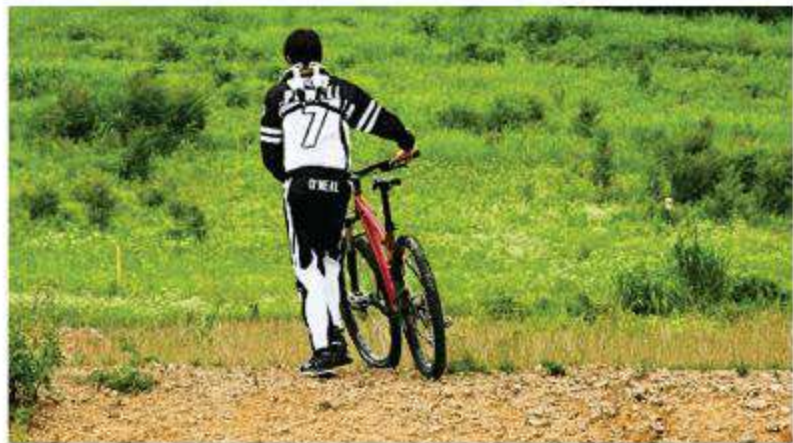

OUR HERITAGE RUNS DEEP

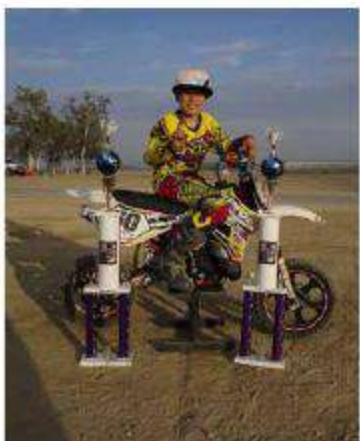

Founded in the back of a van 45 years ago, O'NEAL made its mark as America's first MX company. The sport of motocross was beginning to grow, as was the demand for premium apparel, protection and accessories. From the company's roots in Southern California, Jim O'NEAL spent most of the 70's traveling across the country supporting riders with premium product while along the way, racing against the world's finest!

Nearly 45 years after the company's inception, you can still find Jim racing against some of the fastest down in Baja. You can also still find premium products being designed and developed right here at the O'NEAL building in Southern California. Although product lines change and fashion styles come and go - one thing we have learned is quality is always in high demand and for 45 years it's the one thing that really hasn't changed.

O'NEAL - Enjoy the Ride.

MX HELMETS

Protect your greatest asset - While none of us go riding thinking we are going to crash hard and smack the ole noggin', we all know it happens. Having the right helmet is critical. The O'Neal 2015 helmets come in a variety of styles many of which exceed DOT, SNELL, ECE and AS safety standards. All O'Neal helmets are designed using the latest technology allowing your head to stay cool with multiple vents and ultra plush liners. Trust the company that's been producing protective apparel for over 40 years, trust O'Neal.

DOCTOR'S ORDERS

For boot development, we put our best foot forward! Dr. Doug Dubach has been an O'Neal test pilot for over 30 years and a Factory Yamaha test rider for over 25 years. As a 21 time Vet World Champion, nobody knows the importance of boot protection better than the Doctor. All O'Neal boots are thoroughly dirt tested and Doctor approved!

Replacement ratchet, straps, buckles, rubber sole, foot bed insert, boot upper body and service kit are available

Adjustable shin plate accommodates larger calf sizes in 3 settings for a custom fit

Dual compound rubber/plastic for extra flex at the bottom of the shin plate

3 piece super grip and heat resistant rubber plates, for constant contact with the bike

"Vice Ratchet Strap" garage for ratchet strap concealment

Padded microfiber foam tongue

Wrap around Gel and Latex foam interior ankle support

Double reinforced stitch on a TPU plastic outer shell

Slim toe box height for the perfect shift

Ergonomically designed sole allows for both aggressive riding and comfortable walking

"Army Rubber" bonded sole with heavy duty adhesive and a hidden reinforced lock stitch

