HOLLYWOOD B

ABOUT US

IN 1985 WE DECIDED TO GO RACING...

TWO BROTHERS RACING HIT THE TRACK AND IMMEDIATELY WE KNEW WE WANTED MORE THAN WHAT STOCK COMPONENTS COULD DELIVER. SO WE TWEAKED. WE BUILT. WE ENGINEERED. AND SOON TWO BROTHERS RACING GREW INTO A FACTORY-BACKED AMA SUPERBIKE TEAM DELIVERING NATIONAL CHAMPIONSHIP-WINNING RACE MACHINES.

TODAY, TBR CREATES V-TWIN SYSTEMS THAT ARE SPECIALLY DESIGNED TO MEET THE STYLE AND PERFORMANCE DEMANDS OF THESE UNIQUE MACHINES. THE COMP-S EXHAUST SYSTEM PROVIDES INCREASED HORSEPOWER AND TORQUE, WHILE REDUCING OVERALL WEIGHT. ALL WITHOUT SACRIFICING DURABILITY. RAISED GROUND CLEARANCE ALLOWS RIDERS TO MAINTAIN HIGHER SPEEDS THROUGH CORNERS AND THE FIT HAS BEEN OPTIMIZED FOR BOTH FORWARD AND MID CONTROLS.

ALL OF OUR PRODUCTS ARE MADE IN THE USA... DESIGNED AND MANUFACTURED AT OUR FACILITY IN CORONA, CALIFORNIA. EVERY WELD ON OUR EXHAUST SYSTEMS IS HAND CRAFTED TO PERFECTION. AND THE INTAKE AND HEADER ADDITIONS WILL GIVE YOU THE EDGE AND PERFORMANCE YOU SEEK.

BOLT ONE ON TODAY TO SEE, FEEL AND HEAR WHAT YOU'VE BEEN MISSING.
