2019 ZIPPO COLLECTION

50 YEARS 1969-2019 MOON LANDING

Collectible of the Year

Zippo celebrates the 50th anniversary of the first time humans set foot on the surface of the moon, and the brave Apollo mission astronauts who proved that humanity could accomplish astronomical feats. The 2019 Collectible of the Year is dedicated to the 50th anniversary of the Apollo 11 Mission – the first time humans landed and walked on the moon's surface.

Featuring:

- The enthusiastically anticipated return of Galaxy finish – with iridescent sparkles suspended within a glossy deep black to reflect brilliant flashes of light through the depths of the cosmos
- The moon's cratered surface is rendered with Zippo's newest process, Texture Print, which captures all of the tactile detail of an emblem and combines it with the cinematic hues of the company's world-renowned color imaging process, allowing stunning dimensional artwork directly on the lighter's surface
- Deep-Carved Astronaut figure
- Laser engraved US flag and date of the moon landing on the back
- Consecutive numbering

BUY ONE. PLANT ONE.®

IT'S THAT SIMPLE.

Zippo has partnered with WOODCHUCK USA to create wooden laser-cut emblem designs that will help restore and protect the forests of the world. Through the Buy One, Plant One® initiative, for each lighter purchased, a tree is planted. Each one comes with a unique code that you can use to learn about your tree, its location, and the direct impact you're having on the planet.

The launch of WOODCHUCK USA Zippo lighters will be heavily supported by both brands with an integrated marketing campaign and extensive consumer outreach.

Variations in woodgrain and coloring make each WOODCHUCK lighter unique. The Cedar emblems, with examples pictured here, may feature gorgeous streaks and waves of blond wood intermixed with deeper tones

MAKE IT A PIPE LIGHTER

Easy to order, easy to sell

Demand for pipe lighter models has risen dramatically in the past two years, and is anticipated to continue to grow.

- Pipe lighter insert allows the user to direct and draw the yellow flame downward without scorching the pipe or the user's fingers.
- Any regular size Zippo lighter can be ordered with the pipe insert instead of the regular insert. When ordering, add PL to the model number and 1.50 to the retail price. Contact your sales associate to learn more.
- Pipe Lighter inserts are not sold separately, and must be fit to the lighter at the Zippo factory to ensure it meets our quality standards.

◆ Lighters shown on page 6 come standard with a pipe insert.

World-renowned master of the fumage technique, Steven Spazuk, creates dreamlike yet highly detailed images by holding flame to paper and etching into the resulting soot. His creations emerge from a haze, juxtaposing manmade objects with nature's beauty and resilience. Artwork created with a Zippo lighter, now available as a lighter design.

◆ Personalized gifts never go out of style. Engrave the customization panel with initials, a short message, or a significant date to create a lighter they will cherish forever.

Luck-themed lighters are consistent high performers, for a good reason.

The Zippo pocket lighter itself has earned a reputation for being a lucky talisman. Countless stories have been told about a Zippo lighter saving lives, some tell of deflected bullets, others as a reliable signal for help. There are also stories of a Zippo lighter turning up in unusual places, like the belly of a caught fish or a slain bear, and coming out in working order. And because of the Zippo guarantee, the windproof lighter can be a cherished heirloom, passed from generation to generation and carrying the wisdom and good fortune of loved ones with us.

Some would say the lighter brings double the luck when decorated with other talismans of good fortune. Stock a full range of these lucky lighters to usher in prosperity – for you and your customers!

Vintage Lighters

There's Nothing Old About Zippo Vintage

The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

Distinctive features:

- Five-barrel hinge that joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replacing the 1935 square case.
- Flat bottom and top case with current bottom stamp.
- Standard packaging: cardboard box with a special 'Vintage' I-card.

IMPRINT METHODS

Methods Available To Customize Zippo Product.

Signature Custom Imprint Methods

CLASSIC FINISHES

- Plated
- Powder Coat
- PVD Finish
- Translucent Powder
- Antique

Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns.