360° rubber gaiter seals out dirt and rocks

Pull-on nylon strap

Quick-dry air mesh lower interior

Easy to clean upper nylon interior

Rubber pull-tab hook and loop shin plate closure

One-piece TPU plastic floating upper body

3 Aluminum Alloy double pin and "Lock Snap" buckles

Wrap around embossed upper base layer

Aluminum body "Vice Ratchet Strap" ensures the perfect, secure fit around the ankle

"Full Tilt RDX Pivot System" allows maximum forward and rear motion

Vertical height adjustment allows a custom fit for taller riders

Pro style "Quick Shift Heel" for heel shifting on the start gate

Replaceable hard compound rubber sole insert

Extended length steel shank

Plush EVA foam footbed insert with graphic print details

Double-layered cushioned heel

FOR HER

Cut just right for the Female figure, O'NEAL offers a full line of riding gear for the ladies that want to hit the dirt! Made to fit in all the right places, O'NEAL has been in the front of the pack in product development for female apparel and accessories for decades!

OVERVIEW »

ELEMENT JERSEY

SIZES: Women's S-XXL

SPECIAL FEATURES: Precise fit for the feminine figure, the Element line offers all the beauty without sacrificing any protection what-so-ever.

FEATURES:

- Breathable, moisture-wicking material
- Sublimated graphics
- Extended tail
- Sewn-in elbow padding
- V-Neck collar

ELEMENT PANT

SIZES: Women's 1/2-13/14

SPECIAL FEATURES: Precise fit for the feminine figure, the Element line offers all the beauty without sacrificing any protection what so ever.

FEATURES:

- Heavy duty denier fabrics
- Durable spandex allows for stretching and increased movement in critical areas
- Adjustable ratchet closure system
- Protective rubber patches

THREAT JERSEY

SIZES: Women's S-XXL

AVAILABLE LINES: Shadow

FEATURES:

- Versatile graphics match multiple pant designs
- Multi-panel construction
- Breathable, moisture-wicking fabrics
- Relaxed fit for increased comfort and flexibility
- Silicone print on rear of jersey to keep it tucked in

APOCALYPSE PANT

SIZES: Women's 1/2-13/14

SPECIAL FEATURES: Built to cater to needs of a lady, the Apocalypse line features a relaxed flexible fit that adjusts perfectly for the female frame. With pants that feature a double closure belt system and a zip off section at the knees, any girl is sure to keep her fashionable figure in all riding conditions.

FEATURES:

- Over-the-boot style pants easily zip-off into shorts
- Women's specific fit
- Adjustable waist system with hook-and-loop closure for a precise fit
- Two zippered pockets for secure storage
- Heavy duty denier fabrics for added durability
- Strategic stretch panels for comfort and mobility
- Inner leg panel for heat resistance

COTTON JERSEY

SIZES: Women's S-XL

Back in '94 the most unlikely of characters joined together to change our sport and the industry forever! **Moto XXX** burst onto the scene with a vengeance releasing the **Moto XXX** videos and launching their own race team to compete in Supercross. Made up of misfits, degenerates and those that have been cast aside, **Moto XXX** entered the Supercross pits for round one in a funky-ass box van with a crazy paint scheme, carrying two riders, who were far too edgy for a corporate sponsor. With Music blaring, hot chicks flocking and free promo items flying, the pits became a party scene centered around the new **Moto XXX** team! One round later the team shocked the world as Brian Deegan won the night's 125 Supercross event launching his bike on a ghost-ride as he crossed over the finish line!

Moto XXX went on to be the most infamous privateer team in racing history! **Racer X magazine** named the team "An American Icon who in fact changed the face of Motocross and freestyle forever!"

Moto XXX developed into a complete MX culture. It has captured it's culture exclusively in the **Moto XXX** line of casual for your daily debauchery. **Wear it out!**

Moto XXX © is a registered Trademark and is distributed by Jim O'Neal Distributing, Inc.

OVERVIEW »

MOTO XXX HELMET

SIZES: Adult XS-XXL
AVAILABLE GRAPHICS: *OG Character*
SPECIAL FEATURES: Surpassing Snell 2010, DOT, AUS and ECE Safety standards, this high quality helmet is sure to take you to the finish first!

