SPEED AND STRENGTH

FALL 2019

THE BRAND

The Speed and Strength brand is the epitome of the anti-establishment street rider led by Culture, Style and Performance.

CULTURE

Developed for riders of all levels, color and creed that consider themselves a rebel to the status quo of the common rider with a primary emphasis on Sportbikes and V-Twins.

STYLE

Speed and Strength's mission is to develop safety riding gear that exudes the edgy culture of urban and canyon street riding through bold, aggressive product and marketing designs.

PERFORMANCE

Proverbial road rash lies at every turn. Line drifters, gravel and unobservant cagers litter the streets. Our soul mission is to merge premium-grade materials, body armor and performance through design to enhance your ride while minimizing bodily damage.