Also known as Rotary Engraving or Computer Engraving.

pg.5

- Standard imprint charges
- Not available on powder coat and translucent finishes
- Can be done on sterling silver and solid gold
- Minimum quantity required
- Lid line adjustment may be made
- May require additional lead times

Laser Engrave

This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint.

Also known as Laser Mark.

pg.5

- Standard imprint charges
- Minimum quantity required
- Multiple surfaces available
- Shows great contrast

Color Image

State-of-the-art printing method allows Zippo to imprint multiple spot colors or full-color photographic representations. Spot colors can be matched to PMS colors and used for one, two, or three-color simple logos.

Previously known as surface imprint.

- Zippo will accept vector artwork files (Adobe Illustrator) in these formats: .ai, .eps, .pdf (provided entire contents of file are vector). Zippo can also imprint artwork in full color or a photographic representation. Previously known as 4-color process pad print.
- Zippo will accept raster artwork files (Adobe Photoshop) no less than 1.5" wide by 2.25" high with a resolution of 600 DPI (dots per inch). Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough.) Any file requiring background isolation must have paths or a layered file with transparent background included.

pg.26

pg.37

- Standard imprint charges
- Not available on precious metal finishes
- Minimum quantity required
- Special art requirements/high resolution photo required to be reviewed by creative services

All color imprinting will now be run using the color imaging method.

Premium Custom Imprint Methods

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo sales representative for more information.

Lustre

Zippo's signature lustre etch method produces an attractive, durable imprint. The artwork is etched into the lighter and plated for a permanent mark. A beautiful contrasting effect is created.

pg.30

Double Lustre

The design is double etched into the lighter. This layered process displays a multi dimensional effect. A portion of the design will be chromed out for impact.

pg.5

Fusion

A combination of specific pre-determined color palettes and chrome breaks create an iridescent, metallic look.

- Restricted to models 250, 167, 260, 1654B, 1610, 254B and 24750.
- Art constraints apply

pg.5

Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Some model restrictions apply
- Art constraints apply
- Available on 200, 205, 207, 24647, 24648, 28181, 28182
- Cannot pass thru lid line

pg.4

Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast within the image.

- Restricted to models 150, 151, 200, 205, 207, 250, 20446, 24647, 24648, 24756, 28181, 28182, 20053
- Cannot pass thru lid line

Note: multiple processed, gold colored logo is 2 tone

pg.12

Photo Image

The creation or manipulation of photographic images by electronic or digital means. The image is then laser engraved onto many different finish options with pin sharp resolution.

- Model restrictions apply
- Special art requirements/high resolution photo required to be reviewed by Creative Services
- Standard imprint charges apply

pg.5

Luxury Custom Imprint Methods

All luxury custom orders need to be routed through the Zippo Design Center.

Brite Cut

Limited to Armor cases only, brite-cut engraving produces dazzling high and low facets, resulting in the dimensional look of a beautiful emblem directly on the surface of the lighter.

pg.7

Deep Carve

Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contoured cuts into an Armor case using many tool sizes, special buffing, and plating.

- Heavy Wall Armor case only

pg.30

Laser Color Fill

A legendary process, Zippo's etch and paint method produces an attractive durable imprint. The artwork is rendered to display a vintage effect. The image is etched into the plated lighter, then colorfilled in the cavities.

Not in catalog

Laser/Auto Engrave

Zippo can combine Laser and Auto Engrave processes to achieve a jewelry look.

- Art constraints apply
- Some model restrictions apply
- Engraving can also be done on top of lasered area

pg.5

Epoxy Inlay

Clear, marbled or solid epoxies can be inlayed into deep cavities by highly skilled artisans.

- Lid line and size restrictions apply
- Special engraving can be designed under translucent epoxy for a luxury look.

Laser Fancy Fill

Skilled designers enhance laser engrave by adding various directional fill patterns. A 3D effect is achieved through out this intricate design process.

- Model restrictions apply
- Not available on translucent powder coat or matte finishes
- May require additional lead time
- Standard imprint charges apply

pg.17

Precious Metals

Special handling is needed when engraving precious metals.

- Sterling Silver and Solid Gold
- Limited customization options available