FEATURES:

- | Fiberglass Construction
- | Ultra plush removable, washable liner with custom graphics
- | Multiple vents throughout helmet to keep you cool and dry
- | Meets or exceeds Snell M2010, DOT and AS standards
- | Replacement liners / cheek pads and visors available

MOTO XXX GRAPHICS KIT

SIZES: Various 125, 250 & 450 bikes (see part #s)
AVAILABLE GRAPHICS: *Suzuki, Honda, Yamaha, KTM and Kawasaki*
KIT INCLUDES: Radiator shrouds, swing arms, front fender, rear fender, fork guards. Semi custom backgrounds available through ONE ID.

FEATURES:

- | Thick 15 Mil Vinyl
- | Quality 3M Adhesive

MOTO XXX HATS

SIZES: One Size, snap back
AVAILABLE GRAPHICS: *Ninety Four, International, OG Character*

FEATURES:

- | Snapback with woven patch detailing

MOTO XXX WALLET

SIZES: One size
AVAILABLE GRAPHICS: *Originals (blk/wht)*
DETAILS: Water-resistant, tear-resistant, slim design wallet made of Tyvek® material to withstand years of punishment and abuse.

FEATURES:

- | 2 large pockets for cash and receipts
- | 2 credit card pockets that can hold multiple cards
- | 2 business card pockets

MOTO XXX TOWEL

SIZES: 29.5" x 60"
AVAILABLE GRAPHICS: *Originals*

FEATURES:

- | 100% Cotton velour

MOTO XXX IPHONE CASE

SIZES: iPhone 5s and iPhone 6
AVAILABLE GRAPHICS: *OG Character, Originals, Checkers*

FEATURES:

- | Plastic Case with Moto XXX graphics fits iPhone 5/5s & 6

AZONIC WHEELS

OUTCAST 26"	135mm
RED/BLACK	3203-000
WHITE/BLACK	3203-002

OUTCAST

3203

We have taken it to the next level by reversing how a wheel is built. By attaching the spoke head at the rim, we can increase the spoke nut length and strengthen the wheels overall construction. Over-Length Spoke Nuts are longer and bigger in diameter than a standard spoke running the same distance across the wheel so any flex between the hub and rim is greatly reduced. Wheel strength and stiffness is increased without sacrificing weight.

Azonic Outcast Wheels are designed for XC and light trail riding. Add in the 4 bearing rear hub, oversized front hub and the many options for axle configurations.

FEATURES

- 6000 Series Aluminum rim
- Stainless Steel spokes
- 7075 Aluminum Spoke Nuts
- 7075 Aluminum cassette body
- Sealed cartridge bearings
- Weight- 135: 1790g set

OUTCAST DETAILS

- Welded Joint Rim Technology - Welded joints on rims allow for a balanced rim weight and eliminate the need for additional material.
- Over-Length Spoke Nut Technology - Extra long spoke nuts allow for added strength and stiffness from hub to rim.
- Tubeless Tire Compatible - Rims are compatible with standard tubes and all tubeless tire systems. Tubeless valves included.
- Interchangeable Axle Options Front - Easily change the axle type to fit all industry standards, QR, 9mm, 15mm and 20mm
- Interchangeable Axle Options Rear - Easily change the axle type to fit all industry standards, QR, 10mm and 12mm

OUTLAW 26"

3200

The race ready wheel that's Built for Punishment!

WICKED
3056
Our best Value for your Money!
The Wicked is super super thin, super
super light and super stylsh.

FEATURES

- CNC machined extruded Aluminum
- Anodized, high polished finish
- 10mm thin platform
- 105x100mm platform
- Dual sealed and DU bushings
- 4130 CR-MO spindle
- Weight: 310g/pair

FLAT IRON

3056

SUPER Low Profile Design - 10mm THIN!

The Flat Iron's low profile brings the rider's foot closer to the spindle axis, thus increasing the rider feel and reducing weight.

Replaceable Pins - Pedals come with "Fatty" pins for durability and use with knobby shoes. "Micro" pins are also available. Or use a mixture of pin configurations to tailor your pedals with your riding style.

FEATURES

- 6061-T6 forged Aluminum body
- 4130 CR-MO spindle
- Oversized, sealed outboard bearing with additional internal bushing
- Removable pedal pins
- Weight: 345 grams/pair (385g with pins/pair)
